UMPS' PROTECTION

New York, Dec 21.—'You can take it from me that seating an all-around catcher. They had Beckendorf, with a lack of experience and lack of hitting the catching line mext year. The season of 1999 was a disappointment. Today Henry Beckendorf, the Gotham Tenton, who is still somewhat of a mystery to fandom, is the best man on the Tiger staff and the only catcher Jennings has for 1910 on whom he can look with hope.

New York, Dec. I.—'You can take it from me that protection of umpires will be one of the principal planks in my platform," was the announcement which came today from Thos. J. Lynch, the new president of the National league. "Further than that I have nothing to say yet as to my policies. You see I've been a long time out of the harness and until I am theroughly familiar with every angle, I do not wish to make any statements.

'I can safely say that no party will influence me in the performance of my duties as I see them. My chief adviser is Mr. John Heydler."

### HARVARD APPLIES FOR MEMBERSHIP

Cambridge, Mass., Dec. 20.—Application for membership in the Intercollegiate Athletic association of the United States will be made by Harvard university at the next annual meeting of the organization in New York on Dec. 28.

Although the Intercollegiate Athletic association includes the majority of the colleges of the country. Harvard, Yale, Princeton, Cornell and Columbia have nothered it. The feeling prevails at Harvard, however, that Yale and possible other institutions named will follow the example of the athletic committee here.

### "NIG" CLARK WILL BE WITH DETROIT

Detroit, Dec. 20.—Detroit will have a new catcher next year. He will be a man of major league experience, and there is reason to believe that Nis Clark, at the present time a member of the Cleveland Naps, will be the man. When the season of 1999 opened, no club in the major leagues had a better prospect in its catchers. Detroit had two of them, Beckendorf and Stanage. They looked like world beaters. They were touted everywhere, by everyone, and the people who came across with the compliments were men who know whereof they speak.

# AT JACKSONVILLE.

AT JACKSONVILLE.

Jacksonville, Fla., Dec. 29.—One of the features of today's card at Monerief was Butwell's riding on Harvey F. in the second race. This was made in a wonderful stretch drive and put the horse over a winner at a closing price of 12 to 1, and the books fared nicely, as both Sou and Fuifill were heavily played.

Huwell put up another good ride when he wen the fourth race on Rostrum, this horse being heavily played favorite. The track was muddy and the weather disagreeable, but, notwithstanding unfavorable conditions, the sport was witnessed by a large crowd. Summary. 4

### AT TAMPA.

Tampa, Fla., Dec. 29.—Thrilling finishes characterized today's racing, the proverbial blanket being all necessary space for covering the six horses as they finished in the last race and the judges had a hard time singling out the winner. A nose finish between Bannock Bob and Descommets in the fourth brought the large audience to its feet. Summaries:
First race, five furlongs—McAndrews, 5 to 1, won; Gordon Lee, 6 to 1, second; Birdslayer, 3 to 1, third; time—1:64-5. Second race, five and a half furlongs—T. M. staff and the only catcher Jennings lias for 1810 on whom he can look with hope. Charlie Schmidt, although working hard, doing the best he knows, can't, for some reason or other, improve. Charlie does not show the proper headwork, and his hitting fails off. He also becomes erratic and his playing is marred by that. Stanage had a chance to swing himself to the top of the league this year. Last spring, when the big California boy started out, he was regarded as the find of the season. He showed good form. He batted with the leaders and his average for weeks hovered about 300. He showed a good head and knew how to use his brains, while his arm worked splendfdly. You did not see or hear much of Schmidt in those early days. It was Stanage, day in and day out. He was going great and he looked fit to keep it up. But he didn't. He could not resist temptation. That is where Stanage lost his chance to become one of the heat of major league backstops. He liked his drink and he couldn't keep away from it. That is why Jennings had to drop back to Schmidt and use him when Stande shall the heavy end of the work behind the bat. Juarez, Dec. 20.—The races were again postponed today until Wednesday on account of the bad track. The track was frozen, and horsemen deemed it unsafe to race. The management decided today to add any number of racing days to March 1 that might be asked for, to make up for the lost time. Track officials are willing to run races now, but horsemen consider the track unsafe and requested the postponement, and the management decided to run the original Saturday card on Wednesday.

### RACING IN NEW YORK.

New York, Dec. 21.—Embodied in the forthcoming report of the New York state racing commission will be a statement taken from the books of the various racing associations to the effect that the state has lost more than \$200,000 by the operations of the anti-race track gambing laws.

Before the passage of those laws the state collected a 5 per cent tax on the receipts of the associations. In 1907 the most prosperous year of the turf here, more than \$250,000 was paid over to the state under this tax law.

# RACING AT SARATOGA.

The Fort team is considered the strongest at the post and one of the liveliest games of the season is looked for. The Signal Corps boys are showing up in splendid form of late and they are confident of scoring a victory over the soldiers. New York, Dec. 21.—The Saratega Racing association will give away \$225.
690 to horsemin next season. This sum is \$25.000 in excess of the amount menioned by the officials last week. The new figures were decided upon by the directors at a meeting yesterday. Last season \$187.000 was paid out to turf men. This money will go to owners in the form of stakes and over night races.

New York, Dec. 21.—"I pick Jeff to win the big battle," says James J. Corbett, former world's champlon, in a long statement published here today.
"Ichnson is over-rated," continues Corbett "in all his career, Johnson has not defeated any good man of heavy-weight caliber. You hear much talk about the wonderful eleverness of Johnson. Very few realize that he has only two good punches with his right handashor tuppercut and a lighting cross-counter. His left arm is of no use to him except for blocking. Jeffries, on the other hand, is a real fighter, and no science in the world can stop him. Johnson may swing and jab but the big fellow will brush his blows aside and force his way through the barrier. Jeffries may take 10 blows to land one but when he lands it it means the finish.
"Jeffries and I shall do some real fighting in the training camp. We shall strip and right 20 rounds. This may happen three times or more. It will be the severest test that any fighter ever ran up against but it will give Jeffries a good idea of just how he stands."

### BOISE FIGHT FANS GREATLY PLEASED

Bolse, Ida. Dec. 20.—Bolse ringside fans who have been watching with interest the progress that is being made by the promoters of the Jeffries-Johnson prize fight, now slated to take place in Salt Lake (Ity on the Fourth of July, 1910, are Jubilant over the decision reached and intend to attend the big exhibition for the world's championship if they are forced to walk over southern Idaho to the Great Salt Lake to do so. It is confidently believed more than the greatest fight the fans of the world have ever seen will take place when the black man meets the white at Salt Lake. It is to occur within 500 miles of this city and will be one of the biggest drawing cards Salt Lake has ever staged in order to attract fans to the Mormon country. In all probability Bolse people who after the same of the face contest between July and Johnson will travel to the instropolation of Utah in special cars, and there is even the best of the contest between the leven that the southern I dasho devent. From the present ordinal interest the spation to take the contest between I dasho devent. From the present of the fight of the property of the state keeps up the same record; it is believed that the attendance will be a record-breaker.

Salt Lake considers that the big fight is one of the greatest advertisements that city has ever secured and the business men there are enthusastic over the big punishment contest they intend to harbon in their midst when Jeffries and Johnson clash. There is little question but what the advertisement feature will be an attraction and that Salt Lake next summer will be destined to become the Mecca of fans who are admirers of the puglistic art and anxious to see a world's championship contest. California fans feel that they have been slighted in not securing the big sontest and are inclined to adopt the tactices of knocking Salt Lake. Admiral Robley D. Evans told this story against himself. He had a congressman for a guest, but had almost run out of his favorite brand of whisky and had stocked up with something he could not guarantee. He explained this and added, "Here, however, is some brandy that I've kept untouched for a good deal more than 20 years."

"Just hand me the whisky decanter," was the reply.

"Why," said the admiral, "what's the matter with the brandy?"

"That's just what I want to know, Bob," said the guest. "But if you have had it untouched in your possession for more than 20 years there must be something pretty bad the matter with it."
