Supt. Hines Places It at \$45,000 For 1902.

YEAR'S WATER ASSESSMENT

It Amounted to Nearly \$100,000 - City Now Has 153 Miles of Water Mains.

City Supt. of Waterworks Frank L. Hines filed his annual report for the year 1962, with Mayor Thompson today. According to the report the total expenditures of the waterworks department during the year amounted to \$45,150.50 as against \$42,144.30 for the preceding year. Of the above amoun \$23,838.30 was expended for maintaining the system, which is an increase of \$3,200.66 over the year 1901. This increase is due to the large increase in number of services, there having been

ber since the year 1892. PLANT AND EQUIPMENTS.

792 new service connections made dur-

ing the year, which is the largest num-

The cost of the plant and equipments during the year amounted to \$12,728.54, of which amount \$10,619.20 was for the new services mentioned above. The cost of the improvements during the year amounted to \$1,930.71. Work was pear amounted to \$1,939.71. Work was performed and material furnished to several of the city departments to the amount of \$258.91, and for individuals and companies to the amount of \$2,204.38. There was expended on miscellaneous items or special accounts, the sum of \$4,189.66.

WATER ASSESSMENT.

water assessment for the year commencing July 1, 1962, and ending June 30, 1903, amounted to \$4,9454.85; the supplementary assessment amounted to \$4,614; and the meter assessments to \$14,527.88, making the total assessment for the year to Dec. 31, \$97,996.23, an increase of \$9,651.47 or about 10 per cent over the year 1991. It is estimated by the superintendent that the total amount collectable water rates for the year ending June 30, 1903, after deducting the sum of \$5.062, the estimated abatements, will be \$108,434.23, a probable increase over the year 1992 of \$10,000.

NEW MAINS LAID.

During the year there were 70,038 feet of watermains laid, which added to 139 miles and 3,882 feet, previously laid, makes a total of 153 miles of watermains laid in the city's system up to Dec. 31, 1902. The City Creek, Parley's and Emigration canyon systems are in good condition although several slight this has not been definitely decided upon py the authorities. changes are recommended, among them being the changing of the Thirteenth East reservoir intake from the south end to the north end, thereby giving the water circulation from end to end. Mr. Hines states that the placing of meters was the means of preventing a great waste of water during the famine

CITY CANAL WATER.

It is recommended that the water from the city canal be utilized for street sprinklers where practicable, or If that cannot be done it is recommend ed that cut-offs be put on all hyrants from which street sprinklers are filled. This will do away with damages to hydrants which are of frequent occurrence owing to the inexperienced men who drive the sprinklers. It is also recommended that all the dead ends in the system be closed up as soon as possib! by connecting them, which will permit of better circulation of water and do away with the large expense of flushing to remove the accumulation of sand and other matter. PERMITS ISSUED.

During the year there were 792 permits issued which are seggregated as Fourth precinct .. ...... 21 Fifth precinct ... ...... 83

IN USE DURING 1902.

The total number of water meters in rolls for street sprinkling amounted to \$26,174.50, which together with \$2,961.5 exepnded for materials and makes the total expenses of the street

erage cost per block was \$30,21. SORELY DISAPPOINTED.

sprinkling \$29,136.05. The number of blocks sprinkled were 1,241 and the av-

Another Idaho Couple Refused License To Wed.

Another couple from Idaho, who came to Salt Lake to be married, was sorely disappointed this morning upon being refused a license to wed by the county clerk, owing to the fact that the consent of their parents, both parties being under age, was not duly sworn to before a notary public as required by the laws of this state. The names of the applicants for the license are Hen-ry Arnold, aged 19, of Lyman, Idaho, and Mabei Hibbard, aged 17, of Island, Idaho.

They both had the written consentheir parents to their marriage, but neither of the documents were sworn to before a notary public; hence it was impossible for the clerk to issue the license. The couple was instructed as to the requirements of the laws of this state in respect to such matters and left the office in a rather angry and disappointed frame of mind. Just what they will do about the matter is no to send their documents back to Idaho for proper acknowledgement or will have to return to their home to be

APPOINTMENTS IN IDAHO. State Prison Board Names C. S. Perrin

As Warden - Other Appointees. [Special to the "News."]

Beise, Jan. 15,-The state prison board today made the following appoint-

Warden, C. S. Perrin of Wardner; deputy, P. C. Bingham, Oholda: travel ing guard, D. P. Rich, Frement; physiun, Dr. George Collister, Bolse. The wardenship was disposed of by a divided board, covernor accressed and Attorney-General Bagley voting for Perrin and Secretary of State Gibson for Mart Patrie of Fremont. Dr. E. E. Maxey of Boise was appointed physi-cian for the Soldiers' Home, Norman Jackson of Welser was made chief clerk of the state land board, and Charles S. McConell of Boise, assistant chief

IS IT MURDER

Doad Body of John Sullivan Found At the Valley House.

INQUEST NOW BEING HELD.

Supposed the Man Gled From Morphine Poisoning, Who Administered it Being the Question.

There is another case of probable

norphine poisoning for the authories to investigate. It may be another case of murder and it may be suicide. As the evidence now stands the probabilities are strongly in favor of the latter. About 19:30 o'clock this morning the lead body of a man who registered as John Sullivan, from Great Falls, Mont., was found in room two of the Valley House, on the corner of South and West Temple streets. Apparently the man had been dead several hours, His body now lies at Joseph William Taylor's undertaking establishment, and this afternoon Justice Clark is holding an inquest, the jury in the case being composed of A. J. Anderson, Leonard and J. T. Johnson, The examination is under the direction of

MYSTERIOUS CIRCUMSTANCES. But little or nothing is known of the dead man, but an investigation is quietly going on and it is thought by some that there are mysterious cir-cumstances connected with the case. Dr. Mayo saw the body this afternoon. but from a merely visual examination was unable to determine whether the man died from poison or from some other cause. It is thought that an autopsy will be held tonight, although

Asst. County Atty. Whittaker.

REGISTERED YESTERDAY.

From some of the guests at the Valley House it was learned that Sullivan registered at the place about 2:30 yesterday afternoon. He said nothing to anybody and his appearance was not such as so excite any comment whatever. He was assigned to room 2, but

AUTHORITIES RETICENT. This morning, at the time stated, an employe of the house entered the room and found the man's body stretched The authorities were noti fled, but for some cause hard to imag-ine were strangely reticent about it. and it was not made public until a late hour this afternoon. In one of the man's socks was found a bottle of morphine of which about one-fourth gone. There was no letter or of any kind to explain the rash

act, if indeed it is a case of suicide. DEAD MAN CAUTIOUS. But it appears that the dead man

took precautions to prevent any one from learning about his relatives or Among his effects were three pletures of girls. On the back of one was written "Helen M. Evans," but the ddress had been erased. A magnifying glass was used, however, "Highland, Mont.," was faintly name of Nellie Fish, with the same address. Outside of these pictures there was nothing found which would throw any light on the matter.

Unconscious From Croup.

During the sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford stmaster, Chester, Mich., and a dos istered and reveated often. nucus and shortly the child was rest ing easy and speedily recovered. VISIT UTAH LAKE. City Engineer and Canal Presidents Report I Rising.

City Engineer Kelsey accompanied the canal presidents to Utah like yesterday on a tour of inspection. A measprement of the lake showed that it is rising a little, but it is still 3.58 feat below compromise. Compared to last year at this time the lake is somewhat lower, the measurement then being 2.25 feet below compromise. The city engineer states that there is no water running out of the lake at all and the bed of the river at that point is dry.

# **GEORGE GOULD'S**

PROPOSED COUP

Drawing Up Charter for the Big Securities Company.

RAILROADS EAST OF RIVER.

Company to be Organized Under Pennsylvania Laws With Capitals Ization of \$200,000,00,

New York, Jan. 15 .- George J. Gould, ecording to the American, has ordered his attorney to make final drafts of the charter for the Securities company under which he is to collect all his railroad properties east of the Mississippi. The company will be organized under Pennsylvania laws, as Mr. Gould beleves that by getting a charter in that state he will be in better position to fight the Pennsylvania railroad.

The capital named in the charter will be nominal, but there will be a clause authorizing its increase. The first movement will be to take in the several small roads about Pittsburg, which form the entrance to that city. As Wabash and the other roads are taken be increased in proportion—until, with bonds it reaches \$500,000,009.

There will be no underwriting syndi-

cate as a mere exchange of stock is contemplated.

While there is no absolute statement from an official to that effect it is inti-mated that the Chicago Great Western, the Buffalo, Rochester, and Pittsburg and the Wisconsin Central will be foun n the Gould company. Vice President Oppenheum of the Chicago Great West-ern sailed from London Tuesday for New York bearing the purchased con-trol of that road for somebody, pre-sumably Mr. Gould. As soon as the details of this eastern

ompany have all been announced the Securities company for the western Gould roads will be incorporated. But first the consent of the Texas legislature is wanted to a consolidation of the Gould properties in that state. This application is now before the legislature. The Missouri Pacific will be the Central feature of the Western com-pany, while others will be the Texas Pacific, St. Louis, and Southwestern, ron Mountain, Denver & Rio Grande, Rio Grande Western, International and Great Northern and other small roads controlled by these.

It is authoritatively denied that the Goulds are buying Erie at present or that they seek control of that road. ANOTHER COMBINE.

Rock Island Now Said to Be After The Erie.

New York, Jan. 15 .- Negotiations are cending which will result, in all pro-ability in the acquisition of a controlling interest in the Eric railroad by the Rock Island interests says the Times. Confirmation of this statement has been obtained from a reliable banking authority from whom it was also learned that the firm of J. P. Morgan & Co. has no objections to the acquisition of the Erie by the Rock sland, provided the price paid is high nough to be incentive for such a ransaction. From this same authority Island people are anxious to secure as costern outlet, and that it is merely estion of terms under which the deal to be concluded.

Whether the Atchison, Topeka & Santa Fe is to be included in this combination is least doubtful, but it is said, despite the fact that such comine under one control, and that a comthought of by Rock Island interests.

MONTANA PROJECT.

Electric Road From Great Falls to Chateau via Farmington.

(Special to the "News.") Butte, Mont., Jan. 15 .- According to reports from best of authority plans are being formulated for electric rail-road from Great Falls, Mont., to Charanch, distance 60 miles. The matteis being handled in a quiet way, but it is known eastern capitalists are behind is known eastern capitalists are bening the project. E. E. Shepard of Austin, Minn., who recently purchased Mon-tana Land and Water company hold-ings on the Burton branch, is the leading spirit in the movement,

The Situation

San Francisco, Jan. 15.-Benjamin P. theney, who is one of the largest in lividual owners of Santa Fe stock and ounds, and who is a stockholder and diincluding the St. Louis and San Fran cisco, has arrived here via Panama. He says in an interview that he did no to get control of the Santa Fe. He would not be surprised to see the completion of the Stillwell road from Kansas City to Topalobampo, but could gay nothing definite about the extension of the St. Louis and San Francisco to this coast.

## HEWLETT BROS. CO. JUDGE HARNEY TAKES THE STAND

Latest Developments in the Heinze-Clark Bribery Case.

SENSATIONAL TESTIMONY.

Judge Reiterates the Statement Thrt Shores and Young Clark Wanted Him to Accept \$250,000.

(Special to the "News.") Butte, Mont., Jan. 15 .- Late yesterday afternoon Judge E. W. Harney took the witness stand in the famous disbarment proceedings brought for the Amalgamated Copper com-pany's vast interests in this state. It was Judge Harney who instituted dis-barment proceedings alleging that Shores, together with Charles W. Clark, son of Senator W. A. Clark, sought with offers of thousands of dollars to have him confess he had been bribed by F. Aug Heinze in the rendering of favorable decision in the litigation petween the Amalgamated and Heinze over the Minnel Healy, one of the richest mines of Butte,

WAS OFFERED \$250,000. Judge Harney's testimony was much on the lines of that given by Jesse B Root, Harney's attorney, the day ore eding, the judge reiterating the acoung Clark to persuade him to accept \$250,000 and to acknowledge he had bribed by Heinze. clared that despite the efforts of two men to convince him he had accepted a bribe from the Heinze people and vas a felon and would be sent to th senitentlary unless he confessed hi rong, for which confession Charles W. Ciark was to give him \$250,000, he reistently denied that he was guilty The argument became so warm the lionaire squared off and wanted to fight him and would have done so had it not been for the presence of Atty. Roote who separated them. The judge uld he had called young Clark an diot a thousand times during the disrussion and Clark had told him he was felon and had taken a bribe from

Heinze, and that everyone knew it. HAD BEEN DRINKING. Judge Harney sald he and Clark had under the circumstances, it was advisable to drink no more. Before the close of his testimony Atty, Root declared that both Judge Harney and Clark had had "heavy loads" on at the time of the sensational argument. Roote also declared he had been under the impression that Harney was guilty of accepting a bribe of \$60,000 from to Charles W. Clark had cenveyed his belief.

HAS CAUSED SENSATION. Because of the prominence of the arties involved the developments of his case have caused the greatest kind sensation in this state. It was ramated filed sensational affidavits re ently, reflecting upon the character and integrity of Harney, It was al-eged that Harney had been influenced nd bribed through Ada Prackett, wh vas paid by Heinze to make love to the judge. Alleged love letters between them and on record in Harney's own court, tell a tale unfit for publication.

THE POULTRY SHOW.

New Birds Added and Attendance Stightly Increased.

This is the second day of the poultry show, and the number of the exhibits was slightly increased by a shipment of birds from Ogden, and then another incubator was added to the list. W. W. Browning is the judge and he com-pleted his work this moon, so that the Browning is the nanagement can post the list of prizes his afternoon. The attendance is slightly better than last year. The dis-play goes to show that there is a praiseworthy tendency to improve the poultry breed in all departmnts

The Z. C. M. I.

Sells it.

#### for future reference. It was when Mayor Giasmann of Ogden, speaker of the last house of representatives, ap-proached Dr. Condon, one of the members from Weber county, not in an at titude of antagonism or anger but is one of the most friendly and brotherly character. He didn't throw his arms

fround his neck and pat him on the back as they do in Spanish speaking ountries, because that is not the fash-on here. He did the next thing to it hough. He met and addressed him in bow on the doctor's shoulder and In view of the coolness that has existed between these two prominent citiens of Ogden it was a most gratifying sight to see them come together brotherly love and harmony. The true experienced when Dr. Condon presented house bill No. 3, relating to the water question in Ogden. The bill was drawn by the city attorney and agreed

TRUE TYPES OF

Legislative Lobbies

STORIES TOLD BY THE LAWMAKERS.

WESTERN CITIZENSHIP. Representative James B. Wilson of Wasatch county is probably as near a nerfect far western man as can be He was born in Carson City, 46 years ago and has never been east of the Missouri river in his life. At two years of age his carents re-moved to Salt Lake City, where he lived until 18 years ago, when he moved to Wasatch county.

Now comes in one of those curious coincidences which are occasionally seen. His opponent at the last election Alma M. Murdock, was also born in Carson City, one year after Mr. Wilsen's birth, and moved to Wasatch county in his youth and has grown up to be one of the largest sheep and cattle owners in the state and a citizen of high standing. The uncertainties of politics are shown in Mr. Wilson's case. Two years ago he ran for the Legislature and was defeated by 38 wotes, this year he won by 245 majority Mr. Wilson was in Park City when I only contained two houses. have some needed legislation to intro

## Proposed Legislation.

BILLS TO BE INTRODUCED .-

TO CHANGE COUNTY BOUNDARY LINES.

It is said that a bill providing for he changing of county lines, which will be of special interest to Salt Lake, Carbon, Utah, Summit and Wasatch ounties, will be introduced in the

house at an early day. While there is a general provision in the constitution, to the effect that no such step can be taken without the consent of a najority of the voters in the territory ought to be segregated, and a majority n the county to which it is to be annexed, there is no positive declaration is to the methods to be followed. In is to the methods to be followed. In order to remedy this defect the bill poken of will be introduced by Rep-esentative Lee of Carbon county. His onstituents are interested because of the proposition to annex a portion of Utah county to Carbon The Carbon ounty people have their eyes on the would like to get a piece from Utah is said the citizens on the strip are not opposed.

DIVORCEMENT OF SALT LAKE CITY.

There is also a proposal to separate ounty, and combining the city and county of Salt Lake and making a new county with Murray as the county | on mines and mining.

annex that portion of Summit county containing Park City, either to the new ounty or to Wasatch county. Two years ago a law was passed providing for the merging of two conties, viz: San Juan and Emery; but the sentiment of both was afterward found to be averse to a merger. The proposed new legisla-tion will provide for changing the lines of counties without consolidating them. WANT A STATE MINING INSPECTOR.

Representative Brink of Bingham has

a bill up his sleeve providing for a state

quartz mines inspector. A similar bili

was introduced two years ago but

failed. The states of Colorado. Ida-ho, Washington and other mining states have a mining inspector and the people of those states say that they are well worth the cost and could not get along without them.

TO PROTECT THE MINER UNDERGROUND In the house yesterday afternoon Representative Barrett of Beaver introduced house bill No. 3 prohibiting the storage of explosives underground The penalty for violating the law, if the bill passes, is a fine of not less than \$100, nor more than \$250. The bill was referred to the committee

#### CHANGE LEGISLATIVE DISTRICTS

Bill for the Purpose of Increasing the Number of Representatives From Forty-Five to Fifty-Three.

A bill that at once raised the very | natural question of gerrymanter and other similar expressions was introduced in the senate this afterin the form of S. B. noon No. 7, by H. S. Larsen. It is entitled an act to create senatorial and representative districts in this state and numbering the same and prescribing the number of senators and representatives to be elected from said districts. The representatives are divided among the districts as follows: Boxelder ......

Rich ..... ......... .... ...... Sait Lake ..... 9 Summit ...... Utah ........ ...... Beaver ...... ...... ...... 21 Piute .... ..... ..... Wayne ...... ..... .....

24 Iron...... 25 Washington.... 

The senatorial districts shall be constituted and numbered and senators shall be apportioned as follows: 1-Boxelder and Tooele ...... -Cache .....-Rich, Morgan and Davis ...... 4-Weber ..... 5-Summit and Wasatch .....

11-Beaver, Iron, Washington and Kane 12—Emery, Carbon, Uintah, Grand and San Juan

## ABSTRACTS.

Three points to think of when you get Abstracts of Title to Real Estate. 1. Completeness.

3. Responsibility. ination of its complete real estate records imethods adopted to secure accuracy, and of its ity to make good any loss caused by error at the its abstracts.

2. Accuracy.

The value of an Abstract depends on these three vital points. lasks on an abstract from
