

FRAGMENTS.

"TRAMPS" are infesting all parts of the city.

The Central Pacific train was five hours late to-day.

B. H. YOUNG has a stray cow in his possession. See notice.

J. H. PARRY & Co. have Harper's Magazine for September.

An excursion from Cache Valley to Salt Lake is on the tapis for September 9th.

In California and other western localities the price of wheat is on the advance.

The current volume of Parry's Literary Journal closes with the September number.

One of the largest shipments of toys brought to this city has been received by H. Pembroke.

Trade seems to be steadily improving at Rock Springs. The weather there is pleasant.

DAVID THOMAS was lodged in jail at an early hour this morning, to answer to the charge of drunkenness.

In Wyoming U. P. section men got \$1.75 per day, considerably better wages than the same class get in Utah.

The fare for the excursion from Denver to Salt Lake via the D. & R. G. and returning via the U. P. is \$30.

There is a possibility, so we are informed, that the Utah Dramatic Club will visit Logan when the weather gets a little cooler.

JOSEPH SCHULTZ, who assaulted and beat James Jensen at the Salt Lake Brewery last Tuesday, was fined \$30 in the police court to-day.

Large quantities of imitation butter are being imported into this Territory, par excellence a grazing country. There is something wrong here.

JUDGING by the advertisements which appear in the Denver papers, there is a considerable demand for laboring men in that region.

It is predicted that the price of hay will be higher than usual next winter. The supply is lighter than usual, while the demand will be as great as ever.

THERE is a case of scarlet fever in the Twelfth Ward, on Fourth East Street, between South Temple and First South. The house was quarantined this morning.

JOHN WALKER, the convict who was shot in the knee while attempting to escape from the penitentiary, is slowly recovering. The knee joint will probably be stiffened by the injury.

"BRADSTREET'S" reports 23 business failures in the Pacific States and Territories for the week ending August 23, from January 1, 1909, to date, the failures in the same part of the country number 729.

On Thursday, the 24th of September, the Union Pacific excursion to the Yellowstone National Park will leave Salt Lake and Ogden, going via the Utah and Northern to Beaver Canyon, thence to Fire Hole Basin by stage.

ADVICES from Helena state that forest fires are raging everywhere on that side of the range, at Bozeman, in the range within four miles of Butte, and about Phillipsburg. Much valuable timber is being destroyed and millions of dollars worth of property is threatened.

As Dr. Targart, the penitentiary physician, was riding along the Drive west of Liberty Park this morning, one of the reins caught on the shaft, causing the horse to back and whirl rapidly around. Fortunately for the Doctor the animal slipped and fell, preventing a more serious accident.

As an indication of the ease with which the public is often swindled, an exchange relates that a sharper sold little packages of soap to eager purchasers at twenty-five cents each. It was afterward found that he had "cut them up" from common bar soap and had cleared \$70 as the result of the day's work.

THE coal company at Rock Springs has been advertising for bids to lay pipes to convey water from the Snake River to Rock Springs. When this is accomplished it will prove quite a blessing to the town, as all the drinking water has to be brought in cars from Green River.

THE following is the programme of the open air concert to be given on Deane Bank corner, at 7:30 p. m. tomorrow by the Silver Cornet Band: "Galloping," "Presto," "Southwell," "Serenade," "Eventide," "Petter," "Concert Polka for Baritone," "Harris," "Overture," "Night Wanderer," "Moskau," "Cornet Duet," "Held and Gill," "Gruener," "Overture," "Rumber," "Theo. Moses," "Dietrich March," "Petter."

On complaint made by Mary Robbins, of the 18th Ward, Miriam Clark was arrested this afternoon, on a charge of malicious mischief, and taken before Commissioner McKay. The dispute was over a fence which Mrs. Clark cut down. E. T. Browning is one of the interested parties. After hearing the statements of the parties, which were conflicting, the Commissioner continued the examination until Friday next, in the hope that the matter would be amicably adjusted.

LOCAL NEWS.

Hurt.—Last evening John F. Wells, Esq., was riding along, when his horse became frightened, reared, and fell over. The rider had his leg severely bruised, and will be laid up for several days.

Found.—A bundle of clothing has been found near Pioneer Square and taken to the City Hall, where the owner can obtain it. It contains a quantity of children's clothes, evidently wrapped up for the washwoman.

Death.—Last evening a little son of John Y. Smith, of the Third Ward, died of cholera infantum. The funeral services will be held to-morrow afternoon at 2 o'clock, from the home of the mother, Mrs. J. Y. Smith, at 10th and 1st streets. The mother is now undergoing imprisonment in the penitentiary for having refused to conform to the Edmunds law.

Water in the 21st Ward.—Mr. Wm. Crankies, who resides on the dry bench on 1st Street between Sixth and Seventh Streets—in the Twenty-first ward, feels highly gratified at having obtained a good well of excellent drinking water. The well is only 26 feet deep, and has seven feet of water.

Post Office Discontinued.—Three or four months ago John Dain, postmaster at Thistle, sold his property there to the D. & R. G., and removed the tract of land conveyed being the entire flat in the canon which surrounds the station. No other person, living near the station, and the post office has been discontinued. This is to be regretted, as from 70 to 80 families, scattered along Spanish Fork and Thistle canyons, obtained their mail at the Thistle post office.

Injured by a Runaway.—On Tuesday evening (Aug. 24th), S. A. Hendrick's team, at Richmond, Cache County, ran away, throwing out and terribly bruising his oldest boy, about 12 years of age, breaking his youngest son's arm. Both of the injured boys received attendance and are progressing toward recovery.

Released.—Through an oversight, the item announcing the release of Joseph McMurrin from the Utah Penitentiary did not appear in last evening's News. Brother McMurrin has served a term of six months' imprisonment, less the number of days allowed him for good behavior, and thirty days additional for the fine imposed. He is in good health and of excellent spirits.

Rowdies Arrested.—Last night a crowd of nine drunken individuals who gave their names as Charles Baker, William Davis, George Hines, John Baker, James Boston and Wm. Carter, went to Dinwoodey's restaurant and obtained meals. When they had finished they refused to pay for what they had eaten, and attempted to leave. They were intercepted there and a row followed. Dinwoodey was thrown about, and broken, glass smashed and other damage done, and the waiter was so severely handled that he was unable to attend to his work this morning. The whole gang was arrested by the police, and will appear before Justice Fryer for their outrageous conduct.

The Special Delivery.—The Postmaster-General has taken an important step in his late order designating all the post-offices in the United States and Territories as special delivery offices, beginning with October 1. On and after that date every postmaster will be held responsible for the immediate delivery of every article of mail deliverable by special delivery. The issuance of this order, and the tenor of the instructions accompanying it, show that the government is determined to make every effort to make the special delivery system a success. It will be interesting to notice what effect, if any, it will have on the local messenger and telegraph services.

Constable Bound Over.—A correspondent writing from Rock Springs, August 26th says:

A Coroner's inquest was held on Tuesday night, over the body of Thos. Hassey who was shot by Constable George Pickering. The result of the investigation was to the effect that the constable was justified in shooting Hassey, but yesterday (Wednesday) an examination was held before John Ludvigson, Justice of the Peace, who placed the constable under \$1,000 bonds, to await the action of the grand jury. The grand jury will meet on Thursday, and it is expected that John Treasure, who was accepted as his bondsman, will be accepted as his bondsman.

There are quite a number of different statements about in regard to the shooting of the constable. It is the opinion that the constable was justified in shooting the man, who was armed with a revolver, and who was attempting to escape from the constable's grasp.

The funeral took place yesterday (Wednesday) at the residence of the deceased, in the Rock Springs burying ground.

Looking for Mr. Cannon.—At five o'clock yesterday morning, Aug. 26th, the premises known as Bluff Dale farm, near the Point of the Mountain south, and a short distance from Draper, were visited by U. S. deputy marshals, James M. Cannon and Angus M. Cannon, who are looking for the place, but an old gentleman named Hatt is the lessee and occupant. The officers made a thorough search of the house.

At one stage of the proceedings young Albert Hatt was about to leave the dwelling and go toward the barn, for the purpose of attending to the animals it contained, when he was peremptorily ordered to stop and not leave, the officers who thus addressed him accompanying his command by pointing a pistol at the young man.

The marshals, however, stated that they were looking for Mr. Cannon, but did not designate which gentleman bearing that name was the special object of their solicitude.

A Sad End.—On Sunday last, Aug. 22, a young man named George Kinney died in jail in Butte, Montana. He had been arrested on the charge of being a vagrant. After his death bank checks amounting to nearly \$1,000 were found on his person. The money had probably been sent him by his relatives. At the autopsy it was found that the cause of death was congestion of the lungs. Kinney has been a "tramp" for some time, having left a comfortable home at Lafayette, Indiana. It is said that he was a former convict.

He has served a term of imprisonment in the Salt Lake City jail for vagrancy. His family connections are respectable, his brother holding a responsible position in the Second National Bank at Lafayette. His father died a little over a year ago, leaving an estate valued at \$20,000. The deceased, after leaving home, became dissipated and finally sank to the pitiable condition in which death overtook him.

An Indian Boy Run Over.—Last Monday afternoon at eight o'clock, a boy named John, of the 18th Ward, was struck by a block from the station platform, a little Indian boy, to mount one of the cars. The train was making fair speed, and accidentally the lad slipped and fell to the ground with his right leg heavily bruised, and the leg was fractured so badly that the leg joint was broken. The boy was taken to the hospital, where he is now lying, and the leg is being treated by a specialist.

The boy's father, who is a native of the South, and who is a native of the South, is now lying in the hospital, and the leg is being treated by a specialist.

Released and Appointments.—Elder James Quayle is released from the Liverpool, and appointed to labor in the Norwich conference. Elder Joseph Dean is released from the Bristol, and appointed to labor in the Manchester conference. Elder William Price is appointed to succeed Elder Sleight in the Presidency of the Manchester conference.

Tough Horses.—We believe that the toughest horses raised in the world are being raised in Utah. Wednesday a young man rode a two-year-old colt from Corrales to this city, then back to Farmington, then back to this city, and from here to Mill Creek. Our informant saw the horse and rider at about nine o'clock that evening, when nearly at their journey's end. The animal was galloping along quite cheerfully, although he had carried his rider something over 100 miles that day; that is, assuming the latter's statement of his day's travels to be true.

Curious Discovery.—The Laraine Boomerang has the following account of the discovery of a natural wonder: W. H. Reed, a well known ranchman of the Laraine plains, is the discoverer of a natural curiosity, which has been thoroughly explored by this time, though not yet reported upon.
