Sorites and heavy bombardment at Bismarck.

PARISIANS EXPECTED SOON TO SUCCESSFULLY ASSUME THE OFFENSIVE!

NEW YORK.

Relative strength of the Parisians and Prussians—Two more yacht races—Heavy bombardment.

The World's special correspondent at Boulogne sends word to-day that he has news from Versailles of the safe return, from Paris, of General Burnside and Colonel Forbes.

It is understood that the garrison of Paris now consists of 350,000 national guards, 350,000 regulars of the line, 200,000 gards mobile. These regiments and battalions are well drilled and it is confidently believed in the city that the army of Paris alone will, at no distant day, be more than able to assume the offensive with success. There has been no street rioting or fighting whatever. The whole German force now occupying the lines before Paris consists of seven army corps, numbering 280,000, besides cavalry which will probably bring the total up to 350,000.

A special telegram, dated London, 5, says advice from Berlin state that the citizens, in large numbers, petitioned the King not to expose himself to personal danger at the siege of Paris. His Majesty replied that he had taken the decision, which is not to return to Berlin until the war is terminated.

Couriers from the English and Russian governments are daily passing between the respective capitals and the Prussian headquarters. It is believed that both governments are paving the way to the armistice.

It is reported that it has been suggested that there should be an incorporation of both Mecklenburgs into Russia, and that the Grand Dukes thereof be compensated by the cession to them of Alsace and Lorraine.

A special to the Tribune, dated London 4, says: Our correspondent before Bismarck telegraphs on the 4th that on Friday, Saturday and yesterday the garrison made sorties with cavalry and infantry, protected by a shell fire, and burned the batteries and formed where the besiegers' outposts were in position previously, but which they had abandoned. The besieging guns comprise four sixty-pound mortars and four twelve-pound breech-loaders. From the 11th to the 20th there was a severe bombardment, dismounting several guns and destroying a castle and many houses below. The besieging batteries became disabled by firing 20,000 shot and withdrew to Grimsby. The covering battalions also withdrew, leaving the north and west sides open. The fort is built on a two hundred feet perpendicular rock, is a two stories, has solid casemates and is impregnable. The garrison numbers two thousand men.

New York, 5.—The Westphalia went to sea this morning. The yacht Cambria and Sappho will race next Monday and the Cambria and Dawnless on Wednesday.

WASHINGTON.

Feinians pardoned—Army reorganization.

WASHINGTON, 5.—The President has decided to pardon all the Fenian prisoners who were engaged in the late raid, and by the 18th instant they will all be free. Gen. O'Neil among the rest. This has been done by the President because he thinks they have been sufficiently punished, and because they promise to respect the laws of the country in future. The petitions for the pardon of these men have come from every portion of the country, and from all classes of people.

The Secretary of War had a long interview with the President yesterday, before the Cabinet meeting, arranging for the carrying out of the recent law reorganizing the army and reducing the number of officers and rank and file. An examining board will be appointed in a few days, whose duty will be to examine all the reports from the departments, and make final decisions, subject, of course, in all cases, to the approval of the President. Secretary Belknap has put all the wheels in motion, and before the first of January the law will be in active force. He issued a general order, to-day, abolishing many of the recruiting rendezvous and transferring the duties of others.

CONNECTICUT.

The Presidency of Yale College. NEW HAVEN, CONN.—President Woolsey, of Yale College, has announced his resolution to resign at the end of the present college, July, 1871, by which time he will have completed his term of the quarter in the Presidency. The names most frequently mentioned in connection with the succession are: Professors Porter, Dwight, Thatcher and Gilman, of Yale, and Rev. Doctor Thompson, of New York, and President White, of Cornell University.

ILLINOIS.

Masonic Convention—Italian Banquet—Alabama in an unsettled state. CHICAGO, 5.—The Masonic Grand Lodge of Illinois convened in this city, yesterday, with a large attendance from over six hundred lodges, and including many of the oldest and most prominent masons in the country.

The Italian residents celebrated the Italian unity by a banquet at St. George's Hall, last evening.

A Washington special says: the con-

dition of Alabama has created a grave uneasiness here for some time, and was the subject under consideration in the Cabinet to-day. As a result of which the President has issued an order, directing the State to be constituted a separate military district of the department of the South, under the command of General Crawford, and additional companies of troops have been ordered into the State.

VIRGINIA.

General Lee improving. LEXINGTON 4.—General Lee is recovering. He is considered out of danger.

LOUISIANA.

More deaths from yellow fever. NEW ORLEANS, 5.—There were nine deaths from yellow fever yesterday.

FOREIGN NEWS.

FRANCE.

Railroad accident. ROUEN 4, via London.—A railway accident occurred between this city and Amiens, to a train laden with French troops. Fifteen were killed, fifteen wounded and a hundred seriously injured.

The Prussians are at La Fert and levy heavy contributions. Continuous firing was heard to-day on the heights of Epernon and around Rambouillet.

AUSTRIA.

Russia making preparations. VIENNA, 5.—It is reported that the Russian government is making extraordinary military preparations in Trans-Caucasia. The fortified passes to Asia have been reinforced and stores are being accumulated.

CHINA.

Chinese threatening foreigners. SHANGHAI, Sept., 15.—The Chinese are threatening foreigners at Chefoo, Kin Kiang and Chin King.

GREAT BRITAIN.

Army in Algeria wants to be recalled. Resignation of Orosaga not liked—More Chinese assassinations—Manifesto contradicted.

LONDON, 4.—The corporation of Berlin has voted a handsome sum for the relief of the people of Strasburg. The Queen is a heavy subscriber.

A garrison has been placed in the city of Mulhouse.

Thiers says his representations to Russia were confined to placing the Tours government in a most favorable light and to showing the risks of Prussian aggrandizement. He made no proposition whatever.

The German national party demand a Constituent Assembly and the reconstruction of the Confederation.

A special envoy has been dispatched to Wilhelmshoebe entrusted with a verbal message only. A strong belief prevails that the Emperor and Bismarck contemplate offering terms to the Prussians.

LONDON, 5.—The French army now in Algeria, numbering 37,000 men, demands to be recalled to resist the Prussian troops.

Lamon, editor of the Paris Pays, has been arrested for charges against him which have not yet been made public.

The British government has resolved to adopt the small-bore, gaitling mitrailleuse.

A Madrid correspondent telegraphs that the resignation of Orosaga, the Spanish ambassador to Paris is likely to lead to serious results. It identifies him with the republican party and adds great strength to the movement in favor of France.

Later advices from Hong Kong report further assassinations of foreigners by the Chinese. It is reported that Chinese troops are being collected between Tientsin and Peking, nominally for the protection of foreigners; but strong doubts are expressed as to that being the real intention of the movement.

The Herald's Belgian correspondent telegraphs to-day that he has received a reply from Pictou, private Secretary to Napoleon, who says that no manifesto has been published by the Emperor, and all rumors to that effect are groundless.

RUSSIA.

The Czar confers an honor on Moltke—ST. PETERSBURG, 5.—The Czar has conferred upon Moltke the highest military decoration of the empire.

PRUSSIA.

An unknown manifesto. BERLIN, 5.—The following news is official: The manifesto, dated at Wilhelmshoebe, and signed by Napoleon, which was recently published by La Situation, at London, is entirely unknown here, and is doubtless apocryphal.

NOVA SCOTIA.

HALIFAX, 5.—Captain Leith, of the Inman steamship City of Antwerp, makes the following report: "On Saturday, Oct. 1st, at six p.m., latitude 43:50, longitude 47:50, we were boarded by a boat of the French screw steamer Saint Saveren, which vessel broke the cage of her driving wheel on the 30th of September, at 11 a.m. She expected to repair and proceed in two days from the time of boarding the City of Antwerp. The Saint Saveren, therefore, will be due at New York on Friday, Oct. 7th."

The company feel confident, after having had their watches three years in market, and selling many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

OVER FIVE HUNDRED DEALERS

In various parts of the land have unreservedly endorsed them. They are in use upon numerous lines of Railway, including the Union Pacific and the Pennsylvania Central, and officers of these roads, with other prominent R.R. officials, endorse them as the best watches for the use of R.R. employees and travelers yet introduced.

The following are presented as specimens of these testimonials:

TESTIMONIAL.

UNION PACIFIC R.R., OFFICE OF GEN'L Supt., OMAHA, Dec. 16, 1869.

Hon. T. M. Avery, President National Watch Co., Chicago, Ill.

Dear Sir:—During the month that I have carried one of your "L. W. Raymond" Watches it has not failed to keep the time with so much accuracy as to leave nothing to desire in this regard. For accuracy, in time keeping, beauty of movement and finish, your Watches challenge my admiration, and arouse my pride as an American, and I am confident that in all respects they will compare successfully in the markets of the world, with similar manufactures of older nations. They need only to be known to be appreciated.

Yours most respectfully

C. G. HAMMOND, Gen'l Supt.

OFFICE OF THE UNION PACIFIC RAIL ROAD, GEN'L Supt., NEW YORK, Jan. 17, 1870.

T. M. AVERY, Esq., President National Watch Co.,

Chicago.

Dear Sir:—The Watch made by your company which I have carried the past two months, has kept excellent time. I have carried it frequently on engines, and have been on the road with it almost daily. During this time it has run uniformly with our standard clock.

Truly yours

J. M. TOUCHEY, Gen'l Supt.

The following dealers also, in various parts of the country, have certified that they consider the Elgin Watches to be all that the company have advertised them as being, and more correct and durable than any in market of similar price, and that they have great confidence in recommending them to the public, on account of their general merit.
