

BASEBALL AND ATHLETIC SPORTS

GABFEST AT LAGOON WITH SOME ATHLETICS

"Americans" Turn to Sports in Hope of Reviving Interest in Campaign for Spoils.

What is left of the so-called American party, and several persons curious to see the effect upon the atmosphere when burning words are hurled at the "hierarch," and several more persons interested in athletic events, journeyed out to Lagoon today.

This is "American" party day at the beautiful Davis county resort and the scramblers for political pelf have turned to athletics in the hope of stirring up some interest in the coming campaign for spoils.

Joe Lippman will be the bright shining star in the gabfest and will tell all about the great things that he has made the sun shine, the flowers bloom and the grass grow and several other things besides what the "Americans" are going to do or think they are going to do in the future.

A good program has been arranged and it is promised to be pulled off according to the following schedule:

Boys' foot race, fifty yards, 3:20 o'clock.
Girls' foot race, fifty yards, 3:45 o'clock.
Ladies' foot race, fifty yards, 4:00 o'clock.
Pat men's foot race, 200 yards and over, 5:15 o'clock.
Men's foot race, free-for-all, 4:30 o'clock.
Men's boat race, 4:45 o'clock.
Men's swimming race, 5:30 o'clock.
Tug-of-war to follow (all the time necessary).
"Hierarch" hunting to begin at 6:30.
Prize dancing, 9:30 o'clock.

EUREKA TEAM WINS.

Takes Another Game from the Tootle Bunch of Ball Tossers.

The game scheduled at Eureka between the Eureka team and the Signal Corps nine of this city was called off. The fans, however, were not to be denied a game of ball and arrangements were hurriedly made with the Tootle team and the boys went to Eureka for the game. The visiting team did not play a ball as on former occasions but Eureka put up a fast article of ball and when the game was called in the eighth the score was as follows:

Eureka 2 0 0 0 0 0 2
Tootle 2 0 4 3 4 0 2—15

"NEWS" TEAM TO PLAY.

The "News" baseball team lines up this evening against the Columbia team in a night game of baseball. The game will be played about 6 o'clock on the High school grounds. Both teams are in good form and a lively game should result.

MACHINES MAKE GREAT HEADWAY

Butterill Automobile at Evanston Tomorrow and Will Reach Ogden Tomorrow—Lane Auto Returning.

A telegram received at the local garage this morning announced the arrival of the Butterill-Thompson party at Granger, Wyo., yesterday, and today the travelers are in Evanston on their way to Ogden, which point will be reached, it is expected, tomorrow. Yesterday the machine covered a distance of 131 miles and so far there has not been a puncture and it has not been necessary to put more water in the radiator of the 6-38 Pierce-Arrow.

At noon tomorrow L. K. Reynolds of the Butterill company, will take a party of newspaper men in a machine to Ogden to escort the party to this city. If there is no mishap the machine will reach Ogden early in the afternoon and then come to this city.

INSPECTION BY AUTO.

One week ago last Saturday, H. Vance Lane, president and general manager of the Bell Telephone company, with Plant Superintendent Vance and "Yellow Kid" Johnson at the wheel, pulled out of Salt Lake City in an automobile to make a trip over the lines in northern Utah, Idaho, Montana and Wyoming. Word was received here this morning that the party went to Butte by way of Pocatello, Idaho Falls, visited Billings, Miles City and then back to Billings without any mishap whatever. Within the next two days the automobile will arrive here by rail as the party decided not to drive back. Short after the arrival here the car will be re-equipped and will then start on a tour of Wyoming.

A CONTENTED WOMAN.
Is always found in the same house with Bala's Snow Liniment. It keeps every member of the family free from aches and pains, it heals cuts, burns, scalds and cures rheumatism, neuralgia, lumbago and all muscular soreness and stiffness. 2c. A bottle sold by Z. C. M. I. Drug Dept. 112 and 114 South Main Street, Salt Lake City, B.

A Swim at Saitia—It's Great.

DONOVAN, DETROIT'S STAR PITCHER, WHO MAY HAVE TO QUIT DIAMOND.

Reports are now in circulation on the American league circuit that "Wild Bill" Donovan, the Detroit's star pitcher, will be of little use to the Tigers for the balance of the season. Since the start Donovan's salary wing has given him considerable trouble, the terrific strain of the 1907-8 campaign having told on "Wild Bill's" good right arm. In the three games he has pitched this season Donovan has shown none of the form that made him famous. In fact, on two occasions he was batted out of the box. Donovan has been acquainted with major league baseball since 1898, when he made his big league debut as a member of the Washington National league club. He played his first ball around Philadelphia and branched into the professional side of the game in 1895 with Sunbury, Pa., where he pitched for two years. He was with Pawtucket and Waterbury in 1897 and was purchased by Washington in 1898. In 1899, when the Washington club disbanded, Donovan went to the Brooklyn club, with which he played four years. In 1902, just before the close of the war between the American and National leagues, Donovan signed a Detroit contract and has played there ever since. When in good shape Donovan has the speed, a wonderful break on his fast ball and is one of the best fielding pitchers in the country. For the last two years Donovan has twirled great ball. In 1907 he won 25 out of 29 games pitched, leading the league. Last season he won 18 out of 25.

LANGFORD ACCEPTS TERMS FROM ELY

San Francisco, July 20.—Willis Britt, manager of Stanley Ketchel, received a wire last night from his New York representative to the effect that Sam Langford had decided to accept the terms of the Nevada promoters for a match with the middleweight champion at Ely on Labor day. Langford had until last night to accept the offer of Tex Hall and it is presumed that the Boston fighter finally decided that the \$5,000 was ample remuneration for the chance of fighting for the title.

CHAMPION DUER VS HARDY DOWNING

Crack Pace Followers Contest Tonight In Ten Mile Motor Paced Race On Saucer Track.

Ray Duer, who holds the world's records from one to ten miles at the following, and Hardy Downing, one of the best known bike riders in the country and an exceptionally good pace follower, will furnish the headline at Heagren's bike show at the saucer track this evening. The pair will compete in a 10-mile motor-paced race. Duer will use one of his big motors and it will be piloted by McTearney while Samudon will do the pace making for Downing.

This race should easily prove to be the best of the kind ever seen. If Duer has learned to hold the track on the turns and has become thoroughly familiar with all the dips, etc., he will undoubtedly defeat Hardy. But if he wins he will know he has been in a race. If Hardy is lacking in sufficient speed to defeat the champion he certainly has the gray matter to plan nice little tricks and take advantage of every opportunity. The race is out to win this evening. If weather conditions are favorable the fans may look for a record or two broken.

The program this evening is one of the best Heagren has arranged this season and will go far to keep up the lively interest taken in the racing game. Ernie Eyr will undertake one of the biggest jobs of his life. He has his heart set on beating W. E. Samuelson's record of 1:33.25 for one mile. This record was made by Samuelson eight years ago and in vain have riders tried and tried to beat the mark set by the Provo boy. That Samuelson is the king pin of all unpaid races is generally admitted and if the lad from the antipodes can lower the record it will give him a great boost in the bicycle world.

The program in full follows:
Ten-mile motor-paced race—Downing vs. Duer.
One-mile un-paced against time, professional—held by Samuelson.
Two-mile lap handicap—Professional.
One-half mile open—Professional.
Unknown distance—Amateur.
Three-quarter mile handicap—Amateur.

Next excursion north July 23rd.

Via Oregon Short Line. Usual special low rates to northern Utah and Idaho points with long limits. Ask agents for rates and further particulars. City Ticket Office 201 Main St.

HIGH ALTITUDES AND ATHLETICS

New Haven, July 20.—Unique experiments have been completed at Yale relating to the effect of mountain climbing, high altitudes and athletics in general, upon the heart and lungs of Yale oarsmen in the crew races in the last few years.

The tests were ordered because the medical authorities were determined that no more rowing candidates with unsound hearts should be allowed in.

The most important experiments were made in old Mexico during the Christmas vacation. In these the use of oxygen was tested in climbing the volcanic mountains, Popocatepetl and Iztaccihuatl, which are each 15,000 feet high.

PERFORMING EQUINE AN ICE WAGON SKATE

New York, July 20.—The beautiful white horse which has been jumping through hoops in an open air circus at Coney Island has been secured by the police and is being held in a stable. The horse, which is named "The White Horse," is a circus actor, and after it had passed through several hoops, it was quickly developed into a very valuable performer. Its original owner will not put it back to work on the ice wagon.

SHEPPARD IS OUT OF RACING GAME

New York, July 20.—Melvin E. Sheppard, the world's champion middle-distance runner, who won both the 800 and 1,500-meter championships at the Olympic games in 1908, announces in a letter that an abscess on the calf of one of his legs will prevent him from competing in the amateur meet which will be held at the Madison Square Garden on Saturday night. Sheppard paid no attention to a sore foot, and has run a number of races this season with the sore, which has been in bed for more than a week.

A. A. U. TO PROSECUTE GRAFTING ATHLETES

New York, July 20.—In the suspension of the amateur athletes of considerable local renown, the registration committee of the Amateur Athletic Union has announced that in the old days athletes who win prizes in contests in which they have been falsified, may be prosecuted on charges of larceny, and of obtaining goods under false pretenses.

The three men who have been suspended from the amateur games which they had entered, themselves as no winners while the records showed that they were seasoned athletes who had won prizes in similar events.

RACES AT BUTTE.

Butte, Mont., July 19.—Today's results:
First race, four furlongs—Big El Dorado won, time, 1:40.
Second race, six furlongs—Bright Skies won, time, 1:44.
Third race, six furlongs—Madeline Musgrave won, Old Nick second, Bill Man third, time, 1:45.
Fourth race, five furlongs—Meddling Hannah won, Antioch second, Bill Mayham third, time, 1:35.
Fifth race, mile and a sixteenth—Prince of Castle won, Patriotic second, Arcout third, time, 1:48.
Sixth race, mile and a sixteenth—Spring Ban won, Duff second, Elevator third, time, 1:49.
Seventh race, six and a half furlongs—Little Buttercup won, Follie L. second, Zoe Young third, time, 1:21.

ING HARD THESE DAYS PREPARING FOR GAMES WITH THE EUREKA AND DENVER TEAMS.

The local cricketers are taking great interest in the English pastime and are anxious to do things to Eureka and Denver.

Sportsmen should know that Fred Chambers, state fish and game commissioner, has headquarters in the city and county building, but has moved to the fifth floor of the Deely block. The wants of Nimrods and Isaac Walton will be attended to there.

Three harness races and a couple of running events is the race program announced to take place at the Wanda-rum track on Pioneer day, July 24. There are plenty of good harness horses here and at least twenty runners that escaped attachment following the recent race, so the meet should prove a good one.

Eugene Wille almost lost his automobile yesterday. He has had trouble plenty with that machine but what happened yesterday was about the limit. He was called to the telephone and nearly had a stroke of apoplexy when the voice said:

"This is Chief Barlow. If you don't take that machine off the street and move it nearer the curb I'll take it to the station and place you under arrest. If I have heard enough complaint about that machine."

"A-I-I-I right, chief," replied Wille. "I didn't know I had done wrong, but I'll attend to it right away, chief."

Just then the voice at the other end asked Wille to order a steak, but what Wille said when he saw the point is neither here nor there—at least it will not be here.

BOWEL COMPLAINT IN CHILDREN

When six months old the little daughter of E. N. Dewey, a well known merchant of Asahi, N. A., had a complaint of cholera infantum. Chamberlain's Colic, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children when used according to the plain printed directions can be relied upon with perfect confidence. When, however, a child is afflicted with this complaint, it is pleasant to take, which is of great importance when a medicine must be given to young children. For sale by all druggists.

GOVERNMENT POLICY IN OPENING RESERVATIONS

Seattle, Wash., July 20.—In speaking of the opening of the Spokane, Coeur d'Alene and Flathead Indian reservations after the drawing which will be held next month, Fred Bennett, commissioner of the general office at Washington, D. C., said last night:

"The policy of the government is to protect the bona fide settler as far as possible and to prevent the speculator from acquiring title to government lands without proper compliance with the law. The interests of any community are injured by the acquisition of land by persons who do not intend to live thereon. The settler loses a neighbor, who would otherwise aid him in building roads and in the establishment of schools and churches. The merchant loses a customer who, under all rights, should be on the land putting it to its best use."

NO PARDON FOR C. E. WOODS.

Washington, July 20.—"Moral regulation" and "slight superstition" are the only physical troubles of Charles P. Woods of Livingston, Mont., now serving a sentence in the western penitentiary. For this reason, and because the sentence was a minimum, which will expire in November, President Taft has refused to pardon Woods, despite the fact that he was the only son of a widow, and that the loss to the government has been made up.

ONE LOST SHEEP RETURNED TO WORK

Youngstown, July 19.—But one local workman, a roller, returned to work today at the time announced by the American Sheet and Tin Plate company, for starting his sheet plant on the "open shop" plan. The mill has been closed two years and has always been a landmark in the town. The plant has been purchased and lumber was taken into the plant this morning to build a community for the town. The men who are expected, the town is closely picked by the strikers. None of the men returned today. The Youngstown Sheet and Tin Plate company will make no attempt to operate the plant until the men are back. Saturday night the men officially declared a strike.

THERE IS MORE CATARRH IN THIS SECTION OF THE COUNTRY THAN ALL OTHER SECTIONS TOGETHER.

There is more Catarrh in this section of the country than all other sections together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure it, have ruined many a man. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Catarrh is a disease of the blood, and is caused by the use of the only Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, Ohio. It is taken internally in doses from one drop to a teaspoonful. It acts on the blood and cures the disease. It is sold by druggists and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.
