

DESERT EVENING NEWS

FIFTIETH ANNIVERSARY EDITION.

ON June 15th, 1900, the "News" will celebrate its Fiftieth Anniversary. Saturday, June 16th, will be the opening of its 51st year, and on that date the paper will issue a specially enlarged and attractive edition in commemoration of the occasion.

The main feature of the edition will be an eight-page supplement, printed on fine paper, with numerous half-tone illustrations, depicting the growth and progress of our City, State and Nation during the fifty years past. A special feature will be a fine double-page view of Salt Lake City in 1900, with an accompanying view of the City as it looked in 1850.

In addition to other attractive contributions, the issue will contain an article on the "Growth of the Church in Fifty Years," by B. H. Roberts; "The Progress of the University in Fifty Years," by Prof. Joseph T. Kingsbury; "Growth of Our Sunday Schools in Fifty Years," by George Reynolds; "Fiftieth Anniversary of the Opening of the Scandinavian Mission," by J. M. Sjodahl; "A Brief History of Utah Journalism," "Development of Salt Lake in Fifty Years," "Growth of Utah in Fifty Years," and many other timely articles by members of the "News" staff.

Another interesting feature of the issue will be the presentation to each subscriber of the daily, Saturday and Semi-Weekly "News" of a fac-simile of the first number of the paper issued—an exact reproduction of the "Deseret News" as it came from the primitive press brought over by the Pioneers, and printed June 15th, 1850.

This edition will have a widespread circulation, not only in the West, but throughout the nation, the "News" having arranged to circulate several thousand copies, as an advertisement for itself, through the boards of trade, hotels and libraries in all the important cities.

No display advertisements will be accepted for the illustrated supplement, but space will be reserved for a limited number of reading notices of business houses.

News-dealers and others desiring extra copies are requested to place their orders immediately, as a second edition will not be printed.

LOCAL BRIEFS.

N. A. Dunyon is making some changes in his residence on H street, which will cost \$2,500. Rabbi Lawstein will officiate tonight at the temple held at the city on 3 p. m. at 8 o'clock.

W. H. Reimann, now of Tacoma, has sold his home on Seventh East street to Mary A. Legg for \$47,000. St. Mary's academy closes its school year with exercises on Tuesday and Wednesday next.

The Home Investment Company has purchased from John Burton 165x175 feet of ground on Sixth and Third West streets. The lot is to be used as a site for a warehouse.

The agent of the "News" at Fillmore says he does not wish to have his town left out of the record. The Salt Lake papers received there are as follows: Tribunes 13, Herald 15, "News" 53.

The relief society corps of women will meet at the home of Mrs. N. A. Empey, No. 150 east Temple street Saturday afternoon at 2 o'clock, for the purpose of discussing matters of prime importance to the nurses.

At the First Methodist church this evening the Epworth league will entertain all the young people's associations of the various churches attending. A very fine program has been prepared.

John Sheriff, the contractor and builder who so mysteriously absented himself from his home over a week ago, causing his family great anxiety, returned Wednesday night, and saying that he has been in Idaho on mining business.

NINETY THOUSAND HAS BEEN PAID IN

Meeting of the Scofield General Relief Committee.

PLAN FOR DISBURSING IT.

One-Sixth to be Paid over as Soon as Possible—Total Amount Subscribed is Over \$115,000.

The general relief committee has decided to distribute the fund among the Scofield sufferers in a lump sum, rather than follow any person plan, one sixth of the total due each person to be paid over without delay.

This was the decision reached at the meeting yesterday afternoon, the recommendation of the sub-committee, as published in the "News" last evening, being adopted by unanimous vote. A partial distribution of the funds will be made as soon as possible, and the whole sum will be paid over as soon after collections are completed as possible.

The sub-committee appointed to ascertain the exact amount of money ready paid in reported the funds in hand as follows: J. T. Hammond chairman, \$18,929.94; Provo citizens' committee, \$4,921.50; A. L. Thomas, treasurer, \$20,000.00; W. G. Sharp, trustee, \$36,000.00; Herald Relief fund, paid or still due, \$5,000.00; Salt Lake ladies committee, \$3,000.00; Miscellaneous, \$3,000.00.

Total \$115,000 SUBSCRIBED. The report of the sub-committee follows: A careful scrutiny of the published subscriptions from all sources discloses the fact that a great many contributions of food and provisions have been credited to the total fund at their cash value, so that the aggregate of donations in money and supplies reached a value of about \$115,000. The difference between the total and the cash in hand is largely represented by relief supplies already distributed or still in warehouse at Scofield.

It would appear also that some small sums are still in the hands of committees outside of Salt Lake City, and your committee asks authority to correspond with all the various committees which have collected relief funds for the purpose of securing exact data as to the amount of cash collected from all sources and the disposition made of such funds, and request the immediate remittance of all funds on the Deseret National bank of all funds on hand.

This committee would also recommend that each separate committee be immediately advised of the statement collected, with the names of all contributors; these statements to be filed with the chairman of this committee to be made a part of his final report, of which is respectfully submitted.

After adopting the report, the committee adjourned subject to call.

THE FINE ROAD FLIES THE TRACK

Absolves Itself From Obligation to Passenger Agreement.

WANTED EXCESS FARE RULE

Applied to East-bound Trains Between Chicago and New York and Was Turned Down.

The Erie R. R. Co., through its general passenger agent, D. E. Roberts, has given formal notice that because of violations of the joint passenger agreement by other lines it considers itself absolved from observance of the compact. This trouble has been brewing for some time, and it reached the critical stage at the recent meeting of the joint passenger committee in New York.

At that meeting the Erie and other differential lines demanded that the excess fare rule which is applied to west-bound trains in trunk line territory also be applied to east-bound trains running between Chicago and New York, but the demand was objected to by the general passenger agents of the Western connections of the trunk line roads.

This rule directs that an excess fare at the rate of \$1 an hour be charged on all trains making the run from New York to Chicago in less than 22 hours. Among railroad men the opinion is expressed that passenger rates are becoming so demoralized that no hope for a readjustment could be entertained before the end of the summer tourist season.

Huntington's Increasing Interest. Information has been received at Southern Pacific headquarters at San Francisco that H. E. Huntington has been made first vice-president of the company, taking the place of Searles' successor, General Thomas H. Hubbard.

H. E. Huntington's former position as second vice-president has been given to Charles H. Tweed, a New York director of the company, and its general counsel. These changes follow the closing of an option on the Searles stock by C. P. Huntington and the banking firm of Speyer & Co. and Kuhn, Loeb & Co.

By the purchase of the Searles, or more properly speaking, the Hopkins-Searles stock, Collis P. Huntington accepted the control of the Central and Southern Pacific combination. The price paid is not known, but is estimated at over \$5,000,000. By the purchase of 280,000 shares of stock, Huntington is said to himself hold 1,200,000 shares of a total of 2,900,000.

Some six hundred thousand shares are now held by the former stockholders of the Central Pacific. The remaining shares, about 90,000, are in various hands.

Building New Towns. New towns are to spring up along the big railroad lines in the West. They will give a new aspect to the maps. Six of the largest lines in the West, with a combined capital of many tens of millions of dollars, are now organizing, selling land, platting parks and building residences.

SATURDAY'S "NEWS."

Saturday's "News" will be a literary gem. It will be a thirty-two page paper, issued in commemoration of the "News" fiftieth anniversary, eight pages being an illustrated supplement printed on fine paper, showing the Salt Lake of fifty years ago, and the Salt Lake of today. Artist J. W. Clawson has drawn the engraving of "Utah" for the front page, using the face of a well known Utah girl for his subject.

B. H. Roberts contributes an article on the growth of the Church in fifty years, and the number will be crammed full of other information, showing the progress in our city, State and nation in the past half century. A striking feature will also be the presentation with the paper of a fac-simile reproduction of the first number of the "News," bearing date of June 15, 1850.

Every subscriber of both the daily and Semi-Weekly News will receive a copy of the fac-simile, and nearly 20,000 have been struck off to supply the demand.

SALT LAKE TEMPLE. The Salt Lake Temple will close for vacation on Friday, June 29th, and reopen on Monday, August 6, 1900. LORENZO SNOW, President.

A Good Cough Remedy. It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for ordinary coughs and colds and for the cough following the grippe, and find it very efficacious."

Kelzig Broken Buttercups. Columbia University. Examinations for admission to the several schools of Columbia University, in the City of New York, including Columbia College, Barnard College, Teachers' College and the School of Mines, Chemistry, Engineering and Architecture, will be held at the Salt Lake Collegiate Institute, beginning Monday June 15th, at 9:30 a. m.
