

TURVILLE WON FIFTY MILE RACE

It Was a Procession After the
Third Mile.

BIG CROWD AT THE SAUCER

Three of the Motors Refused to Work
and King Had No Chance—Yes-
terday's Ball Game.

The fifty-mile race last night was a procession and Charley Turville scooped the big end of the purse with ease. John Lawson, the "Terrible Swede," came in for second and "Billy" King, winner of the twenty-four hour race, brought up the rear.

After taking every precaution possible to insure a good race, to have the motors in first class condition and provide for two extra machines in the event of anything going wrong, something did go decidedly wrong and the race was not satisfactory in the least. It was neither the fault of the management or the riders, for they did all in their power to make the contest a success in every sense of the word.

All the machines were in good working order until last evening and then three of them went on a strike. John Lawson's motor was utterly useless, King's jumped, wobbled and stopped and started again like a fractious country horse on its first visit to the city. When a substitute motor was brought out it was found to be out of order but got to running after it had been worked on for two or three hours.

John Lawson secured one of Turville's machines and the race started out fairly well. Julius and Benedict, Chief Turville's assistants, were in the lead, and Gussie Lawson paced the "terrible" and King was paced by his brother H. and W. E. Samuelson. Lawson took the lead and hung on to it for three miles making the first in an attempt to steal and rode a lap or so unopposed.

In the fourth mile Turville jumped to the front and from that time on had the race bound and gagged. On the seventh mile he secured a lap over King with Lawson right behind him. King made a number of beautiful sprints and indeed there are many who believe he would have won the race had his motor been equal to Turville's. Sometimes the infernal machine would run smoothly but at critical times failed him.

Turville took another lap in the eighth mile and the men remained in the same positions until the fourteenth mile when King's motor refused absolutely to work.

Vaughan and May then tried to pace him on another motor and before they induced the thing to go, King was five laps in the rear.

Turville gained a lap over Lawson on the thirty-seventh mile. There was considerable excitement during the forty-fifth mile. Turville was one mile ahead of King when he received a puncture and King began to make up for lost time. He reduced Turville's lead to five laps when the latter secured a new wheel and took the lead again.

Turville beat Lawson by one lap and two or three yards and King by five laps and seventy yards. Eddie Smith won the final of the one mile handicap amateur with Angel second, Hopper third and Hermann fourth. Hume "kicked" at the decision of the judges in giving Hermann fourth place, but it did not change the result in the least.

SUMMARY.
Mile handicap, amateur—First heat, Charles Hermann, 55 yards, first; A. G. Angel, 60 yards, second; J. B. Hume, 70 yards, third; Cliff Young, 125 yards, fourth. Time, 2:45.5.
Second heat—N. C. Hopper, 70 yards, first; R. Grimes, 90 yards, second; Eddie Smith, scratch, third. Time, 2:10.
Final—Eddie Smith, first; Angel, second; Hopper, third; Hermann, fourth. Time, 2:04.25.
Fifty-mile match race—Charles Turville, first; John Lawson, second; William King, third. Time, 1:53.30.

LOBSTERS SHUT OUT.
White Wings Played All Around the "Champs."

STANDING OF THE CLUBS.

	P. W. L. P. C.
Salt Lake	2 2 0 1.000
Ogden	2 0 0 .000

Mr. "Pink" Hawley, former twirler for the "Fortlori Hopes," but now an honored member of the lobster clan, tried real hard at Ogden yesterday to puzzle the rejuvenated band, which had no longer to be known as the "Fortlori Hopes."

Instead, the White Wings from Salt Lake pounded Mr. Hawley in the most uncharitable manner imaginable, securing a total of eleven hits and eleven runs. In the seventh inning the locals bunched a triple, a double and three singles. This bunching of hits accompanied by three errors on Ogden's part brought in a run. Salt Lake simply played all around the "champs" and beat 'em at every turn.

In vain did the red men try to hit Meredith's shots and secure a run. They made six hits off his delivery but could not score a run. Meredith made a beautiful double play in the 8th inning. Casey sent a burning line drive at the south paw who put up his mitt to shield his face. The ball stuck there and Meredith shot it to Weaver in time to catch Hansen.

Following is the score:

PRINCIPALS IN THE \$400,000 YACHT RACE WAGER.

These are the men who are placing big bets on the result of the coming cup races. One wager of \$400,000, of which \$250,000 is American money, has already been recorded. Walter J. Kingsley of London is the representative of an English syndicate composed of officers in the army and navy and sports English noblemen. He is said to have an almost unlimited amount of English bank notes which he is authorized to bet on Shamrock at odds of 3 to 5. Mr. Mustin, president of the Pittsburgh Stock Exchange, is at the head of the syndicate of Pittsburgh capitalists that accepted Mr. Kingsley's first offer. Mr. Edward Bell is the New York broker who handles the stakes.

base hits, Newmeyer, Bradley, Clark, Passed ball, Hansen, Wild pitch, Meredith, 1. Struck out, Hawley, 4, Meredith, 5. Left on bases, Ogden, 5, Salt Lake, 5. Double plays, Gimlin to Clark, Meredith to Weaver. Sacrifice hits, Weaver, Hanford. Time, 2 hours. Umpire—Schmabel.

CRESCUS AND THE ABBOT.

Propositions for a Match Race for \$20,000, Winner to Take All.

New York, Sept. 11.—A proposition for a match race between the trotters Cresceus and The Abbot at Readville, Mass., for a purse of \$20,000, winner to take all, was telegraphed to Ed Geers, trainer and driver of The Abbot now at Syracuse, N. Y. J. W. Jewett, secretary of the Readville track, met George Ketcham, owner of Cresceus yesterday, and offered this purse for a meeting of those two great trotters at Readville next week. Mr. Ketcham readily assented and the terms of the proposed match were wired to Mr. Geers, who has full power from John J. Scannell, of this city, the owner of The Abbot, to act.

PROPOSITION ACCEPTED.

Syracuse, N. Y., Sept. 10.—Mr. Geers this afternoon wired the managers of the Readville track that he accepted Mr. Ketcham's offer of a \$20,000 purse for a race between The Abbot and Cresceus, the winner to take the whole purse.

Peter Will Not Swim.

New York, Sept. 11.—Peter S. McNally has abandoned his attempt to swim from Boston to New York in thirty days, and has returned to this city, says a Boston dispatch.

McNally said the elements were

against him, having smashed two of his dories and injured two of the attendants.

Sheldon Elected Captain.

Chicago, Sept. 11.—James Milton Sheldon has been elected captain of the University of Chicago football team to succeed James R. Henry, resigned.

Brewer Defeated Kyle.

In a One Mile Championship Swimming Contest.

San Diego, Cal., Sept. 11.—In the one-mile championship swimming race between Howard E. Brewer of San Francisco and Wilbur P. Kyle of this city, Brewer won in 23 minutes 32.4 seconds, breaking the American amateur record of 23:52.5, which was made by Otto Wahle at the Pan-American exposition on July 9.

This Afternoon's Game.

At Walker's park this afternoon the third game of the new series is scheduled.

Ogden will make a Herculean effort to secure a foothold in the percentage column, and of course the White Wings will work equally as hard to win out. The line-up will be the same as heretofore, but Borchers and Newmeyer will very likely fight it out again. Ladies are admitted free today.

Walcott in 'Frisco.

He is to Fight Gardner on the 27th.

San Francisco, Sept. 11.—Joe Walcott, the colored pugilist, who is to battle twenty rounds with George Gardner before the San Francisco Athletic club on the 27th instant, has arrived here from New York. When he enters the ring he will weigh 142 pounds. He asserts himself confident of victory.

MEETING OF EMPERORS.

Not Heralded by Press of Vienna and Buda Pesth.

London, Sept. 11.—Owing to the German tariff against Austro-Hungarian exports and to the suspicious entertained by Austria-Hungary concerning Russia's Balkan policy, the meeting between Emperor Nicholas and Emperor William is not heralded by the press of Vienna and Buda Pesth with customary enthusiasm although satisfaction is displayed that the period of ill-feeling between Russia and Germany is at an end.

On the other hand the North German Gazette in an inspired note lays singular stress on the friendly personal relations between the czar and the kaiser, and says the Count von Buelow will be present at the court, as it is the desire of the czar of Russia.

Non-Union Shop Blown Up.

Cripple Creek, Colo., Sept. 11.—At midnight the barber shop of John Tyler, on the South Third street was blown up by dynamite. From six to twelve sticks were placed under the door of the frame building at the point above which Tyler was sleeping. The explosion wrecked the buildings and contents but Tyler escaped. Windows on both sides of the street for a block were shattered.

Tyler is a negro and has repeatedly refused to join the Barbers' union.

Serious Colliery Explosion.

Caeppilly, Wales, Sept. 11.—A serious explosion took place this evening at the Llandbach colliery near here. Six miners have been rescued, all suffering severely from the effects of asphyxiation.

At a late hour tonight it became known that at least two miners were dead and the total of the death roll will probably be seven, as eight have not yet been recovered. Many are seriously injured.

Japan Friendly to China.

Washington, Sept. 11.—The state department has received from Consul Lyons at Hiojo, Japan, under date of August 11, a report concerning a resolute business man, which is significant as showing a very friendly feeling in Japan toward China. It is stated that at a meeting of the Japanese foreign trade association, composed of leading Japanese merchants of Kobe and Osaka a resolution was passed that the Japanese government be memorialized to set a part a portion of its Chinese indemnity fund for the purpose of facilitating commercial transactions between Japan and China. It was suggested that a bank for Chinese and Japanese merchants be created, so that people of the two countries might be brought into closer touch.

SOME SHOWERS, LIGHT FROSTS.

Southerly Winds Cause Much Fruit
To Fall to the Ground.

CORN HAS RIPENED RAPIDLY

Late Potatoes Have Quite Generally
"Gone to Top"—Will be Only
a Fair Yield.

U. S. department of agriculture, Utah section, climate and crop bulletin of the weather bureau.

Weekly crop bulletin, Salt Lake City, Utah, Sept. 10, 1901.

The temperature of the week ended September 9th was about normal, the days being warm and the nights cool. Light frost occurred in several localities on the mornings of the 3rd and 7th, but did practically no damage. Scattered showers occurred on the 3rd, but the precipitation therefrom was too light to be of any service. High southerly winds prevailed over the State on the 6th; much fruit was blown from the trees and the handling of hay and grain interfered with. On the whole, the week was a favorable one for farm work and late crops. Corn ripened rapidly and will make a good yield; the cutting of it for fodder has begun in several localities. Sugar beets will make an average crop; they are ripening rapidly and will soon be ready for the factory. Late potatoes have generally grown too much to tops and, on the whole, will make only a fair yield. The third crop of lucern will turn out well and is now being cut. Threshing has been completed in many localities. Peaches, pears and plums are ripening rapidly and are quite plentiful.

REMARKS OF CORRESPONDENTS.

(The name of the postoffice is followed by the name of the county.)
Levan, Juab—Cool and pleasant. Some corn has been cut and hauled; the ears are very good. Most of the third crop of lucern was mowed in this vicinity. Peaches and plums are getting ripe.—William Brown.

Paradise, Cache—Warm and dry. Harvesting is finished and threshing is nearly completed. The yield from wheat was below the average, but was better than expected. The third crop of lucern is nearly ready to cut and, where watered, will make an average yield.—James Lofthouse.

Utah, Weber—The only precipitation consisted of a light sprinkle on the 3rd. The third crop of lucern is cut; the yield was better than expected. Most of the third crop of lucern was mowed in this vicinity. Peaches and plums are getting ripe.—Richard Dye.

Harrieville, Weber—Moderately cool, with a light shower on the 3rd. Root crops are doing well. Fruits are being picked and marketed; the yields are good. Threshing is completed.—Peter Later.

Morgan, Morgan—Good weather for harvesting and haying. Some high wind and two light frosts. Potatoes are looking fine in most localities, and many are being placed on the market.—T. R. G. Welch.

Miller, Salt Lake—Dry with warm days and cool nights. Threshing is nearly completed. Corn is ripening very fast. Sugar beets are nearly ready for the factory. Some potatoes are being dug and are making about half a crop. High wind on the 6th blew much fruit from the trees.—John Morgan.

Shore, Utah—Partly cloudy with warm days and cool nights; a light shower of rain occurred on the evening of the 3rd. Threshing will soon be completed. Sugar beets and other late crops look well.—W. E. Beer.

Gunnison, Sanpete—The range of temperature during the week was from 35 degrees to 58 degrees. Several very light showers of rain occurred. Grain is nearly all harvested. Nearly all of the lucern is in the stack. Sugar beets that have been properly cultivated are very good.—C. A. Madsen.

Spring City, Sanpete—A favorable week for farm work. Threshing is in progress. Wheat is somewhat shrunken, but most of it will make good marketable flour. Second crop lucern is nearly all in the stack. Potatoes have grown too much to tops.—Carl Hansen.

Axtell, Sanpete—A dry week. High wind on the 6th interfered with threshing. Wheat, oats and barley gave good

Millions USE CUTICURA SOAP

Assisted by Cuticura Ointment, the Great Skin Cure, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itching, and chaffing, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying inflammations and irritations, or too free or offensive perspirations, in the form of washes for ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers. No amount of persuasion can induce those who have once used these great skin purifiers and beautifiers to use any others. CUTICURA SOAP combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, the BEST toilet and baby soap in the world.

Complete Treatment for every Humor. CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA OINTMENT, to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT, to cool and cleanse the blood.

Sold throughout the world. British Depot: F. N. W. & Co., 25, Abchurch Lane, London, E.C. 4. U.S. and Canadian Depot: Dr. J. C. Clark, 111 N. 3rd St., St. Paul, Minn.

yields. Potatoes are very good, and sugar beets are above the average. The yield from lucern was considerably below the average.—Evel Elmsen.

Woodruff, Itch.—Very windy week; light rain on the 3rd. The third crop of lucern is being cut. Grain is nearly all harvested, and threshing has begun.—T. J. Tinney.

Poca, Summit—Light frost on the 2nd did some damage to tender plants, and killing frost occurred on the morning of the 7th. High wind on the 6th. Harvesting is well advanced. The second crop of lucern is being cut and secured.—J. P. Lyons.

Henderson, Summit—A favorable week for harvesting and haying. Light frost occurred at night, but no serious damage resulted. Very windy on the 6th and 7th. Crop growth is about completed.—William Brewer.

Coalville, Summit—A fine week for harvesting. Grain is nearly all cut; the yields were high. The second crop of lucern is being cut. Cabbage and celery are growing nicely.—Thomas Beard.

Wellington, Carbon—The nights were generally cool, but no frost occurred. Some wind.—E. E. Branch.

Holden, Millard—Partly cloudy and very warm. High wind on the 6th was very destructive to fruit, especially apples.—T. H. Sibley.

Scipio, Millard—Threshing has begun; the yields are very high. The second crop of lucern is being cut, but better than was expected. Corn and potatoes are growing nicely. No frost yet.—Thomas Memmott.

Deseret, Millard—Much cooler, the range of temperature being from 35 to 55 degrees to 85 degrees. Trees are rapidly losing their leaves on account of drought. Second crop of lucern left for seed is in danger of frost. Light frost on the morning of the 7th. High wind on the 6th and 7th interfered with the handling of grain.—W. H. Western.

Plateau, Sevier—Light frost on the night of the 3rd cut potato tops, but did no serious damage.—W. H. Shock.

Emery, Emery—The first part of the week was cloudy and showery; the latter part was clear and windy. High southwest wind on the 6th blew much fruit from the trees. The second crop of lucern is being cut and hauled; the yield is below the average.—H. C. Wickman.

Castle Dale, Emery—The week has been cool. Crops are nearly all harvested. The second crop of lucern is better than the first. Fruit is ripening. Potatoes are scarce.—James Jeffs.

Beaver, Beaver—Cool nights and rather windy, but favorable weather for harvesting crops.—D. Grinshaw.

Parowan, Iron—Warm days and cool nights. Light shower on the 3rd. Second crop of lucern is nearly all cut. Threshing has begun; the yields are somewhat better than last year, but below the average. Corn is a good crop. Potatoes are fair in places.—James Connell.

Coyote, Garfield—Dry and windy, with cool nights. Light frost on the 1st and 2nd. Potatoes are being harvested. The yield is nearly completed. The third crop of lucern is being cut and hauled; the yield is below the average.—H. C. Wickman.

Togwotee, Washington—Clear and quite cool, with more or less wind from the south. Crops have done well. The ranges are in excellent condition. Fruit drying is in full operation. Sorghum making will soon begin.—J. C. Savage.

St. George, Washington—The third cutting of lucern is in the stack. Threshing is completed. Hay baling is actively going on.—J. G. Bleak.

Note.—The weather conditions can now have but little effect upon the crops of the season of 1901 in Utah, as practically all of them have matured and most of them have been harvested; therefore the weekly climate and crop bulletin will be discontinued with this issue. Correspondents are requested to continue their reports until the close of September, as the information is desired for the national bulletin.

The section director takes this opportunity to thank the correspondents for their faithful and valuable cooperation during the season just ended.

L. H. MURDOCH,
Section Director, Weather Bureau.

A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly and severely with dysentery and was about to give up the trip when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me."

ELIAS MORRIS & SONS COMPANY.
