

FLOODS IN OREGON AND WASHINGTON

Rain Now of Secondary Importance to Windstorm Which Is Doing Great Damage.

NO LIVES HAVE BEEN LOST.

Rivers are Torrents—First Northern Pacific Relief Train Arrives in Seattle.

Portland, Or., Nov. 24.—The storm that has prevailed in the Pacific Northwest for two days past shows no signs of abating. Another night of heavy rain is expected in the western parts of the state and in the Cascade mountains.

In eastern Oregon and eastern Washington the rain is of secondary importance to a windstorm, which caused considerable financial loss. So far as crops are concerned, the damage is not serious. No damage to shipping is reported.

No damage to shipping is reported. The schooner "The Star" near Port Townsend, which was carrying a cargo of lumber, was blown off its anchor and drifted into the beach.

In northeastern Washington the Columbia river, after a temporary fall, has begun to rise again. The high water is expected to reach the mouth of the river in a few days.

Train schedules in this part of the state are being disrupted with no assurance as to when they will be resumed.

STREAMS OUT OF BANKS

Along lower Puget sound the streams are out of their banks and flooding the low lands and bridges both county and city.

The Great Northern Pacific railroad, which crosses the Cascade range, is tied up in several places. The Northern Pacific railroad, however, is running through the mountains east of Tacoma and the Puget Sound.

MASKED WOMEN BURGLARS ROB SOCIETY WOMAN

Minneapolis, Nov. 24.—Two women burglars, masked and armed with revolvers, entered the residence of Mrs. W. C. Crossman, a Minneapolis society woman, Saturday night.

Mrs. Crossman was seated in her library reading. She heard a noise in the hall and went to investigate, finding two women burglars taking hatpins from the hats on the rack. Becoming speechless with fright, she stood helplessly, watching them.

One of the women went up to her, Mrs. Crossman declares, and she saw the muzzle of a revolver protruding from the sleeve of the burglar's waist.

Mrs. Crossman managed to keep out of reach. The robbers took about \$400 in valuables.

Boulder, Colo., Nov. 24.—The custom of selecting by ballot some beautiful maiden to reign as carnival queen has been cast aside by the people of this town and beginning tomorrow, the opening day of Boulder's semi-centennial celebration, "Aunt" Emma Brookfield, aged 88 years, will occupy that exalted position. She is the only woman now living who was in Boulder when the town was established 50 years ago.

"Aunt" Brookfield was born in Georgia, but left there when she was quite young and went to Nebraska, City, Neb. She was married in 1857, and two years later moved with her husband to this locality.

"Aunt" Brookfield's selection as queen of the semi-centennial was unanimously approved by the people.

RAISING TOBACCO IN CALIFORNIA

Los Angeles, Nov. 24.—Connellist and imported Havana tobacco is being successfully grown at Santa Ana, Fullerton, Orange and Hermosa, near here. The results of the experiments, which have been carried out by S. Matteson, a tobacco expert, show that thousands of acres, otherwise indefinitely productive, will yield from \$250 to \$300 of cigar material to the acre.

On the tracts already planted, Matteson says, two crops of imported Havana a year can be produced. The yield is from 1,200 to 1,500 pounds per acre, worth from 20 cents to \$1 a pound. Of Connecticut seed, according to Matteson, the tracts are producing up to 2,000 pounds to the acre, worth from 15 to 25 cents per pound.

Durango, Colo., Nov. 24.—Charles Fritz, well known in this section, was murdered by a Navajo Indian near the Ship Rock agency in New Mexico, according to reports brought to Supt. Shielton by a band of Navajos and telephoned here yesterday. Only meager details are at hand, but robbery is thought to have been the motive.

Conflicting reports that members of the band to which the murderer belongs had gathered to prevent his being arrested. Supt. Shielton states that the Indian slayer of Fritz has been taken into custody and will be handed over to federal authorities.

SIX PERSONS BURNED TO DEATH

Ten Seriously Injured in Tenement House in Haven's Place, Brooklyn.

VICTIMS UNRECOGNIZABLE.

Immates So Excited Did Not Send in Alarm but Fled Pistols, Adding to Panic.

New York, Nov. 24.—At least six persons were burned to death and 10 seriously injured, in a fire which swept through a tenement house in Haven's Place, Brooklyn, before daylight today.

When the fire had been controlled, a search of the house revealed six bodies, most of them burned beyond recognition. They were those of two women, one man and three children, the latter apparently between the ages of two and four years. Another woman is missing and she may have been consumed in the flames.

The tenement, which was intended for the use of only four families, was really occupied by eight families and most of these had numerous boarders. The police said there were nearly 100 persons crowded in the structure and asleep when the fire started.

Starting in the cellar, the fire choked the narrow stairways and before the firemen arrived a dozen persons had either leaped from windows or had jumped to a one-story extension in the rear. A woman who leaped from a second-story window is believed to have sustained fatal injuries. Most of the others who jumped were also injured.

TAKING OUT IMMATES.

The first firemen to arrive took out scores of persons on ladders. Mrs. Rose Caravilla was carried down from her second-floor apartment and upon reaching the street she broke away from the firemen and dashed back into the flame-filled building to rescue her two small children. She was not seen alive again, but later her body and those of her children were found.

Police reserves from several stations were called to quell the panic which had spread to neighboring tenements in the foreign section of the city and much trouble was experienced. Ten of the injured were taken to hospitals where it was said that several might die. The police did not discover the cause of the fire.

One of the exciting incidents of the fire occurred when Mrs. Rose Monteforte, 21 years old, appeared at a third-floor window with her 1-year-old baby in her arms. She remained there calling for help until the window showed red with flames when she threw the child to the crowd below and then jumped from the window. The baby was caught by a man and was not seriously injured. The mother failed to clear a coping and, striking on that, fell to the ground below and sustained probably fatal injuries.

What To Do For a Cough.

Here is a home-made remedy that overcomes an obstinate cough quicker than any costly medicine you can buy. It is made in 10 minutes. Granulated Sugar Syrup—1½ cups. Pinex—2½ cups. Boil for 10 minutes. Strain through a cloth. Add 1 cup of water and fill up with the syrup, made as follows: Take a pint of Granulated Sugar, add ½ pint of warm water and stir for about 3 minutes. Take a teaspoonful every one, two or three hours. It tastes pleasant—children like it.

This simple medicine is also splendid for colds, whooping cough, bronchitis, influenza, consumption, chest pains, etc.

Pinex, as you probably know, is the most potent form of Norway White Pine Compound. It is rich in all the well known pine elements. None of the weaker pine preparations compare with the real Pinex itself. Your druggist has it, or will gladly get it for you.

The full pint of this effective cough syrup can be made for 14 cents. It keeps perfectly, and lasts a whole family a long time. Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.
