ASST.C. F. AND P. A. FOR UNION PACIFIC

H. G. Kaill to be Appointed That Position at Kansas City-

MILLER TO BE REMEMBERED

Good Position in Store for the Outgo ing Assistant General Freight Agent O. R. & N. Sept. 1.

Henry G. Kaill, general agent of the freight department for the Union Paclfic, at Kansas City, will, on September 1st, be elevated to the position of assistant general freight and passenger agent of the Union Pacific with headquarters in Kansas City.

This move on the part of Traffic Director J. C. Stubbs is another practical demonstration of the oft-repeated statement that the majority of the freight and traffic men of the Union Pacific will be taken care of when the consolidation of all the agencies takes place on the first of next month. In this connection the "News" is in a posistion to state that R. B. Miller, as-sistant general freight agent of the Oregon Railroad & Navigation comwith headquarters at Portland, will fall into a plum when W. E. Co-man, general agent for the Oregon Short Line in Salt Lake takes his desk on September 1st.

ON TO YELLOWSTONE.

Oregon Short Line May Extend its St. Anthony Branch.

From Rexburg comes the word that Oregon Short Line will commence construction at an early date on extension of the branch line from St. Anthony into Yellowstone Park. The surveys, it is said, have been made and nocepted. Inquiry at the general offices morning, however, failed to confirm the story.

C. O. WHITTEMORE RETURNS.

Attorney for San Pedro Road Talks Regarding the Outlook.

General Counsel C. O. Whittemore, of the San Pedro road, Attorney Parley L Williams, legal representative for the Oregon Short Line, and Judge Talbot, of Nevada, held a conference this afternoon to arrange for the hearing of a number of pending demurrers and motions regarding the right of way con-demnation suits. They were still closeted together at a late hour. Mr. Whittemore returned from the

coast at 4 o'clock yesterday afternoon where he has been on business for the past ten days. When seen he stated that while there was nothing of importance to give out regarding the progress of affairs, still, at the same time, there anars, still, at the same time, there was lots of work going on at the western ern of the proposed system. The work of relaying the twenty-six miles of road between San Pedro and Los Angeles with seventy-five pound steel, he said, had been completed, and the next move of the seventy of the said of the seventy of the sev of importance will be the opening of blds in Los Angeles on September 9, for the construction of the road for a stance of thirty miles on to Pomona There is a force of surveyors working across the desert at the present time to connect with the other corps which is striking a line across Nevada from Utah. Mr. Whittemore further stated that the company was spending a lot of money on the road every week, and that more would be spent in the immediate future. The residents in Los Angeles and through the country that will be benefited by the road, said Mr. Whitemore, were enthusiastic over the proposition and the prospect was ex-readingly bright eedingly bright. Regarding the rumored deal between the San Pedro promoters and the Ore-gon Short Line for the sale of the right-of-way south of Salt Lake Mr. Whittemore expressed himself as being of the opinion that no such move was under way, but on the other hand the contest would be fought out for every mile.

Those who want the best baking owder should exact a promise rom those who order for them that they will send nothing but Three Crown. It is made in the Three Crown. It is made in the most careful manner and will give the best possible results in all your baking; kitchen work be-comes a pleasure because of the excellence of results when Three Crown Baking Powder is used. A 16 cz. can for 25 cents is a full measure of satisfaction in the

measure of satisfaction in the cooking department and that means a pleasure and a satisfac-tion in the dining room. Your grocer sells and guaran-tees every can sold to give per-ter critification or money refect satisfaction, or money re-

tee will give a cash one hundred dolla prize to any person who can guess his name. Over fifty applications have already been received from gentlemen of all walks of life for that honored and exalted position. The selection has al-ready been made, and his highness has seen given carte blanche as to his cos tume. The Queen's victoria will be dee orated in the color of the order and in the Elks' purple parade, which takes place at night, there will be a blaze of lectric lights.

The kangaroo court committee meet Sunday morning at 10:30 at carnival headquarters to make final arrangements for the kangaroo court. Director Gen. Stoll received the fol lowing dispatch from secretary of the Eliks' lodge at Anaconda, Mont. No. 239: "We will attend during carnial week with at least 50 strong, doing all we can to make the carnival a success.

Keep up the good work, old man." D. M. McKee, of Rock Springs, Wyo. a visiting Elk from that city, informed Director Gen. Stoll that the Roch Springs lodge had made arrangements with the Union Pacific R. R. Co., for two Pullman coaches during carnival week. The Pullman coaches will be side tracked in Salt Lake City and be the home of the Rock Springs lodge. The electrical construction contract for the Eiks' electrical parades was awarded by the executive committee to

the Inter-Mountain Electrical Co. The following firms subscribed for booth spaces today: Consolidated Impl. Co., Geo. Carter, John Held, Mining exchange (two booths), and the following stock brokers: Marks, Higginbotham, Evans and Colburn. The Mining ex-change booth will be the attraction of the carnival enclosure. The governing board of the exchange is not sparing any expense to make the exchange booth the finest within the enclosure.

IN BEHALF OF THE CITY. A Petition for a Review of Julge

charge. What water did reach the city ditches, he said, was fairly distributed. SALT LAKE TUBER CROP. Pres. Miller Says It is Very Light-

"Second Growth" is Damaging. President O. P. Miller of the Jordan

Stake was in the city today. Speaking of the potato crop in Salt Lake county he said: "It is mighty light, I'll tell you. On

the west side of the river, which has always been the best potato section of this country, the crop will be a com-plete failure. There are two contributing causes-drouth and grasshoppers. On the east side of the river there is a partial crop and that is not good. has been greatly daisaged by the ex-cessive heat. Be sides potatoes are now undergoing iwhat is known as a 'sec-ond growth.' That is, they are putting on additions. In other words, the tubers, which earlier in the season, grew to abe half their normal size stopped expanding for a time while i Now they have started was so hot. again and the result is a continuation of lumps, bumps and knots such as has not been seen here in a long time. This means, of course, that potatoes are go-

ing to be scarce with attendant high prices, Continuing Mr. Miller said: "A few days ago I saw a neighbor of mine dig up a row of potatoes twenty rods ing, only getting a half bushel, while vines enough had been dug for severa bushels. What obtained in this case presume obtains in many others, and

counts for the present scarcity and high prices. MUSICAL TREAT.

Feast For Musicians at Ex-Governor Thon as's Last Night.

Prof. ApMadoc spent a delightful hour or two last evening with his old time friend and co-student, Prof. Evan Stephens, at the residence of ex-Gov. Thomas, discussing musical questions past and present, with great zest. The program of tomorrow evening at the Assembly Hall was gone over from start to finish, and those present were astonished to find such exquisite melo-dies existed in Kymric literature. What Wales has contributed to the world's art and literature is far from being sufficiently known. At this day Keltic scholars only are conversant with these harp productions. Lovers of the transmitted or assured of a feast in such romantic are assured of a feast in such program as will be presented by MI. ApMadoc tomorrow night,

This morning the land marks and beauties of Salt Lake City were shown

beauties of Sait Lake City were shown Mr. ApMadoc by Prof. Giles, followed by a rehearsal of the old melodies. A party of Chicagoans is in the city, which will attend tomorrow evening's entertainment in a body out of re-spect to one who stands high in the educational and musical circles of their own tour. own town, Today Mr. ApMadoc accepted an Invitation from Prof. Stephens to attend the Shepherd testimonial concert at

the Theater this evening. HORACE CUMMINCS HOME.

BURGLARS AT WORK.

Two Residences Were Robbed Yesters day Afternoon.

Burglars with skeleton keys were operating in the city yesterday afternoon, and while two places were en-tered, only \$12 in cash was stolen. The first house visited was stolen. The first house visited was that of Mrs. Ellen Goldsbrough at 29 south Fourth East street. The robbers en-tered by means of a key and ransacked the house form too to bottom. An inthe house from top to bottom, An in-vestigation showed that \$12 was miss-

The other place was J. C. Laux's resldence, but nothing of value was stolen

YOUNG GIRLS IN JAIL.

Arrested Last Evening With Two Male Companious.

Last evening Officers Hempel and Simpson went to a house on Commercial street and arrested two young girls named Myrtle Davis and Rose Jones. The girls said they had been lured there two days ago by a couple of men who sent their meals to them. They said they had been drinking a good deal and were intoxicated when taken to the At the police station they unhesitat-

ingly told Chief Hilton the story of their downfall, and gave the name of the men who caused it. The police started out on another hunt and soon located Zon Graham and Harry Peterson, a couple of waiters whom the girls charge with getting them drunk. All four of them were locked up in the city

jail. The girls were charged with resorting to a house of ill fame. The place is said to be connected directly with a saloon.

DERRICK RESTORED.

Big Lift Again at Work on the Deseret News Building.

The big seven-ton capacity derrick has once more been set up on the top of the steel structure on the new Des-eret News building and operation of stone setting have once more been re-sumed. In speaking of the accident of last week Foreman Burton this after-noon etated that the general smashup noon stated that the general smashup was unforeseen, as under ordinary cir-cumstances the derrick could lift twice the weight that was on it at the time

of the accident. The break occurred owing to a flaw in the iron block at the foot of the der-rick. The block was carried away and in the strain incident to the break the anchor cords were jerked loose. Bishop Preston also stated that the damage resulting from the accident amounted to between \$500 and \$600, and that \$150 additional had been put into the derrick so that it was today safer than ever i

was in the past, apart from the weal

DESERET EVENING NEWS: THURSDAY, AUGUST 22, 19

SNOW SHEDS BURNED.

Heavy Loss by Southern Pacific at Lakeriew Yesterday.

Truckee, Cal., Aug. 21 .- Three thousand feet of snowshed burned at Lakeview today. The first started in a car loaded with charcoal standing on a spur close to the station. The tele a spir close to the station. The tele-graph operator had harely time to summon fire trains from Truckee, Cisco and Summit before the entire building was in flames. Having given the news, his dispatch ended with, "It's getting too hot to stay; good-bye."

bye." When the fire trains reached Lakeview the flames were rushing through the sheds like blasts from a furnace. and both trains had to retreat. Once the Summit train extinguished the fire completely, only to find that it had crept through the forest and caught in the sheds in the rear. The Cisco train did good service, helping the one from Summit. Six empty flat cars, one car of charcoal and two cars wood were burned on the sidetrack At 3 o'clock the fire was completely under control, and by 6 o'clock the timbers had burned out and the road-bed cooled down so that 460 workmen began clearing the debris and laying new ties and rails. They will work all right and will have the treat fully night and will have the track fully repaired by 10 o'clock in the morning The wind blew a gale during the day, but tonight it is calm and the forest fires which started on either side of the burning sheds are under control.

SPIKE AND RAIL.

Scott Davis of the Union Pacific is down with typhoid at the hospital. Rio Grande Western trains westbound were run in two sections today. General Agent Shotwell of the Denves

& Rio Grande left for San Francisco with his bride this afternoon.

Major S. K. Hooper, general passen-ger agent for the Rio Grande lines, returns to Denver this evening.

General Manager Bancroft of the Oregon Short Line will be back at his desk by the beginning of next week.

F. J. Shubert, assistant general freight agent of the Rock Island at Topeka, Kan., left for home this morning

John Petrie, livestock agent for the Burlington, arrived in this city today with his wife from Chleago. He will make Salt Lake his headquarters for the next four months.

L. G. Wilkerson went north today on his way home from New York. He has secured the contract for the construc-tion of the P. & I. M. through to the copper region in the Seven Devils country. Work is to commence at once.

WON'T TELL.

Committee Refuses to Declare Identity of Carnival King.

The executive committee of the Elks' carnival has decided not to announce the name of King Rex until he actually appears in Sait Lake City during the Elks' carnival week. The commitMorse's Order.

City Attorney Stephens has filed in the Supreme Court a petition for a writ of certiorari on behalf of the city, for a review of Judge Morse's order modifying the temporary injunction restrain-ing the power company from using the city's water at the Jordan Narrows, pending the trial of the power "s condemnation suit against the Justice Baskin granted the writ pany"s elty. making it returnable on Sepember 9th, and in the meantime the lower court and the power company are ordered to take no further steps in the case.

It is stated in the petition that the city would be irretrievably damaged if the injunction to prevent the power company, pending the termination the suit to condemn a right of way, is allowed to stand modified so as to permit the power company to break into the canal bank, in order to reconvey to the canal the city's share of the rive flow after it comes from the power

plant's tallrace. It is also pleaded that the faw on which Judge Morse rendered his order is unconstitutional in that a municipalty cannot be made to yield a right way to a private corporation, even sub-ject to the termination of the con-demnation suit and if the plaintiff gives an indemnifying bond.

OFFICIALS CONFER. Charges Against C. ndie Are Being Investigated Today.

The Mayor, Superintendent of Waterworks Hines, Watermaster Condie and Land and Water Commissioner Westerfield held a consultation in the Mayor's office this morning, regarding the charges that have been brought against Watermaster Condie with regard to the distribution of irrigation water. None of the officials present would give any thing out for publication, but it is understood that the charges brought against Mr. Condie will be sifted to the bottom.

Mr. Condie said today that his de-partment could not be held accountable or the scarcity of irrigation water. He said that nothing like \$,000,000 gallons of water a day was coming into the city for irrigation purposes, and if the farmers had been receiving more than they were entitled to it was taken from the ditches before the water reached

dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to

give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the nicee of Frank Fay, 106 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years, had been with-out appetite and had been troubled with sour stomach and beenfache. She had tried many other needidnes in vain. Two bottles of Hood's Sarsaparilla made her well.

Hood's Sarsaparilla Promises to cure and keeps the

promise. Don't wait till you are worse, but buy a bottle today.

At the Salt Palace good audiences continue to witness the vaudeville bill arranged for the week. Prof. Horace Cummings, supervisor of science in the State Normal school, has returned from Chicago where he has been attending the summer school Prof. ApMadoc's entertainment at the Assembly Hall occurs tomorrow of the Chicago University.
