

SIX DAYS OF HORSE RACING.

Entry Blanks Are Ready and Conditions Under which Meet Will be Held, Announced.

FAST ANIMALS ARE COMING.

Horsemen Expect the Meet to be the Best Ever Given in This State—The Rules.

Local horsemen are fondly looking forward to the big six-day horse race meet which will be given at Agricultural park during the state fair. It is confidently expected that his meet will surpass anything of the kind given in this state for many years. The purses are all of generous proportions, the events will be the kind local race fans like, all the fast horses in the city will no doubt compete and there will be a big string of speedy animals here from other states. The conditions under which the meet will be conducted have been completed by Secretary Bateman and Manager Brandford, and were announced last evening. They are as follows:

Entries to harness races to close with the secretary Monday, Sept. 21, 1903. Entries to running races to close at 12 o'clock noon day before race. Entries not declared out at 5 o'clock p. m. on the day preceding the race shall be required to start, and declaration must be made in writing and made at the office of the secretary at the track.

Races will be divided into four money, \$5, \$10, \$25 and 50 per cent unless otherwise specified. Entrance fee, 10 per cent of purse. When only two starters, five per cent may be taken for the entrance money, paid to be divided 60 per cent to the first and 40 per cent to the second. Five per cent more to enter and three or more to start, but the management reserves the right to hold a lesser number of entries and deduct a proportionate amount of the purse.

A horse distancing the field shall receive first and last money. In no other case shall a horse win more than one money. The management reserves the right to declare one starter a walk-over, in which case one full entrance and one-half the amount paid in on the other entries will be paid. When only three starters appear the money will be divided 60, 30 and 10 per cent unless otherwise specified. Mile heats, three or five, Hoppies not barred.

The management reserves the right to start any heat after the fourth, regardless of the position of the horses. All races not filling satisfactorily to the management may be declared off. Racing colors should be claimed with entries, but must be named by 3 p. m. on the day preceding the race. Colors must be worn on the track in all races, and must be clean and respectable. Colors will be registered in the order in which they are received, and if not named, or when colors conflict, drivers and riders will be required to wear colors selected by the secretary.

The management reserves the right to change the time or date of any race, or to sandwich heats of any two races, or the right is reserved to declare off or to postpone any race on account of the weather or other sufficient causes. Conditional entries held under the rules, and which may be started and unfinished on the last day of the meeting may be declared ended and money divided according to the rank of horses in summary. Records made on or after Sept. 1 should bar. Nominations in any race that shall fail to fill may, on Sept. 25, 1903, transfer their entry in such race to any other race of the classes that have filled in Sept. 21, 1903.

Otherwise than as herein specified in these conditions, rules of the American Trotting association, of which this association is a member, to govern.

Victims and special arrangements for running races will be announced each day before entries close. W. J. Bateman, secretary.

BUTTE BEAT LOCAL TEAM.

Both Aggregations Played Ragged Ball But Miners Won by a Score of 18 to 9.

At Butte yesterday afternoon the Salt Lake team and the Miners played one of the roughest games ever seen on a Butte diamond. It was what you would call an extremely ragged game, with errors and wild pitches being made by both teams. The Butte team did to him what was plenty. He was pounded for a total of 20 hits, which netted the Miners 18 runs.

Salt Lake hit Roach 14 times safely but the best they could do in the way of tallies was nine. The summary follows:

KELLEY GETS PARK.

Secures Match With Martin Duffy and Jerry McCarthy for 10th at Ogden.

Manager S. J. Kelley of the Shamrock Athletic club of this city made a trip to Ogden yesterday in response to the request of a number of fight fans of the Junction City, and while there he secured Glenwood Park in which to put on a boxing contest between Jerry McCarthy and Martin Duffy for the white welterweight championship of the world. The bout is to take place on Sept. 15, and the fight fans of Ogden are pleased with the arrangement.

Mr. Kelley said he received splendid treatment from the city officials and that everybody was apparently pleased with the announcement. That the two men would contest there, Kelley said that the reason he had matched Duffy with Jerry instead of Wallace was that the former held the championship among white men, and Kelley wanted to give the pugilist the best possible fight. Wallace will probably be matched with the winner. McCarthy will train in this city and Duffy will train in Ogden. As soon as Duffy's manager deposits a forfeit of \$50 in the National Bank of the Republic, Mr. Kelley will send transportation to him.

HOT AFTER THE MEXICAN.

Rufus Turner Issues Challenge to Fight Aurelio Herrera and Deposits \$500.

Rufus Turner of Stockton, Cal., is very apt to upset the calculations of Biddy Bishop and his protegee, Aurelio Herrera. It will be remembered that Bishop deposited a check for \$1,000 with Sporting Editor Baggerly of the San Francisco Bulletin as a forfeit to do battle with young Corbett. Up to date, however, nothing has been heard from Corbett.

Now comes Turner and deposits a check for \$500 that he will meet Herrera on that matter, any man in the world, at 128 pounds. This will give us a chance to see just how well Herrera can do in his efforts to gain the championship goal. If he accepts Turner's deft and then goes down to the water, light division, champion can avoid meeting the Mexican. Turner, however, must be reckoned with and he is getting better all the time. He appears as a most dangerous factor on the horizon and may be able to take the measure of all the little fellows as he claims he can make the weight. Turner is one of the hardest hitters in the business.

OLD MEN DRIVERS.

Only a Few of Them Left—Success of Budd Dobie, Driver of Kinney Lou.

The success of Budd Dobie in driving Kinney Lou yesterday in the Grand Circuit races has again called attention to the fact that there are few elderly men among the drivers. Kinney Lou is 46 years old and is still able to drive a good race, but he is an exception to a rule. Driving trotters or pacers is a more athletic business than appears from the grandstand. That is why it falls to the men in the prime of life to sit in a sulky behind the fast steppers.

Racing is only a portion of a driver's work. Success in driving requires a horse that would last for a day, a horse that would have a dozen or more animals, who have to be worked out every day. The driver must be able to shift from one sulky to another and drives each horse one or more miles. Each needs medical care and attention and many must be held in with a strong hand.

Driving in a bicycle sulky is far different from handling the reins over a horse from a comfortable pleasure vehicle. There is no rest for the driver's back and he must keep the constant strain of the horse's pulling at the lines. One heat behind a strong-mouthed racer would cause a novice to leave the sulky with a backache that would last for a day. Many drivers continue for years on the circuit, but most of them break down as soon as the prime of life is passed. While not athletic in appearance, most drivers have a development of back and shoulder muscles that would be amiss on a strong man. When a horse softens the tissues, the driver's day is done. It has been said that most retired drivers die of ailments brought on by the back strain of their profession.

Auto Boat Races.

Paris, Sept. 2.—Twenty automobile boats completed the fourth race in the regatta on the Seine from Paris to the sea, covering the distance between Rouen and Caudebec of 11 and one-half miles, in less than six hours.

The Medecides and Flora were again first and second respectively, the former finishing at 2:16 p. m., and the latter at 2:44. The Narval reached Caudebec third at 3:10 p. m.

CAUTION.

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1881 for such ailments as Croup, Whooping Cough, Croup, and Lung trouble without losing its great popularity all these years, you will be thankful we called your attention to Bosche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. The 3-cent size has just been introduced this year. Regular size 75 cents. At all druggists.

GREAT RACE FOR CHAMPION HORSES.

What a Contest it Would Be Between Dick Welles, Africander, McChesney and Hermis.

WITH PRIZES OF \$40,000 UP.

Nathanson's Scheme is to Offer \$20,000 And Owners to Hang up \$5,000 Each—Big Sweepstake.

Dick Welles, Africander, McChesney and Hermis in a race! A prize of \$40,000 to the winner! How does that combination strike you, Mr. Turf Patron?

Secretary Nathanson of the Harlem race track would pull off such a kingly contest of champions at the next meeting of his club, according to advices from Chicago.

This is Nathanson's proposition: "The Harlem Jockey club to put up \$20,000 and the owner of each of the quarter horses to put up \$5,000. This would make a sweepstake of \$40,000, the greatest sum ever raised for in west except the \$50,000 Derby.

The conditions to govern would be weight for age. The distance would be from a mile and a furlong to a mile and a half, with a preference to the shorter course. "You may say that I will give \$20,000 for a race with these four horses in, to be run at the next meeting at Harlem, providing each owner puts up \$5,000, making the total amount of the purse worth much more than the American Derby," said Secretary Nathanson. "Now, mind you, don't say that I have offered this for the race, for I have not. I am willing to give this, but if the owners of Africander will not even entertain such a race, then the race will not be run. I do not offer the eastern people this opportunity, but if someone will agitate it and do so whether or not the Hampton stable will accept such a proposition then I will make the offer, giving an added amount of \$20,000.

Dick Welles is already on the ground. McChesney, I understand, will be shipped to Chicago before the close of the meeting at Coney Island. If such a race was made then he would come at any time, as Owner Smathers is willing and anxious to meet the best horse in the world. Thomas & Shields would no doubt ship Hermis, as Mr. Shields has done much traveling with him and while others in his stable and is not opposed to shipping. Furthermore, Mr. Thomas is a game sportsman and he would be only too anxious to see such a race. In my opinion, the only one likely to refuse such an offer if it was made, is Africander's owner. Even so, if Irish Lad would accept the terms instead of Africander the match might be made."

GOLF CHAMPIONSHIP.

In First Days Play, Fast Men Were Defeated With But Little Trouble.

Glencoe, L. I., Sept. 2.—Golfers were treated to a series of surprises today in the national golf championship, which was played on the links of the Nassau Country club. Most notable were the dropping out of the tournament in the first match play round of Louis St. James, a present title holder, and Findlay S. Douglass, a four-time national champion. Both were defeated with unexpected ease and while the westerners were chagrined at the early collapse of the champion, they were comforted by the fact that Douglass, Chicagoan, Bruce D. Smith of the Onwentsia club, defeated Douglass, while both Walter Travis and H. Chandler Egan won both their rounds. James, although a Princeton sophomore, is entered from the Glenview club near Chicago. He was beaten by Archibald Graham, the former champion, by a score of 18 to 12 and two to play. No less severe was Douglass' defeat, for Bruce Smith, who is a Yale student, beat him by five up and four to play.

In the afternoon Smith beat F. C. Jennings of Garden City by two up and three to play. The Bostonians received a hard shock in the defeat of their strongest golfer, A. G. S. Kellogg, by L. L. Kellogg, Jr., of the Foxhill club, Staten Island. The latter won by three up and one to play.

Walter Travis, who now looks stronger than ever as a possible champion winner for the third time, had two easy matches when he defeated William Rogers by eight up and seven to play and then disposed of Joseph Macy of Morristown, N. J., by six up and four to play.

ON THE GRAND CIRCUIT.

Stake of \$10,000 Won by Star Hal at Providence Yesterday.

Providence, R. I., Sept. 2.—Fifteen thousand people, attracted by the principal contest of the Grand Circuit meeting here—the \$10,000 stake for 214 class pacers—gathered today at Narragansett park and saw Star Hal, a brown horse, owned by W. L. Snow of Hornellsville, N. Y., capture the race in straight heats.

Seven horses faced the starter, King Direct being favorite. With Elastic Pointer second choice. Before the horses had reached the first quarter, Star Hal took the pole and led a procession to the head of the stretch, where he was overhauled by Miss Willamont and King Direct, who were followed by Elastic Pointer and the rest of the field. The judges' decision was necessary to convince the crowd that Star Hal was the winner.

King Direct fought for supremacy through the entire second heat, but he was obliged to take second place to Star Hal, who won by a narrow margin in 2:09, the fastest time made during the day.

215 trot, three in five, purse \$2,000—Caplan won in three straight heats in 2:14, 2:15, and 2:16. Texas, Judge Green, Miss Jeannette Waincoat and Estuary also started.

216 class pace, Ek Brev stake, \$10,000, three in five—Star Hal won in three straight heats in 2:07, 2:08, and 2:08. Miss Willamont, King Direct, Armorer, Peeler Patron, Elastic Pointer and Dick Wilson also started.

219 class trot, purse \$1,500, two in three—Hawthorne won two straight heats in 2:09 and 2:08. Dr. Strong, Walnut Hale, Mary E. the Roman, Wilkie, Palm Leaf, McKinley, Jim Ferry and Francis B also started.

219 trot, purse \$2,000 (unfinished from yesterday)—Navidad won the first, second

Creosote Failed Again.

Galesburg, Ill., Sept. 2.—Against a high southwest wind blowing across Williams track, Creosote was unable to lower his trotting record of 2:02, today. The big stallion made a great effort, but could do no better than 2:06. The track was too hard for good footing. Time by quarters: 0:32, 1:00, 1:26, 2:06.

Lawson Here Next Week.

Iver Lawson and Floyd McFarland are due to arrive in Salt Lake on Sept. 14. They will remain here for a few days and will then go to San Francisco, where they will sail for Australia. Manager Shekels has been notified of their coming and is now arranging match races for them.

Beldame Won \$16,000.

New York, Sept. 2.—August Belmont's Beldame, with Bullman in the saddle, won the rich great filly stakes, \$16,000, at Sheepshead Bay today. She was quoted at 15 to 1 in the betting, and ran the six furlongs over the Futurity course in 1:12.4. P. H. Carren's Oceanide, paying 2 to 1 for the place, was second, with Minola from the C. C. White stable, third. Fifteen high-class fillies faced the starter with the Whitney entry, Minola and Minnie, and Audiance from the Brown stable, equal choices at 4 to 1, with Oceanide next in demand at 5 to 1. The other prices ranged from 8 to 40 to 1. The start was good and Beldame, followed by Minola and Oceanide, came to the front, closely followed by Minnie and Audiance. The two ran this way to the bend, where Beldame slowly but surely sent Beldame to the front and won in a driving finish by a head from Oceanide, who, in turn, was a head in front of Minola.

DRAINAGE TUNNEL DONE.

Will Unwater Many Mines in Cripple Creek.

Cripple Creek, Colo., Sept. 2.—The drainage tunnel that will unwater many of the principal mines of the camp below their present lowest workings, was completed this afternoon. It is 4,079 feet in length and cost approximately \$80,000. Work was started Jan. 12 last. The portal of the tunnel is near the intersection of Argus Gulch and Cripple Creek, at an elevation of 4,756 feet and about 350 feet below the water level. The objective point of the tunnel was the 600 foot level of the El Paso mine.

MRS. R. B. MOLINEAUX.

After a Short Residence in South Dakota She Returns to New York.

New York, Sept. 3.—Mrs. Roland B. Molineaux, who went to Sioux Falls, S. D., nine months ago, shortly after the acquittal of her husband on the charge of causing death by poison of Mrs. Adams, has returned to this city. It was said when she went to South Dakota that it was her intention to sue for divorce. It is rumored that the case was heard before a referee in the matter, absolutely refuse to make a statement or even admit that testimony has been submitted in the South Dakota courts.

THE LIQUOR APPETITE.

Cows Eating Peoria Distilleries Refuse May Impart it.

Chicago, Sept. 3. The theory that germs of an appetite for liquor are imparted to Chicago babies through the medium of milk from cows that eat the refuse from Peoria distilleries has suggested itself to Assistant State Food Inspector R. M. Patterson. Mr. Patterson has just returned from Peoria, where he found 150 distillery fed cows whose milk had been regularly shipped to Chicago. He enjoined dairymen to sell no more milk from these cattle.

"I can't say that I saw any of the cattle under the influence of liquor," said Mr. Patterson, "but I know that the corn mash has a peculiar effect on them, and it is against the law to sell their milk."

STRIKE OF GLASS WORKERS.

One Announced for Sept. 10 is Called Off.

New York, Sept. 3.—A threatened strike of glass workers throughout the country for a uniform rate of wages, decided on by the Glass Workers International union, to go into effect Sept. 10, has been called off for the present. At a conference of union officers it was decided that a general strike could not benefit the 1,000 workers in this city who are on strike against the Metropolitan District Mirror Manufacturers' association. Progress is being made toward a settlement of the local difficulty.

In a will found in his cell Gorstline bequeathed all his property to his nephew, who made the complaint on which Andrew was arrested.
