Grandma Garfield.

MENTOR, Ohio, Jan. 15.—Grandma Garfield is certainly growing weaker and it is thought she can live but a few days.

THE ARCTIC AVALANCHE.

The Cold Still Increasing and Deaths and Suffering Numerous.

NEBRASKA CITY, Neb., Jan. 15.—The thermometer registered 20 degrees below zero last night. Two deaths from freezing are reported—Emil Grassman, a farm laborer, and the child of a farmer named Bodine, who has been missing since Friday, supposed to have perished.

HELENA, M. T., Jan. 15.—This morning at 5 o'clock the thermometer registered 45 below zero; the highest point reached during the day was 25 below. At Belgrade, east of here, it was 50 below on Friday night with stock suffering. Dispatches from northern Montana show an abatement in the cold with westerly winds and prospects of a chinook.

Last night was the coldest of the season, the thermometer going as low as 47 below. Ole A. Egge, of Hartland, was frozen to death.

IN TEXAS EVEN.

ST. LOUIS, Jan. 15.—Dispatches from a dozen places in northern Texas say the blizzard reached that part of the state yesterday afternoon, and that the mercury fell from 40 to 45 degrees, reaching almost zero at some points, a high wind prevailing and sleet and snow fell in an unprecedented manner. Advices from Pan Handle say the mercury fell to 3 degrees above zero, and that cattle were drifting before the storm and suffering badly.

OMAHA, Jan. 15.—The thermometer is rising slowly here. Last night the thermometer registered in some places in the city thirty degrees below zero. Tonight it ranges between ten and twelve degrees. Reports still coming in show that there were many fatalities throughout the state as the result of the storms. The bodies of an old lady named Mrs. Chapman and two grandchildren, who were lost Thursday near Stuart, Neb., were found yesterday.

MORE DEATHS.

ST. PAUL, Jan. 15.—The following deaths by freezing in addition to the last sent last night are reported:

Near Mitchell, Dak., a young man named Munger; Mrs. Phillips and a son of Mr. Alpena, in Jarrold County, Dak.; an unknown man near Aberdeen, Dak.; at Windemere a school teacher and two pupils; at Fulda, Minnesota, a twelve-year-old son of John Walsa; Tracey, Minn., Tom Anderson, a farmer, is missing; Belgrade, Montana, reports the death of several cowboys in the Madison Valley. Last night and today have been exceedingly cold all over the northwest. At Brainerd it was 58 below at 5 o'clock this morning; at Bird Island, 38 below this morning; at Fairbaut, 47 below last night at Duluth, 34 below today. At Clearwater 62 below this morning.

AT CHICAGO.

CHICAGO, Ill., Jan. 15.—Sixteen below was recorded on the government thermometer here at midnight. Indications were that the mercury would go much lower before daylight. Four below was the highest temperature reached during the day. The total absence of wind mitigates the cold materially and no severe suffering is reported. There is much hardship in the poor districts of the city, however, and police stations and other public shelters are crowded to their utmost capacity by homeless waifs.

Changing the Time.

VIENNA, Jan. 15.—The Austro-Hungarian delegations will be convoked in May instead of October.

Church Fire.

MINNEAPOLIS, Jan. 15.—At 8:30 this morning a fire was discovered in the Church of the Redeemer (Universalist). The church cost $80,000. The fire was caused by the janitor's son starting a fire in a furnace which was undergoing repairs. The firemen found it almost impossible to reach the flames and fought them all day long with the mercury ranging from 22 to 30 below zero. Nothing but the walls are left. The loss is placed at $70,000, with insurance of $50,000. During the day nine firemen were overcome by the dense smoke which poured from the building. Two of the men are said to be in a very critical condition.

SENATE.

What Will be Done and What Not

WASHINGTON, Jan. 15.—The Senate is expected to go into secret session after the morning hour tomorrow and enter at once on consideration of the nominations of Lamar, Vilas and Dickinson and to continue in secret session until these are disposed of.

The direct tax bill, which has been discussed at length in the morning hours, will probably be voted upon within two or three days, and Senator Blair will try to secure action this week upon the education bill.

The deficiency bill is in the hands of a sub-committee of the committee on appropriations and may be brought into the Senate in time for action before next Saturday.

THE REGULAR ORDER

will be temporarily laid aside from time to time whenever senators wish to deliver speeches on other subjects and among the expected events of this nature is a speech bearing probably upon current politics by Senator Ingalls.

If Chairman Crisp, of the House committee on elections, can complete his report on the Tuebe-Carlisle contest election by noon tomorrow, the matter will be at once laid before the House, and as the question is of the highest privilege, it will command immediate attention. Should the report not be ready, it will be in order tomorrow for the committees to meet to suspend the rules and pass measures that have received their sanction. But only a few of the committees will be able to

TAKE ADVANTAGE

of the opportunity for the reason that the time will be insufficient with the majority in which to perfect the bills referred to them.

Representative Dingley's resolution of inquiry into the alleged Canadian discrimination against American vessels passing through the Welland Canal will probably be called up and passed without much discussion. The committee on accounts has modified its original report upon the assignment of committee clerks, so as to give one to each committee, which action insures the adoption of the report by the House before the end of the week. The committee's adverse action upon the amendment proposing a clerk to every representative will, however, cause a lively discussion.

A Boy Feared.

GALWAY, Jan. 15.—Wilfred Blunt has been removed to a warmer cell in prison and his overcoat has been returned to him. Today a band tried to serenade him, but was prevented by the police. The people are excited and a row is feared.

Gladstone.

LONDON, Jan. 15.—Gladstone, through the newspapers, again returns thank for the large number of birthday congratulations which he received.

The *Daily News* says there is no foundation for the report that Gladstone is going to Rome.

Severely Wounded.

PARIS, Jan. 15.—While hunting at Rambouillet yesterday, General Brugere was severely wounded in the hip by the accidental discharge of a keeper's gun. President Carnot was one of the hunting party.

Without Foundation.

SANTA FE, N. M., Jan. 15.—A special says: The *Herald* publishes a statement of the financial condition of New Mexico, obtained from official sources, showing that the stories circulated with the evident intention of bearing the territory's credit, are without foundation in fact. The last legislature was urged by Governor Ross to fund outstanding warrants and bring the territory at once to a cash basis, but it neglected to do so, though it took away the taxpaying power of warrants and provided for the issue and sale of bonds to pay current expenses for eight months. The increase of taxable values for 1887 and the prompt payment of taxes for that year have so improved the financial condition of New Mexico that with the present year all warrants now out and to be issued during the year will be paid. The bonded debt of the territory is $400,000. All expenses are covered by the rate of taxation, about 1½. Immigration is on the increase and there is also a notable increase in investments of eastern capital. Territorial warrants are rapidly advancing in value and are eagerly sought by moneyed men.

Total Exchanges.

BOSTON, Jan. 15.—Managers of the leading clearing houses in the United States report total gross exchanges for the week ending Jan. 14th, 1888, to be $973,463,182, an increase of 0.8 per cent. over the corresponding period last year.

A Beneficial Benefit.

NEW YORK, Jan. 15.—The Anti-Poverty Society gave a concert in the academy of music to-night for the benefit of Miss Mimier, leader of the choir. She will receive from the receipts about $1500. Miss Mimier lost her position in the choir in St. Stephen's Church through the stand she took in defense of Dr. McGlynn. It also cost her many profitable engagements as musical instructress in Catholic institutions and private families.

Prest. Grevy Prostrated.

PARIS, Jan. 15.—Ex-President Grevy suffered a stroke of apoplexy last Monday. He has since been confined to his bed and physicians have been visiting him twice daily. His condition was kept a secret as long as possible. This is the second apoplectic attack the ex-President has had.

Quickly Quashed.

CONSTANTINOPLE, Jan. 15. — Two bands organized to cause a rising in Bulgaria were defeated by Turkish soldiers before they crossed the frontier.

Quite Happy.

ST. PETERSBURG, Jan. 15.—Lord Randolph Churchill visited Gen. Ignatieff and said he was happy to make the acquaintance of a statesman representative of the Russian national party. General Ignatieff replied that properly speaking there were no political parties in Russia, that he represented a national sentiment.

The Coming Revolution.

DUBLIN, Jan. 15.—A conflict occurred at Gweeda yesterday between peasants and a party of police collecting rates. A woman was stabbed with a bayonet, a girl was wounded with a truncheon and other persons were more or less severely injured. Two arrests were made.

The people are incensed at the police for making seizures while tenants are in bed.

At Skibbereen, today, the Bishop of Skibbereen, Ross, preached a sermon in which he vehemently denounced the coercion act. He said the time would come when no half measures would suffice and that if strong and good men were not taken from them, he did not hesitate to say the dawn of liberty and independence was at hand.

War Notes.

VIENNA, Jan. 15.—It is stated that Count Kalnoky, in his reply to Prince Lobanoff, the Russian ambassador who had given him an intimation as to the movements of Russian troops, said he had taken note thereof and he could respond by saying that Austria cherished equally peaceful intentions, but it would be for military councils to judge of the situation created by the advance of troops.

The report is current that the second Caucasian army corps has been ordered to proceed to the Austro-Roumanian frontier.

It is stated that the government has decided to begin the movement of troops at an early date. It will send large reinforcements of Hungarian troops to Transylvania.

The *Warsaw Journal* semi-officially announces that barracks to the number of 80 will be constructed at three points on the Prussian frontier—Suvalki, Kalvirja and Maryampol.

Picked Up.

LAGUA, Jan. 15.—The schooner *Lewis G. Rebel*, from Boston, picked up and brought to this port seven sailors of the American bark *D. Chapin*, which foundered on the voyage from Turk's Island to Boston. The survivors say the captain, one sailor and the cook died of thirst and hunger after ten days' exposure in an open boat.

Died.

BOSTON, Jan. 15.—Gen. A. B. Underwood, for 22 years surveyor of the port of Boston, died this afternoon of pneumonia.

WASHINGTON, Jan. 15.—George Walker, late consul general of the United States in Paris, died of pneumonia at his residence in this city this afternoon aged 64.

INDIANAPOLIS, Ind., Jan. 15.—Hon. Oscar B. Card, once attorney general of the state and a prominent and widely known lawyer, died to-night aged 58 years. He was prostrated on Tuesday last by a stroke of apoplexy and never rallied.

Mexico and South America.

GUAYAQUIL (via Galveston) Jan. 15.—The war council has sentenced to death Lunt and Tellez, two of the revolutionary chiefs taken lately in the province of Manabi.

Great disorders are occurring in the church. Several of the clergy have been confined by the bishop and others have been ordered to pay fines. Many

Baseball.

SAN FRANCISCO, Jan. 15.—New York five; St. Louis nothing. King and Van Haltern pitchers.

scandalous articles appear in the press.

LIMA, (via Galveston), Jan. 15.—The latest cholera returns cabled by the Peruvian medical commissioner in Chili show a decrease, but the epidemic continues in full force in the southern provinces.

More Fire.

NEW YORK, Jan. 15.—A three-story brick building at 54, 56 and 58 Warren Street, were completely gutted by fire today, and an adjoining building, 53, badly damaged. Loss on buildings, $50,000, and on the stock of eighteen firms occupying them, $100,000.

The President's Gift.

ROME, Jan. 15.—Archbishop Ryan has handed to the rector of the American Seminary, President Cleveland's letter, with the volume of the American Constitution dedicated to the Pope. The rector will present them on the occasion of the Pope's reception to the American bishops, in order to avoid putting his holiness to the fatigue of giving a special audience.

The Collapse.

DUBLIN, Jan. 15.—As a result of the official inquiry in the case of the ship *Alfred D. Snow*, which was recently lost off Waterford with all her crew, the coxswain of the *Dunmore* lifeboat has been pronounced guilty of cowardice in refusing to launch his boat and making an attempt at saving the ship's crew. At the time of the wreck the coxswain resigned his office rather than launch the lifeboat. As the ship's crew were then actually drowning, the court of inquiry holds that the crew could undoubtedly have been saved if the lifeboat had been launched.

Balfour Denies.

DUBLIN, Jan. 15.—*Freeman's Journal*: Wilfred Blunt is being personally persecuted, and fearing that he will be removed to the worst prison, feels bound to state the grounds upon which he fears that the Parnellite leaders are to be imprisoned. While staying at a country house in the south of England, in September he met Balfour, who made the statement that he intended to imprison the physically weakest of the Parnellites, adding—"I shall be sorry for Dillon as he has some good about him. He will have six months, and as he has bad health, he will

DIE IN PRISON."

After the Mitchelstown affair, Blunt went to Ireland and warned O'Brien and Dillon. "Mr. Balfour," says Mr. Blunt, "became aware of this, to which I attribute his virulence in the Portumna trial. I feel unsafe in Balfour's hands. Unless protected by those responsible for the direction of prison discipline, I should incur the risk of ill treatment or perhaps fare worse." In response to an inquiry Balfour said, "The story is a ridiculous lie. I do not believe Blunt ever made the assertion attributed to him."

Diaz Will Welcome Americans.

ST. LOUIS, Jan. 15.—Late advices from the City of Mexico say President Diaz and his cabinet have announced that they will do all in their power to encourage and promote the emigration of Americans into Lower California, particularly into the land of the International Company, whose headquarters are at Ensenada. There has lately, however, been so much enmity stirred up against this American immigration by national and other anti-liberal papers in the City of Mexico that in deference to this agitation and for the purpose of calming it to some extent, the administration has determined to strictly enforce in Lower California the law which prohibits foreigners from acquiring a title to real estate in Mexico within 20 leagues of the boundary lines.

McLean to the Marquis.

PARIS, Jan. 15.—McLean, U. S. Minister, in a letter to Marquis Rochambeau regretting his inability to attend the banquet in celebration of the battle of Yorktown, says: "For the glorious past and for the Marquis, a remembrance of the soldier whose name he bears is a debt of gratitude America owes his comrades." He continues: "It is to the ancient association of French and American soldiers on battle fields in the new world that is due the strong current of sympathy which has never ceased to draw France and America together. I greet in the French soldiers present at the banquet the representative of the French army and the President of the republic, the toast to whom I desire you to propose in my name."

Out of the Frying Pan Into the Fire.

CHICAGO, Jan. 15.—W. J. Gallagher, who was concerned in the notorious ballot box frauds, which nearly deprived Gen. Logan of his seat in the Senate and for which Jos. C. Mackin is still in the penitentiary, was in Chicago today awaiting the legal preliminaries necessary to transfer him from the prison cell at Joliet to another at Philadelphia. Gallagher's sentence at Joliet expired last evening. He was arrested upon the threshold upon an indictment against him charging that eight years ago he forged the name of Abram Thompson, a member of the city council of Philadelphia, to a note for a small amount. He will have a *habeas corpus* hearing tomorrow before Judge Shepard and unless some technicality intervenes, he will then, probably, start at once for Philadelphia.

Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 78 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, 50c. and $1, at A. C. Smith & Co's Drug Store. (4)

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe Cold, attended with a distressing Cough and running into Consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for Consumption. Guaranteed to do just what is claimed for it.—Trial bottle free at A. C. Smith & Co's Drug Store. War Notes.

BERLIN, Jan. 14.—The fact that the Czar at his New Year's reception refrained from talking to the German embassador and the Austrian representative and one of the Russian generals and ministers whispered a few minutes to M. De Giers and then singled out Minister Bishnegradski, M. Pobredonosteff and Secretary of State Ostrovski, is taken to mean that the war party triumphs.

Movements of troops to the frontier are accelerated and hosts of laborers are constructing redoubts on the line of the Vistula.

Austrian and Hungarian troops are concentrating on the Silesian frontier and the majority of the Hungarian Parliament are ardently warlike. The Austrian war office is confident there are sufficient forces in Central Lombers, Przemysle and Czernowitz to arrest any Russian advance.

The upper house of the Russian Landtag which began its session today, elected the Duke of Hatibor president, Herr Von Rochoro, vice-president, and Herr Miguel second vice-president.

Carlisle Wins.

WASHINGTON, Jan. 15.—The committee went into secret session. The first motion put was to postpone the further consideration of the case, which was rejected by a strict party vote of 7 to 6. Then the motion was made to reopen the case.

Rowell, republican, asked to be excused from voting, as Cooper, republican, voted with the democrats so the motion was lost. Another motion was to declare Thoebe entitled to the seat, and on this four republican members were excused from voting, the remainder voting with the democrats against the proposition. Then came the final vote on the motion affirming Carlisle's right to his seat. All of the democrats voted in favor of this proposition and with them stood Messrs. Cooper, Rowell and Johnson, of Indiana, making the affirmative vote 12. Messrs. Lyman, Hank and Dodge, republicans, were excused, so there was.

NO NEGATIVE VOTE.

The position taken by the republicans who abstained from voting is that while they are not convinced that Carlisle is not entitled to his seat, it is proper for the committee to reopen the case and afford an opportunity for the production of any new evidence that might throw light upon the contest. Under the instructions of the chairman, Crisp will report to the House a resolution declaring Carlisle entitled to his seat.

THE AWFUL WEATHER.

Great Loss of Life and Immense Suffering.

MINNEAPOLIS, Minn., Jan. 14.—Dispatches from points west of this city indicate that the loss of life during the late blizzard will be heavy. At least a dozen deaths from freezing have been already reported.

DENVER, Jan. 14.—The weather here continues clear and cold, with no snow. The thermometer this morning registered 26 below; tonight, 9 below. As yet stock has not suffered to any extent, and if, as anticipated, the cold spell is over in a day or two, the loss will be not greater than usual. Railway travel is not greatly interfered with. The mountain trains are on time. The Burlington trains are reported on time; the Missouri Pacific into Pueblo is but a few hours late; the Santa Fe and Union Pacific are not so fortunate, being reported from 12 to 18 hours behind.

FROZEN TO DEATH.

YANKTON, Dak., Jan. 14.—In the storm of Thursday several school children were lost while returning from school. Farmers returning home from town were overtaken and wandered helplessly over the prairie during the night. Two men were frozen to death at Lesterville, this county, and two others at the same place lie in a critical condition. Two children were frozen at Wakonda, a small town in an adjoining county.

ST. PAUL, Jan. 14.—The loss of life by the blizzard of Thursday is shown to have been very great, by far the largest number of casualties being reported from Dakota points. The following summary made, shows the names of those who perished, but later dispatches will

Balfour's Victims.

DUBLIN, Jan. 14.—Jasper Douglass Pyne has made his escape from Lispinny Castle. The police are in pursuit.

Eleven persons have been arrested at Galway on the charge of intimidation.

It is asserted that the District Inspector holds a warrant for William O'Brien and will arrest him as soon as released from prison.

A Galway correspondent of the *Evening Telegraph* says Wilfred Blunt was last evening deprived of his overcoat by the prison officials. He then took off the prison garb and demanded his own suit which was refused him. Today he stayed in bed. Blunt told visiting justices that Balfour in recent interviews declared his intention of imprisoning six of the physically weakest of Parnell's friends, who would be unable to survive six months. The justices refused to receive the written declaration, but advised that the prisoner be removed to a better room, that his overcoat be restored and he be supplied with writing materials.

A Brave Boy!

SOFIA, Jan. 14.—Prince Ferdinand during a reception of officers at the Sofia garrison New Years day spoke energetically of the situation and said that events might soon force Bulgaria to defend her rights. "You will then see," continued Prince Ferdinand, "that I can die in the defense of our country."
