The Salt Lake county school teachers held a meeting today at the office of County Superintendent Ashton. Rich, Summit, Morgan, Davis, Boxelder Tooele, Juab, Utah, Millard, Salt Lake, Wasatch, Sanpete, Sevier, Carbon and Weber. The assessors of the other counties of the State will be invited to Some bad youngsters threw a "dum-my" man across the street-car track on

the west Second South line last night, and the motorman had a full head of steam on, and the result was that before he could stop the car, the straw gentleman was mutilated beyond recog-nition. The moterman passed some awful moments thinking that he had passed over a human form, and when he saw what it was he felt much relieved.

Chairman Robertson of the city's finance committee, recently wired Far-son, Leach & Co., as to the money for the \$500,000 refunding bonds they rethe \$500,000 refunding bonds they re-cently purchased, and received a re-sponse that the blank bonds would be ere by Monday for the signature of the ty's officials. The city desires to have city's officials. The city desires to have this bond deal closed up as soon as pos-sible, as the old bonds which this new issue is to redeem, bear a larger rate of interest than the new issue, hence it is to the city's interest to hurry the matter to a final settlemen.

Bishop Fred. W. Schoenfeldt of the Brighton ward arrived on the 14th of February at the seventieth milestone of his life. The good people of the ward gathered for this occasion in the meeting house, the Bishop was made to be-lieve, that they were to have a valentines party. The celebration was left to the management of Elder H. J. Walk, who contrived to make the occasion a real and pleasing surprise. The members of the ward presented their worthy Bishops with a fine leather covered easy chair, and Elder Walk made the presentation speech. The ladles of the Relief society presented the worthy veteran with two huge birthday cakes. Speeches from the Bishops' counselors, songs, recitations and a bounteous pic-nic were the order of the evening, and many were the good wishes and friendly tokens of love and respect which were shown to the aged shepherd of the ward. May he live yet many years to continue his faithful labors.

[SPECIAL TO THE "NEWS."] Scofield, Utah. Feb. 16 .- At mass meeting held here last night a vote was carried that the strike be continued on, and a committee was appointed which volunteered to solicit the State for aid, some of whom started off this morning.

The case of Pat Wycherly took place at 10 o'clock this morning. By the little evidence presented, the defendant was found not guilty of assault, and the case was dismissed. The small child of Joseph A. Mason, who has been suffering from diphtheria, died this morning at 8:30 o'clock,

Pat Rooney, one of the members of former employes of the defendant, the strike committee which has been in The county attorney, who prosecuted the case, also stated in a letter to the board, that he thought the sentence was Salt Lake for some time past in the interest of the Scofield strikers, met with the men at Winter Quarters at 3 o'clock too severe, of which the defendant has served over two years already. The board then considered some othyesterday afternoon and reported to them what had been accomplished by er matters in executive session and adthe committee in this city. There were journed for one month. fully 300 strikers present at the meeting, which was of an orderly character throughout, the only incident which occurred to mar the proceedings being a violent assault which was made by Pat Wycherly upon J. C. Davis at the entrance to the hall. Davis insisted on attending the meeting, while the door-keeper said that he should not as he had been working in the mines after the strike had been called; the result was that the two men mixed things and the Irishman was eventally placed under arrest for assault,

During the meeting which followed Rooney was listened to attentively by those present. He reported that the citof Salt Lake were watching the zens strike with interest and were prepared to render assistance to the miners who were in distress, especially was this the fact in the case of the various labor unions here who, he said, would appro-priate sums to see the strike through. Several other speakers followed, in-cluding Chairman Bell, who urged the committee which had been appointed to go throughout the State soliciting alms from the people in order that the strike

migh continue, not to get drunk as some of the men did at Castle Gate recently when on a similar errand. After a vote of thanks had been tendered by those present to the leaders in the movement for the part they had

the defendant yesterday afternoon filed its answer. The suit was begun to recover possession of a trunk now in the custody of defendant, which plain-tiff alleges, contains a faro, valued at \$2,600, claiming the outfit was only de-posited with defendant for storage. The defendant's answer filed yesterday ad mits that it had a trunk belonging to plaintiff, but denies any knowledge as to its contents. The answer states that the traveling box may contain "fake gold bricks, counterfeiting ma-chines, loaded dice, infernal machines, green goods or saw dust, or any other skinning, robbing or gambling device," for ourset it knows: and solutions it is for ought it knows; and claims it is ready to deliver the trunk with its alleged contents, upon plaintiff returning to it the brass check given plaintiff when the box was received, as it does not "wish to have in its possession any such gambling devices, or other dan-gerous or robbing machines of any kind. It is further alleged that the trunk's value does not exceed \$10.

PROF. PAUL'S HEARING. Begins This Afternoon at the Joint

Building.

When the case of Prof. J. H. Paul, charged with resisting an order of the board of health, came up for hearing in Justice Kroeger's court this morning, Attorney Tanner, counsel for the defense, announced that he wanted a jury trial. Owing to the limited accomodations in Justice Kroeger's court room, it was decided to hold the trial in a room in the city and county building this afternoon. The case was therefore continued until this afternoon, when the examination of jurors commenced.

Progress of Water Case.

The trial of the big Jordan water suit was continued over from last even-ing until Monday morning. Yesterday forenoon the defendant, the West Jordan Mill & Mattress company, were offering testimony in behalf of their rights, and in the afternoon a number of witnesses were on the stand giving Beckstead and testimony for Egbert others, who own a small ditch, taking water from the river. Yesterday closed the fifth week thus far consumed in the trial of this case. The electric power company has not commenced its side of the case yet. While it will necessary have to rely upon much of the testi-mony already given, it will doubless introduce considerable expert testimony in support of its claims.

There are over thirty attorneys in the case, and it is costing the litigants n the aggregate of about \$1,000 per day The trial will perhaps last ten mys or two weeks longer, and will no doubt prove to be the longest and most ex-pensive trial ever had in the State.
