**IMPORTANT TO THE TRAVELER.**

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating, that the **CHICAGO & NORTH-WESTERN RAILWAY** is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been relaid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the **Lake Shore & Michigan Southern**, **Michigan Central**, **Baltimore & Ohio**, **Pittsburgh, Fort Wayne & Chicago**, **Kankakee** line and **Pan Handle** routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Pioneer Route.

The **Chicago and North-Western**. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Dining and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal application to the Ticket Agent, **W. H. ### EVENING NEWS.

Tuesday, January 18, 1878.

#### Local and Other Matters.

**Thermometer** 35 degrees F. in the shade at 1 p.m. to-day. Cloudy.

**Stormy.**—For a short time it snowed furiously yesterday afternoon, but this morning there was only an inch or two of snow.

**Train Late.**—The Central Pacific train for Ogden was announced as being five hours late to-day. The U. C., however, did not intend to wait for it.

**Disturbing the Peace.**—For putting himself outside of too much strong liquor and shooting his pistol off on the streets, S. McMillan was arrested last night, and was to have an interview with Justice Pyper this afternoon.

**Information Wanted.**—Jens Christen Hansen, of Greenview (P. O. Box 675), Michigan, wishes to know the whereabouts of his aunt, Anne Sophie Christensen, who left Sendal, Sjogren, Hjørring, Denmark, about sixteen years ago.

**Meetings at Cottonwood.**—Two days meetings will be held at South Cottonwood (Bishop Rawlin's) Meeting House, on Saturday and Sunday, Jan. 22nd and 23rd. The 72nd and 73rd Quorums of Seventies will please give their special attendance to the meeting on Saturday at 10 a. m., also the Saints in general.

**JOSEPH YOUNG, H. S. ELDRIDGE, A. P. ROCKWOOD, JOHN YANCOTT, ROBERT CAMPBELL, Clerk.**

**An Excellent Entertainment.**—A concert, for the benefit of the Sunday school, will be held at the Twelfth Ward School-house, on Thursday, January 20th, at 7 p. m. The bill consists of instrumental music, songs, recitations, and dialogues, concluding with a farce, in which Mr. J. C. Graham plays a distinguished part. The price of admission is low, and as the cause is worthy of the occasion, it is hoped a full audience will be there to encourage by material aid.

**Missionary Work.**—To-day we received a letter from Elder B. E. Cummings, dated at Canton, Ill., January 9th, in which he states that the evening previous he baptized Mr. Williams, a merchant of that place, and also his son, a promising lad of fourteen years. He also ordained Mr. Williams an Elder, and set him apart to the labor of building up a branch in that locality. There are several others who will probably be baptized shortly.

**Male Stealing.**—About three o'clock this morning deputy sheriff N. V. Jones was on the lookout for thieves. It occurred about that time that he met a man on the southern outskirts of town, on the State Road, with a span of mules with the harness on, and arrested him, on suspicion of having stolen the animals. While the officer was putting the mules into Wick's stable his prisoner took "French leave" and escaped. Mr. Jones pursued and finally captured him about three miles south of the city, at Howard's liquor store. As he was preparing to start with him the fellow made another break and got away a second time, and again did Mr. Jones pursue and capture him, and finally got him to town and lodged him in the City Jail, where he now lies.

To-day the mules were claimed by a gentleman who lives at Bountiful, from whom they were stolen.

**Fire-Incendiarism.**—Shortly before one o'clock this morning, flames were observed burning through the roof of a two-story frame building, next south to the Salt Lake and feedstables, Commercial Street. The members of the Fire Brigade, with apparatus, were on the spot as soon after the alarm as possible, and did splendid service. The flames communicated to the building adjoining south, also a two-story frame, the boot and shoe factory of Mr. William J. Hooper. Luckily willing hands were piled in removing Mr. Hooper's goods to a place of safety, but little damage; both buildings, however, were destroyed, excepting the mere outside shell.

The firemen worked well and bravely, and but for their efforts a heavy conflagration in that part of the city would have been the result.

The building in which the flames broke out was the property of Mr. James Gordon, and had been vacant for several months, leaving but little doubt that the fire was incendiary. The other building was hooped jointly to Messrs. W. J. Hooper and to Mr. Hawkins, the blacksmith, the same whose premises were burned in the late conflagration below the White House.

Mr. Hooper being the heavier loser, having a two-thirds interest. The building of Mr. Gordon was worth about \$2,000, and that of Messrs. Hooper and Hawkins the same, making the total loss somewhere between \$3,000 and \$5,000.

The fire below the White House also started in a vacant building.

University of Deseret.—At a meeting of the Board of Regents of this institution, held last evening, in the University building, the President, Dr. Park, in reporting the condition of the department of instruction, stated that the enrollment for the present term was 167 students.

In alluding to the Library he said that from the time of its inauguration, on the 19th of Oct., 1874, to the end of the same ac-

demical year, in June following, 1687 volumes had been given out, and from the beginning of the present academic year, Aug. 23, 1875, to the present time 2756 volumes had been given out, making an aggregate for twelve months, during the seasons of the institution, of 4443.

This enumeration does not include the patronage of the periodicals, magazines and newspapers, of which no record was kept. This certainly is an encouraging report, and indicates a literary status which hardly compares with the notions of some persons about the illiteracy of this community.

The library contains nearly 2,500 standard and miscellaneous books, of the best character, besides its tables are covered with such publications as the *Popular Science Monthly*, *Scribner's Monthly*, the *Eclectic*, *Harper's Magazine*, *Harper's and Leslie's Illustrated*, the *Pharmaceutical Journal*, the *New York Tribune* and *Sun*, the *San Francisco Chronicle* and *Sacramento Record-Union*, besides many other publications, and many others of less notoriety. The library is open every evening, from six till ten, and is a very pleasant and comfortable retreat for intellectual diversion and improvement.

The present term of the University classes will close to-morrow, and the next day (Thursday) a new term will begin.

We omitted to mention the extent of the influence of the University library, which is by no means confined to this city; people in the settlements, all the way from Bear Lake in the north to St. George in the south, taking advantage of the facilities it affords for the acquisition of information.

**Lost.**—There was lost yesterday, somewhere between this city and Halfway House, or Toledo Mills, Tooele County, a parcel containing needle work, mostly materials for white shirts and ladies' dresses. The finder will be rewarded on leaving the same with W. S. Brown, at the address above mentioned, or at the residence of Bishop L. D. Young in this city.

**Breaking the Sabbath.**—We are informed there were from four hundred to five hundred skaters on the Warm Springs Lake on Sunday last. The lake is within the limits of the corporation, but we understand the city authorities have changed their intention with regard to prosecuting the parties who thus broke the Sabbath law, but will probably act if the ordinance continues to be in this way infringed in future.

#### THE LEGISLATIVE ASSEMBLY.

**COUNCIL.**

Council met yesterday afternoon, Jan. 17, at 2 o'clock.

The following communication from the House was received and read:

"Gentlemen:—The House has passed the following concurrent resolution, presented by Mr. John Taylor:

"Be it resolved, (the Council concurring) that the Public Printer be directed to print five hundred (500) copies of the journals of the Legislative Assembly for the use thereof referred to the Committee on Printing."

Councilor E. Snow presented a petition, signed by B. B. Johnson and 209 others, citizens of Kane County, asking that the County of Kane be divided by a line running North and South from the Hot Springs, making Kanab the County seat of the Eastern portion; referred to the Committee on Councilor E. Snow presented a petition, signed by James Lewis and 43 others, citizens of Kane County, asking an appropriation of ten thousand dollars, (\$10,000), to enable them to carry on the business of the Centennial Exposition, with which they are entrusted, in a manner creditable to the Territory; referred to the Centennial Commission.

Councilor Harrington presented the following, which was read: "Mr. President and members of the Council:

"Gentlemen:—The Committee on Judiciary of the two Houses, having under consideration a code of criminal procedure, have adopted the following title of the Penal Code of Utah: and ask for the same to be designated in the future proceedings of the Council and Council consented.

Councilor Harrington, according to previous notice, presented the first six titles of (U. T. T. The Penal Code of Utah; and asked leave to present three additional titles. Granted.

Titles 7, 8, 9, 10, 11, and 12 of a whole code being saved, with but little damage; both buildings, however, were destroyed, excepting the mere outside shell.

The firemen worked well and bravely, and but for their efforts a heavy conflagration in that part of the city would have been the result.

The building in which the flames broke out was the property of Mr. James Gordon, and had been vacant for several months, leaving but little doubt that the fire was incendiary. ### DEATH FROM TIGHT LACING.

There has just died in Pindlow Mrs. Keela Wheeler, an old lady at the age of seventy-seven, on whom an inquest has been held. Mrs. Wheeler was found dead in her bedroom on Sunday morning last, dressed in a corset and with her Bible in her hand, having apparently expired suddenly. The surgeon said that death had resulted from the bursting of an aneurism, and the post-mortem examination revealed terrible evidences of tight lacing on the part of the deceased, who had been a victim of the fashion for years.

In fact, one of the old lady's ribs had been pressed against the internal organs, and had kept them constantly at half action, as it were, until apparently an aneurism was produced, by the sudden rupture of which she died. Mrs. Wheeler must have been an exceptionally healthy woman to have thus lived in spite of the corset which imprisoned her organs, and with her development; had she not laced, she would doubtless have been a centenarian.
