AN UNSAVORY SQUABBLE.

The case of assault and battery against W. Merrill was tried before Justice H. C. Wardleigh's court yesterday afternoon before a jury of four men, Attorney J. W. Gray, on the part of the attorney, asked to have the case ruled by a jury of women. The claim of the plaintiff was that the defendant had insulted and beaten her without cause or provocation. The defendant claimed that the trouble had its standing for by referring upon her chastity. It was a pretty nasty mess, according to the testimony of the principals and witnesses. The jury brought in a verdict of not guilty. The verdict was arrived at early after noon, but during which there were few contortions. The three took at last was very coy and said only "guilty" when the clerk asked what was their verdict. The court looked in a jury room all right.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the California Fig Syrup Co., illustrates the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its many imitators do not possess its every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they form the pleasant part to taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.
