CHARGED WITH WHOLESALE FRAUD

R. M. Harrison Wanted by Ogden And San Francisco Firms For Sharp Practice.

UTAH EPISCOPAL ANNUAL

Big Railroad Contract Is Let—Wedding Bells—Court Notes—News Briefs.

Ogden, Aug. 14.—A complaint was filed in the district court yesterday afternoon by Dist. Atty. Halverson against R. M. Harrison, charging him with obtaining property by fraud. A warrant for the arrest of the man was also issued but the service of the same will be deferred until he is apprehended.

The complaint alleges that Harrison wrote the John Scowcroft & Sons company from Wickenburg, Nev. on a specially printed letter head and ordered a bill of goods amounting to \$175.00. The order included hats, caps, shoes and gents' furnishings. He gave a number of references and claimed that he had previously engaged in the business at Rawlins and was formerly with the Alaska Commercial company at Fairbanks, Alaska.

From the information at hand it appears that Harrison also arranged for another bill of goods from California and when these, together with those from Scowcroft arrived, he placed them in an old storeroom he had previously rented and he would have time to break and express the goods to Salt Lake City.

Upon arriving in the latter place Harrison disposed of his goods to pawn shops and others representing that he was "up against it with his creditors" and to clinch the bargain he exhibited the original bills of lading and in this manner succeeded in disposing of most of the goods that he had in his possession.

As soon as the Scowcroft company got "wind" of the man they started an investigation. Joseph Scowcroft, accompanied by Detective Pender, went to Salt Lake City the first part of the week and succeeded in locating the goods and recovering a greater part of them. It is stated that a wholesale house of San Francisco is also making a search for Harrison.

of the largest ever given a railroad contractor. It calls for 11 tunnels, which are in a greater part of rock and a large amount of rock work in cuts and fills. The new line will reduce the grade through the Sierra Nevada mountains and will be more of a direct line. Many hours in the time of travel will be saved.

Warren L. Wadsworth of the construction company is in the city for a few days, and in speaking of the contract, said that it was one of the largest undertakings since the line of the Western Pacific was started through the mountains south of the present line of the Southern Pacific. A greater portion of the outfit to be used by the company is at work on the Western Pacific, which is rapidly nearing completion, and will be shipped to the new work on the Southern Pacific.

MORGAN.

DEATH FROM USE OF COCAINE.

Negro Worst White Man in Forced Fight—Old Folks' Party.

Special Correspondence.

Morgan, Morgan Co., Aug. 13.—Bill Thomas, a negro, employed at the Davis' Side Cement plant, was run into a row some days ago by a man who claimed to be a southerner. The white man was the aggressor and when in the thickest of the fray, the colored man made good use of a pocket knife. Twelve wounds were discovered in the man's body which came near costing him his life. Thomas made his escape but was later arrested by officers in Ogden. His case came up in Justice Wilde's court where he pleaded guilty to assault and battery and was fined \$75 and costs. The amount was immediately paid by the colored gentleman and he was released by the sheriff.

CHANGE IN COUNTY OFFICERS.

The county chairmen of the Democratic and Republican parties were at county court Monday and recommended the unifying of the county clerk and recorder's office, so the salary would be sufficient for the officer to be at his post at least six or eight hours each day. The proposition, however, was given a cold shoulder by the commissioners and the officers will remain as heretofore.

SHOCKING DEATH OF MINER.

A. F. Heckler Falls 700 Feet to His Death.

Special Correspondence.

Eureka, Aug. 12.—A shocking accident occurred in the Gemini mine here about 5:30 o'clock this afternoon, and as a result A. F. Heckler, for the past 12 years a respected and popular resident of this district, met instant death. From the particulars that can be had it is learned that Mr. Heckler was assisting in doing some repair work to the big 6-inch pipe through which the water is raised from the 1,200 level of the mine to the surface, and was en route to the station on the 30 level after some tools with which to proceed with his work. He was upon the cage at the 300 level, and the only person near at the time was the cage rider, James Hanley, who had his back to Mr. Heckler when the accident occurred. It is presumed that the unfortunate man reached out to lift the guard rail before the cage stopped and in doing so fell across the rail. The cage did not stop suddenly at the station, but came on up past a few feet and then dropped back, and part of the body being upon the cage and part over the rail, the man was thrown beneath the cage and fell head first down the shaft to the bottom, a distance of over 700 feet. About three hours after the fatal fall, the body was found in the shaft after considerable or nearly all of the water had been removed. The body was terribly bruised and mangled by striking against the timbers in the shaft in making its descent.

The deceased leaves a wife and two small children living here. He was born in Darmstadt, Germany, and was 49 years of age. In 1902 he served Juab county as commissioner, being elected from Silver City on the popular ticket. He went to Salt Lake from Colorado in 1890, and was a member of the Utah Grocery & Food Co., and came to Thistle, Silver City, in 1893. The

descendants of the Heckler family are
