

**JAPAN WILD WITH DELIGHT.**  
The Cause is the New Alliance With Great Britain.

**ELABORATE PROCESSIONS**  
In Honor of Momentous Events—Chambers of Commerce to Send Delegation to Coronation.

Tokio, Feb. 21.—(Via Victoria, B. C., March 4.)—Japan has gone wild with delight over the conclusion of the new Anglo-Japanese alliance and is only considering how best to celebrate. Only the ratification everything is in embryo, but some of the communities will not be denied.

There has been an elaborate torchlight procession at Tokio, besides the formal interchange of congratulations at a joint meeting held by the two houses of the diet, at which Sir Claude MacDonald, the English minister, was present. At the various towns in Japan special celebrations have already been held or are in contemplation.

The press is beginning over with the special forecasts of the result of the "diplomatic union," flags are flying, and altogether young Japan is putting itself on the back. But there is no sign of undue exultation over the event.

Ex-Minister of Foreign Affairs Kato, the keynote of popular sentiment, is speaking in a speech on the proper method of receiving the news of the alliance, he said that Japan should accept her position with all dignity and should be proud of the fact that she had secured the friendship of a great power.

It would be fitting, said Mr. Kato, that Japan should sign the alliance with a solemn ceremony, and that the ceremony should be held at Spitzbergen during King Edward's coronation some representative ships, which would be more effective than ornate or cheap chartered ships in a dark corner of the empire. This idea of Mr. Kato's has taken hold and today it is reported that Premier Kato has obtained the sanction of the emperor to send a first-class battleship and a cruiser to take part in the naval demonstration.

The chambers of commerce throughout the country are also proposing to send two representative merchants to attend the coronation ceremonies.

Another feature this spring will be the joint maneuvers by the British and Japanese fleets in the China sea in honor of the conclusion of the alliance. The British were going to the maneuvers, anyway, and now it is proposed that their squadron should be reinforced by ships from the Japanese fleet. It appears Russia is preparing to hold naval maneuvers in the same region about the same time and the coincidence has been noted.

Marquis Ito, ex-premier, who has been a triumphal tour of the world, is expected to arrive at Nagasaki, Japan, March 26. His return will be the signal for a marked demonstration of welcome.

Quite a controversy has been raging since the announcement of the conclusion of the alliance as to what Japanese statesmen that consummation of the treaty would mean.

Naturally the present premier, Kato, with the minister of foreign affairs, Kato, takes credit, while Baron Hara, Viscount Aoki and other prominent diplomats are accorded a share in the honors. But the credit is not enough although Marquis Ito was not in London when the treaty was signed.

It is more than rumored that he had been to meet with Russia for an alliance, still the popular sentiment ascribes the treaty to the marquis.

**AFTER PRUDENT PRAYER.**  
Joy Finds Man Gaily and Gives Him Eight Years.

Chicago, March 5.—The verdict sentencing Robert Handolph to the penitentiary for eight years for killing John Ford was reached by the jury after a long trial, says the Chronicle's Chicago, Ky. special.

When the jury returned to their chambers the verdict was announced. It is a serious case we have to decide. A man's life may be forfeited by his decision. How many Christians

are among us? Nine men raised their hands. "Will one of you pray?" asked the foreman. One of the oldest jurors said he would do his best. All knelt and a most earnest and impressive prayer was offered.

Believing was then begun. Several jurors were in favor of a life sentence and others for terms as short as eight years. The jury finally agreed on eight years.

**PRAYERS FOR DR. POTTER.**  
W. C. T. U. Wants Him to See Sail-Question in Its True Light.

New York, March 5.—Bishop Henry C. Potter will be the subject of special prayers tomorrow by the Woman's Christian Temperance union of New York, N. J. The occasion will be the monthly all day prayer meeting, and the reason for his being singled out for the object of prayer is his recent expression on the Sunday school question in a church at Montclair, N. J. That Bishop Potter may see the temperance cause in its true light, and that he may be able to do so without any present year a militia reserve of 50,000 men. The education of all officers would be vigorously prosecuted, and the expenses of young officers would be lightened.

**6000 Years Old**  
If we live in deeds, not years, then Ayer's Cherry Pectoral must be 6000 years old! For sixty years it has been curing all kinds of throat and lung troubles—from a slight tickling in the throat to the most desperate diseases of the lungs.

This is the way your doctor orders it:  
One bottle of Ayer's Cherry Pectoral.  
Sig. Carefully follow directions on bottle.

Ask him how many patients he has cured with this prescription.

"I have used Ayer's Cherry Pectoral extensively in my practice, and I regard it the best of all remedies for colds, coughs, and bronchitis, whether acute or chronic."—J. C. COMPTON, M.D., Radcliff, Mass.

**WHITELAW REID'S LONDON HOUSE.**  
Will Pay Twenty Thousand for It During Coronation Ceremonies.

New York, March 5.—It now appears certain, says a London dispatch to The Herald, that Whitelaw Reid, of the American delegation at the coronation ceremonies, will take Brook House in Park Lane, for his stay in London during the coronation. It is the residence of Lord Tweedmouth, and it is stated that Mr. Reid will pay \$20,000 for six weeks. Everybody is surprised to think Lord Tweedmouth would care to let his house for such a period, considering his important position in the Liberal party, and it is anticipated that Lady Tweedmouth would give several very important parties during the season.

Brook House is one of the finest places in Park Lane, with a splendid view over Hyde Park.

**BRITISH WAR ESTIMATES.**  
They Call for Nearly Seventy Million Pounds.

London, March 4.—In introducing the army estimate, £69,400,000, in the house of commons today, the war secretary, Mr. Brodrick, introduced into a defense of the war office, which he contended, had done its work well, considering that a war had broken out for an increase of such a scale as the South African war.

The war office today, he said, was feeding 300,000 men and 240,000 horses in the field. Naturally the present position of the past year had confirmed the necessity for changes in the army administration, in decentralization, etc., as outlined by the government last year. Military officers and clerks were being rapidly substituted in the war office for the civilian staff.

In regard to recruiting, Mr. Brodrick believed the limit had been reached. No reduction in the strength of the army

struction destroys the vitality by wasting the blood. Nervous prostration and consumption result. With these derangements started the sufferer who lets them run on is on the road to the asylum or the grave, and all because of some little menstrual disorder that Wine of Cardui will cure.

Mrs. C. Blau, who lives at No. 710 Syracuse Street, Milwaukee, Wis., was saved from a life of suffering by taking Wine of Cardui. She suffered for ten years before she gave Wine of Cardui a trial. Doctors tried to cure her but they could not. Mrs. Blau is a woman of culture and intellect. She is the president of the North End Frauen-Verein, an influential organization of German-American women at Milwaukee. This is what she says of Wine of Cardui:

"I suffered for nearly ten years with general weakness and debility, also severe bearing down pains and splitting headaches. Doctors told me that I had female trouble and that my kidneys were affected. They did their best to cure me, but somehow I did not seem to improve, and with my other troubles my appetite and digestion failed me. Several members of the Frauen-Verein spoke so highly of the help they had received from McEldre's Wine of Cardui that I decided to try it. Imagine my great joy to find I felt better within a week after I started to use it. And nine weeks after I was in perfect health. I gladly praise your medicine."

You may get the same relief Mrs. Blau secured if you will only take Wine of Cardui as she did. If you are suffering from female disease—no matter how long you have suffered or how many doctors you

**LOCAL BOXERS NOT WORRIED.**  
They Declare Their Sparring Exhibitions Are Not Prize Fights.

**WHAT POLICE HAVE DONE.**

Manager McNamee Denies That the Contests Savor of Brutality—Others Would Not Permit It.

When seen with reference to the allegation that weekly prizefights were being pulled off in this city under the auspices of the Salt Lake Athletic Club, Manager McNamee of the club said:

"I have no objection to anyone stopping prizefights, but I am not a s. a. t. as we are pulling off any prizefights. As everyone knows, the bouts we have had over to the club have been boxing exhibitions devoid of brutality."

Several of the boxers were seen and they claim there is a wide distinction between the contests which have taken place at the club and professional prizefights. "I have noticed," said one of the boxers, "that on one occasion when one of the boxers has been outclassed, or when the contest became a little too warm that Jim Williams and Chief Hilton have stepped between."

Other Williams has repeatedly declared that half the blows struck in the contests were not hard enough to "knock your butt off," and that there was no occasion for the referee to stop the fight when it came to a question of brutality. He called attention to the fact that in the latter sport a player is frequently killed or receives a serious injury, and in almost every rush two or three players are knocked out as completely as fighters.

In regard to the much-discussed question of volunteers, Mr. Brodrick declared that if the volunteers were to be a bar to conscription they must make themselves efficient. It was proposed to establish a volunteer reserve of men over 40 years of age, who were unable to comply with the ordinary regulations, and to establish during the present year a militia reserve of 50,000 men. The education of all officers would be vigorously prosecuted, and the expenses of young officers would be lightened.

**ALICE AND THE EMPEROR.**  
Her Telegram Does Not Displease But Charms His Majesty.

Berlin, March 4.—Emperor William, instead of being displeased at the telegram of Miss Alice Roosevelt concerning the launching of the Meteor, as some of the English newspapers aver, because of its familiar tone, was, on the contrary, very much pleased with it.

A member of the cabinet relates that after an audience with Emperor William, for the purpose of discussing the Meteor, he was about to leave, when the kaiser remarked: "I must show you the charming telegram I have just received from Miss Alice Roosevelt."

To other members of his entourage the emperor has also expressed his pleasure over this telegram, and has raised its natural and unconstrained form.

The correspondent here of the Associated Press has been officially informed of Emperor William's satisfaction at the reception accorded to Prince Henry. The informant of the correspondent has seen all Emperor William's marginal notes on the reports of Prince Henry's trip. He said:

"His majesty is in the highest degree pleased with Prince Henry's reception from his arrival in America, and especially with the account given by President Roosevelt and his family. The emperor has also expressed himself as delighted with the enthusiasm of the welcome to his brother."

**PATSON PLUMBERS ON STRIKE.**  
New York, March 5.—All the union plumbers, tinmiths and sheet metal workers are on strike at Paterson, N. J., because their employers refused to grant their demand for an increase of 50 cents per day of eight hours.

The carpenters also have asked for an increase.

The carpenters have served notices on their employers that they want an advance of 50 cents a day of eight hours on April 1.

**BOXERS FAILED TO AGREE.**  
Burns and Mexican Pete Will Probably Sign This Evening.

Jimmy Burns and Mexican Pete failed to sign articles yesterday afternoon for their twenty round boxing exhibition owing to a squabble which arose over the posting of the \$500 as a side bet. The horses contingent insisted that the money be put up now, but Dilly Sauer said it was not customary to put up the money until just before the fight.

It is said that the money will not be put up until five days before the contest, and if the money was not forthcoming, then Burns could have the fight for nothing. It is said the men will get together again today and that the articles will be signed before midnight.
