

## WOMAN IN BROWN EAGERLY SOUGHT

Wrathful Husband Seeks Aid of Officers to Locate Erring Wife.

AFFINITY GERM GRIPS HER.

Mrs. Charles Kittleson Said to Have Left Home With Pat O'Brien, Montana Miner.

Charles Kittleson is looking for his 4-year-old son Arthur, and incidentally his wife and partner, one Pat O'Brien of the Montana mines. The police and sheriff are looking for a man 25 years of age in a blue serge suit. He has an ugly scar on his left cheek and is thought to be looking for work in Utah mines, particularly copper mines. They are also seeking "the woman in brown." She was wearing among other things a large brown cloak and a brown velvet hat. About her neck was a set of red fox furs. With the pair is a 4-year-old boy. The quest of the officers has been undertaken at the request of Kittleson, who is anxious to recover his son.

"AFFINITY" GERM BITES.

It is said that Mrs. Kittleson, who hails from Missouri, became infatuated with O'Brien, and that the affinity germ caught hold of both of them. Leading to their flight together. Kittleson is said to have given \$250 to his wife the day before she disappeared. It was not known to him at the time that there was a liaison between the two, and that the money would be used to aid them in the plan they had laid for some time. Mrs. Kittleson is said to have sent \$50 of the money to a sister in Minneapolis and to have used the remainder to materially aid her and her partner to leave the Montana town together. This, it appears, she did.

When Mrs. Kittleson and her son left the home of Kittleson to seek happiness in other fields, she left behind a charming daughter. She is with her father in this city. Together they are seeking to find the mother and wife who deserted them, taking with them the little brother and son.

WANTS SON IN GOOD HOME.

The officers assert that Kittleson's motive lies not in the recovery of his wife so much as his little son, who, he believes, could be in a better home than the one O'Brien will furnish. A complaint, charging the pair with immorality is said to have been issued by the Montana courts and if the couple are located by the officers they will be held on this charge. Requisition papers, it is declared, are to be issued upon the apprehension of Mrs. Kittleson and O'Brien.

O'Brien is said to be a well to do miner who has saved his earnings for some time, anticipating an opportunity to leave Montana with his "affinity" in a comfortable home.

**ALBERTA FLOURISHING.**  
Crops This Year Are Heaviest in History of Mormon Colonists.

John R. Merrill of Magrath, Canada, is a Salt Lake visitor this week. He is on his way to England, whither he has been called on a mission, and while here is staying at the home of his sister, Mrs. John James. Mr. Merrill formerly resided in this city, but has made his home in Canada since 1899. A builder and contractor by trade, he engages also in farming and the nursery business.

Everything in southern Alberta is in a prosperous condition, says Mr. Merrill. The crops this year are the heaviest in the history of the Mormon colonies there, and there is a ready market at high prices for all products. Wheat is not for the blood Indians, the farmers were unable to complete the work of harvesting. The aborigines are able-bodied fellows, willing workers and can be relied upon as in the amount of labor performed and the manner of doing it. They are especially valuable at threshing time and in the digging of sugar beets.

Whole sections are now yielding from 40 to 50 bushels to the acre, without irrigation, and the wheat sells for 15 cents a bushel.

**CASES CONTINUED.**

Hearing of Burglar John Drank "Knockout Drops" Set for 14th.

There were only two state cases in the criminal division of the city court today. Leonard Ryan and Webster, charged with burglary in the third degree, were to have had a preliminary hearing, but owing to the illness of Asst. County Atty. David M. Hatch, the matter was continued until Friday, the 1st.

P. F. Morrison, alias S. E. Daley, the alleged burglar who was captured in the office of J. M. Green after drinking a quantity of "doped" whiskey, entered a plea of not guilty to two counts of burglary and will be given a hearing on Thursday, the 11th.

## Scrofula

Is very often acquired, though generally inherited. Bad hygiene, foul air, impure water, are among its causes. It is called "the soil for tubercles," and where it is allowed to remain tuberculous or consumption is pretty sure to take root.

**Hood's Sarsaparilla**  
Removes every trace of scrofula. Get Hood's.

For testimonials of remarkable cures send for Book on Scrofula, No. 1, C. I. Hood Co., Lowell, Mass.

### PETTY BURGLARIES.

Series of Small Thefts Committed Last Night, Thought by Boys.

A series of small burglaries were committed last night, presumably by boys. The Nite and Easy saloon, 69 north Third West, was broken into and about \$15 worth of whisky, cigars and beer stolen. The thieves gained entrance by prying open a rear window.

On west First street three places were entered, but so far as known nothing was taken. Hepworth's market, Levy's and Miles & Levy's were visited by the thieves. A small quantity of fruit and candy may have been taken but aside from this nothing was missed.

Bailey & Son's feed store on Second South was also paid a visit. The rear window was smashed in but the thieves evidently became frightened and fled, as nothing was found missing this morning.

Officer Carlson, in working on the above cases, discovered a clue pointing to two colored boys as the perpetrators of the burglaries. He followed it up and this afternoon went to the Lafayette school, where he placed the two boys under arrest. They are now youngsters, the older Earl Scott, being but 13 years of age, while his companion, John Russell, is but 10 years old. The Scott boy lives just across the street from the police station, the home of the Russell lad being at 339 south West Temple.

The boys at first vigorously protested their innocence, but later confessed to breaking into all the places mentioned. They gained entrance in each instance by breaking the windows, and took only such things as oranges, fruit, candy and nuts, and as many pennies in the cash drawers they could get. It was the pennies they took that resulted in their capture, as the boys went to the penny arcade and had a great time as long as their coppers lasted. The policeman learned of this "stunt" and traced the boys to the Lafayette school, which they have been attending daily.

The two boys will be sent to the juvenile court for punishment.

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security & Trust co., 22-24 Main street, \$2.50 per year.

**CARL BLAIR CAPTURED.**  
Police Believe Him to Be Professional All Round Crook.

Carl Blair, a man believed to be an all around crook, was captured this morning by Officer Pierce on Commercial street. The charge against Blair at this time is petty larceny, but it is likely more serious allegations will be made against him. He is accused of stealing a watch and a pair of shoes from a woman named Davis. The latter was rooming in the American house on Commercial street and it is claimed that Blair entered the room and stole the watch and shoes. Among the prisoner's effects was found a skeleton key. This fact leads the police to believe that Blair is a professional crook.

### AMUSEMENTS.

**Theater**—One of the big successes of the past few years, "Salome Jane," opens at the Theater tonight. The entire production is sent out by Leach & Co., who never lend their name to anything below the first grade.

The advance sale for the Sousa series of concerts in Salt Lake opened at the Clayton Music company store today.

**Maconda**—Madam Charlotte McDonald's long awaited appearance occurs tonight at the First Methodist church. She will be assisted by the orpheus club, 40 voices strong, which will open the program with "The Sword of Ferrara."

**Orpheum**—The fresh bill as announced in the Saturday "News" will be introduced at the Orpheum this evening. It is expected that last week's enormous business will be equaled.

**Grand**—Those popular favorites, Murray and Mack, come back to the Grand tonight, presenting their new production, "On the Sunny Side of Broadway."

**Larcie**—A complete change of bill is being put at this house. The change having occurred Saturday afternoon. The program includes both the stock company and the vaudeville acts.

## LIGHTNING BOLT CAUSES FIRE

Short Circuit Wires of Utah Light & Railway Company at Woods Cross.

RESIDENCE AND HOUSE BURN.

Transformers Destroyed—Linemen Are Sent to the Scene on a Special Train.

Lightning short circuited the wires of the Utah Light & Railway company at Woods Cross at 2 o'clock this morning, which set the company's power house on fire. The residence of Herman Peck adjoined the power house, and that with the latter were completely destroyed. The power house burned first, so Peck was able to get all of his furniture and effects out in safety, but as there was not enough people around at the time to use the water from the wells near by for extinguishing the flames, it was not long before there was nothing left to burn.

Mr. Peck's loss is \$1,200, not insured. The company's loss is \$300, and the cost of rewinding the two transformers which were burned is \$1,000, not insured. Linemen went out on a special train, but could not do anything. The transformers will be working again by Wednesday.

**HONORED BOGUS ORDER.**  
West's Mail Order House Gives Suit to Boy On Wordless Request.

George A. West and G. Van Gunten appear as witnesses in a case brought against Joe Lees today by the county attorney. Lees is alleged to have presented an order, presumably signed by "Judge Bagley," to the mail order house requesting that they provide him with a suit of clothes. "The suit will be paid for at my office," the suit was provided, and now Lees is in the land of "hereabouts" a place of mystery at this hour. This case is so poorly written and its construction so faulty that the officers are at a loss to account for any evidence which might have been given if it had been a real case. Lees represented himself as "Judge Bagley's son."

### THREE MEN EXPELLED.

Commercial Telegraphers Give Operators "Can" for Returning to Work.

At a meeting of the local union of Commercial Telegraphers held yesterday three men who have returned to work were expelled from the union. They are C. E. Barker, "Horn" Laughlin and Harry Barker.

The local committee of the question of returning to work and voted unanimously to stay out. They now look upon a number of operators who come here from other offices to "bat" operators back to work, and declare that this is merely a concentration of operators, and that the men who do not concentrate being moved as fast as men weaken under the threat that their places are being filled.

**CONDUCTOR TALKS.**  
Crew on Train Which Ran Over Fred Tremayne Not in Hiding.

J. F. Waterman, the conductor on Oregon Short Line extra No. 65, which ran over Fred Tremayne, Woods Cross, on the morning of Oct. 11, this morning for the first time told the story of the accident. He emphatically declares that he has been in hiding and affirms that both he and his four brakemen live in Salt Lake and have no intention of leaving.

"I am not in hiding," he said, "and have nothing to fear from an investigation in fact I would rather see some of my friends here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars. If I had stolen a horse I would have been found fast enough. My brakemen live here and we all make Salt Lake our headquarters when not out on our runs. I want to say we did all we could for the man Tremayne and he simply died from loss of blood through no fault of ours. The man was drunk and went to sleep under some cars.
