

Thursday, December 30, 1899.

LOCAL AND OTHER MATTERS.

BENEFIT NIGHT.—Mr. John Wilson, the leading gentleman of the dramatic corps of the Theatre, takes a benefit this evening. Considerable pains have been taken to present an attractive bill on the occasion. The entertainment commences with the fine Scotch play of "Rob Roy," in which Mr. Wilson will appear as "Rob Roy," Kate Denin as "Francis Obedience," Mr. W. C. Dunbar as "Bailie Nicol Jarvie," Mr. Lindsay as "Rashleigh Obedience," Messrs. Margetta, Graham, Dunbar, Thorne and the host of the talented ladies and gentlemen connected with the dramatic corps, and with the excellent music of the piece entrusted to Mr. Careless and his highly accomplished band, we should think that a full house will be drawn to the Theatre to-night. The entertainment promises to be well worthy a visit.

AN ORDER FOUND.—A gentleman has handed us an order of the "Irrigation and Navigation Company" for \$50, which he found. The owner can have it by calling for it at this office.

RETURNING.—Through the courtesy of President Young we learn that Elders Jos. A. and Brigham Young, Junr., will reach home this evening.

SKATING.—This exhilarating sport is in good tune this season, the ice being solid and free from snow, and the weather not too piercing to take off the agreeable edge of the fun. Ladies and girls, gents and boys are enjoying the recreation, and "making hay while the sun shines," if we may be allowed the expression at the end of December. The devotees think this the most favorable season, thus far, that they have had for a long time, and some declare that it is the best they ever had.

We like this philosophy of thinking "the present the best," it eases the wheels of time, and causes us to step easily over many of the rough places that will protrude in our road to progress.

MORE IRON.—Fifteen car-loads of iron arrived yesterday for the Utah Central, making one hundred and thirty-four in all.

ORDERS AND STAMPS.—By reference to an advertisement which appears in another column it will be seen that the Acting Commissioner of the Internal Revenue Department, J. W. Douglas, Esq., has decided that all Orders in the form in which they are usually drawn in this country, for provisions of various kinds, require an agreement stamp—five cents. This, we understand, is to be the ruling regardless of the amount for which it is drawn. Will some one, posted in the law, inform us what stamp is in order for money, drawn in the same form for these orders for "meat and other merchandise" are written, should have?

THAT BUILDING.—The splendid stone building of Bro. Amussen's, on East Temple street, now almost covered in, has gone up in a hurry, and we presume that the interior will be finished in the same ratio of time. Though quickly built, it is none the less massive in strength; the walls all of rock, the front of cut stone, and the roof covered with slates, will cause it to be safe if even the lumber buildings around it should at any time suffer from a conflagration. We like to see these kind of buildings going up, and this one speaks well for its proprietor, Brother Amussen, and the contractors, Messrs. Folsom, Romney & Co.

CROYDON.—Bro. George Thackeray informs us by letter that the good people of that place had just finished their portion of grading on the Coalville and Echo branch R. R. It is a general time of health and peace in Croydon.

SEVENTIES' LECTURES.—A very pleasant and instructive time was enjoyed by the audience at the Seventies' Hall last evening. President Joseph Young, Senr., related some interesting circumstances connected with the early history of the Church and the life of the Prophet Joseph.

Elder George Q. Cannon delivered an impromptu lecture. He took for his subject infidelity. In the course of the lecture he showed that it must be an exceedingly difficult thing for any person to entirely extinguish the religious element which God had implanted in the constitution of every man and woman. This is an element that can be either cultivated or its sensibility dulled by obeying or disobeying. Those who are inclined to be sceptical should train their minds to habits of devotion and religious exercise.

Elder A. M. Musser made a few remarks, and President Young gave some excellent instructions, in which he illustrated the effects of habit, and the operations of the two spirits upon the human mind.

ATTENTION!—According to advertisement, a meeting of all the Presidents and members of the Quorum of Seventies will be held at the Seventies' Hall this evening, at 8:30 p. m. A punctual attendance is requested.

Died.

At her residence, in Tooele County, at 9 p. m. December 24th, 1899, Sister Eleanor Bryan, wife of Bro. George W. Bryan.

She died suddenly while sitting in her chair, apparently without a struggle, although for several years past she had not enjoyed the best of health, but up to the time of her death there was not any indications of sickness more than common, being cheerful, as usual, throughout the evening.

Sister Eleanor Bryan was the daughter of Thomas H. and Charlotte Clark, born in the parish of Roxbury, Herefordshire, England, January 11th, 1822; baptized by Elder W. Woodruff, in 1841. Previous to her baptism she was a member of the society known as the United Brethren; emigrated with her parents to Nauvoo, in 1841, at which place she lived, sharing the sufferings and joys of the Saints, and driven from her home west to Winter Quarters. Emigrated from there to Utah in 1858, bearing the fatigues of the journey and the difficulties and privations dependent upon the settlement of a new country, without murmuring or repining.

It can be truly said that she has lived the life of a Saint, and leaves behind her a large circle of friends, who mourn her loss.—Cox

At her residence, in Tooele County, at 9 p. m. December 24th, 1899, Sister Eleanor Bryan, wife of Bro. George W. Bryan.

BUY THE BEST!

FLORENCE SEWING MACHINE

Has received the HIGHEST PREMIUMS at all important Fairs held in this country and Europe, where critical examination and PRACTICAL TESTS have been made by Judges of the highest standing, capable of giving intelligent decision.

In addition to this, the Florence has received the verdict of

POPULAR APPROVAL

ALL OVER THE WORLD.

As evidenced by its

IMMENSE SALE!

And Universal Favor.

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to attend to any not giving satisfaction, free of charge, three machines have been sent to the advertiser, and he has returned them in one hour, after four years of service.

MRS. JOSEPH BULL, in the 17th Ward, has just purchased a Florence Sewing Machine. We are permitted to refer to her, and esteem her recommendation a mark of superiority, as Mrs. Bull has had much experience in the use of various Sewing Machines.

MRS. SPRING, Dressmaker, 14th Ward, says: "I have used a Florence Family Sewing Machine for several years past, having it almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minute."

CAPT. HOOPER says: "I have a Florence in my family. For general family use the Florence is the best."

MRS. PAXTON, living nine miles south on the State Road, says: "I have a Wheeler & Wilson. My neighbor, MRS. WEBSTER, has a Florence. When I go over, and see how much she can do, and how easily it is done, I feel like showing my Wheeler & Wilson away in the car, so that none may know I have a Sewing Machine."

ALFRED BEST, after actual purchase, and trial of other first-class Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, pronounces the Florence ahead of all others in all the requisites of a first class Sewing Machine. Simplicity, reliability, quiet and rapid motion.

MR. SMITH, of W. F. & Co., purchased a Florence about two weeks ago. A few days after, he writes, "I have a Florence in my family, and it is the best I have ever had."

MRS. SHURTLEFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would once give the Florence a fair trial."

COL. JACKSON, brought a Sewing Machine up from St. George, for repairs but could find no one in Salt Lake able to fix it; took a new one, and found it was a FLORENCE. He was determined to have a RELIABLE SEWING MACHINE, before hauling it two hundred miles home.

MRS. STEVENSON and MRS. CRANDELL, of Spring Hill, purchased Florence Sewing Machines, last week, after carefully examining into the merits of the various Sewing Machines on sale in this City.

DAVID MILLER, WILLIAM MILLER, MRS. SHURTLEFF, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR. JEREMY, WILLIAM SLOAN, MRS. GRABIDGE, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and carefully useful features, the result of years of careful labor, making it a most complete and practical Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric; and it is seldom if ever necessary to make any change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a reversible feed. It is the only machine having a self-adjusting shuttle tension—a great improvement. It is the only machine making more than one kind of stitch. It is the only machine that ties the thread at the end of a seam, doing it better and quicker than a seamstress can.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch made by other machines, in that it is a true lock stitch, as much as the cloth, never giving way in washing, which is of the greatest importance in the home. It is the only machine making a true lock stitch. The lock stitch of the Florence is more like a good hand sewing. Both sides being alike, either side may be the right side, and the fabric can be sewed either side up or down, as most convenient.

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a systematic and most faithful inspection, saving all trouble and expense, no purchaser having paid a cent for repairs in the five years since its introduction. Its reputation as being reliable and durable is established. So little attention do they need, nothing, and pay freight both ways from any place within a thousand miles of Salt Lake City, it is a machine that is a work of art.

A careful examination will fully substantiate our assertion that it is the best Sewing Machine in the world.

We warrant every Machine to be all that we claim for it, and will give a written warranty if required.

CHAS. S. HAMMER,

General Agent, SALT LAKE CITY
