MOST POPULAR RAILROADER

Another Pioneer Gone to His Rest—Death of William Powell of Marriotts.

Board of Education—New Year's a Day of Merriment—Police and Other News.

Saturday evening a most interesting time was had at Lewis' jewelry store in the voting contest for the most popular railroad man in Ogden, the prize being an elegant gold watch, given by Mr. Lewis. For several weeks the votes have been published in the Standard and all it cost for them was the price of the papers. The contest closed last night, and when the votes were counted Mr. J. H. Rhine, of the Union Pacific, had a big majority. J. H. Rhine had 6,300 votes, J. M. Doran 4,559, and J. H. Union 653. Several other names were on the bulletin but they only received a few hundred votes.

ANOTHER PIONEER GONE.

One by one the old pioneers of Weber county are passing to the other side. On Saturday morning, December 30th, Thomas Powell departed for the great beyond. The deceased came to Utah with the early pioneers and settled in Marriott's settlement. Weber county, where he lived until the time of his death. He lived to the good ripe old age of 83 years. His life was one of usefulness. He joined the church of Jesus Christ of Latter-day Saints in his native land, Wales, and has always been a faithful member and ardent worker for the cause of truth. The funeral services were held in the Marriotts meetings house this afternoon at 1 o'clock, Bishop Ritchie presiding. Several brethren addressed the congregation eulogizing the faithful life of the deceased and speaking words of comfort to the bereaved family. The remains were interred in the family burial ground in the Ogden cemetery.

BOARD OF EDUCATION.

The board of education met on Saturday evening and disposed of a small amount of business. A report was read by the clerk stating that all the school buildings have been thoroughly renovated and fumigated preparatory to opening of schools on Tuesday, 2nd. A number of bills were allowed and some minor affairs disposed of. The board then adjourned for one week.

NEW YEAR'S DAY IN OGDEN.

New Year's day in Ogden was a general holiday devoted to merriment. The early part of the morning it was very foggy, but it cleared away about 10 o'clock, and returned again about 7 in the evening. During the clear part of the day the sun was quite warm, and sleigh riding was quite general.

FAILED TO REFORM.

Nigger Dick, an old acquaintance of the police department, failed to turn over a new leaf today, but landed in the "jug." He went into the Saddle Rock restaurant for dinner and, having drunk a little too much, felt a little out of sorts and started a quarrel with the waiter, whom he thought seemed a little slow in serving him. He became quite boisterous and was about to try his fists as a policeman came on the scene and took Dick over to the "cooling" to eat his New Year's dinner. Two other men did not form very good resolutions for the year and drank a little too much of the foaming beverage and became quite troublesome so they were also placed under arrest.

LOCAL NEWS NOTES.

Two men named W. B. McGow and J. B. Corrigan were run in by the police for vagrancy. The horse and cutter which ran away with a railroad man the other evening and tipped him out, was found again by Nelson and Fell the owners, at Slades' livery stable where it was taken by some man the night it ran away. The merry jingle of sleigh bells filled the air yesterday and today, for several years Ogden has not had such delightful sleighing as this season. Some of the members of the new city council met for a short time today. They will hold their first regular council meeting tomorrow night. Mr. and Mrs. Willis Beardsley are spending a few days in Ogden. Mrs. May Carpenter is visiting with Mrs. F. J. Kline. Several babies will be given in the various halls throughout the city this evening.

RICHFIELD.

Christian N. Peterson, alias "Daneys Chris" Steals a Purse and is Apprehended. Special Deseret Telegraph. Richfield, Sevier Co., Jan. 1.—Yesterday morning about 5 o'clock H. E. Taylor, a saloon keeper of this city, discovered that he had been robbed of his pocket book containing \$115 in currency and other valuable papers. His suspicions at once rested on Christian N. Peterson, commonly known here as "Daneys Chris" who was at Taylor's saloon until a late hour the previous evening. Sheriff Coons was apprised of the affair and at once proceeded to Peterson's house in company with Taylor and the latter entered the same and

demanded a return of his money. Chris denied the theft at first but later confessed and went out and forthwith brought from his hiding place under a foot bridge the roll of bills. By the time a warrant of arrest was issued Peterson had skipped out but was apprehended by Sheriff Coons in the evening down at Sigurd where he was evidently quitting the country. Today, before Justice Simon Christensen, the prisoner was arraigned and took until tomorrow morning to plead. His bail was fixed at \$250, in default of which he was remanded to the custody of the sheriff.

PROVO.

ADMINISTRATION CHANGES.

Names of New Mayor and Members of Council—New Year's Day. Special Correspondence. Provo, Dec. 1.—There was almost a complete change in the administration of this city today. The old city council met at the council chambers at 11 a. m. After going a little unfinished business Prest. Keeler addressed a few words of congratulation to the outgoing council, dealing with the improvement started by them and which he hoped would be kept up by the incoming council, namely, sewerage, east drain and electric lighting for the streets. Prest. Keeler represented the majority or Republican side.

Thomas Martin, of the Democratic side, followed with a few happy words. The retiring mayor, S. S. Jones, in a few well chosen words went over the progress made by our fair city the past year and hoped to see great advancement made the coming two years. The old council then dissolved itself. The new city recorder, John U. Buchi, then called the roll of the incoming council and they took their seats at 12 o'clock. First Ward—D. R. Beebe, C. E. Loose, Second Ward—Alexander Wilkins and James Gray. Third Ward—L. L. Nelson and Canby S. Treasurer—Mary Boshard, re-elected. Of the council all but two are new ones. D. R. Beebe and George S. Taylor retaining their seats. The two gentlemen were appointed during the past year to fill vacancies in the old council. In politics the council stands 7 Republicans and 2 Democrats, with a Democratic mayor and marshal.

It is the universal opinion that the present administration is a very able one and commands the respect of all.

NEW YEAR IN PROVO.

The new year of 1900 was ushered into the Garden city in a very quiet manner. All business houses were closed and the holiday observed by all. There was but very little drinking and rowdiness manifested.

The question, "Does the twentieth century commence today?" occupied a great many people's minds, the majority believing in the negative. The new year looks very bright for our Garden city.

NOT STOLEN.

On Thursday morning it was reported to the sheriff's office that a box car of the Rio Grande Western Railway company had been broken into at the Provo station some time the night before and thirty-three boxes of cigars and six butts of chewing tobacco stolen. The officers worked two days on the case and were then notified that the box car had been broken into at a wreck in Colorado where the goods were lost. The wreck had not been reported to Salt Lake and the railroad officials thought a robbery had been committed.

KAYSVILLE.

Poor and Aged Entertained by Father John S. Smith. Special Correspondence. Kayville, Davis Co., Jan. 1.—At the last meeting of the Relief Society of Kayville, held on the 26th ult., Miss Elizabeth W. Smith extended an invitation to all the poor of the ward to eat their New Year's dinner at the residence of her father, John S. Smith. A goodly number responded today and were feasted in royal style. Some of the old songs were sung, and all seemed to enjoy the treat. Most of the guests were aged people. One old lady remarked she had not had such a good time for 25 years. The venerable host, though in his ninety-first year, was as chipper as ever, and did his share of the entertaining. He seemed to enjoy the event as much as anybody.

Little Roy Jones Dies After a Week of Suffering from a Kick. Special Correspondence.

Spanish Fork, Utah Co., Jan. 1.—As the result of the kick in the abdomen little Roy Jones, the 8-year-old son of Llewellyn Jones, died yesterday morning at 7 o'clock after a week of terrible suffering. He was kicked by a companion the day before Christmas, receiving a severe rupture which, owing to his father's care, kept concealed from his parents for a day or more. When surgical aid was called it was found that inflammation had set in and as stated the little boy succumbed to his injuries. The funeral will take place tomorrow noon. The family have the sympathy of the entire community.

Sperry offered the opening prayer and later spoke feelingly, eulogizing the bright character of little Pearl and spoke words of praise and commendation to the bereaved parents, brothers and sisters.

Apostle A. O. Woodruff spoke comforting words, directing the course that should be taken in order to meet our loved ones in the great beyond and pronounced blessings upon the grief-stricken family.

Little Pearl was much loved by her friends and schoolmates, four of whom acted as pall-bearers. The floral offerings were many and beautiful, among the designs were crescent and star on stand from the Studebaker Bros. Manufacturing Company, a large wreath from her brothers and sisters, cross from Mr. and Mrs. W. D. Edwards, cluster of violets from her late school teacher, Miss Margrette, and many others from her little friends and admirers. Little Pearl suffered intensely for three weeks, being so weak she could speak only at times and her mind was always on her studies in school, her parents, brothers and sisters and helping her mother with her household duties, etc. Her mind was perfectly clear to the last, her little soul passing into the great beyond while in a peaceful slumber which lasted nearly three hours notwithstanding her suffering with spinal meningitis.

She has gone to her Heavenly Father only to come forth in the morning of the resurrection a brighter star and to meet her dear parents there.

Mr. and Mrs. Stout express their sincerest thanks to those who so faithfully nursed their little one through her affliction and during their hour of sorrow.

EUREKA.

Old City Officials Go Out, New Ones Come In.

Special Correspondence. Eureka, Juab County, January 1.—The old city council met in special session at the city hall here this morning at 10 o'clock. After the usual amount of routine work, the council took up the reports of the city officers, which with scarcely an exception, were satisfactory and made the final arguments for the incoming administration.

The old administration goes out with a proud record. The new city administration, which will hold its initial session tomorrow evening, is composed of representatives of men in whose hands the affairs of the town cannot possibly suffer.

PRESTON, NEVADA.

New Settlement in White River Valley—Sunday School Entertainment.

Special Correspondence. Preston, Nevada, Dec. 27.—Preston is a small branch of the Church recently located in White River valley, Nevada. We are having splendid weather; the ground is bare and the roads are dusty. We had about 3 inches of snow on the 10th, but it has disappeared and farmers have begun to plough again. We raise all kinds of grain here and vegetables, melons, squash and small fruits. Some of the large fruits were set out last spring.

At 7 o'clock Monday evening, Dec. 25, a grand Christmas entertainment was given by the Preston Sunday school. A fine program of songs, recitations and music by the string band, was very creditably rendered. Every person in the town was present and was well entertained.

LINE OF CRADLES

Would Extend Around the World Were Every Family Represented.

It will probably startle a good many persons to find, on the authority of a well known statistician that could the infants of the year be ranged in a line in cradles, the cradles could extend around the globe. The same writer looks at the matter in a more picturesque light. He imagines the babies being carried past a given point in their mothers' arms, one by one, and the procession being kept up night and day until the last hour in the 12 months has passed by. A sufficiently liberal rate is allowed; but even the going past at the rate of 20 a minute, 1,200 an hour during the entire year, the reviewer at his post would only have seen the sixth part of the infantile host. In other words, the baby that had to be carried when the tramp began would be able to walk when but a mere fraction of his comrades had reached the reviewer's post; and when the year's supply of babies was drawing to a close, there would be a rear-guard, not of infants, but of romping six-year-old boys and girls.
