Of the Facts of Nature if They Are Trained to Observe.

THE FIGURES AND FACTS.

Mean Little to Children and Other People-Illustrations and Things Seen Are Decidedly Better.

children who live on a farm should receive different lessons from those who live in cities, said a pupil in the pature study work at the U. of U. yes.

Farm work could not be studied, the professor observed, in the heart of Chicago where none of the children up to the sixth grade have yet seen a tree in all its cycles of growth, flowering, and fruithearing. Here we have greater opportunities.

THE STUDY OF THINGS.

soon as possible we should break As soon as pooks and study things; sway from books and study things; sway the things we study should be sad the things we study should be sad the things which the en-The gives us. In cities, the infarm life should supply the The interest of determined mainly by the ng the topic of last lesson, the is always of interest to that the weather governs th pation of many people and af-that of all. In our latitude s, carpenters, glaziers, etc., work because we have a cold winter tropics the labors of build-ot extensive. The children not extensive. he cause of this difference, it first they may discover ly If the child finally discovers al relation; and this discovery more valuable than many facts, it will teach the child how to be a eer, an explorer, and one where causes. It is true that the er could tell the student this fact nute, and it may cost the pupil g course of observation to di it; hence some have considered work a slow process, and have ferred to tell the child certain being trained to observe. Rememthat we generally see what we are oking for and nothing else.

VALUE OF SEEING.

Figures and facts stated mean very that our average rainfall in Jenu-is 1.41 inch; February, 1.28, March. April, 2.21, etc., that does not say thing to the child. But here is a oden contrivance (showing it), made the children, which shows the best of rainfall for each month by and of small solid blocks. This is mean something. So here is a ful device, a circle on a cardboard, h one color to show the length of day, another color the length of night; another color shows cloud; pasted on the circle shows the dition of the wind. A small white le shows frost; another, darker, leates dew, etc. One of the larger les so marked is made for each day. phases of the moon being pasted hear the corner. The grades that can rad the thermometer and barometer. dd these readings to this diagram. Drawings are made to show the length of the boon shadow of the shadow. stick for each month.

## A LAND OF SUNSHINE.

Ours is a land of sunshine. The child should begin to observe what the sun loss for us. Put a geranium leaf into glass containing colored water and ice it in the sunshine. The color on goes into the leaf, but will not o so in the dark. Sunshine is money o the lucern raiser and the beet grow-We have to irrigate, but do lose the work of vegetation during the periods of clouds and rain that the most countries have. The recent cool weather means the loss of tens of thousands of dollars to our farmers. butanist estimates that the change of one degree in the average tempero ture of a place would make a tre-mendous difference in the amount, and even in the kind of its vegetable pro-ducts. The wheat on the school farm nder has slood almost still, without growth, for several weeks, because of unusual cool and cloudy weather; but it is now making rapid progress.

#### ... PROTECT PROPRIETARY MEDI-CINES.

Did ever occur to you that promrietary medicines are a blessing to man-kind generally? The good ones have long continued sale; the poor ones have short life and soon leave the

## STRIKERS ARE

Twenty-six Ring Leaders Arrested By Sheriff Emery.

WERE WARNED TO STAY AWAY.

Few Who Remain At Garfield Will Have To Be Good Or Leave The Place.

There is a scarcity of Greeks out at the Garfield smelters today and unless

Sheriff Emery and his deputies Gitze went on the rampage last night | ment yesterday afternoon and besides placing under arrest 25 of the ringwho were responsible for acts of intimidation resorted to yesterday morning, st were loaded into a passenger coach and brought into the city last evening where they were allowed to go their way after being warned never to return to Garfield again. The 26 placed under arrest were lodged in the county jail. Of this number 22 were brought the city in a box car late yesterday afternoon in charge of armed deputies from the sheriff's office. Some of the men were in Irons. The remaining three reached the city under escort on the regular Sait Lake Boute passenger from the Tiotic mining district which arrived shortly after 6 o'clock. Among the lot are a good many desperate characters and some of them are known to have criminal records.

SHERIFF WAS PROMPT.

Had it not been for the timely arrival of Sheriff Emery and his deputies res-erday it is not unlikely that there would have been riot and bloodshed. The men had become ugly and with stones, sticks and other weapons at their command they went through the works threatening to kill anyone who

Until the officers arrived, armed with K ag rifles borrowed from the prmory of the Utah militia, by permission from Brig. Gen. Raymond C. Naylor, The second week of the month was a | the rioters had things about their own the second week in the marriage il-ense department of the county clerk's county flex's below the first should be seen the second way, although much credit is due to be buy sheriff Reld and the few men the had with bim, in keeping the men reached camp with his 35 or more departies on the noon train, there was a themselves to their tents, others took to the hills, a few sought the marshes nlong the shores of the great Salt Lake for a hiding place. But within 30 minutes after the arrival of the sheriff and his men, that officer had the situation in hand. Every tent was searched and a general round-up of the foreigners was participated in. ASSISTED OFFICERS.

Leon Sklirs, the Greek labor agent. assistance possible, at the same time he gave his countrymen warning that no infringement of the laws would be tolerated, and advised those who were not in any way connected with the acts of lawlessness that had been parts. was on hand and gave the officers every trated to go back to work, calling ettention to the fact that the wages they were getting from the Garffeld Smelting upany were at least 25 cents a higher than is paid by other smelling oncerns in the Salt Lake valley. concerns in the Salt Lake valley.

One of the most desperate of the prisoners brought in to the city jail was Harry Yianatsells. He was captured late in the afternoon while trying to evade the officers, while two others, almost as bad, were caught while 'hiking' it over the hills in the vicinity of the Utah Concerns and J. Kolotours, he Utah Copper company's new con

THE MEN ARRESTED. The other men arrested and who wer aight to the city in the boxcar were Pete Ellas, Nick Scarga, James Coppus. Gana Doolovich, Gust Koratzas, Nick Salas, William Salas, Nick Jalanus, Sam Gilnis, George Speithas, Theras lianaterpulos, Christ Campesses, Job Mamaies, Thomas Sotathakos, B. Kap ancha, Nick Saros, John Gaffal, Nick Jarsolvas, Speros Dessoras Gust Bramgas, James Begas and George Rhodes. Mr. Sklirls says the men had no cause complain, but attributes the disturb-nce to the agitators who have been ceding discoutent among the men for me time, and added: "The men have d been hadly treated. They are reiving firstclass pay and if the great ajority had followed their own in tinations instead of listening to the

it work instead of driven away from Sheriff Emery received the congratuations of the smelter management for the manner in which he handled the

## EVERYBODY SING.

Well Founded Cause for Complaint On Account of Public Indifference,

This is the season of the year for patriotic celebrations, Memorial day and Plag day have passed. The Fourth of July and Ploneer day are to come. On these occasions our national patrictle songs such as the 'Flag Without a Stain,' "America," "The Star Spangled Banner," "Columbia the Gem of the Ocean," and the Battlehymn of the Republic," are sung, and the audiences are requested to ign in the shoring are requested to join in the singing.
It is painful to note how comparatively few are sufficiently familiar with the words of these familiar songs to properly join in the singing. Not so with Englishmen. Let "God Save the King" be sung in an audience any where or at any time and every Eog lishman present will join in and lust by sing every word of the song free first to jast. Certainly Americans are not less patriotic than Englishmen. It must be thoughtlessness. But this is inexcusable. Perhaps if you would publish the words of these songs it your paper and call the affection of the good people to them, they migh aste them on their scrap books, con at public singing of them assist in ving a more impressive rendering of than has heretofore been heard

Yours for the old songs and the old MAURICE M. KAIGHN. +++++++++++++++++++++++

## HAS LARGE PLANS PLACED IN JAIL FOR MUDDY VALLEY

President Levi Syphus Talks on Its Prospects Under Irrigation.

RAILROAD MADE A MARKET.

And Now People of Nevada Valley Are Busy Reclaiming Seven Thousand Acres of Rich Land.

President Levi Syphus of the Muddy Valley Irrigation company, who has the few who were permitted to remain | been in Salt Lake for the past week. there settle down and be good, the gives some interesting details of the Drunken Italian With Gun Put Up a chances are that they will lose their new Nevada farming section, which is soon to play an important part in furnishing the Salt Lake market, and in A drunken Italian named Salvadore | cleaned up the camp of the Greek ele- | fact the market of the intermountain country, with fruits and early vegetables, "Early" here has more meaning melee that followed an attempt to ar- leaders of the strike of Thursday and I than one would suppose at first, for Mr. Syphus declares that the crops of to, be presen that section will be majured six weeks before the California products, and in fact they will be practically off the market before any other large supply of early stuff reaches this section of the country. The Muddy river valley is only 1,000 feet above sea level, and has the richest of loamy soils.

Mr. Syphus has a great deal of faith in the country, and, unlike most promoters in the west, he isn't a carpetbagger in the section about which be talks. He was born out that way, reared out that way, and comes of a family that belongs to the southwest. His brother, Edward H. Syphus, was the first white child born in the San Pedro country, and he was born in a cubin hastily constructed from longshore wreckage on the beach of the southwest bay, just after his mother and father had landed from Australia. onverts to the Mormon faith.

A CITIZEN OF THE SOUTHWEST. It will be recalled that Brigham Young founded Las Vegas mission as a relay station to San Bernardino, and San Bernardino as a relay station to San Pedro, in seeking an outlet from the Utah mountuin walls to the south-west sea. He expected heavy Immigra- 608 Scott building, 168 Main street. Take tion from European converts landing in ships on the San Pedro shores, and 1857, summoned all believers in Mor-Salt Lake, men arrived in ships and settled at San Bernardino. Among them was Joseph Ridges, who brought from Australia the organ installed in the tabernacle, and also among them was Mr. and Mrs. Luke Syphus, father d Levi Syphus, who is now working a hard for the reclamation of the Muddy yalley section. The elder Syphus was a partner with Ridges, in the lumber business, and helped him to saw the wood which went into the famous tabmnole organi.

When the move to Utah was ordered in 1857, the order that the Mormon people might unitedly meet the army sent into their midst. Mr. Syphus and his family moved over, and afterwards

There were five boys and five girls

still living. They know the west, for once while living in valley, their ranch was looted by in diams, and they were forced to flee from what is now the site of Barchy on the Sait Lake Route. They went from there to Panaca, in Lincoln country, Nevada, from which point Levi be on his incursions into the Muddy val-y, and to appreciate its possibilities

After the old Mormon towns of the ties were abandoned, he was among rrigation company of which he is the som the 1,000 acres of the valley in a onner that conserves the natural ealth of water to the people, limitend having it owned by a monopolistic
