MASON & HAMBLIN'S

Celebrated Cabinet Organs, For Meeting-Houses, Schools and Families.

THE Cabinet Organ is a very great improvement upon all instruments of the Melodeon or Harmonium kind. Its superior excellence consists in many important characteristics, among which are:— 1st. The more organ-like character of its tone. 2d. It has greatly more power and volume of tone in proportion to its cost. 3d. Its capacity for expression is made vastly greater than has ever before been attained in such instruments. 4th. It admits of great rapidity of execution, adapting it to the performance of a greater variety of lively secular music. 5th. No instrument is less liable to get out of order. 6th. It will remain in tune ten times as long as a Pianos-Forte. For full description see advertisement in the American Agriculturist of December, 1863, and Godey's Lady's Book for April 1864. Prices, \$85 and upwards, according to number of stops and style. Orders received, and illustrated catalogues furnished by DAVID O. CALDER, President Young's Office. 28-1f
