WRECK AT MORGAN IS CLEARED UP

Body of Engineer Krauss Brought To Ogden—Staid by His Engine to the Last.

RIVERSIDE MILLING COMPANY

Incorporates for \$15,000—Suit for Divorce—Funeral of Mrs. W. S. O'Brien—News Notes.

Ogden, Feb. 22.—Shortly before 6 o'clock last evening the relief train sent east over the Union Pacific to bring to Ogden the unfortunate victims of the wreck yesterday morning at Morgan, arrived in Ogden. On board besides members of the train crew who suffered slight bruises, was the dead body of Engineer Leo Krauss. It is stated that when his lifeless form was found in the cab of the wrecked engine, his hand was clasped to the throttle, indicating that he was faithful to his post of duty when the sad accident occurred. The two wrecking trains succeeded in clearing up the wreckage last evening so that traffic could be resumed. It was fortunate that the train was on an up grade and that the wrecking train was not traveling at a moderate rate of speed, otherwise the list of dead and injured would, without a doubt, have been much greater. Some of those who were on the ill-fated train declare it is little less than a miracle that so few were hurt.

STOLEN SUIT CASES.

A colored porter named James Wilson was placed in prison yesterday afternoon at the Union depot by Sergeant Chambers and Officer Malone on the charge of stealing a suit case from the depot which belonged to a young man named Ward. He pawned the valise at a Twenty-fifth street pawn shop, and it was here the officers found the first clue to work on, and soon had Wilson in custody. He has confessed his guilt, also admits stealing two other suit cases from the depot building which he sold, but the owners to these have not been found. If possible the officers hope to be able to prosecute him on the charge of grand larceny.

FUNERAL OF MRS. W. S. O'BRIEN.

The last sad rites over the mortal remains of Mrs. W. S. O'Brien, who died so suddenly Monday, were performed yesterday at the St. Joseph's Catholic church, and her body was laid to rest in the Mountain View cemetery beneath a covering of beautiful floral tributes that attested the esteem in which she was held by her many friends. The services were well attended by sorrowing friends. Sweet music was rendered by the church choir, and Miss Mayme Carter sang sweetly beyond the gates. A comforting eulogy and sermon on the life eternal was preached by Rev. Father Ryan.

LAKETOWN.

Local Theatrical Troupe Entertains Old and Young.

Special Correspondence.
Laketown, Rich Co., Feb. 20.—The presentation of the melodrama, "Captain Racket," on Saturday afternoon and evening, by a home company, was largely patronized by the public and greatly enjoyed, as the character of the work abundantly deserved. The afternoon performance was given for the benefit of the juvenile population, and free of charge, and the "old folks" were treated to free admission in the evening.

PARK CITY.

POLICE GET HIGHER PAY.

But Had to Resign in Order to Obtain It.

Special Correspondence.

The resignation of all the police officers were placed in the hands of the mayor, to take effect since. The resignations were accepted. All of them were reappointed immediately by the mayor, and confirmed by the council.

This was done in order that the police force may get their increase in salary, as under the law they can not get an increase in pay while holding office.

A few days ago between 40 and 50 couples of old folks were invited to spend the evening at Bishop S. S. SENATOR BAILEY SAYS CHARGES ARE SILLY.

Austin, Tex., Feb. 21.—Senator Bailey resumed his testimony today before the legislative investigating committee. He said he regretted more than anything else the stain that has been placed upon the Texas legislature because of charges made that he had bought his election to the senate. He said the charges were silly and outrageous, and those who knew the person of the legislature also knew that they are not purchasable.

Senator Bailey said on paper in the state printed a statement that he had employed 15 bartenders in a north Texas town to serve his friends, and he ridiculed the statement. He merely offered this one case to the committee, he said, to show what desperate and outrageous ends his enemies were using to blacken his character.

Senator Bailey was questioned about the federal court fee bill in Indian Territory and the charge relative to it. "That's a downright infamous falsehood from beginning to end," said Bailey. "There is not a word of truth in it."

Referring to the J. W. Phillips clerkship in the federal government and the charge that Bailey had borrowed money from Phillips, Bailey said: "I paid Phillips all I ever owed him. I have a letter from his brother, received during the last few days, which I would like to make a part of the record."

As to the charge regarding the Steger & Labatt government mule contract, Bailey said:

"That is a pure and unadulterated lie. I simply did for Steger what I would have done for any constituent of mine."

This was in answer to the charge that Bailey had used money to influence the government to get it to accept mules from the contractors and had received a fee for his services.

"Not one cent did I get for this service to a friend," said Bailey.

Senator Bailey told the legislative investigating committee today he would be glad to resign as senator if he could arrange matters so that he could meet all his enemies at one time and "finish them there and then." He said he deserved great praise for not having taken a shovelnose and gone after his political enemies.

After denying that he had used underhanded methods to secure his election, Senator Bailey admitted accepting a fee of \$2,500 from Mr. Elliott of the Standard Oil company, for rendering a written opinion to the effect that the Standard Oil company would not be permitted to re-enter Texas.

Senator Bailey's attorneys refused to allow Representative Cooke to cross-examine the witness, and were upheld by the committee.

Members of the committee purpose to insist that an effort be made to secure the evidence of H. Clay Pierce before the inquiry closes. This proposition is expected to precipitate a contest, as the friends of Senator Bailey are opposed, it is said, to prolonging the inquiry.

JAPS PROTEST AGAINST RESTRICTING IMMIGRATION.

Tokio, Feb. 21.—A written interpolation regarding the San Francisco school question was presented to the government today by a member of the house of representatives. The reply of Foreign Minister Hayashii is expected in a few days.

The Japanese office in San Francisco was cabled a strong appeal to Tokyo asking the government to support their cause and pointing out that the restriction of Japanese emigration would eventually result in the extinction of their compatriots residing in San Francisco.

The Japanese newspapers have not commented on the appeal up to the present.

"JIM CROW" CARS.

Oklahoma Constitution Probably Will Omit Provision Concerning Them.

Guthrie, Okla., Feb. 21.—The beginning of the session of the legislature in the constitution of the new state of Oklahoma the plank providing for separate coaches and waiting rooms materialized today in what was perhaps the most exciting session of the constitutional convention.

The climax to the entire day's "mill-

SCALY SORES AS BIG AS PENNIES

Covered Whole Head and Neck After an Attack of Measles—Hair All Came Out—Doctor's Treatment Had No Effect—Suffered 6 Months

CURED IN 3 WEEKS BY CUTICURA COSTING \$1.50

"After having the measles my whole head and neck were covered with scaly sores about as large as a penny. They were just as thick as they could be. My hair all came out. I let the trouble run along, but the doctor's blood remedies and rubbing on salve, but it did not seem to get any better. It stayed that way for about six months; then I got a set of Cuticura Remedies, and in about a week I noticed a big difference, and in three weeks it was well entirely and I have not had the trouble any more, and as this was seven years ago, I consider myself cured. I used one bottle of Cuticura Resolvent, one box of Cuticura Ointment, and two cakes of Cuticura Soap. I think it a splendid medicine, and I recommend it whenever I can. To Hear From Cooper

L. T. COOPER

We wish to call the attention of the public to a series of "short talks" by L. T. Cooper that are to be published in this paper.

The Cooper medicines have made a remarkable record in the leading cities of the United States during the past two years and young Mr. Cooper has been the subject of much newspaper comment.

Mr. Cooper has met and talked with thousands of sick people in his visits to almost every large city in the country.

He is noted as a man of very few words and tells briefly in these articles what his preparations are doing for sick people and why they have been successful wherever introduced.

Mr. Cooper's theory is that one half of all human ills is caused by stomach trouble, and the wonderful success of his preparations in the treatment of stomach disorders, kidney and liver complaints, rheumatism, etc., seem to have proven this claim.

Some time ago we secured the agency for these celebrated medicines. We have been gratified by the extreme satisfaction of those who have purchased them from us and advise every one to read these "short talks" as they are full of terse, common sense.
