

Correspondence.

SPRINGTOWN, SANPETE CO.,

Oct. 22d, 1899.

Editor Deseret News:—Dear brother, for the past two months considerable sickness has prevailed in this place among the children, quite a number of whom are down very low at the present time.

The threshing has been going on very busy for the past month. Wheat, peas and potatoes turn out remarkably well. Oats and barley were totally destroyed by the grasshoppers. Quite a number of new comers are making their homes here and feel well satisfied with the location and the facilities that present themselves to them. A good grist and saw mill is much needed here. Quite a number planted sugar cane last spring, which has proved beyond all doubt that we can raise our own molasses. Our fruit trees are doing well; the trees planted two years ago are now loaded with fruit buds, and it is believed that a tolerable crop of apples will be raised here next season.

Yours truly,
GEO. BROUGH.

COALVILLE, Oct. 21, 1899.

Editor Deseret News:—Sir:—Yesterday the ceremonies upon the occasion of the commencement of the work on the Coalville and Echo Railroad passed off in a very interesting manner. At 2 o'clock p. m. the citizens of Coalville met at the appointed place; the dedicatory prayer was offered by Bishop Alonso Winters, the first spade full of soil was turned up by Bishop W. W. Cluff. Appropriate speeches were made by Bishop W. W. Cluff and Judge A. E. Hinkley. Numerous toasts, etc., appropriate to the occasion, were given by Col. Thos. Bullock, Judge Hinkley, John Allen and others. A suitable song was sung by Bro. Thos. Dobson. Three cheers each for the C. and E. R. R., the U. C. R. R., and the First Presidency, were given and heartily responded to by the spectators. Bro. Stones, with his miniature brass band discoursed excellent music.

The building of this line of railway is undertaken by the counsel and advice of President Young, who is ever alive to the interests of the people, as is amply shown in the remarkable prosperity of the Territory since its settlement, which in a great measure is due to the wise counsel he has given.

The line has just been located by Bros. J. Fawson Smith and F. T. Perris, Engineers. Great credit is due them and their assistants for the patience and ability they have shown in undertaking to locate the cheapest, practicable and safe line of route. The grade of the line is comparatively light, the deepest cut on the road, until it reaches Echo Creek, is about six feet and the heaviest fill does not exceed eight feet, and both for a very short distance. At Echo Creek is the heaviest work on the road, being a fill about 300 feet long and about twenty-five feet deep. The length of the line from this place to where it intersects the U. P. R. R. is four and two-third miles. It is the intention to complete the road and have it in running order by the close of the year, which, with the completion of the U. C. R. R., will enable the residents of Salt Lake and adjacent counties to procure their fuel at reasonable rates.

The completion of this road will be of great utility in assisting to develop the resources of the country contiguous, which abounds in coal, iron and timber, and by extending it a few miles farther it will be in close proximity to some of the best stone and marble quarries in the country.

Owing to the partial failure of the crops in this country for the last three years it is quite an undertaking for the people here. There is a number of shares in the Railroad stock that are not yet subscribed for, which if a few of the capitalists in your city would subscribe for, they would be of great assistance in pushing the work through.

The capital stock of the company is to be \$250,000; it is divided into 5,000 shares of \$50 each. The Board of Directors are Bp. W. W. Cluff, President; Bp. H. B. Wilde, W. H. Smith, A. L. Smith, and S. S. Philpott. The well known energy and perseverance of the Directors and originators of the road are a good guarantee of its success.

Respectfully, etc.,
WEBER.FRUIT TREES
For Sale!A very large stock of
APPLE TREES

Of the best varieties, one, two and three years from the bud, which I will sell for from 15c. to 50c. per tree. To those wishing to purchase to sell again I will make a discount.
