REPLIES TO CHARGES Cashier Voorhees of the Pittsburg Sil

More or less has been said by nearly all of the officials of the Pittsburg Silver Peak Mining company since they were indicted in Nevada on the charge of making false reports for the bullion Frank Knox, president of the National Bank of the Republic, who was one of the officials of the company and was indicted with the others,

In a statement made by L. L. Veorhees, cashier of the company, and who is also one of those indicted, some new light is shed on the situation. In the Tonopah Bonanza, Mr. Voorhees says: "The whole affair is one beyond my conception of the law, and 1 under-stand the law is based upon common sense. The papers of the state have been threshing out the disagreement between the company and the state of-ficials for some time past, and while I have the greatest regard for the news-papers 1 feel that some of them have been actuated by prejudice, or else, perhaps, their statements have been dol-ored by misinformation. "Let me call to your attention the indictment of Mr. Jusson: Mr. Jus-son assumed the general managership of the company on the first day of May, 1909. Up to that time he was consult

1909. Up to that time he was consult-ing engineer for the company and in that expacity certainly had nothing to do with that part of the company's af-fairs which concerned the bullion tax; in fact, he knew nothing of the law until some time after his encountment until some time after his appointment as general manager. The indictment alleges his conspiracy to have occurred on and before the 31st day of March.

"I have been indicted but Mr. George O. Bradley, general manager preceding Mr. Jusson, and the man who signed the statements, is not one of those who must face the law. Surely there is something wrong some-

tors of the milling company, who are in no way responsible for any dere-liction of duty as regards the builton tax, for all must know that the pro-

Union Pa-cline preferred was marked up 345 on moderate dealings, Southern Railway preferred gained 1%, Lake Erie & West-ern preferred dropped 3. The lack of demand failed to affect prices unfavorably, most of the leading stocks hovering around their best prices of the morning. A merican Sugar hard-ened 14, and Great Northern Ore Cer-tificates 1%. Prices similed a trifle before they rail-lied again in many instances to higher figures than in the morning. Third ave-nue was a notable exception, failing over 3 points. Union Pache advanced 2%. The market closed strong and dull. Wabash preferred was lifted 2% and the Morgan group were strong. Southern Railway rose 1% and United States Steel 1%. Dealings were almost wholly in a few active stocks.

Today's local bank clearings amount-ed to \$1,140,405.57, as compared with \$753,243.87 for the corresponding day of last year.

Quite a force of men and teams is at work curbing and guttering the Eleventh avenue Boulevard. The im-provement proposed there will cost about \$15,000.

W. G. Brawshaw, of Los Angeles, has purchased the Howard corner on Fifth South between Main and State streets for \$6,750. The property is 33x330 feet, and was owned by Orson Howard.

Meeks & McCartney report the sale from George T. Odell to N. V. Jump, the premises No, 120 Canyon road for \$5,000.

Work on the Newhouse hotel, which suddenly ceased two or three weeks ago will be resumed as soon as the footing plans arrive from Mr. Cobb, the archi-tect of New York. This was the word chett, who also says that the excava-tion will not be taken any deeper than it now is, owing to the previlence of water in the vicinity. The basement of the new hotel will really be only a half basement, with concrete footings reaching down to the solid clay.

James Richardson of the Tunnel Oll company has been in town this week. He says they are still pegging away at the oil wells. The company of which R. C. Scott is manager, is now drilling on their property a few miles above the tunnel.—Vernal Express. KANSAS CITY. E. S. Mendels, agent of the New York curb, has sent out the following special notices: "On and after this date (June 17) all mining companies will be required to file at this office regular statements of their conditions. In the event of their failure to do so

they will be refused quotation on the regular lists." regular lists." Fred Redman, a local mining en-gineer, returned yesterday from Idaho, where he visited a number of pro-perties including the Cannoa Ball Consolidated. The property he asserts is much better than has been repre-sented. Although it has been asserted that the ore averages \$20 a ton, sam-ples showed that it is far in excess of this. The engine and boiler are all that are lacking to set the mill in operation. It will only be a few days now before everything is moving along at a good rate.

CHICAGO. Chicago, June 22-Renewed selling of the July delivery was a feature of wheat today. Favorable harvest reports and a heavy tone at the Liverpool market were the chief bearish influences. Addi-tional rains were reported in Kansas and Missouri, where harvesting is under way. but it was the general opinion that little delay to grain cutting would re-suit. The more deferred futures were rel-atively stronger than the July option. The latter delivery opened unchanged to '4 lower at 1.53% to 1.14, sold at 1.14% 0 '4 and then declined to 1.13½. The corn market was weak early in the day on favorable crop reports. Prices at the start were a shade to '4 lower at 71½ to 71% and eclined to 71. Liquidation of July holdings caused weakness in the oats market during the early trading. July, which opened a shade lower at 50½, advanced to 50% and then declined to 50% 0.6%. Provisions were weak at the start ow-ing to a further decline of is to 10c. in the price of live hogs. Opening prices were 2½ to 5c. lower. Weat-The market was heavy all day, fresh declines being made during the last half of the session. For July the low point was reached at 1.12% of 3/0714.
