

community and confidence is growing that there is little probability of a serious epidemic. The records of previous epidemics justified that expectation.

Reports from the bedside of Archbishop Chapelle today report that the archbishop is slightly better, and Dr. Larue is beginning to hope that the archbishop will pull through. Many telegrams and some cablegrams have been received inquiring as to the condition of the archbishop and expressing sympathy.

SECRETARY SHAW, HOPEFUL.

Oyster Bay, Aug. 7.—Secy. Shaw came to Oyster Bay today, left the president about a matter personal to the president and himself. While here he embraced the opportunity to take up with the president two or three outstanding questions that are pending in the treasury department. His visit, he said, was of no public significance or importance. The secretary remained about an hour with the president, leaving Sagamore Hill in time to catch the 12:20 train for New York. He expected to return directly to Washington.

Secy. Shaw said that the federal government having assumed control of the yellow fever situation in New Orleans, no efforts would be left unmade to stamp out the epidemic. He had several conferences with Surgeon-General Wyman, of the public health and marine hospital service, whose bureau is under the direction of the treasury department.

The secretary will go to Honolulu, Ys., tomorrow, to deliver a speech at the opening of the Republican state convention of Virginia. The president, who is keeping in close touch with the yellow fever situation, today received the following telegram from Surgeon-General Wyman:

"Major Behrman and other members of the citizens committee in New Orleans have received assurances of funds necessary to pay expenses of labor and material. Have they been able to take charge immediately and have ordered large additional force of command officers who have had special experience in epidemic work. The vice appreciates its responsibility but will go to work with feeling of confidence."

RICHARDS SAYS IT IS A SUCCESS.

(Continued from page 1.)

to encourage people to come to Utah to register. The charges that the registration is conducted in a careless manner, and that there is nothing to prevent the papers at the registration offices from being tampered with, in the interest of Mormons, additional encouragement for non-Mormons to come and register. The charges are to have any other effect than pity and contempt for the originator of the story and the vehicle of its circulation, on the part of people who are acquainted with the facts. The identification cards, which contain the description, address, etc., of the person who registers, are carefully sealed in an envelope by each clerk and at the end of the day they are sealed in packages and placed in a safety vault in this city to be kept till the time of the drawing. These are the important papers, the papers that will be used in the drawing and the persons who offer identification in the drawing under the drawing. Each person who registers, receives a certificate of registration, and after the drawing he will be notified what number he has drawn or if he has drawn no number. Every man who registers will be notified, and he will thus be able to tell whether his name has been left out, will he not? Then if a person attempts to enter land at Vernal under a name not containing his description as an agent, he will not only not be able to enter the land, but may enter the penitentiary.

This examination and comparison of the applicant with the description on the card will be conducted in Vernal, not by the local officials in the local office, but by government officials detailed for that purpose, and so far as any chance for fraud is concerned that is simply a pipe dream operating in the sanctum of the knickerbocker's organ.

Commissioner Richards desires to discuss the matter of these attacks, contenting himself with saying that the truth or falsity of the charges and insinuations will demonstrate itself, and that soon, Mr. Richards said, yesterday in Provo canyon.

FALLING OFF AT PRICE.

Total Registration at Noon Reached 109 Prospective Homesteaders.

(Special to the "News.")

Price, Utah, Aug. 7.—Unless the registrations at Price for the coming six days exceed those for the past week the number of homesteaders for the Uintah reservation lands will fall considerably short of the expectations of the most conservative. Up to and including last Saturday a total of 726 was recorded here, and owing to the light registration two of the four clerks sent out here have been recalled to Washington. There being no need of such a force as was at first sent out, yesterday quite a number came across the hills from Scofield and the coal camps of the west part of the county, also from Sunnyside to the camp, with a sprinkling from Emery county. These registered this morning and by noon the greater part of the crowd had started on the return trip home. The plain truths told by Commissioner Richards concerning the lands of the reservation has had the effect at Price of causing a falling off in the registration. People here are at one time false impression of getting great things for nothing. People here are at one time false impression of getting great things for nothing. People here are at one time false impression of getting great things for nothing.

At the fact that with the same energy put forth by homesteaders other lands are to be had in Carbon and Emery county than upon the reservation. Reservoirs in the mountains would bring under cultivation within a radius of 30 miles of Price thousands of acres of the best market in the state at the several coal camps adjacent. The total registration up to noon today is 109.

A COMING DAY.

That of the "Pacific Islanders" Will Be a Most Interesting One.

On Wednesday, Aug. 9, there will be celebrated what is known as Pacific Islanders' day, a day that is coming into more prominence every year. This will be the 10th annual reunion and will be held at Lakewood. An extensive program has been provided by the committee, of which Hon. John T. Caine is chairman, and Frank S. Cutler secretary. Among the novelties to be presented will be Hawaiian dances by natives from Polynesia and the Pacific Islands, and Japanese selections in costumes. There will also be a tug of war, boat, canoe and swimming races, and other entertaining sports. The festivities will begin at 2 o'clock p. m., and will continue in the evening. There will be special excursions from Utah, Waasatch, Sanpete, Sevier, Weber, Boxelder and Cache counties, and the most unique treat of the season will be the presentation of the unusual character of the entertainment promised it would seem as though there ought to be a large attendance assured.

SOUTHERN PACIFIC GOING TO COOS BAY

E. H. Harriman Makes This Important Announcement at Portland Today.

ABOUT CENTRAL OREGON WORK.

Will Build "Whenever There is Business to Justify it, or Country to Support it," the Answer.

Portland, Ore., Aug. 7.—E. H. Harriman, who is in Portland on route for San Francisco and the Orient in an interview confirms the announcement recently made by General Manager J. P. O'Brien, of the Harriman line, that the Southern Pacific intends immediately to construct a line to Coos Bay.

When asked if the Northern Pacific contemplated building a railroad down the north bank of the Columbia river, Mr. Harriman stated that he was not informed as to the Northern Pacific's plans. As to his intentions of building into central Oregon, Mr. Harriman reiterated a former statement that "wherever there is business to justify it, or country to support it, there he will build a railroad."

OFF FOR YELLOWSTONE.

Forty Members of the Grafton Touring Party Leave for National Park.

After a stay of 30 hours in Salt Lake, 49 members of the "Grafton touring party" headed by L. P. Magoon, left yesterday morning for Yellowstone park. With a few exceptions the members of the party are from Los Angeles and are out on a three weeks' trip. They left Los Angeles last Thursday, coming over the Salt Lake route. They will remain in the park until next Sunday and then proceed to Seattle and the Portland fair, returning home via the Southern Pacific.

In the party are the following: Arnold, W. R., Arnold, Mrs. W. R., Boswell, W. W., Boswell, Mrs. W. W., Burns, J. E., Butler, Mrs. E. D., Cheney, Mrs. J. W., Los Angeles, Donahue, Mrs. J., Ocean Park, Durbin, W. E., Elliott, Mrs. M., Los Angeles, Frary, Mrs. L. P., Long Beach, Fuller, Mrs. D. B., Los Angeles, Galtier, Daniel, Pomona, Hamilton, A. N., Hamilton, Mrs. A. N., Howard, C. H., Humphries, Mrs. H. G., Lewis, W. O., Lewis, Mrs. W. J., Los Angeles, Lowe, Mrs. W. W., Long Beach, Mitchell, Mrs. H. A., McCarthy, Miss Kate, McCarthy, Miss Florence, Los Angeles, McKevitt, C. H., Santa Paula, Packer, Mrs. S. R., Bergen, Henry, Long Beach, Lewis, W. O., Lewis, Mrs. W. O., Pease, Niles, Pease, Miss Annie, Pease, Niles, Pease, Miss Edith, Taylor, J. R., Taylor, Mrs. J. R., Taylor, W. S., Taylor, Mrs. W. S., Los Angeles, Teague, D. Monom, Wolf, Miss, Isabel, Wolf, Miss R., Los Angeles.

TELEGRAPHERS' STRIKE.

How it is Operating on the Northern Pacific and Great Northern.

Advices from a private source to the "News" concerning the telegraphers' strike in the northwest are to the effect that the passenger trains on the Northern Pacific and Great Northern are arriving from six to 14 hours late, with predictions that matters will be even worse. It is said that freight trains have been practically abandoned and that light engines are sent ahead of passenger trains, the latter following at an interval of four or five minutes. As yet there has been no violence and everybody is orderly.

Members of the O. R. E. wearing "strikes" are being arrested by their button holes, are meeting all trains and distributing a circular addressed to public opinion, which states that the 1300 Northern Pacific and Great Northern operators who have quit rather than work for starvation wages, desire to lay their case before the public.

The companies have refused to consider the matter. Many of the new applicants for positions are women.

O. R. E. STRIKE.

Officials Say Trouble is Over Operators Claim Tie-Up.

St. Paul, Minn., Aug. 6.—There continuing to be a wide variance between the official statements given out by the telegraphers' union and the statements of the railroad officials, the latter claim that the strike is practically at an end and that 12 hours more will see its finish. The telegraphers are reported to be being constantly employed; that regular trains are on schedule time and freight is being moved promptly.

On the other hand, President H. B. Perham said to the Associated Press tonight that the situation as reported to him is more favorable to the telegraphers than it has been at any stage of the strike, and that he is confident of victory. He admitted that the company was sending strikebreakers west, but not in such large numbers as the companies claimed. These men, he averred, were being hired under false pretenses, and that as soon as they became cognizant of the true state of affairs the majority of them would quit work and join the strikers.

Mr. Perham exhibited reports from various chairmen on the Western divisions, showing that perishable freight was being refused, and that in many cases the yards were blocked and little or no freight was being moved. One report stated that the Ametia line of the Great Northern, in North Dakota, was locked up, and that no freight train had been run since the strike began. Only one night engine was said to be seen between Minot and Williston, N. D., on the Great Northern.

At the Union depot it was reported that the Northern Pacific was seven hours late, while the Twin City express, on the same road, arrived two hours late. The Great Northern coast train arrived on time this afternoon, but the train due at 10:40 had not been reported. The people stating that they had no wires working further west than Minneapolis. Trainmen on the Winnipeg division are both roads, as well as local trains, were reported moving on practically schedule time.

Tonight General Superintendent of the Great Northern issued the following statement:

"Permanent positions are being rapidly filled on all divisions. Traffic is moving under absolutely normal conditions, and all the usual reports are being sent to headquarters over the company's own wires. All passenger

trains are making schedule time or better, and all freight is being promptly moved. There is no accumulation of cars at any of the terminals."

General Manager H. J. Horn of the Northern Pacific reports a similar state of affairs.

SPIKE AND RAIL.

U. G. Soule, general agent of the Southern railway, is visiting Salt Lake. He leaves for Portland tonight.

J. L. Moore, district freight and passenger agent of the Salt Lake route, has gone to Butte, Mont., on business.

D. S. Spencer, assistant general passenger agent of the Oregon Short Line, has gone to Twin Falls to attend the celebration at that place.

Excursionists to the number of 200 or more went to Ogden over the Denver & Rio Grande yesterday. The same company took 100 people to Upper Falls in Provo canyon.

The Colorado Midland and Burlington systems have secured an excursion to Frannie, Garland and Cody, Wyo., to take place about Sept. 5. The fare for the round trip will be \$30.

W. H. Bancroft, vice president and general manager of the Oregon Short Line and of the Salt Lake route has returned from a trip to the northwest, where he went to meet President Harriman.

Weinacht's California and Yellowstone park touring company from New York city, consisting of 25 persons in special cars, came in over the Denver & Rio Grande today en route to the wonderland of the north.

Passenger travel is reported very heavy on the Salt Lake and Southern Pacific owing to the cheap rates which have again gone into effect and will continue until Sept. 15. There were many departures to out points in Utah and Los Angeles today via Portland.

The report that the Chicago & Northwestern is pushing work on the right of way between Cheper and Lander, Wyo., was not confirmed yesterday by J. M. Runney, cashier of the First National bank of Rawlins who is in the city. Mr. Runney says the road will not be built until the fall, and that a large influx of people will take place when the road is built.

S. V. Deirah, assistant general freight agent of the Denver & Rio Grande, has returned to his post of duty after an absence of several days. He has been in Chicago in conference with General Traffic Manager A. S. Hughes regarding freight tariffs in Utah. Although the matter was pretty well discussed.

A surveying party left yesterday for Nevada to revise 100 miles of the survey of the Western Pacific, it having been found necessary to cut down a number of the grades of the original survey. Assistant Engineer B. F. Housh has just completed revised the road from Salt Lake west on the Utah division. It is stated that the construction of the new road will begin at once and be rushed to a finish.

SHEPARD CASE.

Charges Against "Ye Old Book Store" Man Go Over Until Tomorrow.

The preliminary trial of R. B. Shepard, proprietor of "Ye Old Book Store," who is under arrest on the charge of violating the postal regulations, set for this morning at 10 o'clock in the court of Commissioner Charles Baldwin, was postponed. By the consent of attorneys for both sides the trial was postponed until tomorrow morning at 10 o'clock. Shepard is charged with the action of the grand jury, under bonds.

JOHN DAVIES' FUNERAL.

Services Held Yesterday Afternoon at Residence of His Sister.

Funeral services over the remains of the late John Davies, Jr., were held yesterday afternoon at 4 o'clock, at the residence of his sister, Mrs. Arthur Hubbert, Bishop M. S. Woolley, presiding. There was a large attendance of relatives and friends, and the floral offerings were numerous and beautiful. Sweet and appropriate music was furnished by a quartet and comforting and instructive remarks were made by Elder Alexander H. Master, Counselor Tuddenham and Bishop Woolley, who spoke of many good qualities possessed by the deceased. The opening prayer was offered by Elder Wallace C. Castleton.

Interment was at the City cemetery. The casket was dedicated by Elder McMaster.

At the services one of the speakers took occasion to make some remarks with reference to the strike of telegraphers and the account thereof published by the Desert News on Saturday evening. By his information and for the benefit of those who might not have seen similar views the "News" will say that it got its particulars from relatives and from officers of the police force in Salt Lake city, and that it was not a resident of Murray. Hence it alleges that Justice McOmie has no jurisdiction either of the subject matter or of the person of the defendant, and has exceeded his jurisdiction in taking any action in the case whatever.

John Camp is the petitioner in the case which was brought against him by Sepp to recover \$37, alleged to be due for board and lodging. He alleges the same state of facts as Supple and claims that the Justice has no jurisdiction in his case. Both sides claim that Justice McOmie is prohibited from taking any further action in the case.

Writs of prohibition directed against the Justice were issued by the clerk of the district court today and is returnable before Judge Ritchie on next Friday.

THE BATHING RUSH.

Salt Water Dips Breaking All Previous Records at Saltair Beach.

The bathing rush at Saltair this year is altogether unprecedented. Never before has there been anything like it, and never has it been better, notwithstanding the fact that the water is low and still receding. On Saturday afternoon and evening every bathroom and every available spot that the management could get together was called for. Even then there were many waits. In the main, however, patrons awaited their turn with patience and declared that it was worth it. The crowd was of the crushing order. The high diving horses and fancy shooting of Dr. Carver may have had something to do with the big attendance, as these are excellent features, well worth going a long way to see, but they did not cause the rush into the briny waves. It is suggested that local people are beginning to appreciate the great lake as at no previous time.

McCORMICK & CO., BANKERS.

SALT LAKE CITY. - - - - - UTAH. Established 1872.

NATURALIZATION FOR NATIVE UTAH

Young Man Born and Raised in This State Takes Out His First Papers.

WAS A CITIZEN OF CANADA

Became a Subject of King Edward a Few Weeks Ago but Uintah Reservation Makes Him Flop.

Born and reared in Utah, naturalized a citizen of Canada and then returning to Utah and applying for naturalization papers in his native state is the experience of Alexander Hill Park, who took out his first papers today in the county clerk's office. Mr. Park stated to the deputy who waited upon him that he was born in Utah but that he went to Canada five years ago and located.

Just a few weeks ago he took out his naturalization papers there and became a full-fledged subject of King Edward of England. He kept in touch with conditions here, however, and when he read of the Uintah reservation opening he decided to return and make an attempt to secure a quarter section of land.

As the first papers issued in naturalization entitle a person to take up public land in the United States, he wasted no time in making a declaration of intention to become a citizen. He received his first papers today and will now take part in the registering and drawing for land on the reservation.

JACOB ALT DEAD.

Paralytic Stroke Causes Sudden Passing of Veteran Liquor Dealer.

Jacob Alt, Salt Lake City's pioneer liquor merchant, died this morning from the effects of a paralytic stroke received four weeks ago.

Mr. Alt came to this city in August of 1860 and opened up a gunsmith shop on east Second south street. He continued in this business for a number of years and later went into the saloon business in the old Gladstone building. Later he opened up at 109 Main street and continued to do business here until about three years ago. At this time he retired from business on account of his advanced age and infirmities.

During his residence here he has grown up with the city, having seen it in its most strenuous times and having been one of its staunchest supporters. He was a resident of Murray, where he occurred in connection with its growth from a camp in a sage brush valley to a mountain metropolis.

At the time the Masonic order was formed in this city he became a member and has figured prominently in its growth in this city, at this time being a member of the order.

At the time of his affliction he soon regained strength and was able to be around as usual until a week ago, when he was seized with a paralytic stroke and he was almost totally unconscious and at the time of his death was in this condition. Mr. Alt leaves a family of six children and a wife. The children are Mrs. Walter King, Miss Margaret Alt and Miss Florence Alt. Albert J. Chiles and Roy are his surviving sons. Mr. Alt was born in New York City June 2, 1831, and came to Utah when 35 years of age.

The funeral will be held at the family residence, 238 Second east, Thursday afternoon, at 4 o'clock, under the auspices of the local Masons.

WANT TO RESTRAIN A MURRAY JUSTICE

Two applications for writs of prohibition were filed in the district court today, in which the petitioners ask that Justice of the Peace J. P. McOmie of Murray be prohibited from taking any further action in the cases wherein the petitioners are defendants. James Supple is the applicant in one case and he states that John Sepp filed suit against him to recover \$37, alleged to be due for board and lodging. He claims that the alleged debt was contracted in Wyoming, and that he is a resident of Salt Lake city, and has never been a resident of Murray. Hence he alleges that Justice McOmie has no jurisdiction either of the subject matter or of the person of the defendant, and has exceeded his jurisdiction in taking any action in the case whatever.

John Camp is the petitioner in the case which was brought against him by Sepp to recover \$37, alleged to be due for board and lodging. He alleges the same state of facts as Supple and claims that the Justice has no jurisdiction in his case. Both sides claim that Justice McOmie is prohibited from taking any further action in the case.

Writs of prohibition directed against the Justice were issued by the clerk of the district court today and is returnable before Judge Ritchie on next Friday.

THE FIGHTING BROTHERS

Show Public and Police How They Like Each Other - A Free Show Too.

Brother against brother was the feature of the fight between Edward and Herbert Daniels and Stanton and David Fulmer Saturday night on west South Temple street. The participants started a lively "rough house" on the street after an altercation over a trivial matter. After one of the Daniels brothers was so badly knocked out that he had to be placed under a hydrant to revive him the belligerents decided that their fight had gone far enough. They then went into the Continental saloon to imbibe the amber fluid as a peace potion. Here the fight was renewed, it requiring the combined forces of Police Officers Clough, Johnson and Lyon to prevent their escape and to effect their arrest. They are all on the book at the station for fighting.

Stanton Fulmer and his brother Dave Fulmer forfeited their bond in police court this morning, failing to show up to answer the charge of fighting. Edward and Herbert Daniels entered a plea of not guilty to the same charge and their preliminary hearing was set for tomorrow morning.

SUICIDES AT THE "WHITE ELEPHANT"

Andrew Jackson, Colored, Swallows Two Ounces of Carbolic Acid.

MOURNED OVER A DEAD WIFE.

Lost His Companion a Year Ago and Had Been Melancholy Ever Since - Said Life Was a Burden.

(Special to the "News.")

Ogden, Aug. 7.—Andrew Jackson, a colored man employed at the White Elephant saloon as a porter, committed suicide this morning at 1 o'clock by drinking the contents of a 2-ounce bottle of carbolic acid. The rash act was committed in a room at his home, 2967 Lincoln avenue, and death followed his act in a few minutes. For some time past he has been despondent and melancholy, having lost his wife a year ago, and being 55 years of age and compelled to work hard and long in order to gain a livelihood. These and other troubles are thought to be responsible for his rash deed. He is said to have expressed himself to friends in this strain, telling them that his life was only a burden to him.

Last night he spent a couple of hours with L. W. Park, a friend, at his residence, 149 Twenty-fifth street. Here he laughed and joked and enjoyed a good time. He broke into his room, when they discovered his condition. The odor of the acid was soon perceived, and Dr. Fernlund was immediately summoned. He could do little for the man, who died but a few moments after the arrival of the physician. Dr. Fernlund pronounced carbolic acid poisoning as the cause of his death.

IN THROES OF DEATH.

From the drug store it is presumed that he went to his home, where he undressed, preparatory to retiring. He was found by his wife, who broke into his room, when they discovered his condition. The odor of the acid was soon perceived, and Dr. Fernlund was immediately summoned. He could do little for the man, who died but a few moments after the arrival of the physician. Dr. Fernlund pronounced carbolic acid poisoning as the cause of his death.

LEFT NO LETTER.

Mr. Jackson left no letter or other explanation of his rash act, and only the remarks made lately to friends give a clue as to the cause of his trouble and its consequent act. Mr. Jackson has been a resident of Ogden for the past 20 years and was well known and highly respected by the colored people of this city. He was a member of the Grand Lodge of the United Order of Good Templars of this city, also an honored member of the G. A. R.

Mr. Jackson leaves a son in Kansas city and a daughter, now living in Mill Creek and the other being in the Union Pacific dining car service out of this city.

Judge Murphy has decided that no request be necessary as the cause of death is very evident. The funeral will be held Thursday afternoon from the late home of the deceased on Lincoln street, at 2 o'clock. The date of the funeral of which he was a member will conduct the services.

"BAD HOUSE" CASE.

D. L. Reese of Brigham City was arraigned before Judge Murphy in the municipal court this morning charged with obtaining money by false pretenses. Frank Moore being the complainant witness.

Moore, in his complaint alleges that Reese sold him a horse on the 28th of April last warranting the animal to be sound and in good condition. The price paid for the horse was \$125. Moore has discovered that the horse is broken about \$10 and a watch. The watch and the horse were sold by Reese for \$250. The date of his preliminary hearing was not set. Atty. J. R. Call of Brigham City, appeared for the defendant.

ENTERED BY BURGLARS.

The home of Hyrum Peterson situated at 509 Twenty-first street, was entered by burglars last night and thoroughly ransacked while the family were asleep in a tent in the rear of the house. The thieves got but little for their pains in the house and disgusted they then turned their attention to the tent in the rear. They quietly entered this and began stealthily to see what booty they could secure here. They went about their work very quietly and secured a purse from the pillow beneath the head of Mrs. Peterson, the purse containing about \$15 in cash. Then they turned their attention to the trousers of Mr. Peterson from which they extracted about \$10 and a watch. The watch and the purse which they had emptied were then thrown back into the tent. The barking of the Petersons' dog awoke Mr. Peterson and he at once made an investigation. He found the rear door of his house had been broken into and he at once notified the police. They were hot on the trail of the robbers but failed to locate a trace of them.

BAIL FORFEITED.

William Jordan today forfeited \$100 bail in the municipal court before which he was to appear for arraignment on the charge of lewd conduct.

DIED.

ALT—Jacob, Aug. 7, of paralysis at his home, 238 second east.

Funeral services for the family residence Wednesday at 4 p. m. under the auspices of Wasatch lodge of the Masonic order.

FOR SALE.

MOVING PICTURE MACHINE, films and slides, cost \$150.00. Will trade for horse or cow. Ind. phone 274, or W. C. Van, 182 S. 15th East.

LOST.

LOST—BUNCH OF KEYS ON RING. Return to Wilson Hotel, Reward, \$10.

BASKET OF LAUNDRY, BETWEEN

Cottonwood canyon and Nelson's store. Return Nelson's store, reward. Brighten Hotel, Phone 202.

It is a black mare weight about 500 lbs. It has a white blaze on its face and a white star on its forehead. It is a good horse and is not used for any purpose. It is a good horse and is not used for any purpose. It is a good horse and is not used for any purpose.

P. J. MORAN, Board of Trade Building, City.

UTAHNA THEATER STILL IN WHIRL

Salt Lake and Ogden Interests Will Each Try to Capture It Tomorrow.

THE OLD COMPANY IS DEAD.

Manager Gourley Says He Is Being Worked Out and Will Fight to Maintain Control of Theater.

Salt Lake and Ogden interests, both seeking to control the future of the Utahna theater in this city, will clash finally at a meeting of directors scheduled for tomorrow. Should the Ogden interests control, Manager Gourley, now rated as "bookish agent," will be forced to retire with Manager Ertman, now recorded as chief local agent. The manipulations by which the meeting of tomorrow is made possible have been going on for some time, and originate in the desire of John Cort of Denver and D. P. Sutton of Butte to secure control of the theater by Aug. 20, at which date they desire to open with a burlesque stock company. The Cort and Sutton interests have been at work securing stock for some time, and now hold a majority.

Gourley acts as manager under an election of the stockholders held March 5 last, and his term does not expire for one year.

However at a meeting Saturday by amendment to the articles of incorporation the name was changed from the Unique Amusement company to the Utahna Park Theater company, and an important clause was changed to make three instead of four directors a quorum to transact business. Mr. Gourley, himself, is a director, and this change nearly eliminates him from business meetings, leaving the Ogden directors, Geo. J. Kelly, Dr. Baker and O. M. Runyon, a quorum to transact all business.

The move tomorrow is to further amend the articles of incorporation so as to make the date for election of a manager Aug. 9 instead of March 5. This will terminate the Gourley control tomorrow night, and leave the way open for the installation of an Ogden manager Wednesday.

At the Saturday meeting the following shareholders were present: John Cort of Denver, D. P. Sutton of Butte, R. A. Grant, Thomas J. Mitchell, Geo. J. Kelly, O. M. Runyon, C. C. Richards, A. E. Pratt, John A. Largent, W. R. Gourley, F. S. Ertman and S. H. Taylor.

Manager Gourley intends to fight to retain control, and intimates that he is being worked out of it. He and Mr. Ertman own a third of the stock, but it was given for a year under option to a Mr. Kelly at Denver, on the belief that he had an offer for the theater from a Denver syndicate, and now the stock turns up in the possession of Sutton and Cort, who secured it on an option from Kelly.

SOME PEOPLE GET ACCUSTOMED TO DRINKING BAD COFFEE AND DON'T KNOW WHAT GOOD COFFEE TASTES LIKE.

Leysons' Coffee Machine makes only good coffee. Ask one who has used the machine.

Phone 65 (either phone) for the correct time.

Leysons' JEWELERS.

236 MAIN ST. SALT LAKE CITY.
