BOARD OF EDUCATION. Teachers Must Pass Examination -

Death of Henry Goddard. Special Correspondence.

Provo, Utah Co., April 10.—Henry Goddard, of the First ward, died at his home yesterday at 12 o'clock, after two days' illness. The cause of his death was general debility incident to old age Elder Goddard was born in Old Rad-ford, Nottinghamshire, England, February 16, 1821, and came to Utah in 1855, settling in Provo, where he has since made his home. He was an honest, in-dustrious man and took a useful, though unassuming part in the development of the country. The deceased leaves three children and eleven grand children, his wife having died some years ago. The funeral will be held Thursday at I o'clock from the First ward meeting house.

BOARD OF EDUCATION.

SCHOOLS CLOSE EARLY.

Logan city schools will close on May 10th of this year. This is the decision of the school board after carefully going over the situation. A number of repairs are imperatively necessary upon school property, for instance plumbing at the Woodruff, which was a source of great annoyance during the past few months, and the only way funds can be secured for the same is by curtailing the school year.

Hauling Hay Into Teton Valley-Better Prices for Hay and Grain. Special Correspondence. Driggs, Fremont County, Idaho, April

6.-Conditions in the Teton Valley are very favorable for abundance of water for the coming season, there being more snow in the mountains than we have had for three years past. There is a great scarcity of hay this spring; none to be bought at any price, and the last that was sold went for \$10 per ton. Too many cattle and sheep were fed here for what hay is raised, but it is no fault of the country. About twenty teams left this morning for St. Anthony and vacinity for hay, it is a long haul but they have to get it. This is the first time in the history of Teton Valley that hay has been so scarce. Farmers will strive to get their places into hay as fast as possible as it is the best paying crop. Grain sold last fall for sixty-five crop. Grain sold last fall for sixty-five cents per hundred, and has now ad-vanced to one dollar per hundred. Over one hundred and fifty tons were hauled to Jackson's Hole where there is al-ways a good market. Several herds of sheep and cattle have been driven on the range west of here and are reported doing well. Teton Valley will be over-run with sheep this summer as there are many headed this way.

LOCAL IMPROVEMENTS.

We are having a building boom, new hotel finished and ready for business. Mr. H. L. Cannon just received new stock of hardware and will be ready for the trade in a day or so; also a milli-nery store ready for the spring trade Messrs. Special Correspondence. Colonia Pacheco, Mexico, March 31.-An explosion of giant caps resulted in serious consequences here today at about 11:30 o'clock. Just after the close of Sunday school, two boys, Ellis Palmer, son of James Palmer, and Joseph Porter, son of Warner A. Por-ter, each of them about 14 years of age, on reaching the home of Brother Palmer were handling about twenty glant caps which were picked up in the roadway and placed in a can. Ellis Pal-mer's left hand was badly hurt, the three first fingers were blown off just above the second joint, also the end of his thumb. His face and eyes were niled with powder and pieces of shells He can only see a little with one eye and it is not known as yet whether the other eye is seriously hurt or not, he also received two or three slight wounds in his face and eyes. The parents of the boys were sent for as soon as it happened, they being on their ranch about a mile and a half from town. As soon as the wounds were washed and done up the boys were

taken to Colonia Juarez to be attended to by a physician. We are having a great deal of wind here this month and it is snowing now. Our land is in excellent condition this year for planting and the people feel quite encouraged in that respect, but our lumbering business at present is not so good. A number of our people have had an attack of the grip, but all are about over with it now.

Spring coughs are specially danger-ous and unless cured at once, serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy. F. C. Schramm.

INDEPENDENCE IN TRIAL RACE.

Will Meet Constitution and Old Columbia Off Sandy Hook

THE FIRST WEEK OF AUGUST

Lawson's Boat Will First Meet Coustitution in the Newport Contests-An Open Match Event.

New York, April 10.—The World says: It is reported that Thomas W. Lawson's Independence will meet the new constitution and the old Columbia in the official trial races off Sandy Hook to select a defender for the Americas cup. This assertion was made by a member of the New York Yacht club and by an amateur sallor prominent in several of the Sound Yacht clubs.

According to the statements of these yachtsmen the Constitution and Independence will meet for the first time at Newport in the races for the Newport Yacht association. This series is really an open match event, and the independence will fly the pirate pennant of her owner, Thomas W. Lawson.

After the close of the New York Yacht club's annual cruise the cup deender trial races are to be held off andy Hook over the regular outside course in the first week of August. In these races, it is asserted the Indepen-dence will fly the club signal of the New York Yacht club and the private burgee of a member of that organiza-tion who, it is said is a part owner of the Boston sloop. One of the yachtsmen mentioned said: "The meeting of the we sloops has been arranged and it is the outcome of a nice piece of diplo-macy. Neither the New York Yacht club nor the owner of the Lawson boat has had to back down. It pleases every-one concerned to know that the fastest sloops in America will meet. All the de-tails have been amicably arranged and to the entire satisfaction of managers of both yachts."
