SERIOUS CHARGES AGAINST S. E. WADE

Arrested for Stealing His Neighbors' Cattle and Admits Guilt.

STANDARD DAMAGE CASES.

Charles Lee Brought to Ogden for Surgical Treatment—Installation of F. and A. M.

Ogden, Dec. 14.—Samuel E. Wade was placed under arrest last evening by Deputy Sheriff B. B. Wilson and Robert Shaw, and to the officers is due much credit for the capture of this man, who will be charged with grand larceny, that of stealing cattle from residents of North Ogden.

Wade is about 30 years of age and belongs to a good family.

About the middle of November Mr. Barrett of North Ogden missed two head of steers, and near the first of December a Mr. Bailey had two head of cattle taken from his place and other people have had calves stolen during the past few weeks. The sheriff was notified of the larceny and detailed deputies Wilson and Shaw on the case. After diligent search for days the officers secured eight clues, which made them believe Wade was the thief, and since then his actions have been closely watched. It was learned he had sold considerable beef around the city, but claimed he had bought or traded for the stock. The last theft committed was the taking of a halfback steer. At Runyon's hide house the pelt of the steer was located, and then it was easy to trace the stealing to Wade. He came to Ogden from his home at North Ogden yesterday, accompanied by his

young wife and babe, and was en route home when the officers arrested him at the Ogden River bridge. When first confronted with the charge he flatly denied it, but when the evidence secured by the officers was laid before him he broke down and confessed to the stealing of four head of cattle, but denied having taken any calves.

This is not the first offense of which Wade has been guilty. During last summer a load of hay was stolen from one of the hay fields at North Ogden. Deputy Sheriff Shaw was detailed on that case, and traced the hay to Wade's place. He confessed to taking the hay but his relatives fixed the matter up and he escaped punishment. After admitting his guilt last evening, he was locked in the county jail, and his wife with the babe in her arms, had to drive the vehicle alone to their home at North Ogden.

A FRACTURED LEG.

Charles Lee, a resident of American Falls, Idaho, was brought to Ogden last night and taken to the Ogden General Hospital for medical attention. He is suffering from a terribly crushed leg. About three weeks ago Lee was at work on a building with a large smokestack, which collapsed and fell on him, crushing his left leg terribly from just above his knee to his foot. The physicians at American Falls set the injured member in a plaster cast, but the bones did not come together, and he has suffered terrible pain so it was decided to bring him to the Ogden hospital where he can receive better attention and his physician hopes to save the leg, but may not be able to.
