secretary. Gov. Toole in his remarks told the gathering he hoped it would achieve its object but if it were proposed to have a special session of the legislature to enact a railway commission bill he would consider such action imprudent in view of the difference of opinion between the legislature and the executive upon the question of appointing members of the commission. It is also expected the question of a special session of the legislature will be agitated despite the governor's attitude.

They Report that Anarchy Prevails in Place They Have Left. Stockholm, Dec. 14.—The Swedish steamer Drottning Sophia returned here today from the Riga with Swedish fugitives. She arrived at Riga Dec. 8. Her commander reports that during the vessel's stay in port there were no disturbances at Riga but absolute anarchy prevailed in the country districts. Machine guns were posted in the streets of Riga on Dec. 8 and 9, but they were not used. On the morning of Dec. 12, before the Drottning Sophia sailed, the shooting, however, continued. On seeing the brighter outlook many intended refugees including 14 Americans who their consuls had obtained permission to leave with the Swedes, decided to remain at Riga. Food was cheap, the revolutionists not permitting prices to be raised.
