The Yacht Race.

CHICAGO, 26.—Fifteen thousand people assembled this morning to witness the start of the race between the yacht *Ira*, owned by the American consul at Toronto, and the yacht *Frolic*, owned by Capt. Prindeville, of Chicago. Terms of the race were that unless the distance of thirty miles was accomplished inside of six hours, there was no race. The race was run with two turns about the stake boat, being seven and a half miles from the start. The stake was $2,000 a side; the winner of two out of three trials to take the money. The race was remarkably close and exciting to the finish, which was made at 3:59:50, the *Frolic* coming in about four minutes ahead of her competitor.

Campaign Address.

INDIANAPOLIS, 26.—Hon. Geo. W. Julien delivered a lengthy and eloquent address to a large audience at the Opera House to-night, on the political question of the day, in behalf of Tilden and Hendricks.

Another Rider Behind Time.

OMAHA, 26.—J. P. Smith, the California horseback rider, failed this afternoon in an attempt to ride fifty miles in two hours, using ten horses. He rode twenty-eight miles, and though only about ten minutes behind time, gave it up.

Heavy Failure.

BUFFALO, 26.—B. Dulitch, the most extensive boot and shoe manufacturer in this city, has made an assignment to R. Hoffeld for the benefit of his creditors; liabilities $200,000, assets $50,000 to $75,000.

Rowing Race.

NEWBURY, N. Y., 26.—In the rowing races here, to-day, John McKell defeated Ellis Ward by three lengths in a three mile contest for seventeen foot working boats; time 26 minutes 13 seconds. The double scull race was won by McKell and Alfred Machler by one length, defeating Ellis Ward and Denis Gilmartin, and Dan and Gil Ward; time 24 minutes.

The Four-oared Shell Race.

PHILADELPHIA, 26.—All the crews for the four-oared shell race are now here with their boats. Henry Smith, of the northwestern crew, is sick, and does not think he can row. James Jerome will most likely take his place.

Decision Rendered in a Utah Mining Case.

WASHINGTON, 26.—The acting Secretary of the Interior rendered a decision to-day in the case of the City Rock *vs.* King of the West mines, in Utah, allowing the claimants of the King of the West to make an entry of their mine upon compliance with the law. This decision modifies the decision of Secretary Delano, made April 25th, 1875, who rejected their application for patent on the ground that no proof had been submitted to show that proper notice was posted upon the claim. The last decision permits them to comply with the law in this respect and make their claim.

Secretary Merrill and the Four and a Half per Cent. Loan.

The greatest difficulty the Secretary of the Treasury had to contend with and which caused his conferences about the new four and a half per cent. loan with representatives of the large banking houses to be so protected was, that he could not get them to harmonize among themselves. Foreign bankers wanted to monopolize the whole loan, and signified at first that they wanted all or none, to which effect they cabled here, and a regular series of communications continued, which consumed much time. Secretary Morrill, however, felt that he ought not to allow the whole of so important a loan to be taken entirely by foreign capitalists, and thought those of this country ought to be considered, so far as they possessed the ability and disposition to handle it, hence he applied himself to organizing the individuals in treaty with him in to an American and a European syndicate, both to operate in accord with one another. He could not, in the discretion given him by Congress, consent to the loan being monopolized in Europe. He feels, therefore, highly gratified at the result, remembering that when he came here in 1861, our national obligations went begging below par, and we were paying at the rate of twelve per cent. interest, while now a bond at so low interest compared with what had been paid before, is sought eagerly, and a struggle made to take it all up at once. The negotiation of the four per cent. has not received any positive attention yet, but Secretary Morrill thinks there would be no difficulty, if deemed advisable, to place the whole amount of the four per cent. authorized by the act of July 14th, 1870 The Secretary will leave here for Maine on Monday, being advertized to make a few campaign speeches there.

The Army of Tennessee.

The tenth annual meeting of the army of Tennessee will be held here on the eighteenth and nineteenth of October. The statue of General McPherson will be then unveiled with imposing ceremonies. Senator Logan, who succeeded Gen. McPherson in command on the day of his death, will deliver the oration.

Recruits for the Indian War.

NEW YORK, 26.—A detachment of one hundred recruits starts tomorrow for Cheyenne *via* the Pennsylvania, Toledo, Peoria and Wabash Railway. The troops will be rushed through on fast time.

The Moulton-Beecher Suit.

The counsel of Henry Ward Beecher, in the suit for alleged malicious prosecution brought by Francis D. Moulton, have served upon the latter's counsel notice of application for a change of venue on the ground that the selection of an impartial jury in Brooklyn is impossible, because of the great divisions in public opinion among those from whom the jury would have to be selected.

A Scoundrel Shot Dead.

AUGUSTA, Ga., 26.—The negro Robert Williams, who, in attempting a gross outrage upon Mrs. Ann Bridges, near Augusta on Thursday, inflicted injuries from which she may die, was taken from the jail to-night by a party of men and shot dead.

GERMANY.

Specie Decrease.

BERLIN, 26.—Specie in the Imperial Bank of Germany decreased £11,000 marks the past week.

AUSTRIA.

The Sultan's Recovery Doubtful.

VIENNA, 26.—The *Political Correspondence* reports that the chances of the Sultan's recovery diminish daily. The ministers are seriously considering the question of the approaching change in the succession. The eventual successor Abdul Hamid, has put himself evidently in communication with the powers, notably Austria, for the purpose of preparing the way for a general understanding on the pending questions. All the powers have favorably received this step.

SPAIN.

Conspiracy Discovered.

PAMPELUNA, 26.—The reported discovery of a conspiracy is confirmed. Two sergeants of the Spanish army were found guilty of high treason and immediately shot. Some disturbances occurred at San Sebastian, but were at once repressed.

DALMATIA.

A Battle Imminent.

RAGUSA, 26.—A battle is imminent near Godgaritza. Dervish Pasha has taken command of the troops in Albania. It is stated that the Miriditès, a powerful tribe of Roman Catholic Albanians, will remain neutral.

Last Night's Dispatches.

EASTERN.

Coast Survey.

WASHINGTON, 27.—It was contemplated by the Secretary of the Navy to fit out the sailing vessel *Portsmouth*, at present the training ship at Mare Island, Cala., navy yard, for the purpose of making a running survey of the coast of Guatemala, but on examination of the vessel, it has been found that the cost of repairing her would be greater than was at first estimated, and, therefore, the idea of sending a vessel to that coast has been abandoned for the present. Constant efforts have been made within the past three or four years to obtain an appropriation of $150,000 for the construction of two schooners and one small steamer, similar to those used on the coast survey, for the purpose of surveying on the Pacific Ocean, and, at the same time, to look after American interest in those waters. Much good has been accomplished by surveying and taking soundings in the Pacific; but the necessity for two or three smaller vessels has been seriously felt, and should Congress make an appropriation for their construction, they could be kept in service at comparatively small cost, and render valuable aid to our commerce on the Pacific.

Strange But True.

It is mentioned as a sad coincidence that the journey of Hon. T. W. Ferry, President of the Senate, to Washington last Fall, just previous to the opening of the session, was to attend the obsequies of Vice-President Wilson, presiding officer of the Senate, and his journey home at the close of the session was with the remains of Mr. Kerr, presiding officer of the House. The action of Ferry, in delaying his departure from Washington when he received the intelligence of the death of Speaker Kerr, in order that he might pay a tribute of respect to the dead statesman, and accompanying his remains to their final resting place, is spoken of as appropriate, and the friends of the deceased express their approbation of the thoughtful courtesy of the presiding officer of the Senate.

Tour of Inspection.

Secretary Cameron will return here this week, and will leave again early in September in company with General Sherman, for a tour of inspection of the Fort Leavenworth military prison and various military posts in the west.

Swiss-American Celebration.

PHILADELPHIA, 27.—The great celebration of the Swiss in America began in the Judges' Hall, Centennial grounds, yesterday, Gen. John A. Sutter, of California, presiding. The exercises consisted of instrumental and vocal music. An oration was delivered by Capt. John R. Mileman, of Baltimore, which was replied to by Senator Howe, of Wisconsin. In the evening the delegates proceeded to Schitzer Park, Falls of Schuylkill, where a banquet was given. On Sunday the celebration was continued at Schitzer Park, where an interesting programme was given.

Roughs at a Camp Meeting.

WHEELING, Va., 27.—From five to seven thousand persons attended the Wendsville,' West Virginia, camp meeting to-day. The largest assemblage for many years.

A party of roughs at a camp meeting at Burr's Mills, Ohio, broke open the temporary prison for the incarceration of unruly characters, and liberated all the inmates.

Swimming Match.

ST. LOUIS, 27.—Another swimming match took place this afternoon between Frank Price and Wm. Sutliffe for $500 a side and the championship of Missouri. The contestants entered the water at Madison, fifteen miles above the city, at 3:30 and swam to the bridge; the former winning by eight minutes; time 2:33. Sutliffe got into back water at the start and had some difficulty in getting out of it. Price, however, obtained no perceptible advantage; again, seven miles below the starting point, Sutliffe, who appeared to have a difficulty in finding and keeping the channel, got into shallow water, impeding his progress, his adversary obtaining the lead by three or four hundred yards, which he kept to the finish. Sutliffe's friends, notwithstanding his second defeat, say they will back him to any amount against any one in still water.

Fatal Accident—Shot Dead.

At the republican meeting at Raymond, Montgomery county, Kansas, on Friday, a keg of powder accidentally exploded while firing a salute. John Bause was killed and Joseph Dawson, James Sharp and Sylvester Kesslinger mortally wounded.

The same day Mrs. Issenden and Mrs. Wright were thrown out of a buggy while riding in Lanisberg, Kansas, and killed.

Two brothers, named Denham, resisted arrest by a constable yesterday at Denver, Cook county. The constable then procured a posse to help him, but they still resisted, and were shot dead.

FOREIGN.

FRANCE.

Grand Banquet.

PARIS, 27.—A banquet was given, to-day, by the independent delegates representing the workingmen who returned from Philadelphia. Letters from Victor Hugo and Louis Blanc were read, and resolutions adopted tendering thanks to their friends in America for the cordial reception given the delegation.

GREAT BRITAIN.

Fighting Still Continues.

LONDON, 27.—The *Standard's* Belgrade dispatch says that while Prince Milan is showing his good sense in trying to negotiate for peace, Russian officers continue to arrive in great numbers, and Gen Tchernayeff, by repeated attacks upon the Turkish lines, is doing his best to make negotiations abortive. The Porte has declined to listen to any proposals until Alexinatz is surrendered, consequently fighting still continues.

GOVERNMENT AND TAXES.—We have the most extravagant and expensive government on earth, in proportion to what there is to govern, and pay the bills, and this very extravagance (and consequent high taxes) is one of the things that bears so heavily upon trade, and crushes it to the earth. Aside from the interest on the public debt and the pension list, which are legitimate results of the war, and in no sense extravagant—aside from these I say compare the expenses of the government in 1870 with the expenses in 1875. Taxation has increased two hundred per cent., population forty per cent., and wealth not at all. I don't believe the country, taken as a whole, North, South, East and West, is worth much more than in 1860, the census returns of 1870 to the contrary notwithstanding. The returns of 1880 will tell a different story. We will be well on the road to hard pan by that time, and the aggregate of wealth returned will be less than that of 1870. It will take much more than the labor and production of the intervening ten years to make up the losses and reckless extravagances of the war and paper money period.—*Cincinnati Commercial.*
