ALLEGED GAMBLING JOINTS RAIDED BY POLICE

OGDEN, Nov. 25.—Yesterday James Todd was caught by the police on the streets asking passers by for the price of a meal. His statement that he had lost his money while gambling, led to a raid on a gambling joint on Elephant mountain, a little after 2 o'clock in the afternoon, by six members of the police department, and the arrest of four men suspected of gambling.

Todd told the police that he had lost his money in a game of poker yesterday morning in a room above Kurtz's pawn shop, which adjoins the Elephant mountain.

Captain of Police Brown, Detective Pender and Patrolmen Kellher, Mohlman, Lane, Herrick, and Vaneer surrounded the place and made a dash for the room before the "lookout," posted outside, could give any warning. Frank Parks, Wm. C. Orr, N. S. Hodson, E. Hiner and several Japs found in the room were arrested and locked in the city jail pending an investigation.

Charles Creighbaum, a member of the firm of Creighbaum & Peterson, who, until the gambling houses of the city were closed, conducted the "Golden Gate" in the hall over the "Lion" saloon, was arrested last night, charged with keeping a gambling house in violation of the city ordinances. S. P. Cole and J. Mayer were held as witnesses. Chief of Police Browning and Detectives Pender and Burke forced an entrance into the hall last night where several persons were found who were believed to have been gambling.

ARRESTED FOR ROBBERY.

OGDEN, Nov. 25.—Following an investigation started by the police, conducted by Patrolman John Jennings, Charles Riley and Charles Jennings were arrested and will be charged with robbing a Southern Pacific box car Nov. 8.

Riley, W. E. Hinchcliff and N. H. Hayes defended. Hansen was arraigned on three separate counts as follows:

Stealing a steer from Thorson and Brown of Salina, a heifer from C. W. Cowey of Venice and a steer belonging to H. McMillen of Sigurd.

In all three cases the state seemed to have sufficient evidence to induce the court to bind the defendant over to answer to all three at the next term of the district court. Bonds were fixed at \$4,000 which were furnished by people from Hansen's home town of Elsinore.

It appears from the evidence produced at the hearing that the cattle had been taken one or two at a time and sold to local butchers here in the county where the hides were discovered to lead to the arrest of Hansen some two or three weeks ago when he made his escape from the constable of Salina and was arrested by Sheriff Abbott at Black Rock, on his regular chase.

Hansen was once quite a prominent man in this county having been a school teacher and a merchant in his home town of Elsinore. He has a wife and four children and a widowed mother.

CITY HEALTH REPORT.

OGDEN, Nov. 25.—The report of the city health officer shows that there are only 20 cases of contagious diseases in the entire city, as follows: Scarlet fever, 13; chickenpox, 6; diphtheria, 2. The officers declare that the cause of many diseases spreading is that a great many people "cover up" the fact and children from the same families are permitted to attend school. Such cases will be watched in the future.

The water at several places near Five Points has been tested and found to be unfit for culinary purposes and the people have been warned against its use.

Samples of milk taken from a number of dairy wagons have been tested and found to be satisfactory.

The butcher and slaughter houses have been closely inspected and the officers report everything as entirely satisfactory. The ice ponds have been tested and with two exceptions, are in good condition from a sanitary point of view.

The officers feel that Ogden people have much to be thankful for in having the sanitary conditions of the city in such splendid shape.
