PRICKLY ASH BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. *As a* Blood Purifier *they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.*

British Briefs.

LONDON, 1.—AKh rtoum dispatch says: Between 25,000 and 30,000 Arabs attacked Hicks Pasha's army; 10,000 Arabs divided into two columns, attacked the Egyptian square on two sides, thus enabling Hicks Pasha to use his 6,000 Remington rifles, Krupp guns and Nanderfelt rocket batteries. The Arabs were only armed with lances. Falling after some time to reach the square, they fled leaving 8,000 dead and all their women, food, luggage and animals behind. Hicks Pasha pursued the main body of fugitives, and overtook them at Melbas, where he found El Mahdi posted with the fugitives and a body guard of 2,000 cavalry. The Arabs again attacked and were repulsed with great loss. El Mahdi's horse was killed under him, and he is reported to have been cut down by the light cavalry sent in pursuit of him. Hicks Pasha has taken possession of El-Obied, and the government treasury. Egyptian loss, nothing.

The explosions caused intense excitement in Irish circles in London. The Irish almost unanimously think the outrages were due to deliberately planned machinations of enemies of the national party of Ireland, who intend to create an anti Irish feeling in England.

It will be next to impossible, they think, to have a perfectly impartial jury to try O'Donnell. It was also remarked that the explosions occurred at about the moment when Davitt was opening his address in St. James' Hall.

It is stated the police are unaware of the presence in London of any of O'Donovan Rossa's dynamiters.

The hall in which the Lord Mayor of Dublin was to deliver an address on franchises, was seized by Orangemen, who declare they will hold the hall.

Upon the arrival of the Mayor, he was driven to the hotel. His escort carried green banners, and bands in the procession played Irish National airs. The Lord Mayor arrived at the hotel safely.

During the passage of the procession a man and boy were shot.

Serious rioting is expected. The Orangemen planted the Union Jack on the roof of the city hall.

A correspondent at Paris says M. Challamel Lecour resigns because he publicly intimated his belief that a foreign power, namely England, has been urging China to resist France. M. Paul Bert will take the Ministry of Instruction in place of M. Ferry.

The *Daily Telegraph* says it is enabled to state as the view of the Chinese Embassy on Wednesday's vote in the French Chamber expressing confidence in the Ministry, that it is the first step toward war, and if M. Ferry asks for a grant of money to dispatch reinforcements to Tonquin, China will certainly enter Tonquin forthwith.

Municipal elections were held throughout the Kingdom yesterday. Results show large Conservative gains.

Londonderry, 1. — This evening, while the procession escorting the Lord Mayor of Dublin to his hotel was passing the city hotel, Orangemen fired upon it, three shots from the windows and roof. A man was wounded and is dying. His deposition has been taken. The procession dispersed after the Lord Mayor entered his hotel, but an angry crowd afterward congregated around the city hall and stoned the windows. The police charged the mob and cleared the streets. The military were called out; lancers are parading the main street. Intense anxiety is felt in all circles. Orangemen later vacated the city hall and withdrew from the vicinity. The Mayor of Londonderry issued a proclamation appealing to the people to refrain from violence and retaliation.

General Items.

Paris, 1.—The Chinese legation utterly discredit M. Tricou's assertion that Li Hung Chan disavows the Marquis Tseng's policy.

Premier Ferry, in reply to Clemenceau, admitted that the interests of the Cabinet were a secondary matter compared with the interests of the country. The government, he declared, had not failed in their engagements. They had carried the practice of moderation and prudence to its furthest limit. There existed no grounds of comparison between the Tonquin and Tunisian questions. The day is not far distant when French statesmen would cease to violently condemn and for increasing their country's dominions on the Mediterranean. The Tonquin question was not a personal affair. France, as the second maritime power of the world, had special duties to perform. It was the duty of the government to prepare fresh ground for the activity of future generations. All working nations were marking out for themselves a part of the unexplored regions of world. Why should France not draw near to China, which contains four hundred million consumers? Regarding military matters in Tonquin, the Premier said the operations had been continued within the limits indicated by the Government, and not even the Red River Delta had been completely occupied. The capture of Hue had been brought about by the death of King Tudue, an unlooked for opportunity presented itself, and had to be seized. If the government had waited to summon the Chambers, the propitious moment would have been lost. The treaty of 1874 gave France the right of protection over Anam, and the Tonquin treaty made no distinction between Anam and Tonquin.

It is reported that the Black Flags occupy Boulay and Chinese the Bacninh. If, therefore, the French attack the latter place, war with China will be inevitable.

Many persons here doubt the reliability of M. Tricou's dispatch.

General Millot succeeds General Bouet as commander of the troops in Tonquin. He will act in concert with Admiral Courbet and Commissioner Harmond. It is rumored, however, that the latter will soon return to France.

Marquis Tseng intimated to-day that M. Tricou's telegram, which was very opportune for the Ferry government, was the result of a suggestion telegraphed from Paris. "A disavowal such as M. Tricou mentions," he said, "was impossible."

Marseilles, 1.—Great activity prevails in the arsenals at Toulon. Fresh transports have been ordered to be put in readiness for use. In case of war with China, the Fifteenth Army Corps will probably be selected for service.

Berlin, 1.—Sanitary precautions are enforced in all German ports, owing to an outbreak of cholera at Pekin.

Madrid, 1.—The Prime Minister, replying to an address of the anti-slavery society, said the Government had decided to abolish the stocks and fetters for slaves in Cuba, and would do all that was possible towards the destruction of the patronage of slave holders.

Cairo, 1.—The Government has received advices from Drum, stating that 1,200 rebels were killed at Adellat and Melbio some distance from Eloged, during an engagement with the forces under Hicks Pasha, El Mahdi, the false prophet, stood under fire during the engagement.

Battle With Bandits.

VIENNA, 1.—There was a desperate fight at Kocanie, Herzegovina, between Austrian gendarmes and robbers. Several robbers were killed.

The Crisis Has Culminated.

Liverpool, 1.—An easier feeling in the cotton market prevails. The general opinion is that the crisis has culminated, and it is expected that the firms involved will be able to meet all the demands as they become due. There is a better tone in the market. Morris Ranger filed a petition for liquidation by arrangement with his creditors.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

IN THIS AGE OF GREAT DISCOVERIES, probably the most useful one is that which has lately been attracting the attention of persons in this Territory, who were immediately cured of Rheumatism on testing its virtues. Doctor Hill, of England, an eminent physician of fifty years' experience, and who has about five thousand patients, has made the discovery, and places this valuable remedy in the reach of afflicted persons in the New as well as the Old World. Testimonials of influential persons living in Salt Lake City can be furnished on application. One bottle cures by removing the causes from the blood. It also builds up the system and makes the aged as lithe and active as those of younger years. All pain removed in a few hours. Ask for Dr. Hill's Celebrated Anti-Rheumatic Elixir. For sale at Z. C. M. I. Drug Department, Sole Agent for Utah. Price, $2.50 per bottle. It has never been known to fail, and is noted throughout Great Britain as a marvelous and most useful discovery. d tf

Dr. Van Hummell's success in these diseases stands unrivaled, and he openly defies the medical profession to produce a physician or institution that will equal him in showing as great a proportion of genuine living cures.

He has successfully treated more cases of these diseases than any other physician in the world.

His cures are scattered all over the United States, as his testimonials will show.

Dr. Van Hummell has been in Salt Lake but one month. To show how highly his professional skill is appreciated here, he refers to the following well known citizens who have some member of their families under his care:

The above are the results of neglected and mistreated Catarrh. Below follow the results of Dr. Van Hummell's treatment of Nose, Ear, Throat and Lung Diseases.

The Doctor has taken an office on West Temple Street, third house South of Valley House, Salt Lake City.

Letter from Judge Wenner, Office over London Bank:

SALT LAKE CITY, UTAH, August 23, 1883.

Dr Van Hummell: I take great pleasure in certifying to the efficacy of your treatment for Nose, Ear, Throat and Lung Diseases. I attribute my rapid restoration to what I consider permanent good health to the treatment I received at your hands in 1879, and I unhesitatingly recommend your treatment to all afflicted with Catarrh, Throat or Lung Disease.

Very truly yours, U. J. WENNER.

Nasal Catarrh Cured.

Dear Doctor: I have been troubled with Chronic Nasal Catarrh for the past ten years. I am happy to state that your treatment was entirely successful in my case. If by publishing this you can influence others suffering with this dreadful disease to try your skill, you are at liberty to do so. Because the physicians who can cure this disease are very scarce, and when one is found skillful enough to succeed, I think the public should know it.

I remain yours,
STEPHEN B. LEYBOURNE,
Corner First South and Third West.

From Mr. Warren Hussey, former banker of Salt Lake, owner of Jay Gould Mine, Bullion, Idaho.

DENVER, COL., August 2, 1873.

This is to certify that I have been for many years a great sufferer from nasal and bronchial catarrh, the pain from it in my head and eyes being at times almost unbearable. I have tried many doctors and remedies, with temporary relief from some, growing gradually worse, until last winter, being in a very bad condition, I consulted Dr. Van Hummell and put myself under his treatment. From the first week my head and throat were relieved, have not had a headache—they were the bane of my life—since he began with me, and now I remain entirely well.

I write this for the benefit of like sufferers who may be seeking relief and urgently recommend them to give Dr. Van Hummell a trial. The benefit I had from his treatment is invaluable, and I know of many others he has treated equally successfully. WARREN HUSSEY.

The Cure is Permanent.

From a prominent capitalist, former owner of the Golden Terra mine, Black Hills:

DENVER, Col., March 6, 1879.

Dr. O. Van Hummell, Dear Sir: I am happy to inform you that the catarrh and throat trouble for which you treated me over a year ago has not returned. I consider the cure permanent.

Yours gratefully, J. W. BAILEY.

Dr. Van Hummell's professional qualifications attested to by one of the first men in America, Ex-Gov. T. A. Hendricks:

INDIANAPOLIS, Ind., Oct. 30, 1877.

Governor Irwin: Understanding that you will be called upon to fill a vacancy in the State Board of Health, I take pleasure in recommending Dr. O. Van Hummell for the position. Dr. Van Hummell was a long resident of this city, and a very near neighbor and friend of mine. He makes the treatment of Nose, Ear Throat and Lungs and other Chronic Diseases a specialty and therein has been very successful. He is also well learned in his profession generally. He is a gentleman of excellent habits and character, and would prove a valuable member of the Board. With great respect.

Yours, etc., T. A. HENDRICKS.

Letter from the right Rev. J. C. Talbot, Episcopal Bishop of Indiana.

INDIANAPOLIS, Ind., Feb. 19, 1874.

My Dear Doctor: You are entirely at liberty to use my name as one of your many references. Your skillful treatment of my wife, now nearly a year past, has entirely cured her of severe catarrh and cough, from which she suffered much for many years. Very truly yours,

JOS. C. TALBOT, Bishop.
