THE CHRISTMAS NEWS FOR 1901.

A UTAH-COLORADO EDITION.

The Christmas edition of the "News" this year will be printed on Saturday, December 21st, 1901. It will contain an exhaustive review of the year's developments in business, mining, commerce, real estate, building, and all other branches of business, and will form the most elaborate compilation of the resources and attractions of Utah which has ever been issued.

Our sister state, Colorado, and its industries and attractions will be well represented in the issue, many beautiful views of Denver and Colorado scenery being given. A big part of the edition will be circulated in Denver, and Colorado's principal cities.

Especially attractive articles will be prepared by a corps of selected writers, and leading men of the community will contribute timely articles on current topics.

As the holiday number will be issued several days ahead of Christmas, it will form an invaluable advertising medium to local dealers for the Christmas trade. The general advertiser could find no better means for reaching the people of the great west. The "News" will pledge a circulation of at least 20,000 copies for the Christmas issue. Special rates will be accorded advertisers who wish their notices printed in the Semi-Weekly News as well, giving them a total circulation of nearly 45,000 copies.

ANOTHER HACK ORDINANCE.

Important Business Transacted at the Meeting of City Council Last Night—Some Claims Allowed.

The City Council got real busy last night, and began the clearing away of the arrears of business that had been accumulating during the campaign. Dr. Beatty introduced an important resolution, bearing on the flagrant violations of quarantine in this city. Two additional inspectors will be employed at \$225 a day who will perform their duties in citizen's clothes so that they will not be recognized.

Robertson introduced another hack ordinance, demanding that hacks not actually in use stand in the middle of the street or three feet from the curbs, and twenty-five feet apart. The ordinance is specific as to Second South street, requiring that no hack stand on the north side of that street between East Temple and State streets. It also says they shall not stand within fifty feet of any crossing under a penalty of \$100 fine.

The city engineer stated in a communication that citizens of Utah and Wasatch counties had for years been using the water of streams flowing into Utah lake, which should be stored in the lake for the benefit of the city and canal companies. The board of canal presidents is ready to take legal action in the matter, which was referred to the finance committee with the engineer, attorney and mayor associated.

The board of public works recommended to release A. L. Hobson from his pawning contract and pay him the ten per cent withheld, and allow him to continue his contract in all in all on minor contracts, amounting to \$100. The finance committee has approved the pawning company's offer to assume Hobson's contract for repairs on Second South between West Temple and First West at 8 cents a square yard for ten years.

Estimates approved by the board of public works were appropriated in sums above \$500 as follows: John H. Reese, \$1,426.68; Alcatraz Asphalt Paving company, \$3,165.99; J. P. Moran, \$4,400; Ben & Arthur, \$1,000; P. F. Glann, \$2,355 and \$1,773.75; J. P. Moran, \$1,075.70; Kiefer & Rush, \$1,053.33 and \$1,301.

A communication from the Mayor stated that the city had appropriated all the surplus waters of Parley's canon, so that it would be necessary to increase the size of the Mountain Summer Resort and Naylor ditches. He suggested that the engineer make surveys so that the land and water commissioner could get the work under way.

Z. C. M. I. notified the Council that it had commenced an action against the N. P. Glann Construction company to recover \$423.21 for merchandise. It was referred to the committee on laws.

He also asked for a five or ten year lease at \$100 a year. The sewer committee will look into the case.

LETTER TO SNOW FAMILY.

Aged Lady in Kansas Sends Inquiries Concerning Relative.

In looking over the papers of the late President Lorenzo Snow, a letter was discovered which was addressed to the family and came from Mrs. Maggie E. McCully, an aged lady of Coffeyville, Kansas. She wrote that a cousin of hers, one John Edmundson, joined the Church in Pennsylvania, in the early days, and went to Nauvoo. The last letter she received from him was soon after the martyrdom of her brother Hyrum. In the letter he stated that he had married a Miss Martha Snow, a "Mormon" girl, and that a few days before writing the letter he was standing in the streets of Nauvoo, his wife's daughter, when one of her thumbs was shot off by a member of the mob. Mrs. McCully is desirous of learning whether he or any of his descendants are living in Utah. Her address is Commercial House, Coffeyville, Kansas.

There is no member of President Snow's family who knows anything about the party inquired for.

THREE ROBS A WOMAN.

Seizes Her Shopping Bag Containing Five Dollars and Escapes.

Mrs. Maggie G. Hemphill, a stenographer in the employ of the Realty company, had an unusual experience with a bold bad thief early last evening, and the thief, a shopping bag and \$5 in cash are being earnestly sought for by the police.

The lady was on her way home at 141 Oak street, and was at the corner of North Temple and East Temple streets

when a man slipped quietly up behind, seized her shopping bag containing \$5, and before an alarm could be sounded made his escape west on North Temple street. Mrs. Hemphill at once retraced her steps and reported the matter to officer Hart, giving him a good description of the robber. She says she noticed a man following her but did not suspect for a moment he was a desperate character. As the man was rapidly disappearing down the street the lady called for assistance, but no one was near and by the time the officer appeared on the scene, no trace of the fellow could be found.

WAS IT A CRUEL JOKE?

Uninvited Guests Got Away With Refreshments at a Party.

Twenty bottles of champagne cider, eighteen bottles of beer, six bottles of raspberry juice, one gallon of ice cream and several cakes.

The above is not a list of prizes to be awarded for a road race, neither is it a list of prizes in a guessing contest.

It constitutes some of the good things which Mr. and Mrs. Max Jaensch of 57 east Fourth South street contemplated serving to a party of their friends who were invited to their place last night.

If the person or persons who broke into the place and stole the refreshments mentioned, will return them intact, not many questions will be asked.

Mr. Jaensch, who is agent for an eastern brewing company, reported the matter to the police this morning, and an officer is working on the case.

EFFECT OF AN OLD WOUND.

Shot in the back by a maniac twenty-five years ago, Dr. Fred D. Hollenbeck, lies in the Presbyterian hospital, a paralytic, awaiting the decision of the surgeons who are trying to locate the bullet. Whether the removal of the leaden missile will benefit him is a matter of debate at present. The majority of the physicians who are interested in his case.

Reuse is 55 years old and a bookkeeper. He was stricken with paralysis on August 12 while going to his work, and has been in the hospital ever since. He was examined by Dr. Fred D. Hollenbeck and Dr. E. J. Senn. Reuse recounted to the doctors the history of his injury, with the result that they have taken a deep concern in the case.

Twenty-five years ago Reuse was mayor of the city of Marshall, Mich. One day a maniac started out to burn up the town, and set fire to a number of houses. Among them was the Reuse residence. Reuse was in the house at the time, and he placed a revolver in the crazy incendiary's hand, saying to him to extinguish the blaze, and shot him with a revolver.

The bullet entered Reuse's back, two inches to the right of the spinal cord, and cut down to the lower lumbar vertebrae. For nearly two years the wounded man was almost helpless. He finally recovered, with the exception of an almost imperceptible limp, and resumed his work.

Two X-ray photographs have been made of Reuse with a view of locating the bullet, but both were unsuccessful. Another attempt will be made next week. Dr. Senn believes the lead is now situated in the region of the pelvic bone.—Chicago Tribune.
