INCAL AND OTHER MATTERS.

MERTING IN THE NEW TABERNACLE .-It is the intention to hold meeting on Sunday afternoon in the New Tabernacle, and it is hoped that there will be a general attendance of the people. This is desired in order to test the acoustic properties of the house, the expectation being that the alterations which have been made will so improve them, that the speakers on the stand can be heard distinctly in every part of it. There will be door-keepers appointed, and deacons in attendance to seat the people. The same order of seating will be observed as formerly-the ladies in the centre, the gentlemen on each side. In the galleries the ladies will be seated on the north, and the gentlemen on the south, side. The public are respectfully requested to observe

this requirement. In this connection it may also be well to notice that the times of holding Sabbath meetings has been changed: until notification to the contrary is given, meetings will commence, in the morning at 10 o'clock, in the afternoon at 2.

CLOSED: - Zion's Co-operative, Parent Institution, will be closed, during the funeral services of Uncle John Young, from 12 a. m. to 2 p. m. to-morrow.

NOTICE TO PRESIDENTS OF SEVENTIES. -President Joseph Young, Sen., wishes all President's of Seventies' Quorums who desire to obtain licences, to apply for the same during the coming General Conference: and at the same time they may obtain any word of counsel they may desire in respect to them. Presidents not attending Conference can have licenses transmitted by post, if they desire to do so, by making written application for the same.

THE THEATRE. - Those extraordinary artists, the Japanese Troupe, gave another of South-Provo Daily except Sundays 11,00 their exhibitions last night, the performance being fully equal to that on either of the preceding evenings. The "Magic Ladder' trick is more startling, if possible, than any other feat yet exhibited, and fur-nished an additional proof that the members of this troupe have reached the very acme of perfection in their profession. They will appear again to-night, when the lovers of novelty and sensation will have another opportunity oi witnessing the astonishing feats of little "All Right" and Company in an entire change of programme.

INFORMATION WANTED concerning John Smith, who emigrated from Prestonpans to St. Louis, Mo., in 1853, and thence to Utah in 1855. His nephew, Nicol Hood, of Calderbank, Scotland, wishes to communicate with him on something of importance. Mill. Star, April 5th.

BASH BALL .- A match game of base ball was played between the Eureka B. B. C., of this city and the Douglas B. B. C., of Camp Douglas, resulting in a score of 22 to 21 in favor of the Eureka. The game was closely contested throughout, not withstanding the fact that the Eurekas maintained the lead. Fielding on both sides was spirited and excellent.

BASE BALL CHALLENGE, - The Base Ball clubs of this city will no doubt be ready to accept the following challenge, which was sent in this morning, with a request to have it published:

"The First Nine of the Eureka Base Ball 'lub extend a challenge to any regularly organized or picked nine in the city to a match game of base ball on any day of this or the following week, at the odds of three outs to two outs for an innings.

J. WRIGHT, Capt. 1st Nine.

DIED .- At Aberdare, Glamorganshire, March 21, David Elias, son of Joseph T. and Eleanor Davis, aged 1 year and 7 months. At Hyson Green, near Nottingham,

March 31, Eliza, wife of Thomas Jones. At Banbury, Oxfordshire, March 15, Elizabeth Kilpack, in the 69th year of her

At Arnold, near Nottingham, March 30, Mary Ann, daughter of Sarah Martin, aged 1 year, 5 months, and 26 days.

At Ruthergien, March 17, Elizabeth, daughter of William and Margaret Moyes. At Aberdare, Glamorganshire, March 28, Johanna, daughter of Thomas and Margaret Werret, aged 1 year, 4 months and days. - Millennial Star, April 5th.

"POTTER CHRIST."-An individual assuming this title, created considerable excitement, says the Omaha Herald of the 21st inst., by perambulating the streets of that city the day previous, selling a pamphlet entitled the "Revelations of Potter Christ, the Messenger of the New Covenant; given by Inspiration of God for the salvation of the whole world." The Herald says he is an eld man with long silver hair, flowing beard, prepossessing appearance, and was formerly a "Mormon" missionary; but whether he believes himself to be the "Messenger of the New Covenant," is insane, or merely trying a dodge to draw the greenbacks it is unable to determine. In his pamphlet he tries to convert people to believe that he is the second Messiah.

Probably some of our readers will recollect this individual. His vagaries some years ago in California proved him to be insane. While there he received, or pretended to receive a great many revelations, which he asserted gave him authority to regulate the church. And when the presiding officer there refused to receive his crazy declarations, as the revealed will of Heaven, he was threatened by Potter with terrible things,—among others that the Lord was displeased with him and that he would speedily be removed from his pesition and another appointed in his stead. But these predictions soon proved their own falsity, like others of which we wot, made since by some of the same school as

Potter.
After Potter's departure from California he started for Australia, and while on the passage he conducted himself in the most extravagant manner; and upon reaching Sidney, it was considered necessary to put him into an insane asylum. After his release and return from that country, he assumed the character of, and gave out that he was, some great one; and had a brand made, the inscription upon it being the words "Potter-Christ," and succeeded in obtaining some followers who consented to be branded in the forehead. After poor Potter's success in obtaining converts we ceased to be surprised at the facility with ceased to be surprised at the facility with which apostates and crazy people can secure adherents. No matter how ridiculous may be the pretensions or foolish the ravings of pretenders of this class in regard to the authority they possess to lead God's Church, and to inaugurate new movements, they are successful in obtaining followers from among the corrupt, the unprincipled, the demented or the insincere, as the career of this man Potter and others proves.

A SAN FRANCISCO SCRIBE CHASTISED,-The Ogden Junction of the 27th says, that a Mr. Scribo, connected with the San Francisco press, has been staying at the White House, Ogden, for some days past, and dur-ing that time has not behaved himself so as to honor the profession, in fact, he had been drunk most of the time. Last Tuesday morning, after being out all night, Mr. Seribo returned to his hotel, drunk, dying for a fight, talked about pistols, and used any amount of profane language. The pro-prietor of the White House, enraged at his unbecoming conduct, gave him a blow with his fist, which knocked him out of the doorway, and his nasal protuberance coming in contact with the gravel received a severe cut. A doctor was called in to repair the damages to the injured proboscis, and the Alderman gave the finale to the af-fair, by fining each of the belligerents \$10, and assessing each with half the costs.

The Junction thinks this would have been a fine opportunity for a "Mormon outrage," but fortunately in this case the proprietor of the hotel is not a "Mormon." We think this is somewhat of a pity, for drunkards, notorious characters and such are generally the ones who become most indignant at "Mormon immorality" and "outrages"; and to a man of Scribo's turn such an adventure would have furnished rare amount of capital stock, and been worth ten times ten dollars. But then, Scribo may turn it to account, after all, for everybody does not know that he is a drunken ill-behaved scamp if the people of Ogden do. So go it Scribo!

CURTIS MODELS-PRICES REDUCED TO MEET THE TIMES!-The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory; but the sure way is to prove it for one's sell which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be ro altering-no taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours.
