## FLORENCE

### Sewing Machine!

In point of labor there is the same dif-  
ference between thrashing with a flail,  
or using a Thrashing Machine, that there  
is between sewing by hand or using a  
good Sewing Machine.

We have just received a con-  
signment of forty Machines  
and can now offer an as-  
sortment of all the vari-  
ous styles manufactur-  
ed by the Florence  
Company.

PARTIES INTENDING TO PURCHASE SHOULD  
MAKE THEIR SELECTION EARLY.

CHAS. S. HAMMER, General Agent.

The Florence Sewing Machine has no fancy  
combinations or other complicated attach-  
ments; it has no uncertain wire coils or wire  
levers. Its manufacture is conducted by a  
thoroughly RESPONSIBLE COMPANY,  
and in purchasing a machine you need have no  
fear of ever being unable to purchase needles  
and other findings. The Florence is the ONLY  
COMPANY that keeps its machines in repair  
free of charge, no matter when sold or where.  
It is our ambition to have every Florence Ma-  
chine give entire satisfaction.

The Florence lays no claim to cheapness, we  
aim at perfect finish; every machine goes  
through the company's adjusting room, and  
must then pass the Inspector's office, before  
going out to Agents; the least inaccuracy will  
condemn it.

They are probably the highest priced Machine  
in the American market, and being built of  
HARDENED STEEL by SKILLED  
WORKMEN, aided by all the appliances that  
capital can bring to bear, it is offered at a price  
commensurate with the value of the article, and  
can be brought into about as honest compari-  
son, with its numerous CAST IRON competi-  
tors, as a watch from Jergenson or Jacat may  
be compared with the Nickel or Oroide offer-  
ings of a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that  
has gained favor so steadily for the Florence  
Machines, and made them the Universal favor-  
ites, wherever prejudice is laid aside and hon-  
est comparison made.

That very excellent authority the American  
Institute, New York, awarded the FIRST PRE-  
MIUM to the FLORENCE over Thirteen  
Competitors, and in their report the commit-  
tee very tersely remarked, "This is better  
than any of its class known to the  
Judges."

It may be proper to remark here that the  
Florence Machine of the present manufacture  
is vastly improved, and the first of these Im-  
proved Machines ever offered in Utah are those  
sold at the Branch Office at Salt Lake.

Among the recent purchasers from this office,  
we beg leave to refer to the following parties:
