J. E. EVANS, Secretary.

ENLARGED.—Our contemporary, the Herald appears in an enlarged form this morning; another evidence of the enterprise of its conductors.

CAPTURED.—The following dispatch was received, per Western Union Telegraph, too late for publication in yesterday's NEWS:

SPRINGFIELD, UTAH,
March 10th, 1871.

Press.—Salt Lake.—The negro, Walker, who escaped from the city prison of Salt Lake was captured, after a chase of 12 miles, at Chatanooga, to-day, about eight miles west of here, and turned over to Sheriff Hyde.

OPERATOR.

A later dispatch states that John L. Pace and Charles Shultz chased Walker, on a dead run, on horseback, for about a mile, when Walker turned and showed fight. Pace, however, charged him with horse and pistol, handcuffed and took him back to Stockton.

THE CONCERT LAST NIGHT.—Signor Farini gave his first Concert last night in the Theatre, and, though the attendance was slim, it was highly appreciative, and artistically the affair was a great success. The first song sung was “The Heart Bewildered Down” by Signor Farini, and it was rendered with the taste and ability of an artist. The gentleman has a powerful and good baritone voice, but for the last four days he has had to sing several hours each day at his rehearsals, training his solo singers and choristers, which produced a very perceptible hoarseness detracting from the excellence of his singing last evening; but each song he gave was well received and Schubert's “Wanderer” was encored, the response being “Maggie May,” which elicited prolonged applause.

The singing of “Tell me my heart” by Mrs. Thompson, sounded all present by its depth and power. The young singer, hardly unknown to the Salt Lake public as a singer, but last night showed that she had good taste, and a very sweet, flexible voice, and with her clear, ringing tones became a great favorite here as a soprano.

The piano solo by Signor Farini, “Carnival de Venise” and “Sweet Home,” evinced the touch and skill of a highly cultivated performer. The audience responded with enthusiasm, the response to the first being “Yankee Doodle” with variations; to the second “The Mocking Bird.”

The last piece on the program was the prime solos from “The Tales of Hoffmann,” in which Miss Charlotte Goulder, apparently unknown to the Salt Lake public as a singer, but last night showed that she had good taste, and a very sweet, flexible voice, and with her clear, ringing tones became a great favorite here as a soprano.

Signor Farini, we understand, intends to make a permanent stay in this city for several months at least, and during that time will carry on his performances a series of vocal music and the pianoforte, and though his concert last night was a financial loss, it will create a reputation; for if he can bring the raw material of a young man of musical talents, to such a point of excellence in four days, it is easy to imagine what his efforts would accomplish for pupils in months. If he should, in the course of a few months again essay a concert in this city, we are of the opinion that the results could be as satisfactory financially as artistically.

INFORMATION WANTED.—Werner Gehrenbeck, a German, formerly a resident of Phoenix, Arizona, from which place he moved to Fort Mohave, from thence to St. George, Utah, and, in 1866, to this city, where he was last heard from by his parents. In a letter to them, in the above year, he stated that he was about to start for the State of Nevada, where he had no friends or house, and was in want of funds. Any person who was acquainted with him or can give any information concerning him will confer a favor by communicating with this office.

ACCIDENT AT BRIGHAM CITY.—A. C. writes from Brigham City, on the 9th inst., the day before yesterday Mrs. Susan Booth and Mrs. Sarah Davis, the daughter-in-law of the former, who was sick, and living about a mile off, and while crossing a hollow place, the hind seat of the carriage on which the two ladies were sitting broke, precipitating them headfirst to the ground, in a most violent manner. No sign of life could be perceived in Mrs. Davis for about fifteen minutes, and she was taken into the house of Mr. Henderson, Dr. Mr. Booth was sent into town to get help, she was taken to the home in a slough. They are both passing slowly.

INDIAN SCREAM.—The Ogden Journal, of to-day, says: there was an Indian scream in Ogden on Wednesday last. “Little Soldier” had taken something which made him feel big, got into a dispute with “Indian Jack,” accused him of stealing horses, and shot him. He was found lying on the ground with the gun in his hand, and was severely wounded nearly all over his body, but, at date of Bro. Jolley's letter, was likely to soon recover.

A ACCIDENT.—Bro. John Jolley, walking from Evanston, Wyoming Territory, on the 8th inst., gives an account of an accident that took place at the coal mines, near the above place, on the 4th inst., by which Bro. Samuel Dyke was severely injured. He was conducting a car containing coal when by some means, it went off the track, and was found hanging by one end, suspended from the roof, and was severely injured.

A VIGILANCE COMMITTEE.—A Vigilance Committee is organized. A paper published at Provo says:

“For the last week there has been considerable talk in Pleasant about the business community organizing a Vigilance Committee.”
