Salt Lakers From the Salt Palace Saucer Enter Six Day Race.

FOUR TEAMS TO QUALIFY.

Downing and Hopper Looked Upon As Strong Combination With the Best Chance of Winning Among Locals.

The next big bicycle race will be the Madison Square six-day event scheduled for December. Many riders regard their summer work as worth while because it gives them the big contest of the bike riding world, and it is the ambition of the professionals to get a place in the entries.

Of the bunch who rode here this summer seven are to enter the Madison Square contest. They are Hollister and Samuels, who will team together; Pyc and Clark, the two Australians, who will ride the Kangaroo team; and the two known as the "Kangaroo" team, who will ride the Kangaroo team; and the two known as the "Kangaroo" team, who will ride the Kangaroo team.

BASEBALL MANAGERS.

They Will Come Into the Big Leagues From Minors Next Year.

Big league baseball is going to see much new timber introduced from the minor leagues, according to T. M. Murray, the Boston authority, who says: "Just now the game is short on capable managers. The major leagues have gone for the most successful of the minors and will in preference to trying out some of their own reliable men. Success in the minor leagues has made it a matter of course that the managers of the minor leagues will be called upon to fill the vacancies in the major leagues."

FLORIDA RACES.

Discussion Over Automobile Events at Ormond and Daytona.

The publication of the program of events for the fifth annual Ormond-Daytona Beach, Florida, automobile meet, has caused much discussion. It is well known that no race meet promoters ever succeeded in satisfying everybody. If the suggestions of every driver were embodied in a race program, it would embrace enough events to last through the entire season. The association, therefore, decided, after consultation with competent advisers, to give a program that would meet the wishes of the majority and at the same time provided a meet that would be the best results from a racing and record point of view.

The accused was permitted to plead guilty and waive preliminary hearing. He was held to the district court in default of bonds in the sum of \$100.

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nerveine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia and could not sleep but very little. Every effort that was made to recover my strength was of no avail until I began taking Dr. Miles' Nerveine. After I commenced to take the Nerveine my sleep was profound and restful, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I am feeling much better."

FREAK CARS.

There has been some criticism in regard to so-called "freak" cars. It has become

the general opinion of the public that all racing cars are to be labeled "freak" cars because they are not fit to drive as touring cars on the public road, so that every car engaged in great road races and are purely of racing type, must necessarily be "freak" cars. It is those "freak" cars, however, that make the world's records. It was the car from London, driven by the English boy Walter Clifford-Baer, that made the world's record for the hundred miles. It was an accepted type of racing car that made the two miles inside of a minute, driven by Demogost, the Frenchman, the car being a French production. It was a steam car built in America that made the world's record for the mile, driven by Demogost, the Frenchman, the car being a French production. LITTLE MASCOT DIES.

Youngster Who Wore Salt Lake Uniform Passed Away From Diphtheria.

Salt Lake fans of the baseball world will miss one of their favorites from now on. The busy little lad of 10 years, who buzzed about the field, recovering balls and bats, and cheering for the Salt Lake team, died yesterday afternoon at 3 o'clock. In his summer only had been permitted him, and most of them had been spent on the diamond. He wore the Salt Lake uniform this year, and was known as the Salt Lake mascot.

Agitation in Italy Over Giving it to Midvale Co. Grows Serious.

Rome, Nov. 8.—The agitation in Italy against the action of the government in placing an order for a new plate for an Italian man-of-war valued at \$1,000,000, is assuming a serious character. At Terni, where practically the entire population lives on the coal, iron and steel industry, 15,000 people, headed by the mayor of Terni, held a meeting today to protest against the letting of contracts to foreign firms.
