By Telegraph.

CONGRESSIONAL.

HOUSE.

Bills, Resolutions and Memorials presented.

Bills were presented and referred extending the swamp land's act to Minnesota and Oregon and equalizing soldiers' bounties.

Hoge offered a resolution for the adjournment of the session till May 10th. The House refused to second the previous question and the resolution went over.

A bill passed fixing a uniform day for the election of representatives and delegates to Congress in the Territories, appointing the Tuesday after the first Monday in November.

The House refused to suspend the rules and to put on passage the Senate joint resolution for the appointment of an examiner of claims for the State Department and for additional clerks.

A resolution was adopted instructing the post-office committee to inquire into the expediency of extending the free delivery system to all cities whose population is not less than 20,000, and to State capitals whose population is not less than 10,000.

A joint resolution, directing the Secretary of the Navy to order an inquiry into the particulars of the *Owens* disaster, with a view to make the investigation extended to the captain of the *Bombay*, passed.

Julian presented a joint resolution to amend the Constitution of the U. S. adding article 18th, providing that the right of citizens of the United States to vote shall not be abridged by the United States or by any State on account of sex, with the usual provisions of legislation to enforce the amendment.

A resolution was adopted looking to the policy of improving river harbors, but saying that in the present financial condition of the country, only such appropriations should be made as were necessary to preserve public works already completed or in process of construction, or such works as add greatly to the facilities of commerce and cheapen transportation, or provide harbors of refuge or such improvements of a general character, or of special importance, as would suffer from a postponement or suspension.

The Speaker reported that arrangements had been made for a memorial to the memory of General Thomas A. Logan, General, Banker, Shumway, Washburn of Wisconsin, Randall and Stokes were appointed by the House to attend the funeral.

The House then went into a committee on the tariff bill and soon after adjourned.

TENNESSEE.

Train runs through Treble, Cars Buried.

MEMPHIS.—The Saturday night train from New Orleans ran through a trestle, twenty-five miles above Canton and the express and baggage cars, together with the greater part of the mail, were buried.

CONNECTICUT.

Election Returns—Democratic Majority.

HARTFORD, CONN.—A violent storm of rain and snow has prevailed here for some time, materially reducing the vote cast and greatly retarding the transmission of the returns. Enough is known, however, to show that English is elected governor by about one thousand majority, and the Democrats have probably carried the Senate, although the Republicans retain the hope that they will have control of that body by a reduced majority. So far as heard from the Democrats have gained in all parts of the State. Their net gains are 836 in forty-six towns, scattered through six counties. Governor Jewell concedes the election to English, and the Republicans generally have concluded to live under Democratic administration during the coming year. The Democrats of course are as jubilant as the weather permits.

NEW YORK.

Meeting to express sympathy for the Cuban—Postponed meeting—New charter—Bishops from the Council—McFarland trial—Great excitement.

NEW YORK.—At the Cooper Institute to-night an enthusiastic audience assembled to express their sympathy for the Cubans. Mayor Hall presided and delivered an eloquent address, denouncing the policy of the Government in regard to the Cuban revolutionists. Resolutions were adopted expressing admiration of the bravery and perseverance displayed by the Cubans, declaring the justice of their fight for freedom and demanding a recognition of their legitimate rights by the United States; condemning the baseness and timidity in yielding to Spain, which has characterized the State Department. Speeches were made by Governor Solomons, of Wisconsin, and John Mitchell, after which the meeting adjourned with three cheers for Cuba.

The case of Baron Von Bunsow was again brought before the Court of Sessions at Elizabeth, N. J., yesterday morning, and was again postponed. The Baron was admitted to bail in the sum of one thousand dollars. This is supposed to end the case.

The Times Albany special says the new charter is to be made the special order in the Senate to-day. It was the sole topic of conversation last night. The opponents of the charter are trying means to delay and, if possible, defeat it; but the general impression is that the provision was all agreed upon before adjourning last week, and that the charter will pass the Senate with

nearly the same unanimity as it did the Assembly.

JAMESTOWN, N. Y.—The Hazard Block was destroyed by fire this morning; loss \$25,000, insured for \$13,000. Bishops Wood and Gorman of Nebraska, arrived by the *Ville de Paris*, having been in attendance at the Ecumenical Council.

The work of impaneling in the case of McFarland was continued this morning and promises to occupy the entire day. At eleven o'clock the court room was again crowded with a respectable class of citizens. Quite a number of the panel have been examined; but up to this afternoon only two had been added to the juryman selected. Over a dozen had been rejected, most of them having already formed opinions, while others were evidently anxious to be placed upon the jury. The excitement is intense; great throngs are outside unable to gain admittance. The police are stationed inside and outside to preserve order.

FOREIGN NEWS.

FRANCE.

Subscription to Rochefort—Appeal to the People.

PARIS.—A subscription paper, signed by twenty thousand radicals, in Paris, has been presented to M. Ordinaire, deputy to the Corps Legislatif. Each subscriber contributes twenty-five centimes to go toward indemnity to Rochefort for the loss of his salary as deputy. Similar lists will be circulated throughout France.

In the Corps Legislatif, to-day, it was announced that the government had decided to make an appeal to the people on the question of the new constitution. Ollivier has declared the Government would accept the interpellation of M. Grey on the subject of the constitution and powers, which last week it refused to listen to. He had drawn up a vote of confidence, which though not yet introduced in the chamber has already been accepted by the Right Centre, but refused by Left. The discussion on the interpellation by M. Grey has commenced. The result is anxiously awaited.

HAVING successfully practiced HEMEPATHY to some extent for the last 25 years, in India, especially on the diseases of children, to which it is peculiarly adapted, the undersigned will be happy to give advice and medicine GRATIS to any parties who may personally apply to him at the Deseret News office from 10 to 1 daily, Sunday excepted. They are required to bring a couple of small clean bottles or large vials with them for the medicine.

Should patients not be able to apply personally, those who attend on their behalf must be able either to describe distinctly the symptoms of the complaint or bring a written statement of the same, which, if severe, Mr. M. will if possible, endeavor to visit.

Free will offerings, however small, will not be refused on the recovery of the patients, but no demand will, in any case, be made either for medicine or attendance.

Residence on the adjoining lot, south of the 9th Ward Meeting House.

CURTIS MODELS—PRICES REDUCED

TO MEET THE TIMES.—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory; but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—no taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. This system is very simple and can be learned in a few hours.

M
