LOCAL AND OTHER MATTERS.

THEATRE.—Last evening Mr. E. T. Stetson appeared in the drama of "The Drunkard," or the "Fallen Angel," as the name indicates, depicting the debasing and ruinous effects of the appetite for intoxicating drink. In the principal character, "Edward," Mr. Stetson played a powerful actor, capable of enchainment of the attention of the audience. The dramatic scenes, if not one of the most successful, were elaborate, highly wrought, intense, and altogether the finest piece of acting of the kind which we recollect having witnessed. Miss Adams, as "Alice," was a neglected and suffering wife, played with much naturalness and effectiveness. A. C. Brown, as the gambler, was a pronounced success. The play, a powerful and stirring drama, depicting the life of a man who, through the influence of a powerful woman, is brought to a noble end. The play, a powerful and stirring drama, depicting the life of a man who, through the influence of a powerful woman, is brought to a noble end.

SEALING PROPOSALS.—The County Court of Salt Lake County, Utah, will receive proposals for the sealing of the County Court House, on Saturday, March 24, 1912, at 10 o'clock a.m. The proposals should be in writing, and should be addressed to the County Clerk, Salt Lake City, Utah.

CO-OPERATIVE STORES.—A Des. Tel. dispatch, received last night, says: On the night of the 7th, the Minneapolis co-operative store was robbed of between forty and fifty dollars, principally fractions and change. The store was closed at 10 o'clock, and the robbery was committed through the window. It is not yet known who did it.

There appears to be some callow traveling southward from this city and going through the co-operative stores on his way. We have heard of several stores in the Provo and Ogden districts being burglariously entered and robbed lately.

PAOR, FOWLER.—Prof. Fowler will deliver a lecture at the Tabernacle tomorrow (Saturday) night, to ladies and gentlemen, on "Phrenology as a Science, and the Secret of Success in Life." Admission 25 cents. He lectured this afternoon to ladies exclusively.

PORTFOLIO.—The publication of the Biographical sketch, etc., of the late P. Mangham, written by a press of our matter, is unreservedly omitted to-day.

THE TRAINS.—The bulletin at the Des. Tel. office says that there was no report from the U. P. trains this morning, but that they were at Perry late last night.

LECTURE LAST NIGHT.—There was another large audience at the Tabernacle last night when Prof. Pratt concluded his lecture of "The Bible and the Science of Mormonism." As on the previous evening the closest attention was paid to the remarks of the speaker.

STABBING AFFAIR.—A dispatch from Ophir, East Canyon, last evening, says: "At Lawton, Camp Floyd, this afternoon, Jacob McKinney stabbed Geo. Rasmussen, a member of the local militia, with a bowie knife, causing it to be believed, fatal wounds. The attack is said to have been entirely unprovoked. There is much excitement at Lawton over the affair, and threats are freely expressed. McKinney is under arrest."

VERDICT.—Yesterday a number of the members of the Japanese Embassy, accompanied by Mayor Wells and Col. Rice, visited the Japanese Consulate in Ogden. They manifested much interest in the workings of the Commercial department, and expressed a desire to call again.

The Blockade.—Previous to the blockade, the following was received this afternoon by W. U. Telegraph:

CORINNE, 9.—In a dispatch received from Adam Ansbach, of the Corinne Reporter, who is a passenger on a train which arrived at Rawlins this a. m., he reports as follows: Six passenger trains have just arrived here, the first having been twenty days from Omaha. The second, twenty-one; the third, twenty-two; the fourth, twenty-three; the fifth, twenty-four; the sixth, twenty-five. Between stations those who had no provisions of their own were compelled to live on crackers and cheese, the railroad company asserting that they had nothing more. An indication of the character of the provisions was being unwholesome and insufficient.

In response to a telegram to Assistant Superintendent Clarke, at Lawton, he ordered a distribution of supplies to an express car, belonging to the party at Green River. The eastern railroad men and passengers are bitter in denouncing the general management of affairs. The railroad has broken up in several of the passenger cars. Second class passengers are suffering to some extent from want of food. There is some prospect of trains getting through the drifts in 24 hours, if a storm does not come up. A dispatch from Lawrence says that the last train left that place on the 30th, and that there are four trains leaving there now.

THE TERRITORIAL LEGISLATURE.

Thursday, Feb. 8.
COUNCIL.—Council met pursuant to adjournment. Councilor Jesse N. Smith presented petition of John Hamilton and twenty-five others, citizens of Hamilton, Iron County, praying for the establishment of a free school system, which was read and referred.

AN Act changing the name of Reuben Andrew Robinson, was taken up and read and passed.

Councilor Woodruff presented "An Act for the protection of Game and Fish, and defining the duties of the County Game Warden, in relation thereto," which was received, read and laid on the table to come up in its order.

AN Act recognizing the common law as a rule of decision in civil cases, was taken up and read, and referred.

AN Act to provide for the working and development of mines, being a substitute for "An Act relating to the discovery of Gold and Silver, and the manner of their location," was taken up on its second reading, amended and passed.

Councilor Jennings presented "An Act appropriating money to defray the incidental expenses of the Convention elected to frame a constitution for the Territory of Utah as a State," which was received, read and laid on the table to come up in its order.

On motion of Councilor Jennings, the Council adjourned till Friday.

A report was made in relation to the expediency of further legislation pertaining to the sale of University lands. The bill for an Act to define the duties of County Recorders, was read the first time. A bill for an Act to change the corporate limits of Ogden city, was read and referred. The bill for an Act relating to the discovery of Gold and Silver, and the manner of their location, was reported with recommendation that the same be printed. House adjourned till Friday at ten a. m.

HOUSE.—An Act to provide rules for the working and development of mines, was read and referred. The committee on elections was instructed to ascertain what officers, if any, are to be elected by the voters of the Legislative Assembly, and report at an early day. The chairman of committee on municipal corporations reported back the bill for "An Act amending the charter of incorporated cities," with amendments. The amendments were accepted and the bill passed. House adjourned till 2 p. m.

They are the GREAT BLOOD PURIFIER and A Tonic, and invigorator of the System, carrying out all poisonous matter, and leaving the system long and healthy. No person can take these Bitters according to directions and remain long unwell, provided their blood is not destroyed by mineral poison or other means, and that the organs would beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar property of acting as a powerful agent in relieving Obstruction or Inflammation of the Liver, and all the Biliary Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, the Winegar Bitters have no equal.

For Inflammatory and Chronic Rheumatism, Neuralgia, Sciatica, Catarrh of the Bladder, Gonorrhea, Stricture, Hemorrhoids, Piles, and all the various diseases of the Blood, Liver, Stomach, and Bowels, these Bitters have been most successful. Such Diseases are caused by Violated Blood, which is generally produced by derangement of the Biliary Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Distension of the Stomach, Stomach, and Indigestion, these Bitters have been most successful. Such Diseases are caused by Violated Blood, which is generally produced by derangement of the Biliary Organs.

They invigorate the Stomach and stimulate the liver and bowels, which render them unequalled in their efficacy in cleansing the blood, all impurities, and imparting new life and vigor to the whole system.

Cleanse the Violated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores, cleanse it when you find it obstructed and sluggish in the veins, cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
