To make an approximate value of the ores taken from the Mercur camp would be hard, but it is probably in the neighborhood of \$25,000,000. At the the heighborhood of \$25,000,000. At the present time the Consolidated Mercur is producing in the neighborhood of \$80,000 worth of bullion a month and the Boston-Sunshine, \$14,000. The old Sacramento ore dump which is being worked over by leasers is expected to make a good yield of bullion this month and the West Dip will be work-ing shortly it is said. $9.75 \\ 2.50$ \$2.25 hag ing shortly it is said.

The most satisfactory indication of a mining camp's prosperity is its record as a dividend payer. Up to June 30, 1908, one company, the Consolidated Mercur, had produced \$13,189,743.34 and paid dividends of \$3,415,312. The pro-duction of the Mercur companies for the year 1907, a year in which mining companies all over the world discon-tinued dividends, was close to \$275,000, made up as follows: Consolidated Mercur, \$141,748.46 and Sacramento ap-proximately \$125,000. Other companies of which we have no record, probably increased this record to \$275,000. To make an approximate value of MARKET LANGUID,

Pague magnates at Cincinnati, which was generally supposed to be a talk-fest on the status of President Harry C. Pullam, turned out to be one of the most important war councils in the an-nals of the national game, according to inside information handed out the other day by one of the baseball men in New York, who generally knows what he is talking about. talking about.

talking about. The National and American leagues are prepared to strike a death blow at the Eastern league and American as-sociation should this clique of class AA moguls mention war next fall. Since the class AA people refused to sign the joint agreement promulgated at Cin-cinnati last January, in which the big nnati last January, in which the big leaguers handed out a number of con-cessions asked for by the two leading minor leagues, rumors have broken out that the American association will surely invade Chicago and that the two or-ganizations have plans to organize a powerful independent organization as a WHAT HERMANN SAYS. With reference to the above Presi-dent Hermann said; "There is absolutely nothing to that "There is absolutely nothing to that story and you may make that just as emplatic as you wish. Or course there are always one or two little troubles arriving about drafting and trailing and so on but there is no danger of the American association invading Chicago nor is there any danger of trouble from the Eastern league. Our associa-tions are not unfriendly and the base-ball situation is good in every respect. NEW DIVIDEND PAYER.

The Boston Sunshine will shortly declare a dividend of about 5 cents a share and the Consolidated Mercur will this year declare a dividend, which will be the first since Dec. 20, 1906. The Boston Sunshine is incorporated with 250,000 shares and of this number 100,000 are in the treasury. The property will be one of the first new dividend payers this year.

UNCLE SAM CAN PAY DIVIDEND.

Property is Sending Out Car Load of

Ore Every Day. Ore Every Day. When the Uncle Sam property en-countered a lean streak in its ore last fall things did not look bright. Since then it has opened up a new ore body and is shipping about a carload of ore every day. This it is declared is al-most as rich as the ore taken out last year which netted the company an av-erage of \$29 a ton. Already the com-pany has accumulated a surplus with which a dividend could be declared, but which a dividend could be declared, but it is thought best to accumulate a greater surplus. Supt. C. C. Griggs of the Uncle Sam

mine is in the city today to attend the monthly meeting of the directors. When asked about the property asserted that the ore body was opening up in good shape and that the first and second grade ore that was being taken out would net the company close to what was received for the ore last year

BLOCKADE RAISED.

Excursionists Marooned in Royal Gorge Now on Their Way.

Denver, July 8 .- The blockade on the **CLOSING WEAK** Denver & Rio Grande railroad, in the Royal Gorge, which resulted from the unprecedented rains of last Saturday, Sunday and Monday, was raised last hight and hundreds of excursionists on their way to the Pacific coast have re-sumed their journey. The railroad tracks for a distance of 600 feet were covered with from one to six feet of New York, July 8 .- The opening movement of prices today was languid alsand and debris.

New York, July S.-The opening move-ment of prices today was languid al-though dealings were fairly active. Con-certed pressure against Union Pacific and U. S. Steel soon induced selling for both accounts all around and there were many notable deelines. There seemed to be no reason outside of professional sentiment for the losses. St. Louis and San Francisco second lost 1¼ and Union Pacific, Chicago & Alton, Amalgamated Copper and U. S. Steel I. Virginia-Car-olina Chemical gained I. There were some recoveries before the hour expired. Prices held steady with American Smetting and Western Maryland ad-vanced 1 and American Cotton Oll pre-ferred 1½. A rise in Southern Pacific caused an easier tone in the market, Delaware & Hudson lost 1½ and Wheeling and Lake Eric first preferred 1¾. Bonds were firm. The Fraternal Union of America filed a The midday reaction did not run far.' speculation becoming so duil that it was impossible to move prices profitably. The undertone was firmer, Illinois Central ris-ling a point. Interborougm-Mej, preferred lost a point. Room traders withdrew from the mar-ket when fluctuations became limited to a range of ½ and business consequently became nominal. Reading and Southern Pacific ruled close to their low prices of the morning. The market closed weak. NEW YORK CLOSING STOCKS. CHICAGO.
