EVENING NEWS.

Wednesday, . . Dec. 15, 1880.

LOCAL AND OTHER MATTERS.

High Council.—The members of the High Council are requested to meet in the Council House on Friday evening the 17th inst., at seven o'clock.

WILLIAM W. TAYLOR,
Clerk.

Y. L. M. I.—The young ladies societies will please remember their quarterly conference, which will be held next Saturday afternoon. All are invited to attend.

Woman's Work.—Sisters Prescinda L. Kimball and Elizabeth Howard have returned from their trip to Tooele County, where they attended the Ladies' Conference held at Grantsville on the 11th and 12th inst. Sister E. B. Wells, at the same time, was attending the Conference at Ogden. At both places good meetings were held and the work of the sisters was found to be steadily growing in the two Stakes.

An Endorsement.—The following has been handed in for publication:

SALT LAKE CITY,
Dec. 15, 1880.

Editor Deseret News:

Dear Sir. Being acquainted with Mrs. Lumbreyer, of the 10th Ward, I called this morning to see her, having seen the article "Quackery" in Sunday's *Herald*. And I do most heartily endorse what Dr. J. M. Benedict therein says, and consider he means the person referred to off very mild. The person referred to by Dr. Benedict has been practicing medicine but a short time, but "if reports are true," has quite an extensive practice.

Respectfully yours,
E. L. PLANT.

Serious Accident.—By private telegram from Logan, we are apprised of a serious accident which befell Brother Frank Merrill, of that place, on Sunday morning last. By some mishap he fell down the cellar of his residence, breaking one of his ribs and rupturing one kidney. His mother and other friends, who reside here, were sent for and left today for the north, as it is feared the injured man will not recover. We regret much to learn of the accident, as will many others of Frank's friends in this city, and hope it is not so serious as at present supposed.

Notice to Y. M. M. I. A.—We are now prepared to furnish the Mutual Improvement Associations of this city with lecturers, but as the number we have been able to obtain thus far is very limited, and as the holidays are so near, we would suggest to those interested that it would be better to defer having any lectures delivered before your associations till after New Years. In the mean time, should any of the associations want a lecture or address delivered in their wards they can obtain suitable persons to deliver the same, by applying to Hamilton G. Park or A. W. Carlson, at Z. C. M. I., or J. W. Summerhays, at H. B. Clawson's, just west of the Council House.

HAMILTON G. PARK,
A. W. CARLSON,
J. W. SUMMERHAYS,
Committee.

The "Phœnix."—Another good house witnessed the presentation of the "Phœnix" last evening, which, if there was any difference at all, went off even better than before. It is a piece that catches the good will of all grades of theatre lovers, and is indeed a rare drama of its class. The characters were sustained by the same persons that played them here during Mr. Nobles' former engagement, with the single exception of the Jew "Moses Solomons," which part on account of the indisposition of Mr. Schwartz, was enacted by Mr. Fehrmann, who did it very well indeed. It was of course a different creation to that of Mr. S., and herein is Mr. Fehrmann entitled to credit. He did not attempt to plagiarize the other actor, but gave a conception of his own, which was a good piece of playing, and as such was duly appreciated. Last evening closed the Nobles engagement and the troupe have gone East.

Territorial Returns.—The official returns of the Territory, for the election of Delegate to Congress, were unsealed yesterday at the office of Secretary Thomas and the votes canvassed. Hooper and Caine in behalf of Delegate Cannon, and Mr. McBride in behalf of Mr. Campbell. The returns were found in proper condition. CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, December 14, 1880, Mayor Little presiding:

A petition from Wm. B. Folsom and James Jack, was presented setting forth that they were the owners of certain lots in Plot "E," Salt Lake City Survey, lying a short distance below the Arsenal Hill. That the city had removed from the front of said lots a great amount of gravel, thereby materially injuring the value thereof. The petitioners therefore asked that a committee be appointed to investigate the matter and that the city either purchase the lots or compensate the owners thereof for the injury done by the removal of the street and sidewalk aforesaid. Referred to the committee on streets and alleys.

The committee on irrigation to whom was referred the petition of Adam Spiers and others—a committee appointed by the residents and landowners of the First, Second and Tenth Wards, which petition invited the co operation of the city in certain proceedings deemed necessary by them for the protection of their water rights, reported that they had inquired into the matter, consulted with the City Attorney and had come to the conclusion that all waters flowing into the city are under the control of the corporate authorities and that any unauthorized diversion thereof is a violation of the law and becomes a proper question for judicial investigation and settlement and is not within the province of the Council to determine. Adopted.

The city treasurer submitted his annual report of all the receipts and disbursements of the corporation for the fiscal year ending November 30, 1880, showing:

Balance in Treasury Dec. 1, 1879	$ 74,845 07
Receipts during fiscal year	298,920 50
Total	$373,765 57
Disbursements	297,580 15
Balance in Treasury Dec. 1, 1880	$6,185 42

The treasurer reported that there were in his possession redeemed auditor's warrants to the amount of $297,580,15, which he requested the Council to order to be destroyed. Referred to the committee on finance, with instructions to destroy the redeemed auditor's warrants if they are found to be correct.

The auditor of public accounts submitted his regular report of the financial condition of the corporation for the quarter ending November 30, 1880, showing:

Balance in Treasury Sept. 1, 1880	$28,462 31
Receipts during quarter	37,374 41
Total resources	$64,136 72
Disbursements	57,951 30
Balance on hand Dec. 1, 1880	$6,185 42

Appended to this report was a recapitulation of all the receipts and disbursements of the fiscal year aforesaid, giving the amount received from and expended upon each account, with the comparative amounts received and expended during the previous year. Referred to the committee on finance.

The report of the supervisor of streets for the quarter ending Nov. 30, 1880, was submitted, showing the amount expended on street improvement account during the quarter to have been $6,275.34; besides 681½ days of prison labor at $1 per day, making the total expenditure for the quarter, independent of poll tax labor, $6,956.84. Of this amount, however, $1,283.98 had been expended for other departments of the corporation, for which amounts the supervisor held bills approved by the respective heads of the various departments. A recapitulation of the amount expended on street improvement account for the fiscal year was shown as follows:

Cash and labor applied on taxes	$18,796 13
Poll tax labor	3,801 75
Prison labor	2,406 50
Total expended during fiscal year	$25,004 38

The supervisor also made an exhibit of the amount expended for each improvement ordered by the Council since entering upon the duties of his office. Referred to the committee on claims.

The city attorney rendered his quarterly report, showing the status of the city's business in his hands for the quarter ending Nov. 30th, which was approved.

The superintendent of waterworks' quarterly report was also submitted, giving a detailed account of the business transacted in this department during the term aforesaid. All the extensions of water mains ordered by the council were now completed, and the amount paid out on account of this work to date was $12,527.30. Twenty-nine services had been furnished to water-takers at a cost of $628.93, or an average of $21.68 each. Everything connected with the works was reported to be in good condition and working order. The superintendent's recapitulation for the year showed that 7,649 feet of 6-inch water-piping had been laid, making a total of 52,840 feet, or 10 miles of water mains now in use in the city as a means for water supply and fire protection. On this line of piping are located 114 fire-hydrants, giving an average pressure of 70.1 pounds to the inch. The water mains are supplied by three reservoirs, with a combined capacity for impounding 103,350 gallons of water. During the year 565 applicants had been served with water, of which 83 required service pipe, at a cost of $1,782.87, or an average of $21.48. The total revenue derived from these applicants was $8,509.60. The total expenditure of the waterworks department for the fiscal year ending November 30th, 1880, was $17,763.78. Referred to the committee on waterworks.

Adjourned for one week.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.
