Land Deals in Millard—John Land-reth, for Sheboygan, Mich., parties has bought a section of land under the Abraham Irrigation canal in Millard county, where a dairy farm and cheese fuctary will be established. Three Nebraska parties have bought each a ouarter section for alfalfa raising, and steam plowing will be introduced. George Mildendorf had bought a sec-tion on which he will raise asparague.

natured fun. Long has introduced a resolution requiring the committee ap-pointed by the session of 1905, to in-vestigate and report regarding the du-plication of studies at the Agricultural college and the University of Utah, to give in its report, and to explain why they had not reported within five days after the organization of the house, as provided by law. Nephi Jensen opposed that portion of the resolution requiring the committee to state why it had not reported as required. Toiton favored the provision, as did Kuchler. Richards of Salt Lake and Robinson took a hand. Some of the members arose to question of personal privilege when they were in reality asking for information, with the result that a general parliamentary mix-up occurred. Speaker Joseph rapped and shouted and finally resorted order and on motion of Randail the resolution passed as introduced. Robinson jumped to his feet and moved that the house resolve itself into a junior class in par-liamentary law, and quick as a flash lensen of Salt Lake was up with "Mr.

resolve itself into a junior class in par-liamentary law, and quick as a flash Jensen of Salt Lake was up with "Mr. Speaker, I move you that Mr. Robinson be appointed chairman of that class," amid the roars of the members.

DEFECTS IN RULES.

Two or three minor defects in the rules were discovered and ordered cor-rected, relating to the reading of bills. It was ordered that 500 instead of 300 copies of, the railroad commission bill be ordered printed, and that 500 copies of the rules be printed. The printing committee was given full authority to compel the prompt publication of all bills, etc., according to the contract ex-isting by ween the printing company and the state. This was brought about by the failure of the printers to print the bills as required, thus hampering the business of the house. PASS TO POULTERY SHOW Two or three minor defects in the erally stand up one by one to protest against the established order of things, senate yesterday afternoon. When the bill came from its author it required to prosecute public officials under a

ing the heat of a campaign, and with malice in his heart rather than a desire to seek out the public welfare. He explained that now all the respon-sibility is on the official. Any-disgrun-tiled person may file charges. These must bring the official to trial, even if the calendar in a district court is ma-terially thrown out by the clause re-quiring the trial to be held within 20 days. It doesn't cost the complainant a cent, while the official must bear the whole expense of his trial, if it goes against the other fellow. Hollings-worth sought to make things easier for the court by having the 20 days within which trial must be brought, run from the end of the cases set when the com-plaint is filed, to make things easier for the office holder by allowing him to re-cover costs against the plaintiff, when he wins the case, and to make it harder for the reformer by compelling him to get a following of 20 backers among the tax payers. H. B. 42, by Sutton-Appropriating \$1,772.51 for a certain road or highway between Woodland, Summit county, and Stockmore, Wasatch county, High-ways and bridges.

the tax payers. The senate liked the idea of allowing the office holder attacked to recover costs, if he wins, and of allowing the court to finish its set cases before tak-ing up a complaint, but it did not like the clause about getting an endorse-ment. Atty. General Delivers Opinion in Connection With Indian Lands. Attorney-General Breeden has returned Senator Smith referred to the "local

He thought the bill if passed might some time prevent the public from exercis-ing rapid control over an official who is not working for the public good. lands: "In your favor of the 11th inst. you wish to be advised respecting the following proposition, to-wit: 'Has the board of county commissioners of Uintah county. Utah, the right to lay off, complete and condemn lands on the former Uintah In-dian reservation along section lines for county road purposes; and farm lands that have been alloted to Indians in sev-eralty? Hollingsworth, declaring that the stat-ute was meant to cover a time when officials took fees for their salary, and it was framed to give a citizen rapid recourse who was asked to pay ex-orbitant or illegal fees. Now that all officials are on a salary basis, and the fees go to the state, he thought that the law had outlived its useful-ness, and could be wiped out entirely without lessening the means through which the public may obtain redress against officials, as there are many other laws under which action may be brought.

eralty?" "In reply to the foregoing you are ad-vised that the legal status of those alloted lands on the former Uintah Indian reser-vation insofar as condemnation proceed-ings to subject them to public purposes are concerned is on the same footing as lands held by private citizens, and are therefore subject to be condemned for county road purposes. All notices requir-ed by law to be given in this claes of cases should be served on the United States Indian agent."

principal industry at present, we are now entering upon an era of dry farm-ing which promises great things for the future. The Cedar City Land com-pany has recently purchased 30,000 acres of dry farming land, and a 32-horse power engine has also been bought for the purpose of driving power plows in this tract. By means of this engine, from 25 to 30 acres of land can be plowed in one day, after the sage and rabbit brush has been cleared off. We also have machinery for this pur-pose, and altogether dry farming is about to receive an impetus that will make it popular all over the county, as we have already demonstrated that splendid crops can be raised upon the arid lands thereabout. There are some irrigated farms in the county, but not man./. Most of the people have been heretofore engaged in the sheep busi-ness, and their attention has not been given largely to agricultural pursuits. "The towns of Parswan, the county set, and Paragoonah, in the north end of the county, are also getting busy in the dry-farming way, and they, too, expect to have a 32-horse power plow-ing engine in the field by the end of February. These towns have the ad-vantage of our section in that they are blessed with flowing wells, yielding asplendid quality of water in large uantities. "The name of our blessed with flowing wells, yielding a splendid quality of water in large quantities. "Iron? Well, yes. The name of our county is Iron. We have probably the most extensive deposits of iron ore in the world, and just as soon as the rallroads get to us, which will not be far distant, we shall take our place as one of the greatest iron and steel produc-ing centers in the country. Several large companies have had representa-tives there perfecting plans for put-ting in plants at the proper time. "We have coal, too, and anthracite coal at that. Bituminous coal is also plentiful, and experts say our coal contains more carbon than any other product on the market. But the rail-roads are still 35 miles away, and we cannot ship much until the cars are brought in on the rails. Thousands of acres of coal land have already been patented, and the local demand is sup-plied as well as that of several sur-rounding counties. But once the rail-roads get into our country, there should be no further occasion for a fuel fam-ine, such as this city is now suffering from.

L. D. Of Waverly, Texas, writes: "Of a morn-ing, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dis-lodge; but a small quantity of Ballard's Horehound Byrup will at once dislodge it, and the trouble is over I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Soid by Z. C. M. I. Durg Dept., 112 and 114 South Main Street. B

# NO EXCURSION THIS YEAR.

Tabernacle Choir Decides Not to Take California Trip.

At the regular rehearsal of the taberna ele choir last evening it was finally decided that an e ars an would not be taken to California this season, as contemplated. Preliminary arrangements had been made for a trip to Los Angeles, thence up the coast to Ban Francisco and home by Way of Sacraimento, the start to be made on March 19. It is a well known fact that the majority of the choir's mem-bers are so situated in regard to their em-ployment that it is a difficult matter for them to get a leave of absence at such a time of the year, and as a consequence comparatively few were enrolled for the trip-about 115 in all. When consulted on the subject, the first presidency, while being heartily in favor of such a movement, considered that it would be advisable to postpone the ex-cursion until such a time as at least a majority of the singers could go. Prof. Stephens, therefore, decided that such ac-tion would be taken, and the members present last evening endorsed the de-cision artived at. templated. Preliminary arrangements

CHOIR TO DO HONOR.

# Will Attend the Funeral of Mrs. D. M. McAllister, Former Member.

Prof. Evan Stephens of the tabernacle choir wishes to call the attention of all members of the organization to the death of Mrs. D. M. McAllister, which occurred of Mrs. D. M. McAllister, which occurred at St. George yesterday morning. Mrs. McAllister was the oldest member of the choir, having joined the organization in 1861. Her busband and several of her children have also been members. It is the intention of the choir to informally attend the funeral in as large numbers as possible. Mr. McAllister and D. M. McAllister, Jr., left last night for St. George to take charge of the remains, and bring them to this city. The funeral an-nouncement will be made on their return.

### WHY SUFFER FROM RHEUMA. TISM?

Do you know that rheumatic pains can be relieved? If you doubt this just try one application of Chamberlain's Pain Baim. It may not give you relief from pain but will make rest and sleep possi-ble, and that certainly means a great deal to any one afflicted with rheumatism. For sale by all druggists.
