Senator Sumner on Saturday, in speaking of Americans in Europe, said that the United States were disgraced by such men as Minister Washburne, in Paris, and Jones, in Brussels.

A special order has been issued by the War Department, directing the 17th infantry, now in Virginia, and the fourteenth infantry, now in Kentucky, to proceed immediately to Sioux City, Iowa, and report to the Commanding General of the Department for assignment on duty.

A bill making it unlawful to import immigrants under labor contracts, was

referred. Wilson, from the military committee, reported a substitute for the House army bill. The substitute directs the President to reduce the number of enlisted men to 25,000 before January 1st 1871, and authorizes him to honorably discharge officers who apply there for before next October, such officers to receive extra pay and allowances for two years, one and a half years, or one year, according to the term of service, if they have been over ten or not under five | first degree. years. Officers who have served thirty years may be retired, and the limitation of the number on the retired list shall hereafter be three hundred. The officers of General and Lieut. General shall be confined to the present incumbents. No.appointments shall be made to Major Generals or Brigadier Generals until the number of officers of these grades is reduced to three and six respectively. Vacancies occurring in the heads of staff departments are to be filled by officers having the rank and pay of Colonel. The grade of regimental commander is abolished. The generals of the army, commander of departments and chiefs of staffs of the departments shall, as soon as practicable, forward to the Secretary of War, a list of officers deemed unfit for the discharge of their duty, and the Secretary of War shall convene a board of fifty officers for their examination. On the recommendation of this board the President may wholly retire any officer so reported with a year's pay. The schedule of the pay of officers is the same as that of Logan's bill, except that the total pay of a colonel is limited to four thousand, of a lieut.-col. to thirty-six hundred; of a major to three thousand. Ten per centum of the current yearly pay of all officers shall be allowed for every term of five years, but the total amount of such increase must in no case exceed forty per cent. of the yearly pay. This is provided in view of longevity. The rations heretofore allowed, with full forage and quarters, remain as now allowed. All con- few days. tinued officers on the retired list shall receive seventy-five per cent. of the pay of the rank upon which they retired. The pay and allowances of enlisted men remain unchanged until June '71. Officers on the active list are prohibited holding a civil office.

common school education. A bill was passed providing for the disposition, by the Interior Department, of useless military reservations.
