OFF FOR RENO, NEVADA.

Hons. J. R. Cannon and R. C. Lund Go to the Sagebrush State on Legislative Business.

Hons. A. R. Cannon and R. C. Lund of the city left on Tuesday for Reno, Nevada, where they go on railway business, the specific objects of their mission being to familiarize the legislature of that state with the provisions of the anti-scalping law recently passed by the Utah legislature and to give effective assistance in framing a similar law for the Nevada statutes. They expect to be gone about two weeks, though Mr. Cannon may possibly remain somewhat longer than that.

A Miner Robbed.

An employe of the Mexican mine at Mercur, named Barney Baker, came to town yesterday to see the show and to otherwise have a good time. He had plenty of money and evidently found him in the Salt Lake which he made several visits to entertained. Women by putting up the stakes. After taking his departure from the saloon he found that $350 had been in some inexplicable manner extracted from his pockets and he at once notified the police authorities of the fact, with the result that one of the women known to have been dealing the cards with the lottery. The suspected party is Nan Davis, a colored woman whose name has been connected with such cases before. The money could not be found.

Echo of Sermons.

St. John, Kansas, Newsy sermons, the Salt Lake pastor remembers, is said to be hiding along the banks of the Mississippi river, near St. Louis, in company with a widower.

OPINIONS OF OUR LEADING MEN.

President Angus M. Cannon says of the Keeley treatment:

"I thought it impossible for the man to do what Dr. Keeley has done scientifically in counteracting the terrible evils of intemperance. His treatment strengthens men physically, mentally and morally. Under these circumstances they are given another opportunity to become men amongst men. He is there a man who loves his fellow beings that can fail to say: I view Dr. Keeley as engaged in a most commendable work? I trust his good work may continue."

WORKS OF NUMBER THE MEN.

By Seven Hundred and Seventy-seven—The Enumeration Completed—Revised Figures.

Census Enumerator Parsons and his assistants completed the canvass of the city precincts this morning. They find that the total number in the five precincts are: Males, 11,915; females, 10,502; grand total, 20,409. The women voters are then sure to outnumber the men by 777. A detailed table by wards and precincts gives the results as follows:

The Circus Reports.

The Wallace show closed its Salt Lake engagement last evening to a crowded audience. The acts were carried on with equally as much precision and attention as on the previous day and general satisfaction seems to have been given. The Wallace people have built up a reputation in this city and they can safely count upon being heartily welcomed whenever they see fit to come again. The circus was amusing to the people of Ogden today.

Matrimonial Matters.

The home of Mr. and Mrs. Roundy, 415 east, First South street, was the scene of a bright wedding ceremony last night, when Miss May Roundy was married to Mr. Charles A. Cairns, the ceremony being performed by Dr. James E. Talmage. Miss Florence Roundy filled the role of maid of honor, and the Misses Tyrrell, Young, Mary Jennings and McKimmon, Mr. Will Clark acted as best man, while George A. Lawrence and Robert J. Spedding were ushers. A reception was held between 9 and 11 p. m. and refreshments were served by the Misses Park, Caine and Platt and Mesdames Bradley, Clawson, Rennie, Taffy and Cannon.

DENNEY-SMITH.

Yesterday afternoon, in the Salt Lake Temple, Miss Minnie M. Denney of Union, and George F. Smith of South Cottonwood, were united in the bonds of matrimony. The young lady is the second daughter of a News type, Charles Denney and his wife Sarah Ann. The NEWS, with other friends, wishes them a happy and prosperous journey through life. A reception, numerously attended, was held at the residence of the bride's parents at Union yesterday evening.

MAYER-MCALLISTER.

In the Salt Lake Temple yesterday was solemnized the marriage of Miss Nettie Isabel and Mr. George A. McAllister, Bishop John R. Winder performing the ceremony. A reception was held at the residence of the groom's parents on Center street last night, at which were present the relatives and friends only. The bride is a daughter of Prof. Karl G. Maeser and the groom is a son of Mr. D. M. McAllister.

A Barber Shop Broken Into.

A barber shop on Third south street, a few doors west of the Cliff house, was the scene of a burglary last night about 10 o'clock. The entire window glass in the back door and work bench was smashed with about $75 in cash and checks they were said to have had.

BOTH MAY RECOVER.

Hood's Sarsaparilla and Electric Bitters for an Ind. Have Leave on Life, 55 Least Fair.

Bloomwell and Ritter, the Rush Valley bugler who sought cash directly to the genuine Oklahoma fashion at Provo a few days ago, according to a gentleman who arrived from the Garden city this morning where he has been visiting friends, enjoying jaunts in a lazy way to the city. Although Bloomwell's head was pierced by a 44 ball, the doctor says he will recover. The latest known of his case was growing by the way to the best where it found permanent lodgment, he was to be gathering strength very fast and chats and smokes as though he had been little more than scratched slightly. He now recalls, he says, many little incidents which prove to him that his brother's wife has been playing a double role—that while she professed to be faithful to him she was enthusiastically infatuated with Ritter. He wonders now why they could not see and realize what was said to be so plainly apparent to the people of Vernal and the town.

Ritter, who had a "streak of daylight" put completely through his body by a bullet from Bloomwell's revolver, is also improving. He is, however, less communicative than his wounded opponent, and says little or nothing that might have a tendency to cause him to a position more difficult even than the one he now occupies. He occasionally requires new "lines" but expresses no regret whatever on having shot him. He intends say that the only cause of sorrow he feels at all is that he did not kill Rockwell on the spot. They are both drinking soda and Ritter, who has resided a Fast Statine, Rush valley, for several years past is known as a very hard character. It does not look like going for a long time to carry shooting irons with him wherever he went. Even in the performances of so peaceful a task as going to the village postoffice or mail he is represented as always being armed with a rifle—the one with which he defended himself against the Buckwells. Among Vernal county statements he has the reputation of being a "bruiser," and in fact the same is true with reference to some of his former friends. From his test of pain and wounds so frequently says he would give his old clothes for a "good fill of Ajax's best." In Uncle county that expression is well understood. In Rush valley it is given particular force and is synonymous with the influence "fire water" exerts on the reservation Indian when too copiously partaken of.

A Remarkable Cure for Rheumatism.

WASHINGTON, Utah, March 21, 1896.—"In the year 1892, on awakening one morning, I found that I had rheumatism in my knee or leaky joint, so I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store, I sent for a bottle, and rubbed the affected parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application and one dose of medicine. It is the best liniment on the market, and I sell it; have a positive guarantee."—H. T. HARRIS. For sale by druggists.

Having used Chamberlain's Cough Remedy in my family and found it to be a first class article, I take pleasure in recommending it to my friends.—J. V. FOSTER, Westport, Cal. For sale by druggists.

Some time ago I was taken sick with a pain in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera, and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for such complaints, and have used the same with others and every one who has used it speaks highly of it.—J. W. CRAWFORD, Valley Center, Cal. Sterling 925/1000

MEANS 925 parts in every 1000 is pure silver—the other 75 parts is alloy. Silversmiths call an article of such grade "Sterling" line. A great many goods in this day of fraud and imitation are stamped "Sterling" which are not Sterling. However, there is plenty of "sterling (925)" goods, if you go to the proper place to buy them.

People are always anxious when buying of us that their purchase shall be placed in one of our neat boxes which bears the stamp "J. H. LEYSON & CO." This indicates that the public has proven the quality of our integrity.

When buying your Wedding Gifts, insist that the article shall be stamped "Sterling" and placed in a box stamped "J. H. Leyson & Co."

THERE IS ONLY ONE PLACE

In Salt Lake City where this combination of genuineness can be obtained, and that is of us.
