THEATRE. - The performance at the Theatre on Saturday night was of a very satisfactory character.

To-night Mr. F. M. Bates, the favorite and talented actor, makes his re-appearance, as "Edmond Fennell," in the new sensational Irish drama, "Sogarth Aroon," never played here before. He will be supif the company.

HOME MISSIONARY APPOINTMENTS, Sun

John Nicholson; Big Cottonwood, Brin-on's Ward, John Van Cott and Isaac Groo; West Jordan, L. D. Young and D. Cand-land; South Cottonwood, Milo Andrus and v McMaster.

RETURNED -Elder J. J. Thayne, lumher merchant of this city, who left on a and in Canada, on the 29th of July, and practice at the bar of Utah. reached home in the early part of last week, called this morning, and gave us amend answer. some account of his visit. During In the case of Simons vs. S. W. Richards, the his absence he traveled 6,500 miles, in Missouri, Iowa, Minesota, Illinois, Michigan, Canada and New York. He for a new trial. has had very pleasant visits with old friends, and has made many new ones; has preached a good deal in private, and in so loing has created good impressions of Utah and "Mormonism" where prejudice for-merly existed. When in Missouri be visited Haun's Mills and while standing in the well into which the dead bodies of seven-teen of the murdered Saints were thrown by the mob, during the persecutions in that State, bore testimony to the settlers to the truth of the gospel and the mission of Joseph Smith. VIRGIN CITY .- Oliver Stratton, junr. writes from Virgin City, Kane County, as

"All is well here, crops are above an average, and the people are well and trying to live their religion. Our Sunday school is in full blast, doing all it can to be useful. Peace reigns and improvements are the order of the day."

The description of the campaign.

AUBURN, 14,—Business is suspended and general quiet prevails. At an early bour a large number of people viewed the remains of Seward, as they lay in state.

Deserters Arrested.—Two deserters were arrested this morning by an officer of the city. One of them who has made a good deal of money from mining speculations, since leaving the army, offered the party who arrested him a thousand dollars if he would let him go. It did not take, however, and both men were placed in iail, pending instructions from Camp Douglass.

Persistent Recklessness.—This morn-

PERSISTENT RECKLESSNESS .- This morn-Persistent Recklessness.—This morning some workmen who were engaged in removing rubbish from the roof of Mr. Jennings' new building, west of the Eagle covery of some two million and a half Emporium, threw the debris from the of bonds. roof to the sidewalk below, to the imminent danger of pedestrians. One or two citizens day most brilliant.

BALTIMORE, 14.—Installation of new archbishop, Boyle, at Cathedral yesterday most brilliant. remonstrated with the workmen and requested them to desist, but they paid no attention to the protestations, until a crowd of people gathered on the spot and demanded the cessation of the reckless proceedings, when the thing was stopped. "To Gen. W. H. Seward, Auburn. "I condole with you and the nation in the loss of a kind father and eminent statesman. His services have become time we have heard of complaints of a simiremonstrated with the workmen and re-

of Provo Valley, called on Saturday afternoon and furnished the following concerning his diocese: Health and peace prevail
among the citizens. Their crops this season
are very good, but limited in amount on
account of the small quantity of grain
sown in the Spring. Apples have been
raised in the valley for the first time this
season; prospects for the future are excellent, the valley being now entirely free
from grasshoppers. The bridge in Provo
Canyon has been re-erected, and that road
is now in good condition. The mines are
reported fabuleusly rich. The new meeting house in Wasatch is progressing, and
the expectation is that it will be occupied
the remains of so distinguished and patriotic a statesman."

COLUMBUS, Ohlo, 14.—The Democratic State central committee issue an
address this morning to the Democracy,
of Ohio, reproaching them for the
apathy shown in the late election and
urging them to repair the mischief done
by rallying to Greeley in November.
The address says the result of
last Tuesday's election shows
that Ohio was lost by the Tailure
to poll a vote by the Damocracy. Mortifying as the fact is, justice to the Liberal Republicans and an earnest decire
to retrieve the misfortune requires us to
declare it.

the expectation is that it will be occupied this fall.

Special Indian Agent Dr. Dodge and Agent Critchelow, especially the former, are laboring indefatigably to make things comfortable for the Indians at the Uintah Valley Agency, and eleven hundred sacks of flour and other supplies have leen transported to the ageny for their benefit; but notwithstanding all their efforts the Indians do not behave as well as they might, for some three or four weeks since they stole twelve head of horses from the valley, seven of which belonged to Bishop Hatch.

THE COLOBADO COUNTRY.—Mr. E. O

THE COLORADO COUNTRY .- Mr. E. Beaman, recently photographer to the Powell Exploring expedition, called on us this morning, with a number of interesting stereoscopic views of various scenes on the stereoscopic views of various scenes on the Golorado and of the Mcquis villages and residences, which, accompanied by Mr. James Cariton, Mr. Beaman visited for two or three weeks. These views are highly interesting, depicting the wild and imposing scenery of that portion of the continent, and the peculiarities of Moquis architecture.

the forenoon and President Geo. A. Smith, and Elder Thomassen in the afternoon.

HONORABLE JOHN TITUS, U. S. Chief Justice for Arizons, is in town and staying at the Walker House. He paid a visit to the Third District Court this morning and was warmly greeted by the members of the bar. The course of Mr. Titus, when Chief Justice of this Territory, was in marked distinction from that pursued by some officials we wot of. Although strong in his prejudices against the religious tenets held by the great majority of the people of this community, he never, so far as we are aware, allowed those prejudices to enter into any of his judicial decisions.

NEW MEETING Houses. - The new meeting house in course of erection in the Tenth Ward will be up to the square to-night. It is a handsome building with an excellent rock base. The main portion of the walls are of brick. The hall will be 55 x 33 feet and nineteen feet from floor to ceiling. When the building is completed some suitable alterations will be made in the old meeting house, rendering it a comfortable and airy school house.

A very good meeting house is also being erected in the First Ward, showing that the people of that suburban locality are also alive to the spirit of progress.

On A Visir.-We have had a very agreeable interview to-day with Hon. Chas. W. Clisbee, Reading Clerk of the U. S. House of Representatives, who is staying in the city a day or two, being on a trip and visit with Mrs. Olisbee, from their home in Michigan to the Pacific coast. We wish them a pleasant tour, and safe return to the East.

THE EVANSTON AGE is a new, column, weekly paper, published by W. R. Vaughan, at Evanston, Wyoming, "independent but not neutral." The following pendent but not neutral." The following paragraph shows the editor's views of the magnificient future in store for the locality he has chosen for his stamping ground—"That Evanston is destined to be the grandest mining headquarters in the world is the belief of every man who has given the question any serious attention. With coal, oil, sulphur, gold and silver, how can it prove otherwise?"

Whether or not the future will fulfill such grand expectations the Age has our best wishes.
