

SERIOUS RIOT IN NEW YORK CITY.

Several Men Seriously Hurt as a
Result of It and One Man
May Die.

GREAT MANY SHOTS WERE FIRED

Trouble Arose Over a Primary Contest
Between Rival Candidates for Tam-
many District Leadership.

New York, Sept. 15.—One man may die and several others are seriously injured as a result of the most serious riot this city has experienced in many years on the eve of a primary contest. The riot occurred at Fifth avenue and One Hundred and Eighteenth street. Many shots were fired and only when a large force of police reserves were rushed to the scene was peace restored.

For more than an hour the street was filled with a howling crowd of partisans of Isaac A. Hopper and Daniel J. O'Connell, rival candidates for the Tammany leadership in the Thirty-first assembly district. Sticks and stones filled the air, while the cries of the contestants could be heard for blocks.

Robert Crombie, formerly a county detective on the staff of Dist. Atty. Jerome, is in the Harlem hospital with a fractured skull, one arm broken, and it is feared, internal injuries which he suffered when a mob kicked him into unconsciousness. He is not likely to recover.

George Leonard, a policeman, was bruised about the head and body and bent almost into insensibility. Half a dozen others were hurt, and one man was shot in the leg, but the police did not get their names.

THE KELLYS ARE INNOCENT.

Put Murphy, Convicted of High-
way Robbery, Tells the Court.

Seattle, Wash., Sept. 15.—Patrick J. Murphy, convicted of highway robbery, told the court that John Kelly, convicted last Thursday for the same offense, is an innocent man, and that James Kelly, on trial yesterday on the same charge, is also innocent. The three men were arrested for robbing John Anderson, a lawyer, of \$300 on the night of June 1. John Kelly and Murphy were convicted and the case against James Kelly was on trial yesterday. Murphy was on the witness stand when he made the assertion that he was guilty himself, but that the Kellys are innocent. He declared that Harry Thomas, now in Vancouver, B. C., and Jim Henderson, now in Whatcom, were the two men with him the night Anderson was robbed. The jury now has the case of James Kelly under advisement.

Ex-Senator Farwell Ill.

Chicago, Sept. 14.—Former United States Senator C. B. Farwell, who has been seriously ill for several weeks, fell from a chair tonight and sustained a broken arm. The aged ex-senator was recently operated on, and it is feared the shock will endanger his ultimate recovery.

Storm at Sparta, Wis.

Sparta, Wis., Sept. 14.—A terrific thunder and rainstorm last night added to the distressing wet conditions prevailing in this section. Streets were flooded and much damage done to bridges and highways. Farm work has been practically at a standstill for three weeks.

An Eau Claire dispatch says: Much of Eau Claire county is under water as a result of the heavy rains which still continue. The damage will amount to \$40,000.

Order of the Carnation.

New York, Sept. 15.—The second annual meeting of the Order of the Carnation has been held in this city. The organization was formed on the first anniversary of the death of President McKinley and was named in honor of the president's favorite flower. It aims to encourage young men to take active part in political affairs in the interest of clean and efficient government.

It was decided to extend the order from a state to a national organization and to tender the presidency to ex-Lieut.-Gov. Timothy L. Woodruff of New York. It was also unanimously resolved to offer the honorary office of chaplain to Archbishop Ireland of St. Paul.

The other officers elected were:

Chancellor, Edward R. Finch, New York; vice president for New York, Col. Reuben L. Fox; vice president for Connecticut, Francis P. Holden; vice president for Massachusetts, F. E. Skinner; secretary, William S. Root, New York; assistant secretary and registrar, A. V. Gallagher, New York; treasurer, H. H. Hatchell, historian, R. L. Burns, New York, and chairman of finance committee, I. Rosenberg, New York.

Big Storm in Colorado.

Denver, Sept. 15.—Reports from the northern part of the state are to the effect that a storm has prevailed there during the past 24 hours. In a number of places snow fell and the storm approached the proportions of a blizzard. In the mountains the snow was growing for several days. In the neighborhood of Buena Vista a high wind prevailed, causing the snow to drift. In many places it is reported to be ten feet deep.

Heavy Snow in Wyoming.

Cheyenne, Wyo., Sept. 15.—A heavy snow storm has been in progress here since Sunday, and shows no indication of abating. A great deal of snow has fallen, but it melts almost as soon as it strikes the ground.

From Laramie comes reports of a fall of 18 inches of snow during the past 24 hours. Telephone and electric wires were broken by the weight of the snow and last night the city was in darkness. Reports from the country state that the ground in Albany county has been ruined.

Ohio Grocery Houses Merged.

New York, Sept. 15.—What is regarded as one of the final steps in the direction of merging the prominent grocery houses in Ohio has been taken, according to the Journal of Commerce, through the incorporation in New Jersey of the Ohio Grocery company, with a capital of \$1,150,000, of which \$500,000 is in six per cent cumulative preferred stock. The incorporators are Lewis B. Daly, Joseph B. Mitchell and L. B. Lewis. The principal promoters of the enterprise are A. C. and M. N. Letts, of Chicago, George Bundy, of Grand Rapids, Mich., and J. H. B. Lewis. It is claimed the combination will include more than 50 per cent of the prominent Ohio wholesale firms. Promoters say they will soon meet in Indiana wholesale grocers, whose stock has been optioned and merged into 15 grocery companies. Illinois will then be entered and later New York. Eventually it is planned that the big

New York, Sept. 15.—While passing Sunset Park, South Brooklyn, on her way to school with her young sisters, Laura West, 9 years old, has been fatally wounded by a bullet through the lungs, allegedly fired by a watchman, Philip Ryan, a watchman, who was chasing some mischievous boys from the park. Ryan was arrested. The child's father, John S. West, is a clerk in the office of the adjutant general, department of the east.

KEPT POLICE AT BAY.

Man with a Double Barrelled
Shotgun and a Bull Dog.

New York, Sept. 15.—Armed with a double-barrelled shotgun, and accompanied by a ferocious bulldog, George Willingmyer kept at bay a score of policemen and several hundred citizens, who surrounded him in a swamp near Camden, N. J.

Willingmyer is said to have set his dog upon some boys who were teasing him. A crowd gathered and taunted him. Finally he fired twice. It is claimed he aimed low and a dozen men and women were wounded in the legs by the pellets. No one was dangerously hurt, but the crowd took to Willingmyer and chased him to a swamp outside the city. He found an old wagon mired there and with his dog held the fort against the police and a thousand angry men hoped to starve him out. Fires were built around the morass and a cordon was formed, but Willingmyer managed to elude the watchers and escaped on a train.

PROTESTS FROM THE WEST SIDE.

Much Opposition Aroused by An-
nouncement of the Big Rail-
road Improvements.

CITY COUNCIL IS APPEALED TO

Counsel for the Municipality Asked to
Give an Opinion on Question of
Popular Vote.

From the number of protests submitted to the council last night against granting franchises to the Short Line and Rio Grande Western Railway companies, it is very evident that the citizens of the west side are going to make a hard fight against both propositions. In one protest the recent supreme court decision in the case of Cereghino against the Oregon Short Line and the Consolidated Wagon & Machine company was cited and the council was asked to instruct the street supervisor to remove all tracks of both steam and street railways which were laid in violation of law.

A resolution was introduced by Eardley, under which the council when provided that an opinion be obtained from the city attorney as to whether or not the grants asked for by the railroad companies are such as should be submitted to the electors of this city, as provided in chapter 49 of the Session Laws of 1901. The petition of the Rio Grande Western Railway company for a franchise to cross certain streets for its new depot and yards, as reported in Thursday's "News," was submitted to the council and referred to the committee on municipal laws and streets.

PETITION REFERRED.

Perhaps the most important petition in regard to the railway franchises, which was submitted to the council, is the following which was referred to the committee having the franchises in hand: We respectfully call the attention of your honorable body to the fact that on the 12th inst. the state supreme court, in the case of Giovanna Cereghino vs. the Oregon Short Line Railroad company and the Consolidated Wagon & Machine company, decided that city council "has no power to grant a franchise or permit to an individual or corporation to make a permanent use of a public street for exclusively private purposes to the detriment of the public and damage to private property abutting thereon," and the court further held that the city council cannot grant such a franchise or permit, even for a public purpose, except by an ordinance legally passed.

The undersigned committee represents citizens residing in the Fifth, Sixth, Fifteenth, Twentieth, Twenty-first, Twenty-sixth, Cannon and Brighton wards, and the court further held that the city council cannot grant such a franchise or permit, even for a public purpose, except by an ordinance legally passed.

We also cordially invite the honorable mayor and city council to attend a mass meeting of citizens to be held in the Sixth ward meetinghouse tomorrow evening, Sept. 15, at 7:30 o'clock, at which the sentiment of the citizens on the question of the indiscriminate granting of franchises will be expressed and steps taken looking to relief and protection of the people who have so long suffered from the effects of this evil.

Respectfully.

CHARLES E. DAVEY.

ANOTHER PROTEST.

The latest protest was that signed by Eli A. Folland and 550 other residents and property owners west of the Oregon Short Line tracks, protesting against the granting of a franchise to the Short Line to close South and North Temple streets, for the reason that a large portion of the city west of the tracks will be permanently severed from that portion of the city lying east of the tracks. The petitioners also protest against granting permission to lay tracks across Fifth and Sixth streets between Third and Fourth West, except after first gaining permission from the council for each track laid, as the company, if allowed to lay the tracks without any restrictions, would soon have the street impassable with railway tracks.

The protest closes with the following statement: "We look to your honorable body to protect the interests of the 5,000 to 8,000 people living west of the tracks, and in case said petition is granted, to provide for the convenient use of said streets, by means of viaducts, or otherwise, by your petitioners, and for indemnification of property owners for damage to their property or for violation of their rights or privileges." Petitioners also ask permission to be present when the council considers the proposed franchise and to be heard in the matter. The petition was also referred to the committee on municipal laws and streets.

STILL MORE OPPOSITION.

Anon Keyser and two other property owners on Morris avenue also submitted a protest against granting the Short Line permission to close that street, for the reason that if the same is closed they would have no access to the property owned by them. The protest was referred to the same committee.

Mrs. Samuel Schmidt filed a protest against the construction of another railway track on Fourth West street by the Rio Grande Western Railway company, as the same would impede access to property which she owns on that street and would greatly depreciate the value of the same. The matter was referred to the committee on municipal laws and streets.

INSURANCE BIDS AWARDED.

The bids of Ensign, Elder & Cartwright for insuring the new city jail and of Heber J. Grant & Co. for insuring the new isolation hospital were accepted by the council and the contracts awarded to them. The former's bid was \$1.40 for three years and the latter's \$3.00 for the same period. The amount of insurance on the jail is \$5,000, and on the hospital, \$8,000.

TIMMS HAS RESIGNED.

The board of public works notified the council that its chief inspector, A. J. Timms, had resigned, owing to the insufficient compensation for his services. The board asked that the wages of the remaining inspectors be increased commensurate with their position and service rendered. The matter was referred to the committee on finance.

FAVOR PAVING.

The committee on streets and finance reported in favor of authorizing the

board of public works to advertise for bids for the paving of First South street from State to Second East street. The report was adopted.

WANTS DAMAGES.

Robert Baird submitted a claim for \$5,000 for injuries sustained on Sept. 5, 1903, by falling over a wire on the sidewalk in front of St. Mary's academy. The matter was referred to the committee on claims and the city attorney.

The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by all druggists.

IMPORTANT TO SHEEPMEN.

Decision Handed Down in Case Against
Associated Wool Growers.

Judge Thomas Marshall has handed down a decision in the federal court that will be of interest to sheepmen generally. The opinion was one rendered in the overruling demurrer to the complaint in the action brought by the Evans-Snyder-Buel company vs. the Associated Wool Brokers Co. and Jesse M. Smith. The complaint, which was filed in substance, states that one E. J. Nash made to the plaintiff two promissory notes aggregating \$3,646 and secured them by executing a chattel mortgage of certain sheep; that in the mortgage it was provided that the sheep should remain in the possession of the mortgagor during the term of the mortgage. Nash subsequently abandoned the sheep and disposed of the wool for \$4,756.52 to defendants.

The position taken by defendants in the demurrer was that the plaintiff is restricted to one of two remedies: relief for the specific property, or a suit for an accounting in equity for the value of the mortgaged property disposed of, which shall be first sold under foreclosure proceedings, and that he be only accountable for the balance due upon the debt not exceeding the value of the mortgaged property purchased by him.

The opinion holds that "when the wool was sold to the defendants the mortgage had at least a specific property in it and the right, on demand, to its possession. When possession was demanded the refusal to deliver constituted a conversion; and the prior disposal of the wool so as to in effect destroy the mortgage lien, constituted a conversion with respect to one then entitled to possession."

In conclusion the court held that when the demand was made the debt was not due, and that, inasmuch as it still existed, and the defendants were guilty of conversion. If by reason of subsequent payment the plaintiff's right has ceased, that is a matter for the jury to determine.

Distress After Eating Cured.

Judge W. T. Holland of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so and my nights were a constant suffering. I tried Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by all druggists.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

For over four years I suffered with general debility, causing a thorough breaking down of my system. My about it. I tried it and it cured me. I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic. Yours truly, MRS. JOSEPH A. BRITAIN.
