

garding the appearance of pluro-pneumonia among certain short horn herds in that State.

CHICAGO, 2.—The Western Export Association, representing nearly all the distilleries in the Northwest, which has been practically powerless for some time, was recognized here to-day. A pool was formed on the basis of running 28 per cent. of capacity. The old limit was 30 per cent. The price of whisky was fixed at \$1.10. It was decided not to pay margins for loss on exports, nor pay warehouse charges. The object of this was to prevent overproduction. H. B. Miller, of South Bend, was chosen president; Dr. C. H. Gibson, of Chicago, vice-president; Gibson, of Pennsylvania, secretary, and Duckworth, of Cincinnati, treasurer.

NEW YORK, 3.—Warren Gibbs, chairman of the Vermont republican committee, telegraphs to an evening paper as follows: Returns do not indicate our majority will be less than 25,000.

White River Junction, Vt., 3.—Thirty additional towns heard from to-day, added to the vote of towns reported last night, gives in—144 towns heard from—Pingree, 29,913; Redington, 14,593; Soule, 413; Independent and scattering, 2,831. Same towns gave Farnham, republican, in 1880, 32,206; Phelps, democrat, 15,445; greenback, 455.

St. Albans, Vt., 3.—The bolt in this county resulted in the election of the democratic ticket by majorities ranging from 152 to 639.

NEW YORK, 4.—3's, 100%; 4's, 11%; 4's, 20%; Pacific 6's, 27; Burlington, 19%; bar silver, 10; Central Pacific, 45%; Northern Pacific, 21%; pfd, 49%; Northwestern, 99; N. Y. Central, 2%; Oregon Nav., 81; Transcontinental, 16; Pacific Mail, 49%; Panama, 98; St. L. & S. F., 21%; Texas Pacific, 13; Union Pacific, 49; Fargo Express, 5; Western Union, 65%.

OTTAWA, 4.—Dr. McEachran, inspector of the Dominion cattle quarantine, had an interview with the Minister of the Agricultural Department to-day, to urge a complete system of quarantine to be enforced in order to prevent the importation of diseased cattle from the United States into the Canadian northwest. He maintains that nothing but an absolute embargo against American cattle will prevent the introduction of pleuropneumonia into Canadian cattle. The Minister promised that the question will be taken up by the government at once.

INDIANAPOLIS, Ind., 4.—The answer of the Sentinel company in the Blaine libel suit was filed in the United States court this morning. The defense admits printing and publishing the article complained of in the issue of August 8th, 1884, and denies that it was false in any particular thereof. It sets forth that James G. Blaine was married to Harriet Stanwood at Pittsburg, on or about March 25th, 1851. That prior to that time and during the courtship, Blaine seduced Miss Stanwood; that he refused to make reparation for the wrong done, but being afterwards strongly urged thereto, and violently threatened with chastisement and punishment therein, for his said wrong-doing and per chance repenting him of the evil, married her as stated; that in the June following a child was born known as Stanwood Blaine, which lived two or three years, and was always acknowledged by plaintiff and his wife as their son, by reason whereof defendants say the matters and things set forth in the article recited are true and the same being true they were published of and concerning said plaintiff by defendants and they justly and lawfully might do so. Defendants file with their answer a number of interrogatories and require that the same be answered by the plaintiff under oath positively and without evasion.

FOREIGN.

LONDON, 3.—At Lloyd's insurance agency to-day, trading vessels for China were insured for 5 per cent. The steamer *Imbros* with a cargo of guns and munitions of war for China was required to pay 20 per cent.

A Paris correspondent says it is reported that Courbet has been ordered to suspend operations on the Chinese littoral. Ferry is desirous of giving Peking time to reflect on the situation.

Paris, 3.—Admiral Courbet's movements in Chinese waters are kept secret. He is taking a circular route to deceive the Chinese.

Marseilles, 3.—During the 24 hours ended to-night, there were three deaths here from cholera.

LONDON, 3.—The inhabitants of Cameroons country, Western Africa, are about to present a protest to the London foreign office against the annexation of that district to the German possessions as they prefer British protection. Germany has ordered the British equity court established in that country abolished. Hewitt, the British consul to Cameroons submitted an argument. The court was of great service in the settlement of disputes. The matter will rest until the consuls have communicated with their respective governments.

The British foreign office denies all knowledge of any intention on the part of Germany to propose a new conference on the Egyptian question. On the contrary, dispatches from the British Embassy at Berlin indicate an entire suspension of discussion on questions in relation to Egypt. The interview at Varzin between Baron De Courcel, the French ambassador at Berlin, and Bismarck, resulted in France ceasing to urge measures looking to a speedy settlement of the

Alexandria indemnities until the objects of Northbrook's mission to Egypt have been developed.

Dublin, 3.—It is reported Gen. Wolseley has offered Henry M. Stanley's position on his staff. Stanley has asked permission of the King of Belgium to accept.

Cologne, 3.—The *Gazette* states that private dispatches are received from the gold coast of Western Africa to the effect that France has annexed Porto Novo and that Dr. Nachtigal has annexed Little Popo on the Dahomey coast to the German colonies.

BERLIN, 3.—Upon the occasion yesterday of the anniversary of the battle of Sedan, the Emperor sent Bismarck the order, "Pour le Merite," surrounded by oak leaves, and an autograph letter expressing the deepest appreciation of his services.

The *North German Gazette* attributes to Bismarck the design to create a political grudge against England by the formation of a coalition of the Powers, unless her egotistical policy of colonial extension be abandoned.

A growing activity is apparent in the German electoral campaign. The Socialists of Berlin have brought forward six candidates, Volmar, Hazen, Cleur, Dulzner, Dietz, Singer and Geellenberger. Among the Progressist candidates are Virchow, Loewe, Klotz, Trager and Eugene Richter.

Dr. Schloetzer, Prussian Minister at the Vatican, has been instructed to offer final terms for the settlement of differences between the Pope and the Prussian Government. Failing to reach an agreement the Prussian Legation will be withdrawn.

Field Marshal Bittenfeld is dead.

Bremen, 3.—The German steamer *Hohenstaufen*, in sailing to-day for Baltimore, was in collision with the German ironclad *Sophie*. Both vessels were damaged, but no person injured.

MADRID, 3.—A suburban hospital with 500 beds has been prepared for the reception of cholera cases, should the disease break out here. Suspicious cases of sickness have been noticed in Catalonia and Aragon for several days past.

Naples, 3.—From 2 p. m. Tuesday to 4 p. m. Wednesday, 73 fresh cases of cholera and 32 deaths occurred in this city. The situation is improving. At Novelda during the 12 hours ended at 9 a. m. to-day, two deaths and four fresh cases occurred.

Rome, 3.—In the past thirty-four hours, 120 cases of cholera occurred at Naples. The epidemic is spreading to adjacent districts. At La Spezia 39 fresh cases, 13 deaths.

Official cholera reports from all points in Italy show, the past 24 hours 234 new cases, 135 deaths.

At Madras, British India, there were twenty-four deaths from cholera on Sunday. There were six deaths from the disease at Toulon to-day, and fourteen in Perpignan and suburbs during the 24 hours ended last night. The spread of cholera in Italy has depressed trade on the Vienna bourse. Ten thousand persons have fled from La Spezia.

GLASGOW, 3.—The Scotch crofters had a demonstration at Dingwall to-day. The procession was headed by a brass band, and consisted of 400 crofters, followed by 1,500 townsmen. Prof. Blackie presided. Donald Horne Macfarlane, Charles Frazer Mackintosh and Sir George Campbell, members of the House of Commons, were present. Prof. Blackie, in a speech, alluded to the enemies of the crofters, which, he said, included those of their own party, who were smitten with Henry George's theories. Resolutions were adopted favoring the franchise bill, demanding a change in the land laws so as to secure the Highlander the right to live on his native soil under equitable conditions, and asking that a measure similar to the Irish land act be enacted by Parliament.

LONDON, 3.—*Truth* asserts that Baron Carlingford, Lord of the Privy Seal, will shortly resign his cabinet position. It is probable his successor will be Lord Roseberry.

COPENHAGEN, 4.—About two hundred Americans are present at the Evangelical Alliance now sitting in this city. Among the number are Philip Schaff, John Hall, Wm. Taylor, Edward Bright and Wilbur F. Watkins, all of New York City.

COPENHAGEN, 4.—Alphonso Taft, New American Minister to Russia was accorded a reception on Tuesday by the Czar and Czarina, when he presented his credentials.

NICOSIA, Sicily, 4.—A fire occurred in a sulphur mine here, in which 20 persons perished.

LONDON, 4.—A Rome correspondent of the *Times* says: A cholera panic prevails throughout Italy. Each town is taking measures for protection regardless of the government. Some post guards prevent travelers entering their provinces until after a quarantine of 20 days. Many have closed their gates to every one, and villages have established armed cordons. The result is that in many parts of the Peninsula, practical anarchy prevails, travel and traffic being greatly interrupted.

HONG KONG, 4.—The Chinese have cut a military road through the French cemetery at Canton, destroying the mausoleum and rifling the tombstones. China yesterday paid the French consul at Hong Kong 27,000 indemnity for losses incurred by French subjects in the Canton riots in '83.

PARIS, 4.—The *Republique Francaise* says: It is probable that Admiral Courbet will occupy the Island of Formosa in force. This action is necessary in order to secure a ratification of the treaty of Tien Tsin and the payment of the indemnity for the Lang Son affair.

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect ANTIDOTE TO MALARIA.
