

SALT LAKE CITY'S CREDIT IS RUINED

Result of Reckless Administration of "American" Party is Now Becoming Apparent

URNS DOWN WARRANTS.

Land Board Offered \$200,000 Worth of Premium of Five Per Cent, But Will Have None of Them.

As one result of the reckless administration of the city's financial affairs, the credit of the city is ruined. This is indicated in the fact that conservative businessmen refuse to buy the city's securities at a premium of 5 per cent and bearing interest at six and eight per cent.

An offer of \$200,000 worth of special improvement warrants offered to the state land board, which is composed of men of standing in the commercial and financial affairs of the state, will not be taken up by the board. Agent O'Connor for J. P. Kennedy, sewer contractor, offered these warrants to the board at its last monthly meeting and the consideration of their purchase was taken under advisement by the board at that time. At the next meeting of the board to be held Thursday and Friday

day of this week, the offer will be rejected.

BEAR HEAVY INTEREST.

These warrants were offered to the board at 55 cents on the dollar. They bear interest at the rate of 5 per cent per annum until maturity and thereafter at the rate of 6 per cent. Any financial institution in the country would be glad to take any amount of securities paying the premium and interest included in the offer of Contractor Kennedy. If the credit of the corporation was sound.

EXCEEDED DEBT LIMIT.

It is feared by members of the land board that the city has gone over its legal debt limit as prescribed by the Constitution of the state. The fact that the land board has refused to take the warrants is taken as an indication that the report would show an alarming condition to exist and by reason of the board's refusal to take the warrants, the land board has refused to take the warrants. As the result of the maladministration of the city's financial affairs, the credit of the city's financial standing has been ruined.

Election Bulletins From The Polling Stations.

An illegal action is reported in the Seventh district, which may invalidate the vote. Anxious to prevent any Republican from becoming an election judge, the two "American" judges appointed a third "American" after the Democratic judge had failed to report for duty. Six Republicans led by J. H. Riley elected a Republican judge complying with the law that not more than two judges shall be of the same party. The "Americans" refused to allow this judge to sit, and appointed a third "American," thus violating the law.

Deputy sheriffs may arrest a voter in the Thirty-sixth. He was not registered and was allowed to swear his vote in after being brought to the polls in an "American" vehicle from 15 Commercial street.

Senator George Sutherland was challenged in the Thirty-seventh district today when he appeared to cast his vote. Senator Sutherland was born in England, came here as a child, and was eight years of age when his father was naturalized. He is entitled to vote under the old law, but were it not for the fact that Senator Sutherland had become a citizen before the law was changed the challenge would have stood. Any one foreign born must now take out his own papers on attaining the age of 21 in order to vote, regardless of whether or not his parent became a citizen.

PARTY CLAIMS.

(2:30 p. m.)

Republicans, by James Devine, chairman: "Every change is for the brighter." We will elect our councilman ticket in the First, the Second, and the fusion councilman candidates are assured in the Third. Plummer is running heavily ahead in the Fourth, and will come out of the Fifth with a good majority."

Democratic, by Ashby Snow, chairman: "The Third ward is going almost unanimously for Morris. The Fourth ward is pulling up a Democratic majority. Fifth ward workers report two Morris to one Plummer votes. The betting all through the city has changed in favor of Morris, and the workers are everywhere out to win. They are doing it, too. Many 'American' votes all over the city are shifting to Morris, so that his election at this hour seems certain."

"American," by Ben R. Heywood, in the absence of Chairman Danner: "Returns show the heaviest voting in Salt Lake's history, and the 'Americans' take in every direction. Chairman Danner has spent the morning rounding up the polling places and he reports the organization in perfect condition."

RESULTS AT THE POLLS.

Heavy Voting Characterizes Morning In Nearly Every District.

First Ward—At noon 1,965 votes had been cast, with heavy increases piling up as the men joined in the noon hour rush. Both Democrats and Republicans were working hard, and both were jubilant, each claiming majority. The "American" vote got out early. The second and fifth districts are conceded Republican. Total vote in First district, 220; second, 230; third, 135; fourth,

132; fifth, 154; sixth, 158; seventh, 192; eighth, 262; ninth, 228; tenth, 233; eleventh, 215.

A telephone message received at the "News" at 2:30 indicated that the "American" and Republican vote was about even with the Democratic slightly in the rear.

SECOND WARD.

At noon 2,118 votes were cast. The Democrats claim the fifth district, and Morris adherents generally are enthusiastic. One party worker claims the Republican gain on the "American" vote is noticeable. Totals are: Twelfth district, 197; thirteenth, 209; fourteenth, 167; fifteenth, 158; sixteenth, 197; seventeenth, 220; eighteenth, 183; nineteenth, 158; twentieth, 210; twenty-first, 182; twenty-second, 210.

THIRD WARD.

Democrats claim the ward almost unanimously. Republicans, however, claim the ward is running on last year's figures with the Republicans holding their own.

At noon 1,474 votes were cast, as follows: Twenty-third district, 208; twenty-fourth, 168; twenty-fifth, 250; twenty-sixth, 182; twenty-seventh, 260; twenty-eighth, 230; twenty-ninth, 230.

FOURTH WARD.

Republicans claim the ward for Plummer although "Americans" claim that the fusion councilman ticket is heavily supported. The vote runs, Thirtieth district, 240; thirty-first, 240; thirty-second, 185; thirty-third, 200; thirty-fourth, 227; thirty-fifth, 214. The thirty-sixth is conceded to be "American."

FIFTH WARD.

The total vote cast by noon was 1,651, with the "American" Democrats and Republicans all claiming the ward. One thing is certain, the "American" vote is not as solid and enthusiastic as it has been. Large blocks of business district transient vote going for Morris. Totals are: Thirty-sixth, 214; thirty-seventh, 257; thirty-eighth, 238; thirty-ninth, 264; fortieth, 210; forty-first, 218.

In all wards the workers think the "American" vote was largely cast this morning and that gains this afternoon will favor the other parties.

VOTE IN OGDEN.

Not More Than 32 Per Cent Cast By Noon Today.

(Special to the "News.")

Ogden, Nov. 5.—Voting up to noon this morning was very quiet, not more than 25 per cent of the total vote having been cast. In the First and Fifth precincts up to that hour. In the Second, Third and Fourth precincts, probably not more than 22 per cent of the voters have cast their ballots. It is difficult to state at this hour what the outcome will be, although the Republicans appear to be getting the best of it. The Democrats are sanguine, however, and expect to elect Brewer mayor and two or three councilmen, and one or two on the general tickets. As registration has been heavy, the expectation is that there will be a very heavy vote cast this afternoon.

SINGS OF LEE IN TWO DEPARTMENTS

Regardless of Bloodless Battles At Polls Marriage and Divorce Keep On.

ADVICE POSTED IN OFFICE.

Poetic Effusion Offers Suggestion by Which Divorce Court Could be Relegated to Oblivion.

Every department of the county clerk's office was practically off on a day's vacation today—this with the divorce departments. Business in single exception of the marriage and these two departments is transacted with becoming decency—the counter where marriage licenses are issued being found in the west side of the office and the counter where divorce and other suits are filed is as far from it and directly opposite to it in the east end of the office. After a happy pair secures a marriage license, there is a good reason, hand through office, they make a hurried exit. There is also situated near the divorce counter another door by means of which attorneys may enter without interfering with other departments.

AS TO CHATTERBOXES.

Suspended from a chandelier just half way between the departments of marriage and divorce is a card bearing this singular jingle:

"Speech is given to the many, Wise silence to the few: The world is full of chatterboxes—Be sure this doesn't mean you."

It has been thought by many that this little bit of advice was posted conspicuously for the guidance of those intending to get married. The fact is explained by Deputy Clerk E. J. Farnsworth that the card was put there to lead the office force, largely consisting of girls, in the proper course of social decorum. This, he says, does not prevent others from following the advice.

The divorce department was very busy today. Many matters were entered of record. The marriage license register shows five or six entries. If this record was always maintained at the same comparative percentage, the divorce department would appear to find favor in the west.

WOMAN WANTS LAST WORD.

Come now Rosa Bergant, announces an answer and cross complaint filed this morning, and complains of John Berger. He is wrong when he says certain things in his complaint. The divorce court has ruled against Rosa. John filed suit against Rosa Sept. 30 last. He alleged that they were married in North Platte, Neb., in August of 1888, though he claims he was born in 1885. He came here in January of 1905. He said his wife refused to come with him, or rather that she deserted him Feb. 10, 1904, without cause on his part. He has had custody of their children, George and Martha.

Now comes Rosa and denies many of her husband's allegations. She admits that they were married at the time and place mentioned by her husband, but she declares that it was John who deserted her. He not only deserted her, but also their two children, who were then minors. She declares that she was willing to go to any place to support her family, she says, in the Denver courts, and was put under bonds to do so, but that other than her children and has left the jurisdiction of the court in which he was convicted. John is capable of earning \$35 per week, she says, and she asks that John be awarded the divorce and alimony and other relief as the court may see fit.

SHORT AND NOT SWEET.

After less than 10 months of married life, Icie V. Hollman is asking that she and Brooke V. Hollman, her husband, be put under bonds to do so, but that other than her children and has left the jurisdiction of the court in which he was convicted. John is capable of earning \$35 per week, she says, and she asks that John be awarded the divorce and alimony and other relief as the court may see fit.

Point Pleasant, Virginia, by its name is a most alluring replica of Gretna Green—but there's nothing in a name. William R. Umberger and Grace Penley Umberger joined hands and kissed in wedlock there on Sept. 4, 1904—13 years ago yesterday. Five years ago in Richmond, Virginia, Grace deserted William, declares the husband in a complaint he filed today. She took with her their two boys. Now the husband enters a suit for divorce and so prays to the court.

DELEGATES APPOINTED.

M. & M. Association Names Five to Attend Convention at Wichita.

At last night's meeting of the directors of the M. & M. Association, the following delegates were chosen to attend the inland communities convention to be held at Wichita, Kan., Nov. 16, John Q. Critchlow, George A. Linn, Sr., J. R. Valentine, J. R. Huff and Theodore Nystrom.

It was decided to arrange the exhibit of the state products at the Chamber of Commerce, and add the trophies captured at the Sacramento Irrigation Congress. The sentiment of the meeting was that contractors and builders should use wherever possible, Utah products as building material.

DANCING PROVES FATAL.

Many men and women catch colds at dances which terminate in pneumonia. The case of a young man, who died at the Knutsford hotel, shortly after 8 p. m., is a case in point. He was a young man, who had been dancing at the hotel, and had caught a cold and a serious pneumonia. He died at the Knutsford hotel, shortly after 8 p. m.

The Juvenile band, under Bandmaster P. L. Christensen's direction, serenaded Nelson's band, shortly after 8 p. m., at the Knutsford hotel, shortly after 8 p. m.

The boys turned out with full ranks, and played half a dozen selections in the band. The hotel, one of them being Mr. Bousa's "Decorative" march. The noted bandmaster appeared on the balcony, from which he made the boys

Mr. Christensen, bowed acknowledgments for the band as Mr. Barnes, the treasurer, gave him a pass for the band. The boys played three numbers while Mr. Barnes and a number of invited guests were enjoying an informal dinner.

This statement comes one week before she will appear in court to see the beginning of her trial—her life before the law. The demands. On Dec. 5, 1907, she shot and killed Senator Arthur Brown, in the Raleigh hotel in this city. Much of the time since then she has had her two little boys, the children of her father, with her in her cell.

Witnesses Called.

It has been ascertained that among the witnesses who will be called to testify at the trial are: Mrs. Annie Adams, mother of Maude Adams, James Rowan, nightwatchman in the block where Brown resided; Archibald Livingston, Brown's stenographer; Max Brown, Brown's son; D. H. Wentner, Parley P. Christensen, Albert H. Kelley, bookkeeper; Judge William H. King and Asa D. Moseley of Ogden. Senator George Sutherland and Senator Reed Smoot may be called as witnesses to testify for the defense.

INCREASE IN BUSINESS.

Salt Lake Postoffice Shows Big Returns for October.

The increase of business at the Salt Lake postoffice continues to show some highly encouraging figures. For the month of October just closed, the sales of stamps amounted to \$20,477.30; cards, \$204; envelopes, \$3,392.38; total, \$24,874.68. For October, 1906, stamps, \$17,614.90; cards, \$200; envelopes, \$3,000.75; total, \$20,815.65; increase, \$14,058.03; or over 67 per cent.

The returns from the postoffice are a good indication of business conditions in Salt Lake, perhaps the best that may be relied on, as sure and positive reflection of the state of the postoffice transactions, and is constantly on the lookout for opportunities to improve the service.

MRS. BRADLEY BREAKS SILENCE

Makes Statement to Newspapermen Why She Killed Arthur Brown.

HAD LOST HOPE AND HONOR.

"I Did as Any Other Woman Would Have Done Under the Circumstances and Have No Regrets."

SPECIAL CORRESPONDENCE.

Washington, Nov. 5.—For the first time since her incarceration as a murderer, Mrs. Anna Bradley has broken her long silence. To newspapermen yesterday she said:

"I did just as any other woman would do under the circumstances and I have no regrets. Neither have I anything to fear, for deep down in my aching heart I believe, if justice was ever meted out to me, I will be cleared. My honor gone, the hopes of years of silent suffering shattered and set aside by the man for whom I gave up everything dear to womanhood, there was no other course open to me but to shoot him dead."

This statement comes one week before she will appear in court to see the beginning of her trial—her life before the law. The demands. On Dec. 5, 1907, she shot and killed Senator Arthur Brown, in the Raleigh hotel in this city.
