SPORTING GOSSIP OF LOCAL INTEREST

Fighters Only Hear Their Manager's Voice During a Contest in Ring.

WHAT BATTLING NELSON SAYS.

Jack Clifford and Perry Queenan Meet In Next Bout -- Long Wants a Crack at Chicagoan.

Local ring followers may not realize it, but it is a fact that fighters seidom hear what the crowd yells at them while engaged in a battle. This much was demonstrated in last Tuesday night's contest when scores of Nelson admirers shricked to him to rush in and finish Welch.

"I never hear a thing but Ted Murphy's voice," said Nelson the other day. "It is a peculiar thing, but I can hear Ted's voice even if he speaks in a low tone, no matter how much noise there is. Murphy tells me to use my left; I use it. Then he tells me to cross with my right, and it goes. All this time there is perhaps 500 men yelling like mad at me to do this or that, but I never hear them. My mind is centered on the contest, my opponent and on my manager. Offtimes he sees an advantage that does not appeal to I believe I could hear his voice if he only whispered.

After the contest several persons ap-proached Nelson and Welch and asked if they did not hear the advice given "I told you in the seventh round to use your right, didn't you hear me," asked "No, I heard no one but my man-

one. No, I heard no one but my man-ager," was the reply.

If spectators at a contest would only
remember this, there would be a great,
deal less noise and confusion, and they would see more of the contest.

It is likely that Nelson and his manager will not return to Chicago until about the middle of May. Arrangements are being made for a match between Nelson and Louie Long, to take place on the 6th. Both boxers fight almost alike, and the contest should A gentleman from Butte who saw the Long-Herrera fight, says that Long knocked the Mexican down eight times during the short fight, and that he had all the best of it through the contest. Herrera at no time having a good lead.

A contest between Jack Clifford and Perry Queenan, set for the 18th, will be the next bout in the squared circle to attract local interest. It will be the third bout between the pair. Their first contest was at Vancouver and resulted in a 20-round draw, Their second meet ing was at Ogden, the result being the same. This time should decide whi the better man. Queenan and Clifford have been in Salt Lake for a long time; they have trained here and promise to be in fine form on the night of the bout, Before leaving for San Francisco, Sam my McClintic, manager for "Spider" Welch, requested the writer to issue a challenge to the winner of the bout for Welch. Sammy says he would rather meet Queenan at 133 pounds at 6 o'clock, and said he would make a liberal side bet. If Queenan does not acc pt, Welch is willing to take on Clifford.

Manager Willie Britt has spoken, and when he speaks he emits a flow of words that makes a Fourth of July orafor look like a novice. There is nothing Willie likes to talk about better than prize fighting, and especially when his big brother "Jeems" figures. It is needless to say that Willie will readily acknowledge that Brother Britt is the greatest fighter of his inches the world has ever seen, and this does not bar Kid Lavigne or Frank Erne or Joe Cans when they were at their best.

When asked recently when James Ed-ward would give Corbett another fight. "Now that would be telling. But he is going to give him one all right, and he will give Corbett a fight And when he fights him next timesMr. forbett will never go the limit with him, for if there is anybody Jimmy can beat it is this man. But Jimmy will not sign articles right now with Corbett. He would be a sucker to There are financial reasons that stand In the way. Britt is getting offers to go with shars from all parts of the cast. Only this morning Jim Kenneay of New York offered him \$400 a week for 10 weeks to travel on the road. Only this morning Jim Kennedy Eddle Pierce of Boston also made him a sweet offer, but Jimmy is not going to tie up with anybody right away. All offers will receive careful consideration before he does anything.

SHARKEY'S GENEROSITY. al lor Pug is Very Free With His Money -Perhaps.

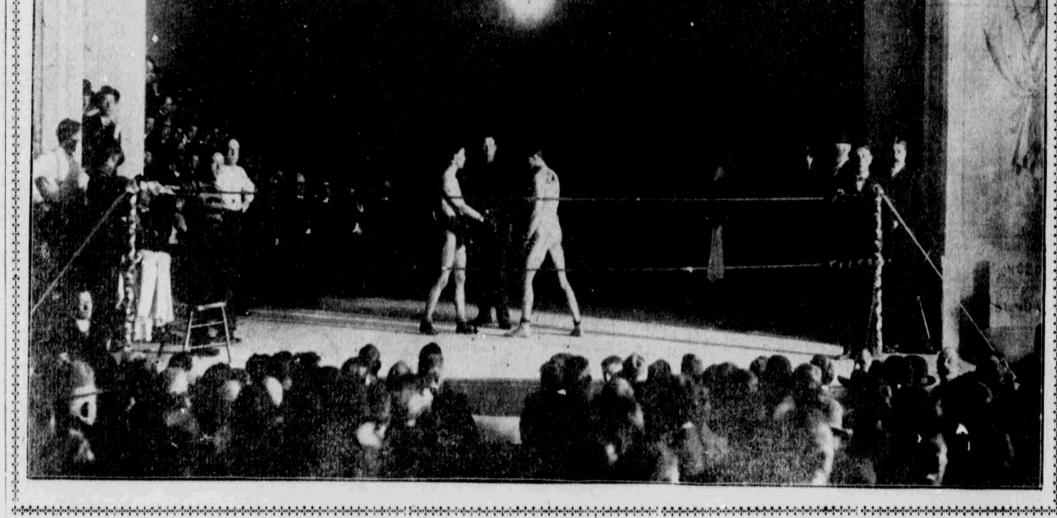

Many stories have been told about the stinginess of Tom Sharkey," Dr. Cramer, the physician who used to inspect boxers for the big clubs of New York, but none of them could be much beyond the truth. I had one experi-ence with him, and it was a beauty. "Sharkey got a cut over his eye in battle some years ago, and it took eigh the stitches out the day after, but couldn't find Tom, to perform the job Late that night be telephoned, saying that the stitches bothered him. I felt that the stitches really had to be reling the last trolley. I tended to Shar-key, and then found myself many miles from home. Tom had a big house, plen-There have been dozens of sales each ty of extra bedrooms, and you'd think, under the circumstances, he'd naturally ask me to stay all night. But he didn't. He never offered any hospitality of any kind-not so much as a drink-and, as it was imperatively necessary for me to get home, I had to walk all the way back to New York.

Not long after that Tom fought Jeffries. After the battle I was patching him up as best I could. He was in dreadful condition, his ribs all stove in. over him. Big Tim Sullivan came into the room and Tom opened up his com-plaint-valve. "Tim," said he, "that man Siler robbed me of the decision!" "Yea," said Tim, 'he surely robbed

you. Here you are, with the doctor trying to patch you up so you can walk, and Jeffries is across the street right now, doing a song and dance. Oh, yes-he robbed you!"

Alleged Baseball Union.

From St. Louis a silly story is sent

ation of Labor, and that, with the assistance of organized labor, the ball tossers are to force up salaries and other-

wise regulate the contractural end of the game. This is funny enough to be used by a vandeville artist, says an exchange. The players had a union once, and would never have gained any-thing from it but for the American league, which was organized fust as the union was telling its troubles, and which used the union as a catspaw. When the men gained what they wanted they dropped their organization and went after their benefactors so hard that the latter were forced to work with the Na-tional for a renewal of old conditions. go, because it is impossible to convince \$2 a day tollers that men who get \$2,400 for six months' work are martyrs. And two or three stars on a team, drawing \$3.000 and knowing that some less fa-

country are to be organized into a

union, allied with the American Feder.

BATTLING NELSON AND "SPIDER" WELCH IN THE RING.

The above picture is of the principals in the Nelson-Welch fight which took place at the Salt Palace theater last Tuesday night. It shows Nelson and Weich as they appeared 10 seconds before the gong sounded to send them on for the terrific encounter which followed. Battling Nelson, the victor, is at the left, while "Spider" (Joe) Welch, the clever, game fighter from 'Frisco, is on the right. Willard Bean, the official referee of the Shamrock Athletic club, is in the center. At the extreme right of the picture, at the corner of the ring, Manager S. J. Kelley of the club will be recognized. At his left is J. M. Donaldson, timekeeper for Welch, Rehind Mr. Kelley are W. W. Hall, timekeeper for the club, and Jerry McCarthy, timekeeper for Nelson. Within 10 seconds after the explosion of the flashlight taking the picture, the principals began fighting. The 16 rounds that followed will go down in Ealt Lake prize ring history as one of the hardest, if not the hardest fights that ever took place in this state.

keep expenses within the limit, are not going to stand for any cut for the benefit of their player fellows. They never vored ones must accept small salaries to I have, and they never will-

ANTONOROUS ANTONOROUS ANTONOROS ANTO DIFFERENCE BETWEEN OLD-TIME AND MODERN BOUTS

The following article was written by pummeling an opponent. It was neces-Charley Mitchell, the well known old sary for fighters with soft hands to time fighter:

The boxing game has undergone great change since old John L. Suillyan and myself fought in 1888. There are few, if any, of the old methods in use in the fistic game. You have only to compare some of the old-time fights with those of the present day to get an dea of the change that has taken place. All things change with time, and so has the fighting game, as well as the fight-

I have fought battles on the turf with bare knuckles when we were obliged to good footing. There was little use for resin in these days. In my fight with Sullivan, which took place on Baron Rothschild's estate at Chuntilly, France, even heavy spikes were of little use during half of the contest. After we had battled about an hour the rain began to fall in torrents. We were chilled through and through by the rain, and the ground on which we fought became so muddy that it was difficult for

either man to keep on his feet. Nowadays you have your fine clubhouses, where a spectator can witness the mill in evening dress, if he chooses. You have fine rings, with padded ropes and resined floors. The days of the spike-shod fighters milling with bare knuckles have passed,

With the change in conditions under which fights are decided have come great changes in the fighters and the style of fighting. When Saltivan and I fought it was a question as to how hard a fighter could make his muscles, so as o be able to stand lots of punishment then as there was during a battle There was none of the recently inventd training apparatus to assist one in getting into condition. The most fa-vorite exercise was punching heavy

The hands were the main instruments and the man that had strong hands would be the favorite every time in those long drawn out battles. With no gloves to protect the fisis they were subject to severe strains, and often

spend most of their time in hardening them. It was necessary to pickle the hande so that they would stand the strain. The golves used today saves both the sender and the recipient of the The man landing the blow does not injure his hands and the fellow who gets the blow does not feel it as much as if it were landed with the bare flat In bare knuckle fights it was an easy matter to open a gash with a single blow. It was in the Stillivan fight that my hands gave out and my knuckles still bear deep scars as a result of the terrific blows landed during the con-

oday who compares with John L. Sullivan when it comes to fighting. There is a vast difference in the fighting of the present and that of Sullivan. Fighting is more of a selence now, and it is the man with the science as well as the punch that wins. We had no idea of how to land selentific knockout blows, There was a doubt as to whether a blow on the head or the jaw caused the most damage. In fact, there was no particular attention given to any point of attack. A blow was sent forth with the force possible to land where it ould. Consequently there was a great ess of energy.

now, and all a fighter has to do is to wait for an opening. The solar plexus bunch is another new one. It was nevused with success until Fitzsimmons aded it on Carbett at Carson City. The jaw bone, however, is the most effective punch. I don't think the fighters of tothan the old-timers. They simply know where to land, and they don't have to waste a lot of energy. With us it was more a question of endurance, for it was the man who could withstand the nunishment and still be strong while his opponent's strength ebbed away, els the old bruiser, and that is sel-nce. The bexer of today is more selentific and does more fighting with his But he cannot take or give as much punishment, and altogether he

IS GOING BLIND.

With Many He Is Still the Idol Of the American Prize Ring

CREAT SUMS HE HAS EARNED.

Fight Fans Are Now Talking of Another Benefit for the Famous Champion-Expected to Die.

In spite of the fact that John L. Sullivan has done much to make ene mies in the sporting world, any and everything that he does in public creates interest. Therefor when the news reached here recently that poor old John L. was going blind, great con-cern was felt for him. Not only did reports have it that the old gladiator was threatened with total blindness but it was stated that als life was de spaired of. Since the first reports were received, however, Sullivan has assured his friends that there is no im-

for complete recovery are very bright. And yet, at this time, a few facts about him will be of interest to the local prize ring fraternity. It is well known that he has made vast sum or money in the squared circle, and that small fortune has been given him through beneats. He squandered most of it; and yet he is still well thought of. Poor old John L.! Since reports of his of giving him another benefit in Bos-ton, his home town, and it looks as if is believed that many thousands of dollars could be realized and put in trust for the old ring hero, and there who will begrudge him this benefit in his declining years. He was the most popular fighter of them all, and many there are who have been assisted by his coin. Sulliavan's wonderful career started in the city of Chelmati, He was taken tot that city by J. B. McCormick on Doc. 20, 1880, and fought

was a four-round affair and, although Sullivan falled to knock out his Donaldson, who had previously gained July 17, 1883-Tug Wilson contest onsiderable reputation as a boxer, Sulivan arrived in town with a pecketful the winter season was well on. Col. Bob Lynn was introduced to the coming champion, and rigged him out in a new suit of duds. Macon provided him with spending money and for some time before the contest Sullivan was in the hands of his friends and the hero of the hour. At a wine party one hight Sullivan, after being introduced, was asked to partake of the refreshments. He almost created a panic by ordering sarsaparilla. He was not educated to the drinking habit, and it was his first trip any great distance from his home in the highlands of Boston.

Donaldson years after became Jim Corbett's sparring partner, and died in Cleveland, his home. Billy Madden was

Cerbett's sparring partner, and died in Cleveland, his home. Billy Madden was the first man to take up Sullivan to manage him as a business proposition, although the honor of introducing him to the general public belongs to Macon. Madden was running a place for Jim Keenan in Boston, and when Billy took him Keenan agreed to back him. Madden took his protege to New York, and made a tremendous hit by announcing that Sullivan would give that Sullivan would give the sullivan wou standing up before him four rounds in a Marquis of Queensberry contest. Steve Taylor, the trainer of Paddy Ryan, accepted the defy and went on with Sullivan. Dick Hollywood, who formerly livan. HORSEMEN ARE INTERESTED In the Proposed Mile Race Track-It Looks Like a Go.

The announcement a few days ago of a movement on foot to erect the long delayed and much talked of mile track. has created deep interest among local orsemen. Strong efforts were made ast year to increase the track at Agricultural perk from a half to a mile. The D. A. & M. society seemed to be villing to meet the horsemen half way on the proposition but for some cause, nothing ever came of it. Talk of buildng a course of this kind has been gong on for the past three or four years, and at one time it looked like a go. Now the scheme has been revived agy'n and the prospects for a realization of it are exceedingly good. In a few weeks the matter will be definitely settled. W. C. Hall, Sam Porter and Sam Law-rence are the principals behind this atest movement. They, have secured an option on 60 acres of fine land below Twelfth South, and if the track is not ouilt, they say it will not be their fault. Other prominent men, interested in the sport of kings, are supporting the novement and there seems to be ample

The option holds good until the 15th of next month and by that time it is likely that the project will be floated. A club is to be organized and already there is assurance that the stock will be liberally subscribed for. With a capital stock of \$100,000, the track certainly ought to be the finest in this part of the country. It will of course include stables, paddocks and clubhouse. The grounds can be easily reached by street cars and the East Temple street drive will enter the grounds from the north.

Taking Desperate Chances.

It is true that many contract colds and recover from them without takknowledge of this fact leads others to take their chances instead of giving their colds the needed attention. should be borns in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious dis-eases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds, can be had for a trifle? For
