MINING, BUSINESS AND STOCKS

FORENOON ON THE EXCHANGE.

A Number of Tintic Stocks Among The Active Forenoon Traders.

MAY DAY REMAINED FIRM.

Beck Tunnel in Demand at $1.17½ And Daly Judge Goes at $11.10 —Closing Quotations.

Carisa, Sacramento and Silver Shield were the features of a somewhat lively session of the mining exchange this forenoon. Carisa opened the trading selling 1,500 shares at 27 cents, going up to 27¾ cents on the open board. Sacramento passed on 2,000 shares, the last sale being at 18 cents; Silver Shield opened strong, but weakened, dropping to 18¾; cents after passing out 2,000 shares. May Day was also strong, selling at a figure around 29 cents and passing out 14,000 shares. Victoria sold up to $3.07½ and Beck Tunnel was a trader to the tune of 1,200 shares, the last sale being a block of 500 at $1.17½. New York remained about as usual, selling at figures around 24 cents, while Little Chief entered the trading and passed out 300 shares at 3½ cents. Daly Judge sold up to $11.10, Goldfield Bonanza was the only Nevada stock to get a quotation, the stock being offered at 5 cents. The remaining stocks were about as usual, closing as follows:

WATER FOR POWER.

Electric Energy From Plant to be Built Near Tooele.

The Bingham Metal Mining company made application at the state engineer's office yesterday for the appropriation of one second-feet of water to be used for power purposes; the plant to be built in the vicinity of Tooele City; and the water to be diverted from a neighboring canyon stream. A pipe line will be laid a distance of 5,570 feet to the proposed site. The capacity of the plant will be 50 horsepower, and the electricity generated will be used for propelling machinery and lighting purposes in Tooele City.

THROUGH FROM CRESCENT.

W. L. Harwood Walks Through San Pedro Flood District.

The washouts down in Nevada did not prevent W. L. Harwood, the well known prospector and mining man, from coming through from the Crescent mining district on the Salt Lake route. Of course, under the present condition of the track he did not come on a fast passenger train; but when it comes to walking, Mr. Harwood is probably entitled to the record for rapid pace.

Mr. Harwood has been in the Crescent district for several months in the interests of W. J. Craig, L. A. Colbath and George H. Crockett, where he located a total of 17 claims, on which has just been completed the assessment work. Mr. Harwood didn't want to make the round-about trip through California, so he came up to the end of the track near Moapa and where the first serious washouts occurred on the west end of the flood district. After leaving the train at that point, he loaded up with a bundle of "hard tack" and started to "hike" towards Caliente and Acoma. He walked, he states, a total of 68 miles and rode seven miles on a construction train, making the trip in just 24 hours, reaching the latter named place in time to catch the train for Salt Lake Saturday afternoon.

BECK TUNNEL DIVIDEND.

Directors Met Today at Provo and Posted One.

(Special to the "News.")

Provo, April 3.—The directors of the Beck Tunnel Consolidated Mining company met today and posted a dividend of 2½ cents a share, amounting to $25,000. This is the fifth distribution and is one cent a share over the last dividend, making a grand total of $80,000 paid by the company since incorporation.

Mr. Knight reports that the mine is in good condition and that the company can continue to pay 2½-cent dividends indefinitely. Dividends are payable on the 20th inst., the books closing on the 15th.

CITY ROCKS PAYMENT.

W. J. Craig Receives Check to Apply On Purchase Price.

The holders of the bond on the City Rocks property at Alta made another payment on the purchase price yesterday. The check was delivered by Manager Edwards of the City Rocks Mining company to W. J. Craig, representative of the owners. Mr. Edwards is preparing to inaugurate a very vigorous campaign of exploration and production. The severe winter and bad condition of roads has greatly handicapped plans of the company up to the present time.

THE MAY DAY ELECTION.

Retiring Board of Directors Elected For Another Term.

At the annual meeting of the May Day company yesterday afternoon the following officers were re-elected: J. E. Darmer, I. M. Highley, Henry Cohn, G. S. Corner and John Campbell.

The financial exhibit shows total receipts of $58,046.34, with disbursements of $55,376.76, leaving a balance on March 31 of $2,669.58. March payrolls and other operating expenses had not been paid, but expenses will not exceed $3,000; and at the smelter there were four cars of company ore and one car of lease shipped before the end of the month. These will easily net the company over $2,500. Consequently, with all indebtedness paid to the end of March, the treasury will still contain a surplus of about $2,100.

The receipts for the year were summed up in the following items: Balance in bank April 3, 1905, $728.95; receipts from sale of ore, $24,766.32; concentrates, $2,551.07; assessment No. 6, $10,000; assessment No. 7, $10,000; assessment No. 8, $10,000, and the disbursements: Lumber, $1,344.44; machinery, $2,583.77; water supply, $1,855.97; ore sampling, $888.43; supplies, 6,027.01; labor, $26,498.58; wagon freight, 2,413.19; surveying, $238; expense, $3,138.45; coal, $3,465.36; advertising, $58.94; interest, $73.79; assaying, $244; taxes, $108.16; insurance, $428.03; J. D. Smith, easer, $3,625.55; John Luxon, leaser, $1,486.05.

ANNIE LAURIE MILL.

Vast Amount of Improvements Made This Year.

Since the first of the year a vast amount of improvement and repair work has been done at the Annie Laurie mill, says the Nugget of Gold Mountain. Two new dryers have been completed and the work of remodeling the three old ones is being steadily pushed by Supt. Russell. The fire boxes will be rebuilt, new heads added and new ore chutes constructed.

At the rear of the mill the carpenters, under the direction of Mr. Mann, are erecting the frames for the two new rolls. The concrete foundations for the rolls now are well under way.

The rolls and the remodeled dryers will go into sommission some time in April. When completed they will greatly add to the producing capacity of the mill. That is, the new rolls and dryers will insure a continual run.

Heretofore whenever a dryer or a roll was down, all work at the mill had to discontinue until the damage was repaired. In the future two or even three dryers can lie idle at a time and the others will still furnish enough ore to keep the mill steadily grinding on.

When all the repair work is completed the Annie Laurie will be in shape to make 1906 the banner year in her history.

TONOPAH ORE SHIPMENTS.

Ore shipments from Tonopah by rail for the week ending Thursday, March 29, were: From Tonopah—Tonopah company, 1,900 tons; Tonopah Extension company, 600 tons; Belmont, 560 tons; Montana-Tonopah, 56 tons; Midway, 90 tons; North Star, 32 tons. From Goldfield, 250 tons.

COPELAND HOME FROM GOLD BUTTE

Had a Perilous Trip Across the Flood Districts of Muddy Valley.

WALKED FORTY-EIGHT MILES.

Is Pleased With Outlook for New Southern Nevada Mining Camp.

After an absence from home of nearly three weeks, L. A. Copeland, president of the Nevada Gold Butte Mines company, made his appearance at home this morning after having visited the property of that corporation in the St. Thomas mining district in southeastern Nevada. The return trip was anything but pleasant, for after he had gone into camp, the flood gates were opened and that great expanse known as the Muddy valley became inundated, making the roads impassable for days. The Virgin river was swollen out of its banks and those who happened to be caught on the other side were entirely cut off from communication with the outside world.

From Gold Butte Mr. Copeland was accompanied out by O. Wiser, manager of the property taken up by the Gold Mountain syndicate and located adjoining the Gold Butte property; also by John McFarland, a mining expert of this city, who had spent some time in making a study of conditions in the district and of a certain copper property in particular. At Moapa, the trio were joined by Walter Jennings, manager of the Grand Gulch mine and who had been hung up at that point in hopes that rail communication with Salt Lake might be re-established.

From Moapa, the party boarded a train from the west, which took them to Leeds. This was on Sunday. From the end of the track a start was made on the long walk to Minto, the most southern point reached at the present time from Salt Lake, a distance of about 42 miles, reaching there just in time to catch the train northward last evening.

Of the Gold Butte property, Mr. Copeland expressed himself as being mighty well pleased with the outlook, and expressed the greatest confidence that it is going to meet every expectation of the owners. In fact, he says, he found things in a better shape than he expected to. Supt. Gibbs is pushing the tunnel ahead rapidly, and the day before he left camp it had penetrated the mountain to the extent of 70 feet.

The Gold Mountain syndicate is opening up some good gold ore on its locations covering an extension of the ledges showing on Gold Butte. The Granite Nevada Mining company, of which W. C. Sharpe is manager, is preparing to operate extensively and to install a hoisting plant, Mr. Sharpe has opened a general store in the new camp and is carrying a large stock of goods.

A number of other properties are being developed in the district, and David Keith and Thomas Kearns have commenced an active campaign at a copper property, located about five miles from Gold Butte, on which they secured a bond recently.

JOSEPH COMES HOME.

Mining Man Speaks of Chiquita Mine And Good Springs Camp.

H. S. Joseph, in speaking of the Chiquita property at Good Springs, Nev., yesterday, from which he has just returned, states that conditions are looking favorable and activity is increasing hourly in the camp. A number of properties are now undergoing examination. The Big Spread property is being operated by Major Myton and associates of Salt Lake City, and other Utahns are interested in the camp. Mr. Joseph is very enthusiastic over Good Springs, and especially as to the prospects manifested by the Chiquita.

GEN. CONNOR BONDED.

Gold Mountain Property Bonded to Charles Skougaard.

Charles Skougaard last week secured a bond on the General Conner property on Gold Mountain, and just as soon as it is posaible to get supplies in readily he will start development, says the Reaper of Richfield.

The General Connor has long been looked upon as a good proposition. It joins the Sevier on the west and the Holland on the south and occupies territory surrounded by some of the best properties on the mountain. It does not help on its surroundings, however, for its merit. It has strong outcroppings which distinctly show for a distance of 1,400 feet and which pan free gold the entire length.

There is a big strong lead running through this ground from north to south, and Mr. Skougaard will begin work of crosscutting east and west, not only for this big ledge but for smaller ones which are believed to exist. This is a very important piece of development work and will have a bearing on a wide scope of mining territory.

CONCENTRATES.

A. J. Davis left today for Inyo county, Cal., on mining business.

John W. Geiger, cashier Pioneer Sampling company, is in Park City today.

A shipment of ore is expected from the Joe Bowers mine of Tintic during the week.

Manager Lafayette Hanchett of the Newhouse mines is back from a trip to the coast.

Fred McGurrin returned this morning from Chicago, where he has been for the past month in the interests of his Nevada properties.

The Sacramento Gold Mining company of Mercur has received returns on a shipment of quicksilver, and the treasury is richer by about $17,000.

Samuel Newhouse and Aguste Mathez returned yesterday from a two days' visit to Mammoth, where they visited the Grand Central and Victoria mines.

A. H. Halloran, associate editor of the Mining & Scientific Press of San Francisco, is in the city in the interests of that popular mining publication.

The ore and bullion settlements reported late yesterday by McCornick & Company were as follows: Crude ore and concentrate, $27,250; base bullion, $35,000.

It is announced by officials of the Penn-Wyoming Mining company at Grand Encampment, Wyo., that the big water power house, electric plant and concentrator destroyed last week by fire, at a loss of $300,000, will be rebuilt.

The management of the Bingham West Dip Mining company continues to prosecute work vigorously in the tunnel being run to open that property. Manager Milando Pratt says the adit has penetrated the mountain to the distance of 1,447 feet.

A message from Boston states that President E. L. White of the Montana Coal & Coke and Bingham Consolidated Mining & Smelting companies, left for Salt Lake yesterday afternoon for an inspection of Bingham properties. He will then visit California to confer with his engineers regarding the proposed smelter at the Balaklala mines.

A THOUSAND DOLLAR'S WORTH OF GOOD.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by F. J. Hill Drug Co.

WEATHER REPORT

STOCKS DISPLAYED MUCH WEAKNESS.

Heavy Realizing Caused Irregularities and Prevented Attempts To Put up Prices.

CALL MONEY RATE HELD FIRM

Rally Set in at Noon, Continuing Some Time, Reacting Top Prices.

New York, April 3.—Stocks did not maintain an even course for any length of time, the irregularities arising from heavy realizing and the efforts to put stocks higher. For an interval after the start prices moved upward with a large demand for the specialties. Urgent selling of Consolidated Gas then began and when it broke 2½ to 133½ the entire market fell back. Missouri Pacific, after getting up 2¾, reacted 1¾. Later the buying of Brooklyn Transit had a moderately sustaining effect. The notable changes of the first hour were: Advances—St. Louis & San Francisco second preferred, International Pump and Hocking Coal 3, Tennessee Coal 2, Brooklyn Transit, 1¼ and Smelting and Lead 1.

Declines—Northern Pacific, Baltimore & Ohio and Colorado Fuel 1.

The continuance of the firm call money rate with loans at above 6 per cent and the further weakness of Consolidated Gas weighed on sentiment and prices receded to a level below last night. Advances in National Lead and New York Dock preferred of 2½, American Smelting and Hocking Valley 1¾ and General Electric 1 were without effect elsewhere. Consolidated Gas fell 3½, Great Northern preferred and Pittsburg Coal preferred 1½, Distillers' Securities 1¼ and Reading, Delaware & Hudson, Norfolk & Western, Iowa Central, Sugar and Sloss 1. Trading became very dull at the recession and there was a brisk rally at noon.

Bonds were irregular.

The rally, which set in at noon, continued until 1 o'clock and in the interim some of the top prices were made, particularly in Amalgamated Copper, Union Pacific, and some of the low priced specialties. Union Pacific showed a gain of a point and St. Louis Southwestern preferred nearly 2.

LIVESTOCK.

CHICAGO.

Omaha, April 3.—Cattle—Receipts, 5,300; market steady. Native steers, 3.80@5.60; cows and heifers, 2.80@4.40; western steers, 3.25@4.65; canners, 1.75@2.75; stockers and feeders, 2.75@4.60; calves, 3.00@6.50; bulls and stags, 2.50@4.10.

Weather fine.

MEN PAST SIXTY IN DANGER.
More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by F. J. Hill Drug Co.

"Always Ready"

Patent Applied For
A complete garment worn under the corset to protect all the clothing from injury by perspiration.
MADE IN CALIFORNIA.
Plain, all sizes, 65c; Ventilated, all sizes, 75c.
Guaranteed to wear and be satisfactory for six months.
If you think a cheaper shield will answer your purpose, we make "The Ever Ready," plain or ventilated, all sizes, 35c; it is smaller and cheaper in the perspiration proof portion.
All our goods are for sale by Walker Bros. Dry Goods Co., Salt Lake City, Utah.
When ordering by mail, send bust measure. Beware of imitations, look for our name on every shield.
C. BENEDICT CO., INC.,
Oakland, Calif.

NOTICE.

A special meeting of the stockholders of the Salt Lake Asphalt Company will be held on Monday, April 23rd, 1906, at 5:30 p. m., at the Co-op. Furniture Co.'s Store, 37 Main Street, Salt Lake City, Utah, for the purpose of electing seven directors and attending to any other business which may properly be brought before said meting.

W. S. BURTON, President.
MILANDO PRATT, Secretary.

NOTICE.

DESERET AND SALT LAKE AGRICULTURAL AND MANUFACTURING CANAL COMPANY.—Notice is hereby given that a special stockholders' meeting of the stockholders of Deseret and Salt Lake Agricultural and Manufacturing Canal Company is hereby called and will be held at the office of the said Company, at No. 26½ South Main Street, Salt Lake City, Salt Lake County, Utah, on Saturday, the 21st day of April A. D. 1906, at the hour of 4 o'clock p. m.

The purpose of said meeting is to consider the vote upon the proposition to sell, transfer and convey to Zion's Savings Bank and Trust Company and to Taylor-Armstrong Lumber Company, the owners of the bonds of said Company, all of the water rights, canals, ditches, real estate and other property which have heretofore been conveyed to John M. Cannon in trust to secure said bonds. Said sale and conveyance to be made to said Zion's Savings Bank and Trust Company and Taylor-Armstrong Lumber Company in payment and satisfaction of said bonds and trust deed given to secure the same.

GEORGE A. SEAMAN,
President Deseret and Salt Lake Agricultural and Manufacturing Canal Company.

DELINQUENT NOTICE.
