

# EVENING NEWS.

Wednesday, February 11, 1896.

## LOCAL AND OTHER MATTERS.

Notice.—The High Council will meet this evening at 7 o'clock.

It Snows.—This is said to be a standing item in winter, with reports. However, falling snow may be an exception.

Going East.—Mr. S. P. Teasdel, out on a morning, leaves for the east to-morrow morning, for the purpose of making his Spring and Summer purchases. He will be accompanied by his daughter.

Public Auction.—Messrs. Allenworth & Co., will resume their auction sale of buggies, carriages, spring wagons, etc., on Saturday, the 14th inst., at McKinnin's old stables, east of the Deseret Bank.

Store Robbed.—The Junction, this morning, says the store of Mr. Joseph Stanford, in Ogden, was robbed Monday night of goods amounting to \$100. The burglars entered from the rear, by prying off a board.

Hits and Hints.—Elder J. H. Ward will deliver a lecture to-morrow evening at 7.30 o'clock in the Seventh Ward School-house. Subject: "Hits and Hints on Character." Public invited.

Utah Farmer.—The first number of the Utah Farmer was placed before us to-day. It is very neat in appearance, and contains a variety of interesting articles on agricultural and other subjects. The Farmer is published by the Star Printing Company, of this city.

Wrong Name.—The Junction this morning corrects itself regarding a recent item which we afterwards clipped from that paper.

A correspondent from Kayvalle informs us that Mrs. Martha Walker, late of that place, and whose death we chronicled a few days since, was the wife of Mr. James T. Walker, not Joseph, as we stated. Deceased was the daughter of Caroline Layton.

Farwell Lecture.—Dr. McKenzie will deliver a farwell lecture on Friday evening next, in the Theatre, which has been kindly placed at his disposal. His subject will be, "Father Matthew, the great Irish temperance agitator."

An Omaha paper thus speaks of this lecture:

"It was an effort prompted by feelings of the warmest love, mingled with the most profound reverence for one so illustrious in the same field in which the lecturer is now engaged."

Pleasant Surprise.—Sister E. Jones, of the 10th Ward, sends us an account of a pleasant little affair that happened yesterday, at the residence of Brother S. H. B. Smith, Sister M. K. Smith, his wife, has been suffering for some time from injury that happened at Tooele, last Summer, and the ladies of the 10th Ward Relief Society made an unexpected but welcome visit to her home, for the purpose of cheering the invalid and administering to her happiness. They took along baskets of luxuries, which, with the spiritual refreshing obtained, made everything pleasant and agreeable.

Look Out For It.—We were shown to-day a \$5 National Bank bill, which we regard as one of, if not the most valuable counterfeits ever circulated in the west. The engraving is nicely executed and the general appearance of the bill calculated to deceive all but the most expert.

The note purports to be issued by the First National Bank, Tanquepa, Pa., for five dollars. To detect the counterfeit, turn to the back of the note and near the upper right hand corner is the word "owing," which reads in the counterfeit "owing," and in the lower right hand corner is the word "thousand," which in the spurious bill reads "thousand."

District Court.—Proceedings, Wednesday, February 11, 1896, before Judge P. H. Emerson:

People vs. Alex. Moore, Bingham murder trial in progress, adding testimony for the defense.

Proceedings before Chief Justice Hunter: Jas. Tucker vs. Wm. G. Mills et al; Woods & McKay withdraw as attorneys for defendants. Court allows and enters judgment as prayed, subject to motion to set aside judgment within ten days.

Amelia M. Worthen vs. John Worthen et al; default of defendant entered herein.

M. Issues vs. A. E. Barnes; case tried before six jurors; defendant allowed to answer on payment of costs, \$45.25; judgment for defendant.

J. P. Alpey vs. R. P. Launsbury; motion for new trial.

The Orchestra Concert.—To-morrow night the last of the Carless Concerts, this season, will be presented to the public. The inauguration of the orchestra concert in our community marks a period in the local history of music, and will give fresh impetus to the home progress of this delightful science. Professor Carless, Mr. Calder, Professors Dwyer, Smyth, Thomas, and others of our brethren have labored strenuously in the past, to induce interest in the subject of music, and elevate the public appreciation for the artistic and beautiful. The results, as manifested to-day, cannot but be gratifying to all who have been live and appreciative workers in a cause so commendable. Their efforts are appreciated, as shown in the generous patronage bestowed upon their entertainments, among the most pleasing of which are those given by the Carless orchestra. The programme of the performance to-morrow night will be found elsewhere, and is certainly an attractive card. The lovers of good music will not fail to be present to witness the closing triumph of this brilliant and successful series of entertainments.

City Council.—Proceedings at the City Council on Tuesday evening, February 10th, 1896, Mayor Little presiding:

The special committee, to whom was referred the subject of the diversion of the waters of the Red Butte Creek from the inhabitants of the Eleventh Ward, to whom they rightfully belong, and what redress the citizens who were deprived of said waters may have, reported that after careful investigation of facts, they found that about 200 of the inhabitants of the Eleventh Ward took out the waters of the Red Butte Creek and applied the same for irrigation and other useful purposes as early as the year 1848, and had exhausted the entire supply from said creek prior to the year 1858, when in the year 1862 the military post of Fort Douglas was established, soon after which a portion of the waters of said creek were diverted from the lawful owners thereof, for the purpose of filling reservoirs and ponds and cultivating the growth of trees, shrubbery, vegetables, etc., and that although at first the military authorities only consumed a portion of said waters for the purposes named, during the last year the entire stream was absorbed by the military post, and the military authorities estimated that it will cost the inhabitants, whose rights have thus been interfered with, about \$50,000 to reimburse themselves with a like quantity of water from the Jordan River—the only available source for obtaining it—at a point about 25 miles from the city.

The committee, therefore recommended that the memorial to Congress already drafted, and signed by the inhabitants who have thus been deprived of their water rights, asking an appropriation of the amount named above, receive the approval and hearty endorsement of the City Council. Report accepted and its recommendation adopted.

The committee on public grounds, to whom was referred the several propositions for leasing Pioneer Square, and the accompanying bids of Oliver Ross James T. Wilson and John Reading, submitted a report with two recommendations, leaving the Council to decide which to adopt, viz: first, the square be leased for the term of three years at a yearly rental of \$130; 2d, that the square be leased for a term of years to some responsible party, instead of paying cash rent for the use of it, it would be required to expend the amount of said rent in planting trees and making improvements according to some definite plan to be decided upon by the Council. The latter recommendation was adopted.

The committee on public grounds, to whom was referred the petition of Lewis Oviatt, asking the right of way for a wagon road through the east side of the Warm Spring Bath House enclosure, reported and recommended that the prayer be granted. Adopted.

Albertain Pyper submitted his report on the Fort Douglas Military Reservation for the month ending Jan. 31st, 1896, showing that 56 cases had been tried and \$174.55 assessed in fines; \$181.55 of which had been paid in cash and \$25 in labor; \$55 had been collected on back fines, making the total cash paid into the treasury \$236.55. Total cash and labor \$291.55. Approved.

The following bids were presented and allowed: Jesse W. Fox, Jr., city surveyor, for sundry surveys, \$25; David L. Walker, for labor-boxes used in city election, job plumbing work at City Hall, etc., \$30.95; Henry Dinwoodey, for moleum and rug for City Hall, \$11.50.

The bills of the judges of election for services rendered at the municipal election February 9th, 1896, were presented and allowed at the rate fixed by law, viz: 50c each per hour, 16 hours, \$8.00; 3d, Second Municipal Ward, three judges, 16 hours, \$24; Third Municipal Ward, three judges, 14 hours, \$21; Fourth Municipal Ward, three judges, 14 hours, \$21; Fifth Municipal Ward, three judges, 13 hours, \$19.50. Total, \$109.50.

Adjourned to next Tuesday evening at the usual hour.

Only Justice.—The project of a memorial to Congress from the inhabitants of the 11th Ward, asking for an appropriation of \$50,000, as a recompense for the deprivation of their Red Butte water supplies, diverted from the original channel for the benefit of the Fort Douglas Military Reservation, will meet the hearty approval and endorsement, not only of the City Council, who were considering the matter last evening, but of the entire right thinking portion of the community. The people in the eastern portion of the city had used the waters from Red Butte Cañon for a period of fourteen years prior to the establishment of the military post, and were, therefore, in law and equity, rightfully entitled to them. Of course the residents at Fort Douglas need water, and ought to have it, but it is not right that the claims of the first settlers should be entirely ignored, when the scarcity of the element makes the circumstance a subject of controversy. But being deprived of their right to the waters originally theirs, what the settlers now ask of Congress, is a sufficient appropriation to reimburse them for the expense to which they will be subjected, by the proposed conducting of the waters of Jordan River to their neighborhood, for the relief of those who are there residing.

The February Sundays.—A correspondent writes that there will be five Sundays in this month. Hold! That this phenomenon happens but once in 28 years. Don't speak! There is more. Assuming that the Christian era began on Monday, that it has happened 88 times since then. Furthermore, that when what is termed leap year comes in on Thursday, the February of that year will have five Sundays.

We believe that's all to-day. When we get a few spare moments, we contemplate the compilation of a work, giving the number of five-Sunday Februaries since the creation, on this and other principal planets, and showing, in letters of living light, the number of such Februaries that are apt to elapse one some of our subscribers come around and pay us what they owe us.

Putting levity aside, however, we thank our correspondent, Brother Newman Binnington, of Tooele, for his interesting calculations, which are no doubt correct.

## EASTERN.

NEW YORK, 11.—There is considerable speculation to know who is the "near personal and political friend" of Gen. Grant, who announced that he would accept the republican nomination at the close of the evening papers declare it is E. B. Washburne, while the World's Washington correspondent says it is Edward Pierrepont.

The World's Irish relief fund has reached \$144,300.

A Times special says: A republican Convention will soon be called in North Carolina, to undo the work of the Sherman wire-pulling.

Rev. Edward Cowley has sent in his resignation as superintendent of the Sherman wire-pulling.

A Washington dispatch says: President and Mrs. Hayes last evening gave their annual reception in honor of the diplomatic corps. The guests included, in addition to the members of the diplomatic corps, all the prominent civil, military and naval officers of the Government, senators and representatives and their ladies. The reception was one of the most brilliant ever given at the Executive Mansion.

A number of leading down town business men held a meeting last evening to form the nucleus of a club to advocate the nomination of Sherman for the Presidency.

Yesterday's Canal Discussion in the Senate.

The Herald, editorially, says: Nothing could seem more unwise and ill-timed than the undignified and screaming assertion of the Monroe doctrine in view of Lesseps' success at Panama, especially since the French Government has taken pains to make an official disavowal of any guarantee or any assurance of protection of any sort of commitment to Lesseps and his project. No European power will venture to challenge our policy in this quarter of the world. The governments of Europe have too just an estimate of our national strength to undertake an engagement on the isthmus which they would be powerless to fulfill. The attitude which becomes us is not one of nervous and shrinking uneasiness, but of calm and conscientious national strength. Our own and our resources constantly and rapidly grow, and there is no corresponding growth of European influence in the affairs of this continent. It is an interest to have a canal excavated through the isthmus as speedily as possible, and so shall be strong enough to protect our rights after its completion. If they are obstructed we can seize the territory through which the canal passes and hold it by right of conquest. The powers of Europe understand our national character too well to provoke us on a point where all the advantages would be on our side if we should deem it necessary to "take and hold" the strip of territory through which the isthmian canal is constructed.

Brown's Tar Treacher

Cure sore throat and hoarseness, and clear and strengthen the voice.

In the Whole History of Mankind No preparation has ever performed such marvellous cures, or maintained so wide a reputation, as AXER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it, never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.

Solid Merit will Tell.

For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaiser's German Siphon. For the cure of Cough and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages find great relief, and numbers of patients have found, to their delight, not only relief, but cure. It being perfectly harmless, makes it at once popular with mothers, who of old others have feared the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City.

IT IS TRULY WONDERFUL

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for this route East, the popular and well-known CHICAGO & NORTHWESTERN RAILWAY.

You are lured by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. & N. W. Pacific train, composed of Pullman Hotel Cars, Pullman Dining Cars, elegant Day Coaches, Smoking Parlors, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rails, comfortably seated in this train, one scarcely discovers the high rate of speed which he is enjoying. The ease of this road is always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North-Westerner" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling Pullman Hotel Cars, Pullman Dining Cars, elegant Day Coaches, Smoking Parlors, Postal Cars, etc., and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Ticket from the Ticket Agent at Council Bluffs, and insist upon Pullman Hotel Cars, Pullman Dining Cars, elegant Day Coaches, Smoking Parlors, Postal Cars, etc., and refuse to buy if they do not read over this Road.
